

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

All proposed improvements would occur entirely within the Project boundary or immediately adjacent to the Project boundary. Areas subject to physical impacts in association with the construction of storm water drainage facilities as needed to serve the proposed Project have been analyzed throughout this environmental assessment. Where necessary, mitigation measures have been identified to reduce identified impacts to a level below significance. Accordingly, impacts due to the construction of Project-related storm drainage facilities are less than significant and no mitigation is required.

Public Facilities Maintenance

There would be no impacts to the environment resulting from routine maintenance of public roads or the water quality basin. Therefore, no impact would occur.

Other Governmental Services

There are no other governmental services or utilities needed to serve the proposed Project beyond what is evaluated and disclosed above and throughout the remaining sections of this Initial Study. Therefore, no impact would occur.

Mitigation: No mitigation measures are required.

Monitoring: No monitoring measures are required.

49. Energy Conservation

a) Would the project conflict with any adopted energy conservation plans?

Source: Project Implementation Materials

Findings of Fact: Project implementation would result in the conversion of the subject site from its existing, undeveloped condition to a gas station with a convenience store and car wash facility. This land use transition would increase the site's demand for energy. Specifically, the proposed Project would increase consumption of energy for space and water heating, air conditioning, lighting, and operation of miscellaneous equipment and appliances.

Planning efforts by energy resource providers take into account planned land uses to ensure the long-term availability of energy resources necessary to service anticipated growth. The proposed Project would develop the site in a manner consistent with the proposed County's General Plan land use designations for the property; thus, energy demands associated with the proposed Project are addressed through long-range planning by energy purveyors and can be accommodated as they occur. Therefore, Project implementation is not anticipated to result in the need for the construction or expansion of existing energy generation facilities, the construction of which could cause significant environmental effects.

Furthermore, the State of California regulates energy consumption under Title 24 of the California Code of Regulations. The Title 24 Building Energy Efficiency Standards were developed by the CEC and apply to energy consumed for heating, cooling, ventilation, water heating, and lighting in new residential and non-residential buildings. Adherence to these efficiency standards would result in a "maximum feasible" reduction in unnecessary energy consumption. As such, the development and operation of the proposed Project would not conflict with applicable energy conservation plans, and impacts would be less than significant.

Potentially Significant Impact	Less than Significant with Mitigation Incorporated	Less Than Significant Impact	No Impact
--------------------------------	--	------------------------------	-----------

Mitigation: No mitigation is required.

Monitoring: No monitoring is required.

MANDATORY FINDINGS OF SIGNIFICANCE

50. Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?

Findings of Fact: Implementation of the proposed project would not substantially degrade the quality of the environment, substantially reduce the habitat of fish or wildlife species, cause a fish or wildlife populations to drop below self-sustaining levels, threaten to eliminate a plant or animal community, or reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory.

51. Does the project have impacts which are individually limited, but cumulatively considerable? Subject to the terms of this Agreement including the Reservations of Authority, OWNER shall have a vested right to develop the Property in accordance with, and to the extent of, the Development Plan. The Project shall remain subject to all Subsequent Development Approvals required to complete the Project as contemplated by the Development Plan. Except as otherwise provided in this Agreement, the permitted uses of the Property, the density and intensity of use, the maximum height and size of proposed buildings, and

provisions for reservation and dedication of land for public purposes shall be those set forth in the Development Plan.

3.2 Effect of Agreement on Land Use Regulations. Except as otherwise provided under the terms of this Agreement including the Reservations of Authority, the rules, regulations and official policies governing permitted uses of the Property, the density and intensity of use of the Property, the maximum height and size of proposed buildings, and the design, improvement and construction standards and specifications applicable to development of the Property shall be the Existing Land Use Regulations. In connection with any Subsequent Development Approval, COUNTY shall exercise its discretion in accordance with the Development Plan, and as provided by this Agreement including, but not limited to, the Reservations of Authority. COUNTY shall accept for processing, review and action all applications for Subsequent Development Approvals, and such applications shall be processed in the normal manner for processing such matters.

3.3 Timing of Development. The parties acknowledge that OWNER cannot at this time predict when or the rate at which phases of the Property will be developed. Such decisions depend upon numerous factors which are not within the control of OWNER, such as market orientation and demand, interest rates, absorption, completion and other similar factors. Since the California Supreme Court held in *Pardee Construction Co. v. City of Camarillo* (1984) 37 Cal.3d 465, that the failure of the parties therein to provide for the timing of development resulted in a later adopted initiative restricting the timing of development to prevail over such parties' agreement, it is the parties' intent to cure that deficiency by acknowledging and providing that OWNER shall have the right to develop the Property in such order and at such rate and at such times as OWNER deems appropriate within the exercise of its subjective business judgment, subject only to any timing or phasing requirements set forth in the Development Plan or the Phasing Plan set forth in Section 3.4.

3.4 Phasing Plan. Development of the Property shall be subject to all timing and phasing requirements established by the Development Plan.

3.5 Changes and Amendments. The parties acknowledge that refinement and further development of the Project will require Subsequent Development Approvals and may demonstrate that changes are appropriate and mutually desirable in the Existing Development Approvals. In the event OWNER finds that a change in the Existing Development Approvals is necessary or appropriate, OWNER shall apply for a Subsequent Development Approval to effectuate such change and COUNTY shall process and act on such application in accordance with the Existing Land Use Regulations, except as otherwise provided by this Agreement including the Reservations of Authority. If approved, any such change in the Existing Development Approvals shall be incorporated herein as an addendum to Exhibit "C", and may be further changed from time to time as provided in this Section. Unless otherwise required by law, as determined in COUNTY's reasonable discretion, a change to the Existing Development Approvals shall be deemed "minor" and not require an amendment to this Agreement provided such change does not:

- (a) Alter the permitted uses of the Property as a whole; or,
- (b) Increase the density or intensity of use of the Property as a whole; or,

- (c) Increase the maximum height and size of permitted buildings or structures; or,
- (d) Delete a requirement for the reservation or dedication of land for public purposes within the Property as a whole; or,
- (e) Constitute a project requiring a subsequent or supplemental environmental impact report pursuant to Section 21166 of the Public Resources Code.

3.6 Reservations of Authority.

3.6.1 Limitations, Reservations and Exceptions. Notwithstanding any other provision of this Agreement, the following Subsequent Land Use Regulations shall apply to the development of the Property.

- (a) Processing fees and charges of every kind and nature imposed by COUNTY to cover the estimated actual costs to COUNTY of processing applications for Development Approvals, for monitoring compliance with any Development Approvals granted or issued, or for implementation of any of the terms of this Agreement.
- (b) Procedural regulations relating to hearing bodies, petitions, applications, notices, findings, records, hearings, reports, recommendations, appeals and any other matter of procedure.
- (c) Regulations governing construction standards and specifications including, without limitation, the Building Code, Plumbing Code, Mechanical Code, Electrical Code, Fire Code and Grading Code applicable in the COUNTY.
- (d) Regulations imposing Development Exactions; provided, however, that no such subsequently adopted Development Exaction shall be applicable to development of the Property unless such Development Exaction is applied uniformly to development, either throughout the COUNTY or within a defined area of benefit which includes the Property. No such subsequently adopted Development Exaction shall apply if its application to the Property would physically prevent development of the Property for the uses and to the density or intensity of development set forth in the Development Plan. Should a subsequent Development Exaction adopted by the COUNTY include any of the County Traffic Improvements or Multi-Jurisdictional Traffic Improvements, as identified in Exhibit "G", no such subsequently adopted Development Exaction shall be applicable to the development of the Property to the extent that the OWNER has already fully satisfied, or will fully satisfy, such Development Exaction by the payment of the County Supplemental Traffic Fee and the Multi-Jurisdictional Traffic Fee. Should such a subsequent Development Exaction be greater than the County Supplemental Traffic Fee and the Multi-Jurisdictional Traffic Fee, OWNER

shall be responsible for the difference between the the County Supplemental Traffic Fee and the Multi-Jurisdictional Traffic Fee and the subsequent Development Exaction.

- (e) Regulations which may be in conflict with the Development Plan but which are reasonably necessary to protect the public health and safety. To the extent possible, any such regulations shall be applied and construed so as to provide OWNER with the rights and assurances provided under this Agreement.
- (f) Regulations which are not in conflict with the Development Plan. Any regulation, whether adopted by initiative or otherwise, limiting the rate or timing of development of the Property shall be deemed to conflict with the Development Plan and shall therefore not be applicable to the development of the Property.
- (g) Regulations which are in conflict with the Development Plan provided OWNER has given written consent to the application of such regulations to development of the Property.
- (h) Regulations addressing compliance with any COUNTY approved Climate Action Plan in place at the time of processing of the Development Approvals and Subsequent Development Approvals.

3.6.2 Subsequent Development Approvals. This Agreement shall not prevent COUNTY, in acting on Subsequent Development Approvals, from applying Subsequent Land Use Regulations which do not conflict with the Development Plan, nor shall this Agreement prevent COUNTY from denying or conditionally approving any Subsequent Development Approval on the basis of the Existing Land Use Regulations or any Subsequent Land Use Regulation not in conflict with the Development Plan.

3.6.3 Modification or Suspension by State or Federal Law. In the event that State or Federal laws or regulations, enacted after the Effective Date of this Agreement, prevent or preclude compliance with one or more of the provisions of this Agreement, such provisions of this Agreement shall be modified or suspended as may be necessary to comply with such State or Federal laws or regulations, provided, however, that this Agreement shall remain in full force and effect to the extent it is not inconsistent with such laws or regulations and to the extent such laws or regulations do not render such remaining provisions impractical to enforce.

3.6.4 Intent. The parties acknowledge and agree that COUNTY is restricted in its authority to limit its police power by contract and that the foregoing limitations, reservations and exceptions are intended to reserve to COUNTY all of its police power which cannot be so limited. This Agreement shall be construed, contrary to its stated terms if necessary, to reserve to COUNTY all such power and authority which cannot be restricted by contract.

3.7 Public Works. If OWNER is required by this Agreement to construct any public works facilities which will be dedicated to COUNTY or any other public agency upon completion, and if required by applicable laws to do so, OWNER shall perform such work in the same manner and subject to the same requirements as would be applicable to COUNTY or such other public agency should it have undertaken such construction.

3.8 Provision of Real Property Interests by COUNTY. In any instance where OWNER is required to construct any public improvement on land not owned by OWNER, OWNER shall at its sole cost and expense provide or cause to be provided, the real property interests necessary for the construction of such public improvements. In the event OWNER is unable, after exercising reasonable efforts, including, but not limited to, the rights under Sections 1001 and 1002 of the Civil Code, to acquire the real property interests necessary for the construction of such public improvements, and if so instructed by OWNER and upon OWNER'S provision of adequate security for costs COUNTY may reasonably incur, COUNTY shall negotiate the purchase of the necessary real property interests to allow OWNER to construct the public improvements as required by this Agreement and, if necessary, in accordance with the procedures established by law, use its power of eminent domain to acquire such required real property interests. OWNER shall pay all costs associated with such acquisition or condemnation proceedings. This Section 3.8 is not intended by the parties to impose upon the OWNER an enforceable duty to acquire land or construct any public improvements on land not owned by OWNER, except to the extent that the OWNER elects to proceed with the development of the Project, and then only in accordance with valid conditions imposed by the COUNTY upon the development of the Project under the Subdivision Map Act, Government Code Section 66410 et seq. or other legal authority. If COUNTY is unwilling to use its power of eminent domain to acquire such real property interests, said requirement for OWNER to construct such public improvements shall be waived by the COUNTY.

3.9 Regulation by Other Public Agencies. It is acknowledged by the parties that other public agencies not within the control of COUNTY possess authority to regulate aspects of the development of the Property separately from or jointly with COUNTY and this Agreement does not limit the authority of such other public agencies. For example, pursuant to Government Code Section 66477 and Section 10.35 of Riverside County Ordinance No. 460, another local public agency may provide local park and recreation services and facilities and in that event, it is permitted, and therefore shall be permitted by the parties, to participate jointly with COUNTY to determine the location of land to be dedicated or in lieu fees to be paid for local park purposes, provided that COUNTY shall exercise its authority subject to the terms of this Agreement.

3.10 Tentative Tract Map Extension. Notwithstanding the provisions of Section 66452.6 of the Government Code, no tentative subdivision map or tentative parcel map, heretofore or hereafter approved in connection with development of the Property, shall be granted an extension of time except in accordance with the Existing Land Use Regulations.

3.11 Vesting Tentative Maps. If any tentative or final subdivision map, or tentative or final parcel map, heretofore or hereafter approved in connection with development of the Property, is a vesting map under the Subdivision Map Act (Government Code Section 66410, et seq.) and Riverside County Ordinance No. 460 and if this Agreement is determined by a final judgment to

be invalid or unenforceable insofar as it grants a vested right to develop to OWNER, then and to that extent the rights and protections afforded OWNER under the laws and ordinances applicable to vesting maps shall supersede the provisions of this Agreement. Except as set forth immediately above, development of the Property shall occur only as provided in this Agreement, and the provisions in this Agreement shall be controlling over any conflicting provision of law or ordinance concerning vesting maps.

4. PUBLIC BENEFITS.

4.1 Intent. The parties acknowledge and agree that development of the Property will detrimentally affect public interests which will not be fully addressed by the Development Plan and further acknowledge and agree that this Agreement confers substantial private benefits on OWNER which should be balanced by commensurate public benefits. Accordingly, the parties intend to provide consideration to the public to balance the private benefits conferred on OWNER by providing more fully for the satisfaction of the public interests.

4.2 Public Benefits for Residential or Residential/Mixed Use Projects.

4.2.1 Description of Significant Public Benefits. The significant public benefits that will be attained as a result of this Agreement and the implementation of the Development Plan beyond that required to mitigate Project impacts include, without limitation, the following:

- (a) Higher Park Standard. The Project shall include park and recreation land and improvements on the Project site in the amount of five (5) acres per 1,000 population, which exceeds the COUNTY standard of three (3) acres per 1,000 population, as further described in County Ordinance No. 460
- (b) Contribution to Library Expansion. The Project shall be subject to a fee for library expansion (the "Library Expansion Fee") in the amount of \$415.39 per dwelling unit for the first 4,300 dwelling units within the Project. Following the issuance of a building permit for the 4,300th dwelling unit and within ninety (90) days after COUNTY's written notice to OWNER of the Board of Supervisors' approval of construction documents for the expansion of library facilities serving the Project, OWNER shall pay COUNTY \$5,358,500 (the "Library Final Payment.") The amount of the Library Expansion Fee and Library Final Payment shall adjust on January 1 each year in accordance with Section 4.2.4 below; provided, however, the total amount of the Library Expansion Fees paid and the Library Final Payment shall not exceed \$8,000,000. Payment of the Library Expansion Fees shall be in full satisfaction of all obligations and requirements of the Project to fund library facilities and shall be in lieu of any Development Exaction otherwise imposed against the Project for library construction. Any Development Exaction imposed against the Project for Library Books/Media shall still apply.

- (c) Community Room Space. The Project includes a community center that will be operated and maintained by OWNER or a property owner's association. The community center shall include a multi-purpose room with the capacity for up to 100 seated people for purposes of community meetings, presentations, or other public use by the COUNTY. The multi-purpose room shall include technology and equipment to allow for meetings and presentations to be recorded and broadcast, as well as WiFi technology. It is agreed that the COUNTY shall have access to use the multi-purpose room a minimum of two times per month, for up to four hours per use, free of charge, for the entire term of this Agreement. All other details for use of the multi-purpose room shall be documented in a separate agreement between the COUNTY and property owner's association.

- (d) Smart Shuttle Program. Prior to issuance of the building permit for the 2,500 dwelling unit of the Project, as shown on the phasing plan for the Specific Plan, OWNER agrees to work with COUNTY and the Riverside Transit Agency ("RTA") to create a Smart Shuttle Program to transport commuters from the Project site to the Perris Valley Line Metrolink Station or other Metrolink stop or station if one is closer to the Project site. The Smart Shuttle Program may be a cooperative effort of OWNER, COUNTY and the RTA or run solely by a property or business owner's association created by OWNER. OWNER's participation may consist of providing a vehicle or vehicles, or funding for same, as well as ongoing expenses such as labor expenses, fuel and maintenance for a period of up to eight (8) years at a cost not to exceed \$40,000 per year. The exact funding levels and responsibilities of OWNER, COUNTY and RTA will be established at the time of creation of the Smart Shuttle Program and adjusted based on actual costs.

- (e) New Fire Station and Equipment. OWNER shall reserve up to two (2) acres within the Project, at a location within Planning Areas 20 or 22 acceptable to the Riverside County Fire Department, for the purpose of the construction of a new fire station to serve the Project and surrounding area (the "Fire Station Site"). The Fire Station Site shall be identified as a lot in the tentative subdivision map approved for the Planning Area that includes the Fire Station Site. The Project shall be subject to development impact fees imposed by the COUNTY for fire facilities.

Either (i) upon the issuance of a building permit for the 2,000th dwelling unit within the Project or (ii) within ninety (90) days following written notice from the Riverside County Fire Department (the "Fire Department") to OWNER and the COUNTY that the annual emergency call volume for the Project to the Fire Department's Nuevo Station 3 exceeds 1,500 such calls, whichever occurs first, OWNER shall fund the COUNTY's acquisition of a two person medic patrol emergency response vehicle for

Nuevo Station 3 at a cost not to exceed \$265,000, subject to annual adjustment as provided in Section 4.2.4.

Either (i) upon the issuance of a building permit for the 5,000th dwelling unit within the Project or (ii) within ninety (90) days following written notice from the Fire Department to OWNER and the COUNTY that the annual emergency call volume for the Project to Nuevo Station 3 exceeds 3,000 such calls, whichever occurs first, OWNER shall fund the COUNTY's acquisition of a ladder truck fire apparatus that meets the Fire Department's specifications and design standards at a cost not to exceed \$1,500,000, subject to annual adjustment as provided in Section 4.2.4.

Either (i) upon the issuance of a building permit for the 8,000th dwelling unit within the Project or (ii) within ninety (90) days following written notice from the Fire Department to OWNER and the COUNTY that the annual emergency call volume for the Project to Nuevo Station 3 exceeds 4,000 such calls, whichever occurs first, OWNER shall fund the COUNTY's cost of acquisition of a new Type 1 fire engine for the new Fire Station at a cost not to exceed \$650,000, subject to annual adjustment as provided in Section 4.2.4.

OWNER's obligations pursuant to this Section 4.2.1(e) to fund the three pieces of fire equipment shall be contingent upon the establishment of the Fire Safety Community Facilities District ("CFD") and a separate Facilities CFD, as described in and pursuant to the provisions of Exhibit "F" to this Agreement, provided, however, if OWNER fails to request the formation of the Fire Safety CFD or Facilities CFD prior to the issuance of the first building permit in the Project or fails to vote affirmatively in the proceedings to establish such CFDs, OWNER shall remain responsible to fund the fire equipment. OWNER's obligations pursuant to this Section 4.2.1(e) for the funding of fire equipment shall be in full satisfaction of all obligations or requirements of the Project to fund fire equipment and shall be in lieu of any Development Exaction otherwise imposed against the Project for fire equipment purposes.

Within sixty (60) days following the issuance of a building permit for the 5,500th dwelling unit within the Project, the COUNTY shall reasonably estimate the construction cost of the new Fire Station to be built on the Fire Station Site. At the same time, the COUNTY and OWNER shall determine the fair market value of the Fire Station Site based upon a highest and best use of mixed use development as permitted by the Specific Plan for the applicable Planning Area. The Fire Station Site shall then be conveyed to the COUNTY and OWNER shall receive a credit against Development Impact Fees imposed for fire protection in an amount equal to the fair market value of the Fire Station Site. However, OWNER shall not be entitled to such a Development Impact Fee credit unless and until the

Development Impact Fees collected for fire protection within the Project exceed the reasonable estimate of the construction cost of the new Fire Station to be built on the Fire Station Site.

- (f) Right-of-Way for Mid-County Parkway. Based on preliminary engineering analyses, it is estimated that the Project will dedicate in excess of 100 acres of right-of-way for the Mid-County Parkway. With the first final map of any kind recorded within the Project or by some irrevocable offer of dedication of the right-of-way through a separate instrument at the time of recording of the first final map, OWNER shall make an irrevocable offer of dedication of the entire right-of-way for the Mid-County Parkway within the Project, at the alignments and widths specified in the Mid-County Parkway Joint Environmental Impact Statement/Environmental Impact Report certified April 8, 2015. OWNER shall receive credit against the Project's transportation uniform mitigation fees ("TUMF") imposed pursuant to the Western Riverside Council of Government's Transportation Uniform Mitigation Fee Program for such right-of-way dedication as determined in accordance with the TUMF Administrative Plan and WRCOG's procedures and policies in effect at the time of the right-of-way dedication. The COUNTY agrees OWNER may reserve from such irrevocable offer of dedication such temporary construction easements required for the construction of adjoining portions of the Project and such permanent utility easements required for the Project that do not materially interfere with the construction of the Mid-County Parkway.
- (g) Additional Traffic Facilities Fee. In order to provide funding for traffic improvements (or portions thereof) that are not currently included in the Development Impact Fees or TUMF for (i) certain traffic improvements outside the Project ("County Traffic Improvements") and (ii) certain traffic improvements outside the Project but within incorporated areas or under CalTrans jurisdiction ("Multi Jurisdictional Traffic Improvements"), the Project shall be subject to a County Supplemental Traffic Fee and a Multi Jurisdictional Traffic Fee in the amounts set forth in the Additional Traffic Facilities Fee Schedule included in Exhibit "G" hereto. The County Traffic Improvements and Multi Jurisdictional Traffic Improvements are described in greater detail in Exhibit "G" hereto.

The COUNTY expects to enter into agreements with cities and CalTrans with respect to the Multi Jurisdictional Traffic Improvements for the disbursement of Multi Jurisdictional Traffic Fees to the cities and CalTrans and their construction of the Multi Jurisdictional Traffic Improvements. The COUNTY shall apply the County Supplemental Traffic Fees to construct the County Traffic Improvements as needed to serve the Project.

- (h) Broadband Capability. The Project shall include conduit for broadband optic fiber in all streets throughout the Project, as well as pull boxes, to

complement the COUNTY's broadband initiative. Should there be significant technological changes prior to build out of the Project, OWNER and the COUNTY may mutually agree on the incorporation of such new technology in lieu of broadband optic fiber.

- (i) Development Agreement Fee. The Project shall be subject to a Development Agreement fee (the "DA Fee") in the amount of \$1,000 per dwelling unit. The amount of the DA Fee shall increase on the fifth, tenth, fifteenth, twentieth and twenty-fifth anniversary of the Effective Date to \$1,100, \$1,200, \$1,300, \$1,400 and \$1,500, respectively. The DA Fees collected by the COUNTY shall be used by the COUNTY in its sole discretion. One-third (33%) of the DA Fee shall be spent in the Lakeview/Nuevo area surrounding the Project, one-third of the DA Fee shall be used by the COUNTY in the Supervisorial District in which the Project is located, and the remaining one-third shall be used County-wide by the County Executive Office as part of the County budget process.
- (j) Preserve Agricultural Space. Planning Areas 41a, 48 and 49, as documented in the Specific Plan for the Project, and as shown in Exhibit "H" attached hereto, have been designated for agricultural uses. When recording a final map that includes any portion of Planning Areas 41a, 48, and 49, OWNER agrees to grant a conservation easement, in perpetuity, over those Planning Areas to COUNTY, or another suitable not for profit entity or public agency, acceptable to the COUNTY, for purposes of ensuring that the Planning Areas remain in agricultural use or as permanent open space.
- (k). Regional Trails System. All tentative maps within the Property that include land within the proposed design of the COUNTY's regional trail system shall identify such trail areas, and, as final maps are filed, an irrevocable offer of dedication of the right of way for the a trails system shall be made to the COUNTY by the OWNER to be connected to the COUNTY's regional trail system.
- (l). Affordable Housing. Of the 8,725 dwelling units planned for the Project, 2,715 units are planned to be built within Mixed Use (MU) areas within the Town Center, which have densities between 8 and 40 dwelling units per acre.

Consistent with the Housing Element stipulation that land designated Highest Density Residential ("HHDR") or a minimum of 20 dwelling units per acre is appropriate for lower income households and meets affordability requirements, OWNER agrees to designate specific areas within the Town Center area of the Project with a minimum density of 20 dwelling units per acre based on individual project gross area.

OWNER also agrees, at a minimum, to designate at a rate of 0.10 units of all units constructed in the Project within the specific areas of the Town Center units at a density of 20 dwelling units per acre based on individual project gross area. Assuming build-out of the Project to 8,725 units, OWNER will designate a maximum of 872 units inside the Town Center area to be developed at a minimum density of 20 dwelling units per acre based on individual project gross area.

Designation of the areas for the 872 units shall occur prior to the entitlement of any development within Phase 3, the Town Center, as part of the Village Refinement Plan further described in Section B.11 in the Specific Plan. Additionally, the subsequent development approvals for the entitlement and construction of the 872 units at a density of 20 dwelling units per acre shall be submitted to COUNTY by OWNER prior to the issuance of the building permit for the 4,500th dwelling unit within the Project and grading permits for the 872 units shall be issued prior to the building permit for the 5,500th dwelling unit within the Project.

However, if fewer than 8,725 units are built within the Specific Plan, then the required number of units at a minimum density of 20 dwelling units per acre within the Town Center shall be proportionately reduced in accordance with the formula of 0.10 units at a minimum density of 20 dwelling units per acre for every 1.0 unit developed within the Specific Plan. Any such reduction in the constructed units that allows for a reduction in the amount of units at a minimum density of 20 dwelling units per acre will restrict the ability to transfer these units to other Planning Areas in the Specific Plan as typically allowed by Section B.11.c of the Specific Plan. COUNTY acknowledges and finds that subject to compliance with the provisions of this Section 4.2.1(l), the Project is exempt from any obligation to contribute to any other on or off site low income housing units or other mitigation related to affordable housing.

4.2.2 Timeline for Construction of Major Public Infrastructure. [Intentionally Omitted]

4.2.3 Time of Payment. The DA Fee, Library Expansion Fee and County Supplemental Traffic Fee and Multi-Jurisdictional Traffic Fee required pursuant to Subsection 4.2.1 shall be paid to COUNTY no sooner than the application for a building permit, but no later than prior to final inspection or issuance of certificate of occupancy, whichever occurs first. The fees to be paid shall be the fee in effect at the time of payment.

4.2.4. Annual Fee Adjustment. The amount of the County Supplemental Traffic Fee, Multi-Jurisdictional Traffic Fee, Library Expansion Fee, Library Final Payment, and the fire equipment costs specified in Section 4.2.1(e) required pursuant to Subsection 4.2.1 shall be adjusted annually during the term of this Agreement on January 1 of each year of this Agreement in accordance with the changes in the Consumer Price Index for All Urban

Consumers in the Los Angeles-Riverside-Orange County, CA Area (hereinafter CPI) published monthly by the U.S. Bureau of Labor Statistics. The annual adjustment shall be calculated in the following manner:

(a) Divide the CPI for the month of October 2017 into the CPI for the month of October immediately preceding the anniversary in which said amounts are to be adjusted.

(b) Multiply the quotient obtained by the calculation in Paragraph (a) above by said amount.

(c) The result of the multiplication obtained in Paragraph (b) above shall constitute the amount of the County Supplemental Traffic Fee, Multi-Jurisdictional Traffic Fee, Library Expansion Fee, and Library Final Payment payable during the succeeding year.

If the CPI specified herein is discontinued or revised during the term of this Agreement, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would have been obtained if the CPI had not been discontinued.

In no event shall the amount of the County Supplemental Traffic Fee, Multi-Jurisdictional Traffic Fee, Library Expansion Fee, and Library Final Payment be less than the amounts set forth in Subsection 4.2.1.

4.2.5. Continuation of Public Benefits. Should all or any portion of Property become part of a city or another county, implementation of the Public Benefits set forth in Section 4.2 shall continue in full force and effect. During any incorporation or annexation proceeding, OWNER shall agree that any incorporation or annexation may be conditioned so as to require OWNER to implement said Public Benefits.

5. FINANCING OF PUBLIC IMPROVEMENTS.

If deemed appropriate, COUNTY and OWNER will cooperate in the formation of any special assessment district, community facilities district or alternate financing mechanism to pay for the construction and/or maintenance and operation of public infrastructure facilities required as part of the Development Plan. OWNER also agrees that it will not initiate and/or cooperate in the formation of any such special assessment district, community facilities district or alternate financing mechanism involving any other public agency without the prior written consent of the COUNTY.

Should the Property be included within such a special assessment district, community facilities district or other financing entity, the following provisions shall be applicable:

(a) In the event OWNER conveys any portion of the Property and/or public facilities constructed on any portion of the Property to COUNTY or any other public entity and said Property

is subject to payment of taxes and/or assessments, such taxes and/or assessments shall be paid in full by OWNER prior to completion of any such conveyance.

(b) If OWNER is in default in the payment of any taxes and/or assessments, OWNER shall be considered to be in default of this Agreement and COUNTY may, in its sole discretion, initiate termination proceedings pursuant to Section 8.4 of this Agreement.

Notwithstanding the foregoing, it is acknowledged and agreed by the parties that nothing contained in this Agreement shall be construed as requiring COUNTY or the COUNTY Board of Supervisors to form any such district or to issue and sell bonds.

6. REVIEW FOR COMPLIANCE.

6.1 Annual Review. The TLMA Director shall review this Agreement annually, on or before the Effective Date, in order to ascertain the good faith compliance by OWNER with the terms of the Agreement. In order to facilitate this review, OWNER shall submit an annual monitoring report, in a form specified by the TLMA Director, providing all information necessary to evaluate such good faith compliance as determined by the Planning Director. OWNER shall pay the annual review and administration fee set forth in Ordinance No. 671 prior to submission of each annual monitoring report. Prior to the issuance of any grading permit or building permit for any part of the Project, OWNER shall prepay a fee deposit in an amount equal to three times the annual review and administration fee set forth in Ordinance No. 671 (the "Monitoring Fee Prepayment"). The Monitoring Fee Prepayment shall be retained by the COUNTY until termination of this Agreement, may be used by the COUNTY at any time if there is a failure to pay any part of the annual monitoring and administration fees required under Ordinance No. 671, and shall be promptly replenished by OWNER up to the original required amount after notice by COUNTY to OWNER. Failure by OWNER to submit an annual monitoring report, on or before the Effective Date of each year in the form specified by the TLMA Director, to pay any part of the annual monitoring and administration fee required under Ordinance No. 671, to make the Monitoring Fee Prepayment or to replenish the Monitoring Fee Prepayment shall constitute a default by OWNER under this Agreement.

6.2 Special Review. The Board of Supervisors may order a special review of compliance with this Agreement at any time. The TLMA Director, in consultation with the Executive Office and County Counsel, shall conduct such special reviews.

6.3 Procedure.

(a) During either an annual review or a special review, OWNER shall be required to demonstrate good faith compliance with the terms of the Agreement. The burden of proof on this issue shall be on OWNER.

(b) Upon completion of an annual review or a special review, the TLMA Director shall submit a report to the Board of Supervisors setting forth the evidence concerning good faith compliance by OWNER with the terms of this Agreement and his recommended finding on that issue.

(c) If the Board finds on the basis of substantial evidence that OWNER has complied in good faith with the terms and conditions of this Agreement, the review shall be concluded.

(d) If the Board makes a preliminary finding that OWNER has not complied in good faith with the terms and conditions of this Agreement, the Board may modify or terminate this Agreement as provided in Section 6.4 and Section 6.5. Notice of default as provided under Section 8.4 of this Agreement shall be given to OWNER prior to or concurrent with, proceedings under Section 6.4 and Section 6.5.

6.4 Proceedings Upon Modification or Termination. If, upon a finding under Section 6.3, COUNTY determines to proceed with modification or termination of this Agreement, COUNTY shall give written notice to OWNER of its intention so to do. The notice shall be given at least ten calendar days prior to the scheduled hearing and shall contain:

- (a) The time and place of the hearing;
- (b) A statement as to whether or not COUNTY proposes to terminate or to modify the Agreement; and,
- (c) Such other information as is reasonably necessary to inform OWNER of the nature of the proceeding.

6.5 Hearing on Modification or Termination. At the time and place set for the hearing on modification or termination, OWNER shall be given an opportunity to be heard and shall be entitled to present written and oral evidence. OWNER shall be required to demonstrate good faith compliance with the terms and conditions of this Agreement. The burden of proof on this issue shall be on OWNER. If the Board of Supervisors finds, based upon substantial evidence, that OWNER has not complied in good faith with the terms or conditions of the Agreement, the Board may terminate this Agreement or modify this Agreement and impose such conditions as are reasonably necessary to protect the interests of the County. The decision of the Board of Supervisors shall be final, subject only to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

6.6 Certificate of Agreement Compliance. If, at the conclusion of an annual or special review, OWNER is found to be in compliance with this Agreement, COUNTY shall, upon request by OWNER, issue a Certificate of Agreement Compliance (“Certificate”) to OWNER stating that after the most recent annual or special review and based upon the information known or made known to the TLMA Director and Board of Supervisors that (1) this Agreement remains in effect and (2) OWNER is not in default. The Certificate shall be in recordable form, shall contain information necessary to communicate constructive record notice of the finding of compliance, shall state whether the Certificate is issued after an annual or special review and shall state the anticipated date of commencement of the next annual review. OWNER may record the Certificate with the County Recorder.

Whether or not the Certificate is relied upon by transferees or OWNER, COUNTY shall not be bound by a Certificate if a default existed at the time of the annual or special review, but was concealed from or otherwise not known to the TLMA Director or Board of Supervisors.

7. INCORPORATION AND ANNEXATION.

7.1 Intent. If all or any portion of the Property is annexed to or otherwise becomes a part of a city or another county, it is the intent of the parties that this Agreement shall survive and be binding upon such other jurisdiction.

7.2 Incorporation. If at any time during the term of this Agreement, a city is incorporated comprising all or any portion of the Property, the validity and effect of this Agreement shall be governed by Section 65865.3 of the Government Code.

7.3 Annexation. OWNER and COUNTY shall oppose, in accordance with the procedures provided by law, the annexation to any city of all or any portion of the Property unless both OWNER and COUNTY give written consent to such annexation.

8. DEFAULT AND REMEDIES.

8.1 Remedies in General. It is acknowledged by the parties that COUNTY would not have entered into this Agreement if it were to be liable in damages under this Agreement, or with respect to this Agreement or the application thereof.

In general, each of the parties hereto may pursue any remedy at law or equity available for the breach of any provision of this Agreement, except that COUNTY shall not be liable in damages to OWNER, or to any successor in interest of OWNER, or to any other person, and OWNER covenants not to sue for damages or claim any damages:

- (a) For any breach of this Agreement or for any cause of action which arises out of this Agreement; or
- (b) For the taking, impairment or restriction of any right or interest conveyed or provided under or pursuant to this Agreement; or
- (c) Arising out of or connected with any dispute, controversy or issue regarding the application or interpretation or effect of the provisions of this Agreement.

8.2 Specific Performance. The parties acknowledge that money damages and remedies at law generally are inadequate and specific performance and other non monetary relief are particularly appropriate remedies for the enforcement of this Agreement and should be available to all parties for the following reasons:

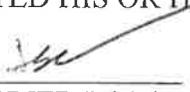

- (a) Money damages are unavailable against COUNTY as provided in Section 8.1 above.
- (b) Due to the size, nature and scope of the project, it may not be practical or possible to restore the Property to its natural condition once implementation of this Agreement has begun. After such implementation, OWNER may be foreclosed from other choices it may have had to utilize the Property or portions thereof. OWNER has invested significant time and resources and performed extensive planning and processing of the Project in agreeing to the terms of this Agreement and will be investing even more significant time and resources in implementing the Project in reliance upon the terms of this Agreement, and it is not possible to determine the sum of money which would adequately compensate OWNER for such efforts.

8.3 General Release. Except for nondamage remedies, including the remedy of specific performance and judicial review as provided for in Section 6.5, OWNER, for itself, its successors and assignees, hereby releases the COUNTY, its officers, agents and employees from any and all claims, demands, actions, or suits of any kind or nature arising out of any liability, known or unknown, present or future, including, but not limited to, any claim or liability, based or asserted, pursuant to Article I, Section 19 of the California Constitution, the Fifth Amendment of the United States Constitution, or any other law or ordinance which seeks to impose any other liability or damage, whatsoever, upon the COUNTY because it entered into this Agreement or because of the terms of this Agreement. OWNER acknowledges familiarity with and hereby waives the provisions of Section 1542 of the Civil Code which provides:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE A MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

8.4 Termination or Modification of Agreement for Default of OWNER. Subject to the provisions contained in Subsection 6.5 herein, COUNTY may terminate or modify this Agreement for any failure of OWNER to perform any material duty or obligation of OWNER under this Agreement, or to comply in good faith with the terms of this Agreement (hereinafter referred to as "default"); provided, however, COUNTY may terminate or modify this Agreement pursuant to this Section only after providing written notice to OWNER of default setting forth the nature of the default and the actions, if any, required by OWNER to cure such default and, where the default can be cured, OWNER has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

8.5 Termination of Agreement for Default of COUNTY. OWNER may terminate this Agreement only in the event of a default by COUNTY in the performance of a material term of this Agreement and only after providing written notice to COUNTY of default setting forth the nature of the default and the actions, if any, required by COUNTY to cure such default and, where the default can be cured, COUNTY has failed to take such actions and cure such default within 60 days after the effective date of such notice or, in the event that such default cannot be cured within such 60 day period but can be cured within a longer time, has failed to commence the actions necessary to cure such default within such 60 day period and to diligently proceed to complete such actions and cure such default.

8.6 Attorney's Fees. In any action at law or in equity to enforce or interpret this Agreement, or otherwise arising out of this Agreement, including without limitation any action for declaratory relief or petition for writ of mandate, the parties shall bear their own attorneys' fees.

9. THIRD PARTY LITIGATION.

9.1 General Plan Litigation. COUNTY has determined that this Agreement is consistent with its General Plan and that the General Plan meets all requirements of law. OWNER has reviewed the General Plan and concurs with COUNTY's determination. The parties acknowledge that:

- (a) Litigation may be filed challenging the legality, validity and adequacy of certain provisions of the General Plan; and,
- (b) If successful, such challenges could delay or prevent the performance of this Agreement and the development of the Property.

COUNTY shall have no liability in damages under this Agreement for any failure of COUNTY to perform under this Agreement or the inability of OWNER to develop the Property as contemplated by the Development Plan of this Agreement as the result of a judicial determination that on the Effective Date, or at any time thereafter, the General Plan, or portions thereof, are invalid or inadequate or not in compliance with law.

9.2 Third Party Litigation Concerning Agreement. OWNER shall defend, at its expense, including attorneys' fees, indemnify, and hold harmless COUNTY, its officers, agents, employees, and independent contractors from any claim, action or proceeding against COUNTY, its officers, agents, employees, or independent contractors to attack, set aside, void, or annul the approval of this Agreement or the approval of any permit granted pursuant to this Agreement. COUNTY shall promptly notify OWNER of any such claim, action or proceeding, and COUNTY shall cooperate in the defense. If COUNTY fails to promptly notify OWNER of any such claim, action or proceeding, or if COUNTY fails to cooperate in the defense, OWNER shall not thereafter be responsible to defend, indemnify, or hold harmless COUNTY. COUNTY may in its discretion participate in the defense of any such claim, action or proceeding.

9.3 Indemnity. In addition to the provisions of 9.2 above, OWNER shall indemnify and hold COUNTY, its officers, agents, employees and independent contractors free and harmless from any liability whatsoever, based or asserted upon any act or omission of OWNER, its officers, agents, employees, subcontractors and independent contractors, for property damage, bodily injury, or death (OWNER's employees included) or any other element of damage of any kind or nature, relating to or in any way connected with or arising from the activities contemplated hereunder, including, but not limited to, the study, design, engineering, construction, completion, failure and conveyance of the public improvements, save and except claims for damages arising through the sole active negligence or sole willful misconduct of COUNTY. OWNER shall defend, at its expense, including attorneys' fees, COUNTY, its officers, agents, employees and independent contractors in any legal action based upon such alleged acts or omissions. COUNTY may in its discretion participate in the defense of any such legal action.

9.4 Environment Assurances. OWNER shall indemnify and hold COUNTY, its officers, agents, and employees free and harmless from any liability, based or asserted, upon any act or omission of OWNER, its officers, agents, employees, subcontractors, predecessors in interest, successors, assigns and independent contractors for any violation of any federal, state or local law, ordinance or regulation relating to industrial hygiene or to environmental conditions on, under or about the Property, including, but not limited to, soil and groundwater conditions, and OWNER shall defend, at its expense, including attorneys' fees, COUNTY, its officers, agents and employees in any action based or asserted upon any such alleged act or omission. COUNTY may in its discretion participate in the defense of any such action.

9.5 Reservation of Rights. With respect to Sections 9.2, 9.3 and 9.4 herein, COUNTY reserves the right to either (1) approve the attorney(s) which OWNER selects, hires or otherwise engages to defend COUNTY hereunder, which approval shall not be unreasonably withheld, or (2) conduct its own defense, provided, however, that OWNER shall reimburse COUNTY forthwith for any and all reasonable expenses incurred for such defense, including attorneys' fees, upon billing and accounting therefor.

9.6 Survival. The provisions of Sections 8.1 through 8.3, inclusive, Section 8.6 and Sections 9.1 through 9.6, inclusive, shall survive the termination of this Agreement.

10. MORTGAGEE PROTECTION.

The parties hereto agree that this Agreement shall not prevent or limit OWNER, in any manner, at OWNER's sole discretion, from encumbering the Property or any portion thereof or any improvement thereon by any mortgage, deed of trust or other security device securing financing with respect to the Property. COUNTY acknowledges that the lenders providing such financing may require certain Agreement interpretations and modifications and agrees upon request, from time to time, to meet with OWNER and representatives of such lenders to negotiate in good faith any such request for interpretation or modification. COUNTY will not unreasonably withhold its consent to any such requested interpretation or modification provided such interpretation or modification is consistent with the intent and purposes of this Agreement. Any Mortgagee of the Property shall be entitled to the following rights and privileges:

- (a) Neither entering into this Agreement nor a breach of this Agreement shall defeat, render invalid, diminish or impair the lien of any mortgage on the Property made in good faith and for value, unless otherwise required by law.
- (b) The Mortgagee of any mortgage or deed of trust encumbering the Property, or any part thereof, which Mortgagee, has submitted a request in writing to the COUNTY in the manner specified herein for giving notices, shall be entitled to receive written notification from COUNTY of any default by OWNER in the performance of OWNER's obligations under this Agreement.
- (c) If COUNTY timely receives a request from a Mortgagee requesting a copy of any notice of default given to OWNER under the terms of this Agreement, COUNTY shall provide a copy of that notice to the Mortgagee within ten (10) days of sending the notice of default to OWNER. The Mortgagee shall have the right, but not the obligation, to cure the default during the remaining cure period allowed such party under this Agreement.
- (d) Any Mortgagee who comes into possession of the Property, or any part thereof, pursuant to foreclosure of the mortgage or deed of trust, or deed in lieu of such foreclosure, shall take the Property, or part thereof, subject to the terms of this Agreement.

11. MISCELLANEOUS PROVISIONS.

11.1 Recordation of Agreement. This Agreement and any amendment, modification, termination or cancellation thereof shall be recorded with the County Recorder by the Clerk of the Board of Supervisors within the period required by Section 65868.5 of the Government Code.

11.2 Entire Agreement. This Agreement sets forth and contains the entire understanding and agreement of the parties, and there are no oral or written representations, understandings or ancillary covenants, undertakings or agreements which are not contained or expressly referred to herein. No testimony or evidence of any such representations, understandings or covenants shall be admissible in any proceeding of any kind or nature to interpret or determine the terms or conditions of this Agreement.

11.3 Severability. If any term, provision, covenant or condition of this Agreement shall be determined invalid, void or unenforceable, the remainder of this Agreement shall not be affected thereby to the extent such remaining provisions are not rendered impractical to perform taking into consideration the purposes of this Agreement. Notwithstanding the foregoing, the provision of the Public Benefits set forth in Section 4 of this Agreement, including the payment of the fees set forth therein, are essential elements of this Agreement and COUNTY would not have entered into this Agreement but for such provisions, and therefore in the event such provisions are determined to be invalid, void or unenforceable, this entire Agreement shall be null and void and of no force and effect whatsoever.

11.4 Interpretation and Governing Law. This Agreement and any dispute arising hereunder shall be governed and interpreted in accordance with the laws of the State of California. This Agreement shall be construed as a whole according to its fair language and common meaning to achieve the objectives and purposes of the parties hereto, and the rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be employed in interpreting this Agreement, all parties having been represented by counsel in the negotiation and preparation hereof.

11.5 Section Headings. All section headings and subheadings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

11.6 Gender and Number. As used herein, the neuter gender includes the masculine and feminine, the feminine gender includes the masculine, and the masculine gender includes the feminine. As used here, the singular of any word includes the plural.

11.7 Joint and Several Obligations. If at any time during the term of this Agreement the Property is owned, in whole or in part, by more than one OWNER, all obligations of such OWNERS under this Agreement shall be joint and several, and the default of any such OWNER shall be the default of all such OWNERS. Notwithstanding the foregoing, no OWNER of a single lot which has been finally subdivided and sold to such OWNER as a member of the general public or otherwise as an ultimate user shall have any obligation under this Agreement except as provided under Section 4 hereof.

11.8 Time of Essence. Time is of the essence in the performance of the provisions of this Agreement as to which time is an element.

11.9 Waiver. Failure by a party to insist upon the strict performance of any of the provisions of this Agreement by the other party, or the failure by a party to exercise its rights upon the default of the other party, shall not constitute a waiver of such party's right to insist and demand strict compliance by the other party with the terms of this Agreement thereafter.

11.10 No Third Party Beneficiaries. This Agreement is made and entered into for the sole protection and benefit of the parties and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

11.11 Force Majeure. Neither party shall be deemed to be in default where failure or delay in performance of any of its obligations under this Agreement is caused by floods, earthquakes, other Acts of God, fires, wars, riots or similar hostilities, strikes and other labor difficulties beyond the party's control (including the party's employment force). If any such events shall occur, the term of this Agreement and the time for performance by either party of any of its obligations hereunder may be extended by the written agreement of the parties for the period of time that such events prevented such performance, provided that the term of this Agreement shall not be extended under any circumstances for more than five (5) years.

11.12 Mutual Covenants. The covenants contained herein are mutual covenants and also constitute conditions to the concurrent or subsequent performance by the party benefited thereby of the covenants to be performed hereunder by such benefited party.

11.13 Successors in Interest. The burdens of this Agreement shall be binding upon, and the benefits of this Agreement shall inure to, all successors in interest to the parties to this Agreement. All provisions of this Agreement shall be enforceable as equitable servitudes and constitute covenants running with the land. Each covenant to do or refrain from doing some act hereunder with regard to development of the Property: (a) is for the benefit of and is a burden upon every portion of the Property; (b) runs with the Property and each portion thereof; and, (c) is binding upon each party and each successor in interest during ownership of the Property or any portion thereof.

11.14 Counterparts. This Agreement may be executed by the parties in counterparts, which counterparts shall be construed together and have the same effect as if all of the parties had executed the same instrument.

11.15 Jurisdiction and Venue. Any action at law or in equity arising under this Agreement or brought by a party hereto for the purpose of enforcing, construing or determining the validity of any provision of this Agreement shall be filed and tried in the Superior Court of the County of Riverside, State of California, and the parties hereto waive all provisions of law providing for the filing, removal or change of venue to any other court.

11.16 Project as a Private Undertaking. It is specifically understood and agreed by and between the parties hereto that the development of the Project is a private development, that neither party is acting as the agent of the other in any respect hereunder, and that each party is an independent contracting entity with respect to the terms, covenants and conditions contained in this Agreement. No partnership, joint venture or other association of any kind is formed by this Agreement. The only relationship between COUNTY and OWNER is that of a government entity regulating the development of private property and the owner of such property.

11.17 Further Actions and Instruments. Each of the parties shall cooperate with and provide reasonable assistance to the other to the extent contemplated hereunder in the performance of all obligations under this Agreement and the satisfaction of the conditions of this Agreement. Upon the request of either party at any time, the other party shall promptly execute, with acknowledgement or affidavit if reasonably required, and file or record such required instruments and writings and take any actions as may be reasonably necessary under the terms of this Agreement to carry out the intent and to fulfill the provisions of this Agreement or to evidence or consummate the transactions contemplated by this Agreement.

11.18 Eminent Domain. No provision of this Agreement shall be construed to limit or restrict the exercise by COUNTY of its power of eminent domain.

11.19 Water Supply Assessment. Each tentative map prepared for portions of the Property comprised of any residential subdivision shall comply with the provisions of Government Code Section 66473.7.

11.20 Agent for Service of Process. In the event OWNER is not a resident of the State of California or it is an association, partnership or joint venture without a member, partner or joint venturer resident of the State of California, or it is a foreign corporation, then in any such event, OWNER shall file with the TLMA Director, upon its execution of this Agreement, a designation of a natural person residing in the State of California, giving his or her name, residence and business addresses, as its agent for the purpose of service of process in any court action arising out of or based upon this Agreement, and the delivery to such agent of a copy of any process in any such action shall constitute valid service upon OWNER. If for any reason service of such process upon such agent is not feasible, then in such event OWNER may be personally served with such process out of this County and such service shall constitute valid service upon OWNER. OWNER is amenable to the process so served, submits to the jurisdiction of the Court so obtained and waives any and all objections and protests thereto. OWNER for itself, assigns and successors hereby waives the provisions of the Hague Convention (Convention on the Service Abroad of Judicial and Extra Judicial Documents in Civil or Commercial Matters, 20 U.S.T. 361, T.I.A.S. No. 6638).

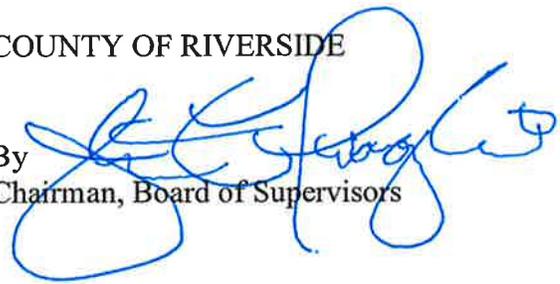

11.21 Designation of COUNTY Officials. Except for functions to be performed by the Board of Supervisors, COUNTY may, at any time and in its sole discretion, substitute any COUNTY official to perform any function identified in this Agreement as the designated responsibility of any other official. COUNTY shall provide notice of such substitution pursuant to Section 2.7; provided, however, the failure to give such notice shall not affect the authority of the substitute official in any way.

11.22 Authority to Execute. The person or persons executing this Agreement on behalf of OWNER warrants and represents that he has the authority to execute this Agreement on behalf of his corporation, partnership or business entity and warrants and represents that he has the authority to bind OWNER to the performance of its obligations hereunder.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the day and year set forth below.

Development Agreement No. 73

EXHIBIT “F”

CONDITION AND PARAMETERS FOR FIRE SAFETY CFD AND FACILITIES CFD

1. Fire Safety CFD. Prior to the issuance of the first building permit within the Project, Owner agrees to include the Project in a “Fire Safety CFD” according to the terms set forth below. The Fire Safety CFD shall be authorized to levy an annual special tax (the “Fire Safety Special Tax”) to fund (i) fire station operation costs at Nuevo Station 3 or, once constructed, the new fire station to be constructed within the Project (“Fire Station Operations Costs”) and (ii) the acquisition or reimbursement of the costs of acquisition of the three pieces of fire equipment described in Section 4.2.1(e) of the Agreement (“Equipment Costs”).

County agrees to exercise its best efforts to require all new residential development of more than fifty (50) dwelling units and all new non-residential development of more than 25,000 square feet within the additional unincorporated area served by Nuevo Station 3 and to be served by the new fire station to be constructed within the Project (the “Service Area”) to annex into the Fire Safety CFD.

For purposes of this Agreement and the Fire Safety CFD, the thresholds and associated amounts of Fire Station Operations Costs shall be as follows:

<u>Threshold</u>	<u>Annual Fire Station Operations Costs¹</u>
First Threshold – earlier of (i) building permit for 2000 th DU within the Project or (ii) annual emergency calls from the Project to Nuevo Station 3 in excess of 1,500	\$1,200,000
Second Threshold – earlier of (i) building permit for 5000 th DU within the Project or (ii) 3,000 annual emergency calls from the Project to Nuevo Station 3	\$1,900,000
Third Threshold – earlier of (i) building permit for 8000 th DU within the Project or (ii) 4,000 annual emergency calls from the Project to Nuevo Station 3	\$3,700,000

2. Fire Safety Special Tax. At the time of formation of the Fire Safety CFD, the County and Owner shall determine the expected annual structural fire taxes to be generated by the Project and the Service Area and establish annual Fire Safety Special Taxes in an amount sufficient, at projected buildout of the Project, to generate the difference between the structural fire taxes revenues and the Fire Station Operations Costs. The Fire Safety Special Taxes shall only

¹ These amounts are not cumulative – they are amounts effective upon occurrence of each threshold until the next threshold is reached. Prior to the First Threshold, the annual Fire Station Operations Costs are zero. All amounts shall adjust annually by the same methodology and index set forth in Section 4.2.4 of the Agreement.

be levied on assessor's parcels for which a building permit has been issued ("Developed Property").

3. Levy of Special Taxes. Each fiscal year after formation of the Fire Safety CFD, the County shall levy the Fire Safety Special Tax on all Developed Property within the Fire Safety CFD. All Fire Safety Special Taxes collected each fiscal year shall be deposited in a discrete, interest earning special fund of the County (the "Special Fund"). Within the Special Fund, the County shall establish (i) an Annual Operating Account, (ii) an Operating Reserve Account and (iii) an Equipment Costs Account. The "Operating Reserve Requirement" shall be an amount equal to one year's levy of the Fire Safety Special Tax on all assessor's parcels classified as Developed Property. Prior to the occurrence of the First Threshold, all Fire Safety Special Taxes collected within the Fire Safety CFD each fiscal year shall be deposited in the Operating Reserve Account until the amount on deposit equals the Operating Reserve Requirement, and then deposited in the Equipment Costs Account. Following the occurrence of the First Threshold, all Fire Safety Special Taxes shall be deposited in the Annual Operating Account up to the amount required to fund the annual Fire Station Operations Costs in excess of the amount of structural fire taxes collected within the Project and Service Area, and then shall be deposited in the Operating Reserve Account, as necessary to fund the Operating Reserve Requirement, and then any excess shall be deposited in the Equipment Costs Account. The Fire Safety Special Tax may be levied in perpetuity, provided, however, following the occurrence of the Third Threshold, and the funding of all Equipment Costs in full and reimbursement of advances by the Owner for Equipment Costs, the County shall only levy the Fire Safety Special Taxes as necessary to cover annual Fire Station Operations Costs in excess of structural fire taxes collected within the Project and Service Area and to replenish the Operating Reserve Account to the Operating Reserve Requirement.

4. Method of Apportionment. The total of (i) annual County costs of administering the Fire Safety CFD collection of Fire Safety Special Taxes, (ii) annual Fire Station Operations Costs in excess of structural fire taxes, (iii) the Operating Reserve Requirement and (iv) Equipment Costs shall be referred to as the "Special Tax Requirement." The County shall levy the Fire Safety Special Taxes each year in the maximum authorized amount according to the following method of apportionment:

- (a) First, on all residential Developed Property, as necessary to fund the Special Tax Requirement; and
- (b) Second, if necessary, on all non-residential Developed Property as necessary to fully fund the Special Tax Requirement.

5. Disbursements from Special Fund. Funds may be disbursed from the Accounts of the Special Fund for the purposes described below.

- (a) Annual Operating Account. Funds shall be disbursed to fund Fire Station Operations Costs in excess of the amount of structural fire tax collections from the Project and Service Area.
- (b) Operating Reserve Account. Funds shall be disbursed to the Annual Operating Account to the extent funds on deposit in the Annual Operating Account

are not sufficient to fund Fire Station Operations Costs in excess of the amount of structural fire tax collections from the Project and Service Area.

(c) **Equipment Costs Account.** Funds shall be disbursed from the Equipment Costs Account to fund Equipment Costs at the times required pursuant to Section 4.2.1(e) of the Agreement. If there are not sufficient funds in the Equipment Costs Account at the time such funding is required, Owner shall advance an amount equal to the shortfall (an "Advance") in order to fully fund the Equipment Costs. Each Advance shall be reimbursed to Owner as a first priority for the use of funds deposited subsequently in the Equipment Costs Account. Such reimbursement payments shall be made on the first business day on or following each February 1 and August 1 after each Advance is made.

6. **Formation of Facilities CFD.** Owner's obligation to include the Project in the Fire Safety CFD shall be contingent upon County's establishment, following Owner's written request, of a CFD encompassing the Project to finance public facilities ("Facilities CFD") pursuant to the Mello-Roos Community Facilities Act of 1982 ("Act") and Board of Supervisors Policy No. B 12 in the form in effect as of the effective date ("Policy B 12") and this Exhibit F. Such Facilities CFD shall consist of multiple improvement areas and shall be subject and conform to the parameters of a "Participant CFD," as set forth in Policy B 12, with the exception that the Project may not also be included in a CTCIP CFD. The costs eligible to be financed through the Facilities CFD shall include, without limitation, County public improvements required to be constructed as conditions of approval of the Project and public improvements of other public agencies serving the Project, including capital improvement and connection fees of such other public agencies with consent of the other public agencies. If Owner has not requested the formation of the Facilities CFD prior to the issuance of a building permit for the first dwelling unit within the Project, Owner's obligation to include the Project within the Fire Safety CFD shall no longer be contingent on the formation of the Facilities CFD.

**Re: December 12, 2017. ITEM 38.5965 TRANSPORTATION & LAND
MANAGEMENT AGENCY/PLANNING:
RESOLUTION NO. 2017-239 AMENDING THE RIVERSIDE COUNTY
GENERAL PLAN-- FOURTH CYCLE OF GENERAL PLAN
AMENDMENTS FOR 2017 (General Plan Amendment (GPA) Nos, 720,
721 and 1165);**

APPROVING SPECIFIC PLAN NO. 342;**

and;**

**ORDINANCE NO. 664.60 APPROVING DEVELOPMENT AGREEMENT
NO. 73.**

Board of Supervisors:

The Friends of the Northern San Jacinto Valley again object to the adoption of the above Villages of Lakeview general plan amendments, resolutions and ordinances for the reasons we have repeatedly stated.

The remarks of Supervisor Tavaglione at the December 5, 2017 public hearing disparaging the residents of Nuevo/Lakeview, the California Department of Fish and Wildlife and the Fish and Wildlife Service constitute ample grounds

for recusing a judge for bias. Reading your EIR, General Plan, Zoning and Development Agreement, enables us to well understand why you did not make them available to the public at a much earlier time. The errors in fact and law are so numerous, we assume there must be corruption-caused incompetence in the County. Competent County employees need to keep their jobs.

As we asked repeatedly, these documents could have been made available to the public months ago, at the same time you could have clearly stated that Alt. 7 was the preferred project. If the Initial study had been amended at that time, as it was in the Findings, the public could have made much more helpful comments to the County to improve the plan. Instead, we had to keep asking, "what is the plan" and which mitigation applies to what? How does the County believe Project and Alternative 7 are the "same", "similar or "different" and where is that distinction and the resulting changes in the EIR supported in the record.

Because of an unstable and confusing project description, EIR impact analysis and mitigation, we again ask that all of these approvals be denied, and the applicant be ordered to prepare a new "subsequent" EIR with a new environmental baseline for a new Specific Plan consistent with the current general plan and zoning for the area.

As you know and you have repeatedly stated, the Villages of Lakeview is meant to be a new incorporated City of Lakeview someday. Not only does a new City of Lakeview so conflict with the current general plan as to be untenable, the new City of Lakeview is once again not considered in the EIR.

Please include this letter in the administrative record for the Villages of Lakeview project.

Responses to December 10, 2017 Comment Letter from the Friends of the Northern San Jacinto Valley (FNSJV)

The comments made regarding "bias" does not address the adequacy of the CEQA document and no further response is necessary.

The comments made regarding the EIR alternatives, "unstable and confusing project description" and document availability have been thoroughly addressed, including in Responses to the November 22, 2017 Comment Letter from FNSJV provided to the Board of Supervisors for the December 5, 2017 hearing, including Responses to Comments FNSJV-1 through FNSJV-4, FNSJV-6, FNSJV-7, FNSJV-8; and in Responses to the November 13, 2017 Comment Letter from FNSJV prepared for the November 14, 2017 Board of Supervisors hearing.

Pull the microphone to your mouth so that the Board, audience, and audio recording system hear you clearly. Once you start speaking, the "green" podium light will light. The "yellow" light will come on when you have one (1) minute remaining. When you have 30 seconds remaining, the "yellow" light will begin flash, indicating you must quickly wrap up your comments. Your time is up when the "red" light flashes. Addressing the Board & Acknowledgement by Chairman:

The Chairman will determine what order the speakers will address the Board, and will call on all speakers in pairs. The first speaker should immediately step to the podium and begin addressing the Board. The second speaker should take up a position in one of the chamber aisles in order to quickly step up to the podium after the preceding speaker. This is to afford an efficient and timely Board meeting, giving all attendees the opportunity to make their case. Speakers are prohibited from making personal attacks, and/or using coarse, crude, profane or vulgar language while speaking to the Board members, staff, the general public and/or meeting participants. Such behavior, at the discretion of the Board Chairman may result in removal from the Board Chambers by Sheriff Deputies.
