**BACKGROUND:**

**Summary**

The County of Riverside through its Transportation Department (County) is proposing to reconstruct the Limonite Avenue/I-15 Interchange which is located within the jurisdictions of the cities of Eastvale and Jurupa Valley. On January 29, 2013 (Agenda Item 3-47), the County and the cities of Eastvale and Jurupa Valley entered into a Cooperative Agreement By and Between Riverside County and City of Jurupa Valley and City of Eastvale for Limonite Avenue/Interstate 15 Interchange Improvements. The Agreement defined the roles and responsibilities for completing the overall development of the Environmental, Design and Right-of-Way acquisition phases of the interchange project. In addition, on January 29, 2013 (Agenda Item 3-48), the Board of Supervisors approved a cooperative agreement between the County and Caltrans identifying the County as the lead agency for completion of the Environmental, Design and Right-of-Way acquisition phases of the Interstate 15 (I-15)/Limonite Avenue Interchange Project.

The design is nearing completion and construction funding has been secured for the project. A Cooperative Agreement with Caltrans is now needed to allow the County to advertise, award, and administer the construction phase of the project. This agreement is necessary for Caltrans to provide project oversight, quality assurance, including appropriate reviews and approvals of submittals by the County, and to cooperate in timely processing of the project.

The Cooperative Agreement between the County and Cities of Eastvale and Jurupa Valley will also be amended to include the roles and responsibilities for administering and funding the construction phase of the project. This amendment appears as a separate item on this agenda.

**Impact on Residents and Businesses**

The I-15/Limonite Avenue Interchange project will improve traffic congestion and the quality of life for the local residents and businesses. Freeway travel will be improved due to the reduced congestion at the ramp intersections on Limonite Avenue. The interchange will remain open for the duration of the construction with the exception of limited short term closures, typically during night hours.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

On April 6, 2017, the California Senate approved Senate Bill Number 132 which added appropriation to the budget bill to provide \$427,172,000 for five major transportation projects. SB-132 includes provisions for providing funding in the amount of \$48 Million for the construction on the I-15/Limonite Avenue Interchange project. SB-132 funds for the project will be distributed through the RCTC.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

The Cities of Eastvale and Jurupa Valley will be 100% responsible for the funding of the project.
