BACKGROUND:

Summary

Tentative Tract Map No. 33427 was originally approved by the Planning Commission on October 26, 2005. It proceeded to the Board of Supervisors for receive and file on November 8, 2005.

The First Extension of Time was approved by the Planning Commission on December 2, 2015.

The Second Extension of Time was approved by the Planning Commission on November 16, 2016.

The Third Extension of Time was received on September 25, 2017, ahead of the expiration date of October 26, 2017. The applicant and the County discussed conditions of approval and reached consensus on September 29, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the third extension of time for Tentative Tract Map No. 33427 on December 6, 2017. The Planning Commission approved the project by a 4-0 vote (Commissioner Hake absent).

Board Action

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,

PROJECT BACKGROUND AND ANALYSIS

Background

Tentative Tract Map No. 33427 was originally approved at Planning Commission on October 26, 2005. It proceeded to the Board of Supervisors for receive and file on November 8, 2005.

The First Extension of Time was approved at Planning Commission on December 2, 2015.

The Second Extension of Time was approved at Planning Commission on November 16, 2016.

The Third Extension of Time was received September 25, 2017, ahead of the expiration date of October 26, 2017. The applicant and the County discussed conditions of approval and reached consensus on September 29, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (September 29, 2017) indicating the acceptance of the seven (7) recommended conditions.

Unless specifically requested by the applicant, this Extension of Time request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

Riverside County Map Extensions

Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), tentative tract and parcel maps have an initial life-span approval of 3-years. In addition, a maximum of 5, 1-year extensions may be approved, upon a timely filed extension request, allowing for a total tentative map life-span approval of 8-years. On September 12, 2017, the Board of Supervisors approved an amendment to Ordinance 460, replacing the extension time frames to allow for 2, 3-year extensions, for a total tentative map life-span of 9-years.

State Bills

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, the tentative map's expiration date will become October 26, 2020. If a final map has not been recorded prior this date, the next extension of time request must be filed 30-days prior to map expiration.

ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act ("CEQA"), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

FINDINGS

In order for the County to approve a proposed project, the following findings are required to be made:

Extension of Time Findings

1. This Tentative Tract Map has been found to be consistent with the Riverside County General Plan, pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
2. This Tentative Tract Map has been found to be consistent with Ordinance No. 348 (Zoning Code) and Ordinance No. 460 (Subdivision Regulations), pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
3. No changes to the approved map are proposed in conjunction with this Extension of Time. All impacts have been analyzed in order to protect the public health, safety, and welfare.

TENTATIVE TRACT MAP NO. 33427
 COUNTY OF RIVERSIDE, CALIFORNIA
 AMENDED NO. 2

Extension of Time Environmental Determination

Project Case Number: TR33427
 Original E.A. Number: 40149 CEQA Exempt
 Extension of Time No.: Third
 Original Approval Date: October 26, 2005
 Project Location: North of Nuevo Road, South of Orange Avenue, East of Foothill Avenue, and West of Antelope Road
 Project Description: Schedule "A" Subdivision of 93.66 gross acres into 291 single family residential lots, 2 water quality basins, and 21 open space landscaping lots.

On October 26, 2005, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input checked="" type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

Arturo:

In consultation with the Owner / Applicant / Developer we have reviewed the EOT Recommendations. Please schedule the Map Extension for the next available Planning Commission agenda.

We concur with the additional Conditions of Approval outlined in your email correspondence dated September 28, 2017 for TR 33427.

Please let me know if you need anything else from us at this time.

Thanks for your assistance with this Map Extension.

RE: THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP No. 33427.

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions. This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

50. REQ E HEALTH DOCUMENTS 80. WQMP AND MAINTENANCE

50. FINAL ACCESS AND MAINT 90. WQMP REQUIRED

60. REQ BMP SWPPP WQMP 90. WQMP COMP AND BNS REG

60. FINAL WQMP FOR GRADING

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.
