BACKGROUND:

Summary

Tentative Tract Map No. 34677, along with Specific Plan No. 293, Amendment No. 5, General Plan Amendment No. 1061, Change of Zone No. 7461, Tentative Tract Map No. 30976 and Tentative Tract Map No. 30977, was originally approved by the Planning Commission on February 4, 2009. The project proceeded to the Board of Supervisors for final approval on June 16, 2009.

The first Extension of Time was received on June 13, 2016, ahead of the expiration date of June 16, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on June 8, 2017.

A second Extension of Time was filed on June 1, 2017. The second Extension of Time is being processed concurrently, but as a subsequent action, with the first Extension of Time. The same conditions of approval will be imposed on both Extensions of Time.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the first and second Extension of Time for Tentative Tract Map No. 34677 on July 19, 2017. The Planning Commission approved the project by a 5-0 vote.

Board Action

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

TENTATIVE TRACT MAP NO. 34677
FIRST EXTENSION OF TIME
Applicant: Rancho Properties

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 73.22 acres into 200 front-loaded single family residential lots with a minimum lot size of 2,900 sq. ft., one 2.0-acre park, one 2.1-acre park, 2 lots for a flood control channel, 14 lots for water quality swales and drainage, and 10 lots for expanded parkways.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 34677

BACKGROUND:

Tentative Tract Map No. 34677, along with Specific Plan No. 293, Amendment No. 5, General Plan Amendment No. 1061, Change of Zone No. 7461, Tentative Tract Map No. 30976 and Tentative Tract Map No. 30977, was originally approved at Planning Commission on February 4, 2009. The project proceeded to the Board of Supervisors for final approval on June 16, 2009.

The first Extension of Time was received June 13, 2016, ahead of the expiration date of June 16, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on June 8, 2017.

A second Extension of Time was filed June 1, 2017. The second Extension of Time is being processed concurrently, but as a subsequent action, with the first Extension of Time. The same conditions of approval will be imposed on both Extension of Times.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated June 8, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become June 16, 2017. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration (which was applied for on June 1, 2017).

RECOMMENDATION:

APPROVAL of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 34677**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to June 16, 2017, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

COUNTY OF RIVERSIDE
TENTATIVE TRACT
MAP 34677

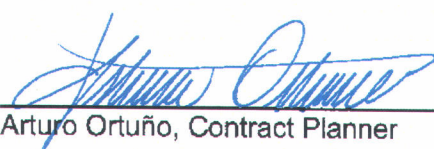

Extension of Time Environmental Determination

Project Case Number: TR34677
 Original E.A. Number: 41071
 Extension of Time No.: First
 Original Approval Date: June 16, 2009
 Project Location: North of Olive Avenue, West of Leon Road, and South of Simpson Road

Project Description: Schedule "A" Subdivision of 73.22 acres into 200 front-loaded single family residential lots with a minmum lot size of 2,900 sq. ft., one 2.0-acre park, one 2.1-acre park, 2 lots for a flood control channel, 14 lots for water quality swales and drainage, and 10 lots for expanded parkways.

On June 16, 2009, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

SECOND EXTENSION OF TIME
Applicant: Rancho Properties

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 73.22 acres into 200 front-loaded single family residential lots with a minimum lot size of 2,900 sq. ft., one 2.0-acre park, one 2.1-acre park, 2 lots for a flood control channel, 14 lots for water quality swales and drainage, and 10 lots for expanded parkways.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 34677

BACKGROUND:

Tentative Tract Map No. 34677, along with Specific Plan No. 293, Amendment No. 5, General Plan Amendment No. 1061, Change of Zone No. 7461, Tentative Tract Map No. 30976 and Tentative Tract Map No. 30977, was originally approved at Planning Commission on February 4, 2009. The project proceeded to the Board of Supervisors for final approval on June 16, 2009.

The first Extension of Time was received June 13, 2016, ahead of the expiration date of June 16, 2016. The applicant and the County have been negotiating conditions of approval and reached consensus on June 8, 2017.

A second Extension of Time was filed June 1, 2017. The second Extension of Time is being processed concurrently, but as a subsequent action, with the first Extension of Time. The same conditions of approval will be imposed on both Extension of Times.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated June 8, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become June 16, 2018. If a final map has not been recorded prior this date, a third extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the **SECOND EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 34677**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to June 16, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: TR34677
 Original E.A. Number: 41071
 Extension of Time No.: Second
 Original Approval Date: June 16, 2009
 Project Location: North of Olive Avenue, West of Leon Road, and South of Simpson Road

Project Description: Schedule "A" Subdivision of 73.22 acres into 200 front-loaded single family residential lots with a minimum lot size of 2,900 sq. ft., one 2.0-acre park, one 2.1-acre park, 2 lots for a flood control channel, 14 lots for water quality swales and drainage, and 10 lots for expanded parkways.

On June 16, 2009, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME , because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL .
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME .
