**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

Tentative Parcel Map No. 36161 was originally approved by the Planning Commission on September 30, 2009. It proceeded to the Board of Supervisors along with Change of Zone No. 7709 where both applications were approved on August 5, 2014.

The First Extension of Time was received on August 5, 2017, ahead of the expiration date. The applicant and the County negotiated conditions of approval and reached consensus on November 28, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Parcel Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the First Extension of Time for Tentative Parcel Map No. 36161 on December 20, 2017. The Planning Commission approved the project by a vote of 4-0 (Commissioner Taylor Berger Absent).

**Board Action**

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

**Impact on Citizens and Businesses**

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

**SUPPLEMENTAL**

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

**Additional Fiscal Information**

All fees are paid by the applicant. There is no General Fund obligation.

**PROJECT DESCRIPTION AND LOCATION**

The applicant of the subject case has requested an extension of time to allow for the recordation of the final map. The land division hereby permitted is a Schedule E subdivision of 23.66 acres into six (6) parcels, ranging in size from 0.82 to 7.70 acres, for commercial purposes.

**PROJECT RECOMMENDATION**

**APPROVAL** of the **FIRST EXTENSION OF TIME REQUEST** for **TENTATIVE PARCEL MAP NO. 36161**, extending the expiration date and to reflect SB1185, AB333, AB208, and AB116 benefits to August 5, 2020, subject to all the previously approved and amended Conditions of Approval with the applicant's consent.

**PROJECT LOCATION MAP**

Figure 1: Project Location Map

## **PROJECT BACKGROUND AND ANALYSIS**

### **Background**

Tentative Parcel Map No. 36161 was originally approved at Planning Commission on September 30, 2009. It proceeded to the Board of Supervisors along with Change of Zone No. 7709 where both applications were approved on August 5, 2014.

The First Extension of Time was received August 5, 2017, ahead of the expiration date. The Applicant and the County negotiated conditions of approval and reached consensus on November 28, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public.

The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant November 28, 2017 indicating the acceptance of the seven (7) recommended conditions.

Unless specifically requested by the applicant, this Extension of Time request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

### **Riverside County Map Extensions**

Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), tentative tract and parcel maps have an initial life-span approval of 3-years. Prior to September 12, 2017, a maximum of 5, 1-year extensions may have been approved, upon a timely filed extension request, allowing for a total tentative map life-span approval of 8-years. On September 12, 2017, the Board of Supervisors approved an amendment to Ordinance 460, replacing the extension time frames to allow for 2, 3-year extensions, for a total tentative map life-span of 9-years.

The total number years a map may be extended is 6 years. The 1<sup>st</sup> extension of time will grant 3 years. The remaining number of years available to extend this tentative map after this approval will be another 3 years.

### **State Bills**

**EFFECT OF Senate Bill No. 1185 (SB1185):** On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

**EFFECT OF Assembly Bill No. 333 (AB333):** On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission,, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become August 5, 2020. If a final map has not been recorded prior this date, the next extension of time request must be filed 30-days prior to map expiration.

### ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act ("CEQA"), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

### FINDINGS

**In order for the County to approve a proposed project, the following findings are required to be made:**

#### *Extension of Time Findings*

1. This Tentative Parcel Map has been found to be consistent with the Riverside County General Plan, pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
2. This Tentative Parcel Map has been found to be consistent with Ordinance No. 348 (Zoning Code) and Ordinance No. 460 (Subdivision Regulations), pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
3. No changes to the approved map are proposed in conjunction with this Extension of Time. All impacts have been analyzed in order to protect the public health, safety, and welfare.

# Extension of Time Environmental Determination

Project Case Number: PM36161  
 Original E.A. Number: EA41906  
 Extension of Time No.: First  
 Original Approval Date: September 30, 2009  
 Project Location: Northwest of Winchester Road, South of Flossie Way, East of Pourroy Road

Project Description: The land division hereby permitted is a Schedule E subdivision of 23.66 acres into six (6) parcels, ranging in size from 0.82 to 7.70 acres, for commercial purposes.

On September 30, 2009, this Tentative Parcel Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

**Subject:** Recommended Conditions of Approval for 1st EOT of PM36161

Mr. Bach,

I am Ash Syed. I have been assigned to process your Extension of Time (EOT) request for PM36161. Attached are the recommended Conditions of Approval (COA).

Attn: James Bach  
31700 Leatherwood Drive  
Winchester, CA 92596

RE: FIRST EXTENSION OF TIME REQUEST for TENTATIVE PARCEL MAP No. 36161

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

- 50. E HEALTH. 1
- 50. TRANS. 29
- 60. BS GRADE. 7
- 60. TRANS. 2
- 80. TRANS. 1
- 90. BS GRADE. 1
- 90. TRANS. 11

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.
