**BACKGROUND:**

**Summary**

On July 24, 2017, the Mayor for the City of San Jacinto executed the Third Amendment to the Agreement for Law Enforcement Services with the County of Riverside. This amendment modifies the level of law enforcement service provided by the Sheriff's Department with the addition of three (3) Deputy Sheriff positions. County Counsel has approved the amendment as to form.

Sheriff's staff has recommended budget adjustments that correspond with the additional three (3) Deputy Sheriff positions. Sheriff's staff anticipates this change will result in an estimated increase of \$1,001,028 in Contract Law Enforcement Revenue for FY2017-18. The Department is recommending these budget adjustments now as it could not anticipate the addition in expenditures and include them in its FY2017-18 budget.

**Impact on Residents and Businesses**

This is an agreement with the Sheriff's Department for law enforcement services, which the San Jacinto City Council approved and executed on behalf of its citizens. All costs for this service will be fully recovered through Board-approved rates.

**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

On January 17, 2017 (Item 3.36) the Board of Supervisors adopted the initiation of the update of Ordinance 460. This first amendment in the cycle implements several “business-friendly” changes and updates to Ordinance No. 460, which is the County’s ordinance regulating the division of land in the unincorporated area consistent with the Subdivision Map Act. Coordination between affected departments including but not limited to the county’s Planning Department, Fire Department, Flood Control and Water Conservation District, the Parks Department, the Environmental Health Department, with assistance from County Counsel occurred in the amendment process. Numerous meetings occurred with interested stakeholders including but not limited to the Desert Valley Builders Association, Building industry Association and local developers and industry groups. This first amendment will implement textual changes, streamlined business processes and update language to reflect current law as shown in the attached redline version of Ordinance No. 460. The more significant revisions are listed below:

1. Created a Schedule “J” Financing/Conveyance map.
2. Increased the tentative map time extensions from five one year extensions to two three year extensions, not to exceed a total of 6 years.
3. Streamlined the Land Development Committee (LDC) process to reduce time and costs.
4. Streamlined the process and reduced applications for lot line adjustments, lot mergers and certificates of compliance
5. Revised the street tree and planting ordinance to align with the Water Efficiency Ordinance.

Ordinance No. 460.154 is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines Section 15061(b)(3) which provides that an “activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA.” The adoption of Ordinance No. 460.154 does not permit

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

or authorize development or ground disturbance. Ordinance No. 460.154 only makes textual changes to the existing Ordinance No. 460 to update terminology to be consistent with State law, to streamline the processing of subdivision applications, to update standards for land division requirements, to modify extensions of time allowed for an approved tentative map and to create the ability to process a Schedule J subdivision map for financing or conveyance purposes. A Schedule J subdivision map does not authorize development on the subject site. Any proposed land division within the unincorporated area of Riverside County is required to go through the review process including submittal of a proposed subdivision map, review by appropriate agencies and departments, environmental review and required public hearings. Therefore, it can be seen with certainty that there is no possibility that Ordinance No. 460.154 may have a significant direct, indirect, or cumulative physical effect on the environment.

**Impact on Citizens and Businesses**

The proposed changes will have a positive impact on property owners who subdivide land by simplifying the process and reducing time and costs. This will also benefit local businesses that serve the private land development industry by improving customer service and streamlining many processes.

**Additional Fiscal Information:**

Funding for this project will be provide by the TLMA Administration overhead funds which are collected from TLMA departments. Funding sources vary by department. 16 Planning Director or designee, the Planning Department shall provide the  
17 final deeds and exhibit plats to the County Recorder for final recordation.

7 application shall be made to the County Surveyor, accompanied by the fees  
8 set forth in Ordinance No. 671 for each parcel to be certified. No  
9 Certificate of Compliance application proposing the certification of multiple  
10 lots will be accepted unless submitted in conjunction with a waived final  
11 parcel map, or as approved by the County Surveyor. Each completed  
12 application shall be accompanied by the following:

- 13 1. A map shall be submitted, drawn on a form provided by the  
14 Transportation Department. The map shall be legibly drawn in ink.  
15 It shall show the subject property with dimensions and the gross and  
16 net area, and it shall show the locations, width and names of all  
17 streets and roads adjacent to and providing access to the property.
- 18 2. The map shall show the location and use of all structures on the  
19 property, with the distances from the structures to the parcel  
20 boundaries and distances between structures, and all existing utilities  
21 and easements.
- 22 3. A small scale vicinity map shall be shown with distances (in feet or  
23 tenths of a mile) to the nearest street intersection.
- 24 4. The map shall show the name, address, telephone number of the  
25 current owner of the property, and the name, address and telephone  
26 number of the person preparing the map, if different from the owner.

1 5. The map shall show the current zoning on the property and the  
2 current Assessor's Parcel Number.

3 6. The application shall also include:

4 a. A legible copy of the current owner's grant deed or contract  
5 of sale;

6 b. A map and copies of deeds of all other property owned by

11 plain white paper, 8½" x 11" in size, with 1" margins at the  
12 top, sides and bottom. This legal description shall be  
13 reproducible so as to yield a legible copy that can be used as  
14 a part of a recorded Certificate of Compliance."

15 Section 122. Subsection C. of Section 21.2 of Ordinance No. 460 is amended to read as  
16 follows:

17 "C. Processing and Issuance.

18 1. Certificate of Compliance.

19 a. Upon receipt of a completed application, the County  
20 Surveyor shall review the matter and within 50 days after  
21 receipt of the completed application make a final  
22 determination as to whether or not the real property complies  
23 with the applicable provisions of the Subdivision Map Act  
24 and this ordinance, or whether the proposed development of  
25 the real property can be approved as not contrary to the  
26 public health, welfare and safety.

1 b. If the County Surveyor determines that the real property was  
2 divided in compliance with the provisions of the Subdivision  
3 Map Act and this ordinance that were applicable at the time  
4 the property was divided, he shall cause a Certificate of  
5 Compliance to be filed for recording with the County  
6 Recorder.

7 2. Conditional Certificate of Compliance.

8 a. If upon receipt of a completed application the County  
9 Surveyor determines that the property was divided in  
10 violation of the Subdivision Map Act or this ordinance, but  
11 that a proposed development may be approved as being not  
12 contrary to the public health, welfare or safety, a Conditional  
13 Certificate of Compliance may be issued by the County  
14 Surveyor contingent upon the completion of specified  
15 conditions.

16 b. The County Surveyor may impose such conditions as would  
17 have been applicable to the division of the property at the  
18 time that the current owner of record acquired the property,  
19 except that where the applicant was the owner of record at  
20 the time of the initial violation who by a grant of the real  
21 property created a parcel or parcels in violation, and such  
22 person is the current owner of record of one or more of the  
23 parcels which were created as a result of the grant in  
24 violation, then the County Surveyor may impose such  
25 conditions as would be applicable to a current division of the  
26 property or the requirement of filing on a tentative parcel or  
27 tract map.  
28

1 1) When the County Surveyor imposes conditions, he  
2 shall file for recording with the County Recorder a  
3 Conditional Certificate of Compliance.

4 2) The conditions may be fulfilled and implemented by  
5 the owner who has applied for the Certificate of Compliance  
6 or any subsequent owner.

7 3) Compliance with such conditions shall not be  
8 required until such time as a permit or other grant of  
9 approval for the development or use of the property is issued  
10 by the County or any other subsequent jurisdiction, unless  
11 the property is thereafter included as a part of a legal division  
12 of said real property pursuant to the provisions of this  
13 ordinance.

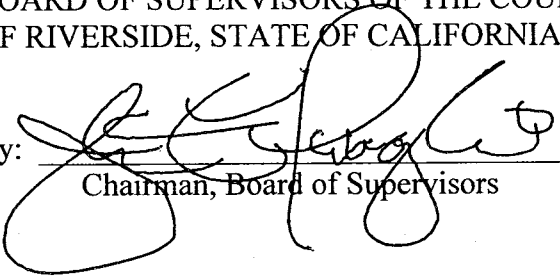

14 4) Upon completion of the conditions, the owner shall  
15 notify the County Surveyor. If the conditions are  
16 satisfactorily completed, the County Surveyor shall then  
17 issue and record a final Certificate of Compliance.

18 c. Certificate of Compliance and Waiver of Parcel Map. A  
19 Certificate of Compliance is required on all tentative parcel  
20 maps which have the parcel map waived.”

21 Section 123. Subsection D. of Section 21.2 of Ordinance No. 460 is deleted in its  
22 entirety.

1                    Section 124. This ordinance shall take effect thirty (30) days after its adoption.

Project Title/Case No.: Ordinance No. 460.154

Project Location: Ordinance No. 460.154 is a countywide ordinance

Project Description: Ordinance No. 460.154 amends the County's Ordinance No. 460, which regulates the division of land in the unincorporated area of Riverside County, to update terminology to be consistent with State law, to streamline the processing of subdivision applications, to update standards for land division requirements, to modify extensions of time allowed for an approved tentative map and to create the ability to process a Schedule J subdivision map for financing or conveyance purposes.

Name of Public Agency Approving Project: Riverside County Board of Supervisors

Project Applicant & Address: County of Riverside

**Exempt Status: (Check one)**

- Ministerial (Sec. 21080(b)(1); 15268)
- Declared Emergency (Sec. 21080(b)(3); 15269(a))
- Emergency Project (Sec. 21080(b)(4); 15269 (b)(c))
- Categorical Exemption (\_\_\_\_\_)
- Statutory Exemption (\_\_\_\_\_)
- Other: Section 15061(b)(3)

**Reasons why project is exempt:** Ordinance No. 460.154 is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines Section 15061(b)(3) which provides that an "activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA." The adoption of Ordinance No. 460.154 does not permit or authorize development or ground disturbance. Ordinance No. 460.154 only makes textual changes to the existing Ordinance No. 460 to update terminology to be consistent with State law, to streamline the processing of subdivision applications to update standards for land division requirements, to modify extensions of time allowed for an approved tentative map and to create the ability to process a Schedule J subdivision map for financing or conveyance purposes. A Schedule J subdivision map does not authorize development on the subject site. Any proposed land division within the unincorporated area of Riverside County is required to go through the review process including submittal of a proposed subdivision map, review by appropriate agencies and departments, environmental review and required public hearings. Therefore, it can be seen with certainty that there is no possibility that Ordinance No. 460.154 may have a significant direct, indirect, or cumulative physical effect on the environment.
