BACKGROUND: The non-profit group, Reaching New Heights Foundation (RNHF) works with Riverside County Veterans Service Dept., local Veterans service organizations, Riverside County Veterans Treatment Courts and other non-profit organizations, and provides resource support for Riverside County veterans who are in transition or in crisis. They are in need of a van-type vehicle to provide limited transportation for veterans in their volunteer community service program at the Riverside County animal shelters. This volunteer work provides veterans with a sense of purpose, empowerment, and community belonging. Those who are a part of the program and receiving transportation will also be assessed to determine what additional assistance can be provided to help them move towards permanent transportation for the future.
