**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

Tentative Tract Map No. 30760 was originally approved by the Planning Commission on July 14, 2004. It proceeded to the Board of Supervisors along with Change of Zone No. 6724 where both applications were approved on September 14, 2004.

The First Extension of Time for Tentative Tract Map No. 30760 was approved by the Planning Commission on February 26, 2008.

The Second Extension of Time for Tentative Tract Map No. 30760 was approved by the Planning Commission on November 15, 2011.

The Third Extension of Time for Tentative Tract Map No. 30760 was approved by the Planning Commission on September 14, 2016.

The Fourth Extension of Time was received on July 7, 2017, ahead of the expiration date of September 14, 2017. The Applicant and the County negotiated conditions of approval and reached consensus on August 16, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Parcel Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the Fourth Extension of Time for Tentative Tract Map No. 30760 on September 6, 2017. The Planning Commission approved the project by a 5-0 vote.

**Board Action**

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

**Impact on Citizens and Businesses**

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

## COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map: Schedule A – subdivision of the 148.3-acre site into 285 single-family residential lots with a minimum lot size of 5,000 square feet; three MSHCP open space lots totaling 58.17 acres (Lot 287, 288, & 293); four open space lots totaling 5.14 acres (Lot 286, 289, 291, & 294); a Mountain Avenue Transportation Corridor open space lot totaling 2.91 acres (Lot 295); a 5.71 acre park (Lot 292); a 0.34 acre detention basin (Lot 290); and a 10 to 14 foot wide trail.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

### **REQUEST:**

**FOURTH EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 30760**

### **BACKGROUND:**

Tentative Tract Map No. 30760 was originally approved at Planning Commission on July 14, 2004. It proceeded to the Board of Supervisors along with Change of Zone No. 6724 where both applications were approved on September 14, 2004.

The First Extension of Time for Tentative Tract Map No. 30760 was approved at Planning Commission on February 26, 2008.

The Second Extension of Time for Tentative Tract Map No. 30760 was approved at Planning Commission on November 15, 2011.

The Third Extension of Time for Tentative Tract Map No. 30760 was approved at Planning Commission on September 14, 2016.

The Fourth Extension of Time was received July 7, 2017, ahead of the expiration date, September 14, 2017. The Applicant and the County negotiated conditions of approval and reached consensus on August 16, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant August 16, 2017 indicating the acceptance of the seven (7) recommended conditions.

#### **FURTHER PLANNING CONSIDERATIONS:**

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become September 14, 2018. If a final map has not been recorded prior this date, a fifth extension of time request must be filed 180 days prior to map expiration.

#### **RECOMMENDATION:**

**APPROVAL** of the **FOURTH EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 30760**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to September 14, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

# Extension of Time Environmental Determination

Project Case Number: TR30760

Original E.A. Number: EA38823

Extension of Time No.: Fourth

Original Approval Date: September 14, 2004

Project Location: North of Beardsley Road, South of De Palma Road, East of Glen Eden Road, West of Horsethief Canyon Road.

Project Description: Schedule A – Subdivide the 148.3-acre site into 285 single-family residential lots with a minimum lot size of 5,000 square feet; three MSHCP open space lots totaling 58.17 acres (Lot 287, 288, & 293); four open space lots totaling 5.14 acres (Lot 286, 289, 291, & 294); a Mountain Avenue Transportation Corridor open space lot totaling 2.91 acres (Lot 295); a 5.71 acre park (Lot 292); a 0.34 acre detention basin (Lot 290); and a 10 to 14 foot wide trail.

On September 14, 2004, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Ash,

The applicant can talk to the Transportation Department, prior to preparing a WQMP and when they are ready for a submittal after Conditions, to see if a WQMP is required at that time. Since regulations change, e.g. nearly all grandfathering was removed in Santa Margarita Region. The Conditions provides for a check to ensure that no issues.

Peter:

Should the project require a WQMP, the County would determine which maintenance entity would be best served to provided maintenance (likely CSA or CFD). Without construction documents and approved CSA Engineer's Reports, the conditions in question should be left as ineffect. Once these determinations are made, the condition could be cleared at the tract level. Hope this helps.

Hi Peter,

I will get back to you probably sometime near the end of this week. I'm still waiting to hear from Mark Hughes, one of the principals from the transportation department. As you can see from the email below, our EOT conditions are a general list of conditions. If a specific condition does not apply or has already been met by a project, then it can be ignored for the ongoing EOTs.

Ash,

Please relay to your group about my thoughts below... In short I think the applicant should accept the conditions, otherwise we'll be pushing (his and future) projects into detail reviews for EOT's.

Mark Hughes, is out of the office until 8/2/17. He would be best equipped to answer the CSA questions. The 90 WQMP conditions are our catch-all ensuring we have everything we need before clearing the project.

Hey guys,

Do you guys have a record of the annexation to the CSA in 2015 that the applicant is referring to? If so, I can take out 80 TRANS 4 and 90 TRANS 11 like he's asking. Also maybe you guys would know the answer for 90 BS GRADE 10 as well.

**Subject:** RE: Recommended Conditions of Approval for 4th EOT of TR30760

Ashiq;

Thanks for the proposed conditions. A few questions:

- 80.TRANS.4 (second paragraph). The WQMP basins will be owned and maintained by CSA 134. The annexation to CSA was completed in 2015. This should satisfy the condition.
- 90.BS GRADE.10, number 5. Is this requirement satisfied by the county through the CSA?
- 90. TRANS.11 (last sentence). If the basins are owned and maintained by the county via CSA 134, does the applicant "register" BMP's? This seems unnecessary considering the county will own and maintain the basins.

Thanks,  
Pete

**Subject:** Recommended Conditions of Approval for 4th EOT of TR30760

Mr. Pitassi,

I am Ash Syed. I have been assigned to process your Extension of Time (EOT) request for TR30760. Attached are the recommended Conditions of Approval (COA).

Attn: Peter Pitassi  
10621 Civic Center Drive  
Rancho Cucamonga, CA 91730

RE: FOURTH EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP No. 30760.

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

50. E HEALTH. 8  
50. TRANS. 33  
60. BS GRADE. 15  
60. TRANS. 1  
80. TRANS. 4  
90. BS GRADE. 10  
90. TRANS. 11

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.
