**BACKGROUND:**

**Summary**

The Board authorized the Department of Waste Resources (Department) to advertise for bids on August 29, 2017 (Item 12.2., MT #5057). On October 12, 2017 the Department opened bids for Construction of Landfill Gas Collection System Components at the Badlands, Lamb Canyon, and Highgrove Landfills and as Needed Perimeter Probe Installation at any Riverside County owned Landfill. The Department received four bids ranging from \$1,578,946 to \$3,271,421.

Review of the bids found that the lowest bidder, Tetra Tech BAS, contained a material irregularity and did not comply with the requirements of the bid documents; therefor it was deemed as non-responsive. The County may not waive a material irregularity for any bids received, it only has the discretion to waive minor irregularities. The County must reject a bid that is deemed nonresponsive due to a material irregularity. Aptim Environmental & Infrastructure, Inc. (APTIM) is the second lowest bidder and determined to be the lowest responsive bidder with a bid of \$1,614,295.

The Engineer's estimate for this project is \$1,583,686. The Department has determined that APTIM has the necessary minimum experience and capability to perform this work in accordance with contract documents.

Consistent with past awards, the construction performed under this contract is structured as a three-year award with multiple call outs (up to 43 mobilization events through the duration of the contract). This allows staff to respond quickly to field conditions at our two major regional

STATE OF CALIFORNIA**

landfills, Badlands and Lamb Canyon. This contract also allows for additional work to be done at the closed Highgrove landfill and install new or replacement perimeter gas detection probes at any Riverside County owned landfill. Badlands and Lamb Canyon landfills will require additional vertical and horizontal gas collection wells that will be attached to existing header pipes with new lateral pipes, ensuring that the department maintains environmental controls required by various local, state and federal regulations. Time of completion for each call-out will be specific and based upon a mobilization and scope of work formula for each item of work, as defined in the special provisions. The Fiscal Year breakdown of APTIM's bid for this project is as follows:

<b>Fiscal Year</b>	<b>APTIM</b>
FY 17/18	\$178,750
FY 18/19	\$642,475
FY 19/20	\$508,065
FY 20/21	\$285,005
<b>Total</b>	<b>\$1,614,295</b>

**California Environmental Quality Act (CEQA) Findings**

On August 29, 2017 (Item 12.2/MT# 5057), the Board of Supervisors approved contract documents for the construction of landfill gas collection systems at the Badlands, Lamb Canyon, and Highgrove landfills, as well as the installation of perimeter gas probes at any active or inactive County landfill on an as needed basis. It was determined that nothing further was required under CEQA because all potentially significant effects of the Project were fully analyzed in previously adopted EAs/MNDs and were avoided or mitigated to less than significant pursuant to those earlier EAs/MNDs. A Notice of Determination (NOD) supporting the Board's finding that nothing further was required under CEQA was filed with the County Clerk on August 29, 2017. The 30-day statute of limitations for review and comment has expired, with no comments or challenges to the NOD received. Since the proposed motion in this Form-11 simply involves the award of a contract to complete the work already assessed under various EAs/MNDs, no further environmental documentation is required pursuant to the provisions of CEQA.

**Impact on Residents and Businesses**

This contract ensures that landfill gas generated within the landfills will be monitored, collected, and treated in the most cost effective manner and in compliance with environmental regulations.

**SUPPLEMENTAL:**

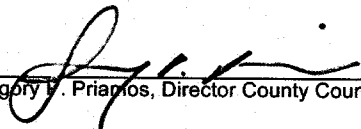

**Contract History and Price Reasonableness**

APTIM's bid was 1.93% higher than the Engineer's Estimate. The Engineer's Estimate was determined using the previous landfill gas collection system expansion contract costs with Consumer Price Index increase added. Department staff believes that the submitted bid amount is reasonable.

**THIS ENDORSEMENT CHANGES CHANGES THE POLICY. PLEASE READ IT CAREFULLY.**

This endorsement modifies insurance provided under the:

### **Commercial General Liability Coverage Part**

**A.** Section II - Who Is An Insured is amended to include as an insured any person or organization who you are required to add as an additional insured on this policy under a written contract or written agreement.

However, if you have entered into a construction contract or construction agreement with an additional insured person or organization, the insurance afforded to such additional insured only applies to the extent permitted by law.

**B.** The insurance provided to the additional insured person or organization applies only to "bodily injury", "property damage" or "personal and advertising injury" covered under Section I - Coverage A - Bodily Injury And Property Damage Liability and Section I - Coverage B - Personal And Advertising Injury Liability, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf; and resulting directly from your ongoing operations or "your work" as included in the "products-completed operations hazard", which is the subject of the written contract or written agreement.

**C.** However, regardless of the provisions of paragraphs A. and B. above:

1. We will not extend any insurance coverage to any additional insured person or organization:
  - a. That is not provided to you in this policy; or
  - b. That is any broader coverage than you are required to provide to the additional insured person or organization in the written contract or written agreement; and
2. We will not provide Limits of Insurance to any additional insured person or organization that exceed the lower of:
  - a. The Limits of Insurance provided to you in this policy; or
  - b. The Limits of Insurance you are required to provide in the written contract or written agreement.

**D.** The insurance provided to the additional insured person or organization does not apply to: "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering or failure to render any professional architectural, engineering or surveying services including:

1. The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
2. Supervisory, inspection, architectural or engineering activities.

**E.** The following is added to Paragraph 2. Duties In The Event Of Occurrence, Offense, Claim or Suit of Section IV - Commercial General Liability Conditions:

The additional insured must see to it that:

1. We are notified as soon as practicable of an "occurrence" or offense that may result in a claim;
2. We receive written notice of a claim or "suit" as soon as practicable; and
3. A request for defense and indemnity of the claim or "suit" will promptly be brought against any policy issued by another insurer under which the additional insured may be an insured in any capacity. This provision does not apply to insurance on which the additional insured is a Named Insured, if the written contract or written agreement requires that this coverage be primary and non-contributory.

**F. For the coverage provided by this endorsement:**

The following paragraph is added to Paragraph 4.a. of the Other Insurance Condition of Section IV - Commercial General Liability Conditions:

This insurance is primary insurance as respects our coverage to the additional insured person or organization, where the written contract or written agreement requires that this insurance be primary and non-contributory. In that event, we will not seek contribution from any other insurance policy available to the additional insured on which the additional insured person or organization is a Named Insured.

The following paragraph is added to Paragraph 4.b. of the Other Insurance Condition of Section IV - Commercial General Liability Conditions:

This insurance is excess over:

Any of the other insurance, whether primary, excess, contingent or on any other basis, available to an additional insured, in which the additional insured on our policy is also covered as an additional insured by attachment of an endorsement to another policy providing coverage for the same "occurrence", claim or "suit". This provision does not apply to any policy in which the additional insured is a Named Insured on such other policy and where our policy is required by written contract or written agreement to provide coverage to the additional insured on a primary and non-contributory basis.

**G. This endorsement does not apply to an additional insured which has been added to this policy by an endorsement showing the additional insured in a Schedule of additional insureds, and which endorsement applies specifically to that identified additional insured.**

All other terms and conditions of this policy remain unchanged.
