C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

Tract Map No. 32694 was originally approved by the Planning Commission on June 28, 2006. It proceeded to the Board of Supervisors along with Change of Zone No. 7027 where both applications were approved on October 17, 2006.

The Second Extension of Time was received on September 18, 2017, ahead of the expiration date of October 17, 2017. The applicant and the County discussed conditions of approval and reached consensus on November 10, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them.

The Tentative Tract Map also benefited from Senate Bill No. 1185 (SB1185), Assembly Bill No. 333 (AB333), Assembly Bill No. 208 (AB208), and Assembly Bill No. 116 (AB116), which granted statutory extensions of time for tentative maps statewide.

The Planning Commission heard the second extension of time for Tentative Tract Map No. 32694 on January 17, 2018. The Planning Commission approved the project by a 5-0 vote.

Board Action

The Planning Commission's decision is final and no action by the Board of Supervisors is required unless the applicant or an interested person files a complete appeal application within 10 days of this notice appearing on the Board's agenda.

Impact on Citizens and Businesses

The impacts of this project have been evaluated through the environmental review and public hearing process by the Planning Department and the Planning Commission.

Supplemental

PROJECT BACKGROUND AND ANALYSIS

Background

Tract Map No. 32694 was originally approved at Planning Commission on June 28, 2006. It proceeded to the Board of Supervisors along with Change of Zone No. 7027 where both applications were approved on October 17, 2006.

The Second Extension of Time was received September 18, 2017, ahead of the expiration date of October 17, 2017. The applicant and the County discussed conditions of approval and reached consensus on November 10, 2017.

The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them. Included in this staff report package are the recommended conditions of approval, and the correspondence from the Extension of Time applicant (November 10, 2017) indicating the acceptance of the seven (7) recommended conditions.

Unless specifically requested by the applicant, this Extension of Time request will not be discussed at the time it is presented to the Planning Commission as a consent calendar item.

State Bills

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension of existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between January 1, 2000 and July 11, 2013.

Riverside County Map Extensions

Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), tentative tract and parcel maps have an initial life-span approval of 3-years. In addition, a maximum of 5, 1-year extensions may be approved, upon a timely filed extension request, allowing for a total tentative map life-span approval of 8-years. On September 12, 2017, the Board of Supervisors approved an amendment to Ordinance 460, replacing the extension time frames to allow for 2, 3-year extensions, for a total tentative map life-span of 9-years.

As a result, the total number years a map may be extended is 6 years. The 1st extension of time granted 1 year. Upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, this second extension of time will grant another 3 years, pushing the tentative tract map's expiration date to October 17, 2020. If a final map has not been recorded prior this date, the third extension of time request must be filed 30-days prior to map expiration. The third extension of time will grant another 2 years, pushing the final expiration date of the tentative tract map to October 17, 2022.

ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act ("CEQA"), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

FINDINGS

In order for the County to approve a proposed project, the following findings are required to be made:

Extension of Time Findings

1. This Tentative Tract Map has been found to be consistent with the Riverside County General Plan, pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
2. This Tentative Tract Map has been found to be consistent with Ordinance No. 348 (Zoning Code) and Ordinance No. 460 (Subdivision Regulations), pursuant to the originally approved findings and conditions of approval. This Extension of Time proposes no changes to the map design and is therefore still found to be consistent.
3. No changes to the approved map are proposed in conjunction with this Extension of Time. All impacts have been analyzed in order to protect the public health, safety, and welfare.

TENTATIVE TRACT MAP NO. 32834 - 547 LOTS

Extension of Time Environmental Determination

Project Case Number: TR32694E2
Original E.A. Number: 39736
Extension of Time No.: 2nd Extension of Time
Original Approval Date: June 28, 2006
Project Location: W/ I-86, S/ Van Buren St, E/ Avenue 62, N/ Avenue 64

Project Description: Tract Map No. 32694 is a Schedule A subdivision of 396 gross acres into 547 residential lots.

On June 28, 2006, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

E HEALTH DEPARTMENT

50.E HEALTH: 47 EOT2 - REQ E HEALTH DOCUMENTS

RECOMMND

Prior to map recordation, provide the following documents to the Riverside County Environmental Health Department:

1. Provide current documentation from the appropriate purveyor(s) for the establishment of water and/or sewer service for this project.
2. Provide documentation from an approved waste hauler in regards to solid waste service. Please call (951)955-8980 for additional details.
3. Provide written clearance from DEH Environmental Cleanup Programs. Please note that an Environmental Site Assessment, Phase 1 study may be required at their discretion. For further information, please contact (951) 955-8982.

(This Extension of Time condition may be considered "Met" if it duplicates another similar condition issued by this department)

TRANS DEPARTMENT

50.TRANS. 49 EOT2 - FINAL ACCESS AND MAINT

RECOMMND

Prior to the map recordation, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

Watersheds: Santa Ana No. R8-2013-0024 / Santa Margarita No. R9-2010-0016 / Whitewater No. R7-2013-0011

Additionally, prior to the map recordation, the applicant shall ensure that BMP facilities are placed in dedicated easements and that sufficient legal access to the BMPs are

EOT2 - FINAL WQMP FOR GRADING

RECOMMND

This condition would apply when grading occurs before map recordation. Prior to the issuance of a grading permit, the applicant shall submit a Water Quality Management Plan (WQMP) subject to the State Regional Water Quality Board Order No. (See watershed below) to Transportation Department for review and approval. However, the applicant may be required to comply with the latest version of the WQMP manual if required by the State Regional Water Quality Board. All water quality features shall be included on the grading plan. WQMP applicability checklist, templates, LID design requirements, and guidance can be found on-line at: www.rcflood.org/npdes. For any questions, please contact (951) 712-5494.

EOT2 -WQMP AND MAINTENANCE

RECOMMND

The project shall begin constructing and installing the BMP facilities described in the approved Final WQMP. The project shall be responsible for performing all activities described in the WQMP and that copies of the approved Final WQMP are available for the future owners/occupants.

A maintenance plan and signed maintenance agreement shall be submitted to the Transportation Department for review and approval prior to issuance of occupancy permits. A maintenance organization will be established with a funding source for the permanent maintenance. The maintenance plan shall require that all BMP facilities are inspected, if required, cleaned no later than October 15 each year.

BS GRADE DEPARTMENT

90.BS GRADE. 3 EOT2 - WQMP REQUIRED

RECOMMND

Prior to final building inspection, the applicant shall comply with the following:

1. Obtain inspection of all treatment control BMPs and/or clearance from the Building and Safety Department. All structural BMPs described in the project - specific WQMP and indicated on the approved grading plan shall be constructed and installed in conformance with the approved plans and specifications.
2. The applicant/owner shall submit a "Wet Signed" copy of the Water Quality Management Plan (WQMP) Certification from a Registered Civil Engineer certifying that the project - specific WQMP treatment control BMPs have been installed in accordance with the approved WQMP.
3. The applicant/owner shall provide the Department of Building Safety with GPS coordinates for the location of the project - specific WQMP treatment control BMPs.
4. The applicant/owner shall register the project - specific WQMP treatment control BMPs with the Department of Building Safety Business Registration Division. Any person or entity that owns or operates a commercial and/or industrial facility shall register such facility for annual inspections.
5. The applicant shall make payment to the Building and Safety Department for the Water Quality Management Plan (WQMP) Annual Inspection.
