C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The University of California, Riverside – School of Medicine, maintains a program for Medical Residents studying in the fields of Emergency Medicine. This Agreement provides for the responsibilities of each party. The term of this agreement is June 1, 2017 through June 30, 2022. University of California, Riverside – School of Medicine involves training in hospital medical care. The residents going out will be interns (in their third year of medical training). We are hopeful the interns will learn aspects of prehospital care, and see firsthand what our providers do day-to-day. Additionally, their accreditation body requires the residents provide some didactic education to prehospital providers, which would include lectures about some medical topic with relevancy to EMS providers.

University of California, Riverside – School of Medicine desires to contract with the Riverside County Fire Department to provide supervised field experience for interns enrolled in its Medical Program, and as such, the two agencies have reached an agreement as to the level of service to be provided to the intern. University of California, Riverside – School of Medicine is a CA University and has established a medical residency program located in Riverside, CA with an accredited Medicine program for medical interns in the field of Emergency Medicine. The Medical Residents will be participating in field ride outs with a transporting ambulance or paramedic assessment engine to learn community based pre-hospital medical emergencies. During this ride-out period the medical intern will interact with patients, families, hospital, co-workers, and other emergency agencies of the same or different cultures.

The Riverside County Fire Department in Cooperation with CAL FIRE will greatly benefit in the mentoring and training of these Medical Interns as they will be observing medical emergencies and will be faced with the challenges first responders encounter as the medical emergencies are unfolding. This is a unique opportunity for Fire Personnel to interact with physicians while on emergency incidents and providing medical training to our personnel by the medical interns.

There is no cost to Riverside County for this program. Per Health and Safety Code Section 1799.100, *"In order to encourage local agencies and other organizations to train people in*

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

emergency medical services, no local agency, entity of state or local government, private business or nonprofit organization included on the statewide registry that voluntarily and without expectation and receipt of compensation donates services, goods, labor, equipment, resources, or dispensaries or other facilities, in compliance with Section 8588.2 of the Government Code, or other public or private organization which sponsors, authorizes, supports, finances, or supervises the training of people, or certifies those people, excluding physicians and surgeons, registered nurses, and licensed vocational nurses, as defined, in emergency medical services, shall be liable for any civil damages alleged to result from those training programs.” All students are required to sign a Statement of Patient Confidentiality before beginning the field training. The program is in correlation with the Riverside County EMS Program Internship Field Guide in accordance with the pertinent sections of Division 9 of Title 22 of the California Code of Regulations and Division 2.5 of the California Health and Safety Code.

This agreement is similar to Eisenhower Medical Center Provider Agreement. The agreement has been approved as to form by County Counsel.

The agreement has been reviewed and approved as to form by County Counsel.

Impact on Residents and Businesses

There is no direct impact on the citizens and businesses due to the approval of this agreement. There are no costs or change as to the level of service provided to the contract cities and/or county.

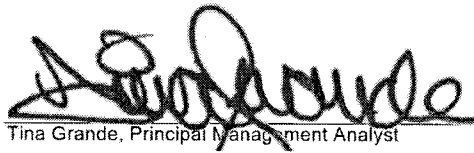

SUPPLEMENTAL:

Additional Fiscal Information

There is no fiscal impact with the approval of this agreement.

Contract History and Price Reasonableness

University of California, Riverside – School of Medicine has been contracting for the Pre-Hospital Provider Agreement since FY 2015. There are no changes in the Agreement level of service provided since the previous Agreement in FY 15/16 Item #3.28. There is no cost to the county for this program.

**FIRST AMENDMENT TO
UNIVERSITY/PRE-HOSPITAL PROVIDER AGREEMENT**

THIS AMENDMENT is to amend the UNIVERSITY/PRE-HOSPITAL PROVIDER AGREEMENT (the "Agreement") entered into by and between The Regents of The University of California, a California Public Corporation, on behalf of The University of California, Riverside, UCR Health (erroneously referred to as a constitutional corporation) ("University") and the County of Riverside, a political subdivision of the State of California, on behalf of the Fire Department (the "Provider"), effective as of October 06, 2015 (the "Effective Date").

- A. Purpose. The first sentence under PURPOSE is amended to read: The University maintains a Program for students, fellows and residents (hereinafter referred to as ("students, residents and fellows/Students") studying in the field of Medicine, (hereinafter referred to as the ("Program").
- B. Extension of Term. Paragraph 10. A. is amended to read: The term of this Agreement shall be from July 1, 2017 to June 30, 2022.
- C. Remainder of Agreement. All other terms and obligations of the Agreement shall remain in full force and effect.

This Amendment may be executed in any number of counterparts, all of which, when executed and delivered by shall have the force and effect of an original.
