C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Tentative Tract Map No. 33180, along with General Plan Amendment No. 775 and Change of Zone No. 7261, was originally approved by the Planning Commission on August 29, 2007. The project proceeded to the Board of Supervisors on November 27, 2007 for final approval.

The first Extension of Time was received on July 19, 2017, ahead of the expiration date of November 27, 2017. The applicant and the County have been negotiating conditions of approval and reached consensus on July 28, 2017.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the first Extension of Time for Tentative Tract Map No. 33180 on September 6, 2017. The Planning Commission approved the project by a 5-0 vote.

Board Action

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

Supplemental

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,

TENTATIVE TRACT MAP NO. 33180
FIRST EXTENSION OF TIME
Applicant: Dale Thomas Upton

Charissa Leach, P.E.
Assistant TLMA Director

COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow the recordation of the final map to subdivide 5.11 gross acres into eight (8) residential lots with a minimum lot size of 20,000 net sq. ft.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case has been determined to be consistent with the General Plan and all of its elements.

REQUEST:

FIRST EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 33180

BACKGROUND:

Tentative Tract Map No. 33180, along with General Plan Amendment No. 775 and Change of Zone No. 7261, was originally approved at Planning Commission on August 29, 2007. The project proceeded to the Board of Supervisors on November 27, 2007 for final approval.

The first Extension of Time was received July 19, 2017, ahead of the expiration of November 27, 2017. The applicant and the County have been negotiating conditions of approval and reached consensus on July 28, 2017.

The County Planning Department, as part of the review of this Extension of Time request recommends the addition of seven (7) new conditions of approval in order to be able to make a

determination that the project does not adversely affect the general health, safety and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (dated July 28, 2017) indicating the acceptance of the seven (7) recommended conditions.

FURTHER PLANNING CONSIDERATIONS:

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become November 27, 2018. If a final map has not been recorded prior this date, a second extension of time request must be filed 180 days prior to map expiration.

RECOMMENDATION:

APPROVAL of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE TRACT MAP NO. 33180**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to November 27, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

Extension of Time Environmental Determination

Project Case Number: TR33180
Original E.A. Number: 40593
Extension of Time No.: First
Original Approval Date: November 27, 2007
Project Location: North of Central Avenue, East of Ramona Avenue, South of Nuevo Road and West of Rosary Avenue
Project Description: Schedule "B" Subdivision of 5.11 gross acres into eight (8) residential lots with a minimum lot size of 20,000 net sq. ft.

On November 27, 2007, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

E HEALTH DEPARTMENT

50.E HEALTH. 1 EOT1 - REQ E HEALTH DOCUMENTS

RECOMMND

Prior to map recordation, provide the following documents to the Riverside County Environmental Health Department:

1. Provide current documentation from the appropriate purveyor(s) for the establishment of water and/or sewer service for this project.
2. Provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.
3. Provide written clearance from DEH Environmental Cleanup Programs. Please note that an Environmental Site Assessment, Phase 1 study may be required at their discretion. For further information, please contact (951) 955-8982.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

50.TRANS. 39 EOT1 - FINAL ACCESS AND MAINT

RECOMMND

Prior to the map recordation, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

Watersheds: Santa Ana No. R8-2013-0024 / Santa Margarita No. R9-2010-0016 / Whitewater No. R7-2013-0011

Additionally, prior to the map recordation, the applicant shall ensure that BMP facilities are placed in dedicated easements and that sufficient legal access to the BMPs are
