C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Tentative Parcel Map No. 33662 was originally approved at the Director's Hearing on August 13, 2007. It proceeded to the Board of Supervisors where the application was approved on September 4, 2007.

The First Extension of Time was received on July 14, 2017, ahead of the expiration date of August 13, 2017. The Applicant and the County negotiated conditions of approval and reached consensus on August 8, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Parcel Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Director heard the First Extension of Time for Tentative Parcel Map No. 33662 on September 11, 2017. The Planning Director approved the project.

Board Action

The Planning Director's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

SUPPLEMENTAL

Additional Fiscal Information

All fees are paid by the applicant. There is no General Fund obligation.

TENTATIVE PARCEL MAP NO. 33662
FIRST EXTENSION OF TIME
Applicant: Mitch Adkison

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map: Schedule H - subdivision of 3.25 acres into 3 residential lots with a minimum lot size of 1 acre.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Director for approval.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP NO. 33662

BACKGROUND:

Tentative Parcel Map No. 33662 was originally approved at Planning Commission on August 13, 2007. It proceeded to the Board of Supervisors where the application was approved on September 4, 2007.

The First Extension of Time was received July 14, 2017, ahead of the expiration date, August 13, 2017. The Applicant and the County negotiated conditions of approval and reached consensus on August 8, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant August 8, 2017 indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Director, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become August 13, 2018. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE PARCEL MAP NO. 33662** extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to August 13, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: PM33662

Original E.A. Number: EA40432

Extension of Time No.: First

Original Approval Date: August 13, 2007

Project Location: South of Contour Avenue, West of Peters Lane, East of Curtis Street, North of Jacinto Street.

Project Description: Subdivision of 3.25 acres into 3 residential lots with a minimum lot size of 1 acre.

On August 13, 2007, this Tentative Parcel Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Hi Mitch,

I reached out to Benjie Cho, one of our senior Civil Engineers to talk about your project. You can see his response in the thread below. If you have any further questions about modifying the conditions of approval, feel free to reach out to Benjie. His contact information is below. After you accept the set of conditions, I can then proceed with processed the EOT.

Ash,

Looking at this project further, the project has bonded 120% for Final Map Recordation, and it's Schedule H with sufficient space for the BMPs. So Trans would agree to only have the requirement for a Final WQMP prior to any grading permit (not precise grading).

The MS4 Permit states, the following:

This Order requires Co-Permittees to continue... to review **and approve** final project-specific WQMP that is in substantial conformance with the preliminary project-specific WQMP prior to the issuance of **any** building or grading permit.

For projects where the WQMP may affect lots, we would have to do 2 WQMP conditions (Prior to Map Recordation and Prior to Grading Permit). So in the future, I would continue to condition for prior to Map Recordation or Grading. Trans can defer the conditions as necessary based on the specifics of the project.

Thank you,

Benjie Cho, P.E., QSD/P, ToR

Ash,

I'm going to talk to Rick Lantis our County Surveyor.

The County wants to only show feasibility in the P-WQMP. So it can be woefully inaccurate for determining the final size for Map Recordation. However, I want to defer to Rick, since he is the one that approves the final map to see if it conforms to the tentative.

Thank you,

Subject: RE: Recommended Conditions of Approval for 1st EOT of PM33662

Ash-

Thank you, I need you to move the 50 series WQMP conditions to 60 series condition, map recordation does not trigger WQMP approval. This will be a condition of precise grade.

I also feel the health conditions are unwarranted. What new policies or ordinances have been put in place since original approval that require us to provide this information, especially a Phase 1? A CEQA determination was already made for the initial tentative parcel map, why would additional reports need to be completed to file an extension of time? Remember we are not disturbing ground as part of recordation of this map. There should be a 80 series condition for confirmation of trash purveyor and a will serve was issued at TTM approval and Phase 1 so this should be a 60 series grading condition.

Upon making these changes, we agree with the conditions.

Thank you,

Mitch Adkison

Subject: Recommended Conditions of Approval for 1st EOT of PM33662

Mr. Adkison,

I am Ash Syed. I have been assigned to process your Extension of Time (EOT) request for PM33662. Attached are the recommended Conditions of Approval (COA).

Attn: Mitch Adkison

6879 Airport Drive

Riverside, CA 92504

RE: FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP No. 33662

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

50. E HEALTH. 3

50. TRANS. 36

60. BS GRADE. 7

60. TRANS. 1

80. TRANS. 1

90. BS GRADE. 1

90. TRANS. 5

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

EOT1 - FINAL WQMP FOR GRADING

RECOMMND

This condition would apply when grading occurs before map recordation. Prior to the issuance of a grading permit, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

EOT1 -WQMP AND MAINTENANCE

RECOMMND

The project shall begin constructing and installing the BMP facilities described in the approved Final WQMP. The project shall be responsible for performing all activities described in the WQMP and that copies of the approved Final WQMP are available for the future owners/occupants.

A maintenance plan and signed maintenance agreement shall be submitted to the Transportation Department for review and approval prior to issuance of occupancy permits. A maintenance organization will be established with a funding source for the permanent maintenance. The maintenance plan shall require that all BMP facilities are inspected, if required, cleaned no later than October 15 each year.

BS GRADE DEPARTMENT

RECOMMND

90.BS GRADE. 1 EOT1 - WQMP REQUIRED

Prior to final building inspection, the applicant shall comply with the following:

1. Obtain inspection of all treatment control BMPs and/or clearance from the Building and Safety Department. All structural BMPs described in the project - specific WQMP and indicated on the approved grading plan shall be constructed and installed in conformance with the approved plans and specifications.
2. The applicant/owner shall submit a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the project - specific WQMP treatment control BMPs have been installed in accordance with the approved WQMP.
3. The applicant/owner shall provide the Department of Building Safety with GPS coordinates for the location of the project - specific WQMP treatment control BMPs.
4. The applicant/owner shall register the project - specific WQMP treatment control BMPs with the Department of Building Safety Business Registration Division. Any person or entity that owns or operates a commercial and/or industrial facility shall register such facility for annual inspections.
5. The applicant shall make payment to the Building and Safety Department for the Water Quality Management Plan (WQMP) Annual Inspection.
