## COUNTY OF RIVERSIDE PLANNING DEPARTMENT EXTENSION OF TIME STAFF REPORT

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map: Schedule "A" - subdivision of 48.6 acres to be subdivided into 54 single-family residential lots.

Unless specifically requested by the applicant, this request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

CEQA: The subject case has conformed to the requirements of the California Environmental Quality Act, and all impacts have been analyzed in order to protect the public health, safety and welfare. No new environmental documentation is required prior to the extension of time.

GENERAL PLAN: Unless otherwise noted, the subject case had been determined to be consistent with the General Plan and all of its elements.

### REQUEST:

**SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 33688**

### BACKGROUND:

Tentative Tract Map No. 33688 was originally approved at Planning Commission on October 1, 2008. It proceeded to the Board of Supervisors along with Change of Zone No. 7258 where both applications were approved on September 1, 2009.

A revision to Tentative Tract Map No. 33688 was originally approved at Planning Commission on April 19, 2017. It was approved at the Board of Supervisors on June 6, 2017.

The First Extension of Time for Tentative Tract Map No. 33688 was approved at Planning Commission on October 19, 2016.

The Second Extension of Time was received August 15, 2017, ahead of the expiration date, September 1, 2017. The Applicant and the County negotiated conditions of approval and reached consensus on August 30, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant, August 30, 2017 indicating the acceptance of the seven (7) recommended conditions.

#### **FURTHER PLANNING CONSIDERATIONS:**

**EFFECT OF Senate Bill No. 1185 (SB1185):** On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

**EFFECT OF Assembly Bill No. 333 (AB333):** On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

**EFFECT OF Assembly Bill No. 208 (AB208):** On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

**EFFECT OF Assembly Bill No. 116 (AB116):** On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become September 1, 2018. If a final map has not been recorded prior this date, a third extension of time request must be filed 180 days prior to map expiration.

#### **RECOMMENDATION:**

**APPROVAL of the SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP NO. 33688, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to September 1, 2018, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.**

# Extension of Time Environmental Determination

Project Case Number: TR33688  
 Original E.A. Number: EA40576  
 Extension of Time No.: Second  
 Original Approval Date: September 1, 2009  
 Project Location: North of Hunt Road, South of Stone Canyon Drive, East of Knabe Street, West of I-15.

Project Description: The land division hereby permitted is for a Schedule "A" subdivision of 48.6 acres to be subdivided into 54 single-family residential lots.

On September 1, 2009, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Mr. Rapp,

I am Ash Syed. I have been assigned to process your Extension of Time (EOT) request for TR33688. Attached are the recommended Conditions of Approval (COA).

Attn: James Rapp  
2221 Windsong Court  
Safety Harbor, FL 34695

RE: SECOND EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP No. 33688.

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

50. E HEALTH. 9  
50. TRANS. 43  
60. BS GRADE. 15  
60. TRANS. 1  
80. TRANS. 3  
90. BS GRADE. 9  
90. TRANS. 11

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.
