PETITION

TO - The Riverside County Planning Department, Russell Brady and Planning Commissioners:

WHEREAS - Residents of the Nuevo area along with Sportsmen and Sportswomen, Birdwatchers, Equestrians, Dog Trainers, Nature Photographers and any and all other users of the San Jacinto Wildlife Area

WE the undersigned petition The Riverside County Planning Commissioners to not allow the Lewis Homes proposed development know as the Villages at Lakeview, located at the southern boundary of The San Jacinto Wildlife Area.

The Lewis Homes proposed Villages at Lakeview project will have detrimental effects to the rural lifestyle of the Nuevo area as well as many negative effects to the San Jacinto Wildlife Area. The proposed 11,350 housing units, as well as the associated commercial developments will bring traffic, noise and pollution to the area as well as effecting the endangered and protected animals of the wildlife area via pollution, light pollution, noise disturbances, predation by domestic pets and the possible closing of hunting and dog training activities on the wildlife area due to complaints by the residents moving into the development. Many people utilize the wildlife area every year and the residents of Nuevo reside here to get away from "the city". Please do not bring "the city" and its attendant problems to this area.
