**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

On July 11, 2017 (Agenda Item 3.36) the board accepted Riverside UASI project funding of \$30,221 from the US Department of Homeland Security through Cal OES to the Department of Public Health to purchase and distribute DuoDote TM Auto Injector kits to first responders.

The Riverside UASI has now awarded funding of \$200,000 to the Riverside County Emergency Management Department (EMD), in collaboration with the San Bernardino County Public Health Department, to purchase additional antibiotics for first responders. Recipients could include personnel from fire, law, and EMS, as well as non-traditional first responders who provide front-line emergency or essential services such as medical personnel, public health staff, and school nurses. The goal is to provide a sufficient mix of Ciprofloxacin and Doxycycline for distribution to first responders, receivers and their families in the event of a public health emergency such as an anthrax attack or other biological agent release.

An enhanced antibiotic cache will provide additional counter measures against a biological event that will warrant the request of the Strategic National Stockpile, since their response time may take up to 24-48 hours for the cache to arrive to both Riverside and San Bernardino counties. The window of opportunity decreases for successful prevention for individuals exposed to the agent. Both counties are committed to ensuring the health and safety of our first responders and their ability to protect the residents of each county during a medical/health or terrorism event.

This project will benefit the Riverside UASI region by providing critical antibiotics to first responders across many disciplines including fire, law, EMS, hospital and public health staff throughout the UASI area. Protection of the county's first responders and first receivers ensures responders are able to provide vital services throughout the region to activate, respond and mitigate the circumstances of a public health emergency, Weapons of Mass Destruction (WMD) or biological event.

Resolution No. 2018-055 and the Memorandum of Understanding were approved as to form by County Counsel.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

**Impact on Residents and Businesses**

The UASI grant funds will allow first responders in both Riverside and San Bernardino Counties to have an ample amount of antibiotics, before additional resources are needed through regional, state or federal caches.

**Additional Fiscal Information**

The UASI funded purchase of pharmaceuticals will be made in combination with pharmaceutical funds provided by the State Homeland Security Grant Program, which are already in the FY17/18 budget. The entire purchase of pharmaceuticals will be combined to take advantage of tiered pricing benefits.

Once you have completed the Post Award Actions, this letter will serve as your authorization to begin spending against your approved projects listed below. Please remember that any modifications to your project will require pre-approval by both Riverside UASI and Cal OES prior to incurring any costs.
