Re: Support of Conditional Use Permit No. 3757

Dear Supervisor Washington, Legislative Assistant Balderrama, and Project Planner Ross:

I encourage the County of Riverside to grant a Conditional Use Permit (3757) for the property located at 6500 De Portola Road, Temecula, CA 92592 and owned by Southern California Addiction Center. This property is secluded and secure and offers a tranquil setting in which people with substance use disorders can focus on their recovery.

As a Licensed Clinical Social Worker who has worked in the field of substance use disorders treatment for over 35 years, I am pleased to offer Southern California Addiction Center my unqualified support. Their efforts to aid the substance-abusing population are unparalleled, and many lives have been saved by their professionalism and compassion.

I hope the County of Riverside will grant this CUP 3757 expeditiously.

Paul E. Cleary
Program Director
Inland Detox, Inc.

Subject: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction in my own life, I have been clean for 13 years now some part due to having access to a recovery home and know that those who seek help have every right to admit into facility's such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a voter and supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Melissa Rainey

Subject: OPPOSITION TO CUP 3757 EXPANSION of 6 to 16 Bed RESIDENTIAL REHAB

To Riverside County Supervisors:

Chuck Washington, Kevin Jeffries, John F. Tavaglione, V. Manuel Perez and Marion Ashley
OPPOSITION TO CUP 3757 EXPANSION of 6 to 16 Bed RESIDENTIAL REHAB:
36500 De Portola Rd. Temecula CA: (Southern California Addiction Center)

- 1) I am opposed to the CUP 3757 expansion of the 36500 De Portola Addiction Rehab facility because it is incompatible with the County's long-term plans and vision to create a vibrant Temecula Wine Country in Southern California.
- 2) I am opposed to the expansion of the 36500 De Portola facility because this can lead into the expansion and acquisition of more EXCLUSIVE homes to convert into a REHAB/DETOX centers in our area such as in the Temecula Wine Country, Temecula Hills West/De Luz & Murrieta Hills West/La Cresta.
- 3) I recognize that the Commissioners are appointed and don't live in our neighborhood. I recognize that the owner of the property, the operators, and Dennis Hollingsworth don't live in our neighborhood. I recognize that all the speakers for the project don't live in our neighborhood. However, the neighbors that pay property taxes and vote, live in the neighborhood and don't want this expansion project. We were ignored and not heard! The entire neighborhood is joined in opposition to CUP 3757 by: Temecula Winegrowers Assoc. Visit Temecula Valley SWCAR (SRCAR® | Southwest Riverside County Association of REALTORS®) The Murrieta-Temecula Group Small Winegrowers Assoc.
- 4) I oppose the expansion of the 36500 De Portola facility and opposition is not to drug and alcohol treatment in general but to a facility at the proposed site. The proposed facility would require a rezoning to a commercial classification, because the intended use is a treatment center, not a residential facility. (16 patients, 23+ staff) Because this application is seeking approval of a special conditional use for a large group residential facility, when in reality it is a commercial use for a treatment center, this application cannot be approved, must be denied and should be dismissed in its entirety.
- 5) I oppose the expansion of the 36500 De Portola facility for the safety and security for the neighbors and the neighborhood.
We have had safety / securities incidents with existing home facilities relating to neighborhood children and adult neighbors.
- 6) I oppose the expansion of the 36500 De Portola facility as this facility will provide only a few jobs and little income for the Temecula Wine Country. In as much as the owner implies, this as compare to the income that the owner will derive from the property will be mostly taken out of the area.

7) I oppose the expansion of the 36500 De Portola facility as we already have many existing facilities in Temecula and Murrieta areas. Some of these homes are a 24 hours facility and no imposed / specific time for the patients or workers at the facilities.

8) Note: Perceived property values for the neighborhood might be down because of the commercial for that type of facility there. As County Planning approve this one, setting up precedent, there might be more coming in the future.

Subject: Drug Rehab On De Portola

To Riverside County Supervisors:
Chuck Washington, Kevin Jeffries, John F. Tavaglione, V. Manuel Perez and Marion Ashley

**OPPOSITION TO CUP 3757 EXPANSION of 6 to 16 Bed RESIDENTIAL REHAB:
36500 De Portola Rd, Temecula CA: (Southern California Addiction Center)**

- 1) I am opposed to the CUP 3757 expansion of the 36500 De Portola Addiction Rehab facility because it is incompatible with the County's long-term plans and vision to create a vibrant Temecula Wine Country in Southern California.
- 2) I am opposed to the expansion of the 36500 De Portola facility because this can lead into the expansion and acquisition of more EXCLUSIVE homes to convert into a REHAB/DETOX centers in our area such as in the Temecula Wine Country, Temecula Hills West/De Luz & Murrieta Hills West/La Cresta.
- 3) I recognize that the Commissioners are appointed and don't live in our neighborhood. I recognize that the owner of the property, the operators, and Dennis Hollingsworth don't live in our neighborhood. I recognize that all the speakers for the project don't live in our neighborhood. However, the neighbors that pay property taxes and vote, live in the neighborhood and don't want this expansion project. We were ignored and not heard! The entire neighborhood is joined in opposition to CUP 3757 by: Temecula Winegrowers Assoc. Visit Temecula Valley SWCAR (SRCAR® | Southwest Riverside County Association of REALTORS®) The Murrieta-Temecula Group Small Winegrowers Assoc.
- 4) I oppose the expansion of the 36500 De Portola facility and opposition is not to drug and alcohol treatment in general but to a facility at the proposed site. The proposed facility would require a rezoning to a commercial classification, because the intended use is a treatment center, not a residential facility. (16 patients, 23+ staff) Because this application is seeking approval of a special conditional use for a large group residential facility, when in reality it is a commercial use for a treatment center, this application cannot be approved, must be denied and should be dismissed in its entirety.

5) I oppose the expansion of the 36500 De Portola facility for the safety and security for the neighbors and the neighborhood.

We have had safety / securities incidents with existing home facilities relating to neighborhood children and adult neighbors.

6) I oppose the expansion of the 36500 De Portola facility as this facility will provide only a few jobs and little income for the Temecula Wine Country. In as much as the owner implies, this as compare to the income that the owner will derive from the property will be mostly taken out of the area.

7) I oppose the expansion of the 36500 De Portola facility as we already have many existing facilities in Temecula and Murrieta areas. Some of these homes are a 24 hours facility and no imposed / specific time for the patients or workers at the facilities.

8) Note: Perceived property values for the neighborhood might be down because of the commercial for that type of facility there. As County Planning approve this one, setting up precedent, there might be more coming in the future.

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I believe we all have personally been impacted by addiction through friends, family, loved ones, overall population etc. and know that those who seek help have every right to admit into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a homeowner, voter, taxpayer, resident, and/or supporter of Drug and Alcohol Recovery. I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

RE: Support of CUP 3757

Dear Supervisor Washington,

My name is Emily Lussier, I am an employee of Southern California Addiction Center and have been since the beginning. I am an advocate for Southern California Addiction Center who is based and operating in Temecula, CA.

I am writing in support of granting Southern California Addiction Center's **Conditional Use Permit Application 3757**.

I have had the opportunity to learn about this industry as I came from Hospitality and a Non Profit background. I have been included in this year long process of the Conditional Use Permit and firmly believe that this approval will not impact neighbors or the community. We have been striving to operate a sound program and business. We have been very conscious of the stigma that comes with our industry and line of business however we are serving people not animals. Although our location of business could seem off, the privacy and beauty that the Temecula Valley allows is more secluded and provides a safe place for our clients to focus on their health and recovery.

As a Company, we have strived to follow all the county ordinances and have been proactive about the steps that the county requires. We are a valuable business to the county, city and community and hope that your support will not only validate our efforts with this process.

In conclusion, granting Southern California Addiction Center this Conditional Use Permit is a win-win situation for Southern California Addiction Center and the County of Riverside. SCAC has chosen to be the first to proceed through this new zoning changes. Additionally, our company will be able to better serve clients and those seeking help for their addiction. I encourage this County to grant Southern California Addiction Center the Conditional Use Permit as applied for.

Thank you for your time and consideration.

Sincerely,
Emily Lussier

March 13, 2018

To Whom it May Concern:

I am writing on behalf of Aaron Brower, the President of Southern California Addiction Center, a two-year-old Alcohol and Drug Treatment center located in Riverside County. My name is Judee Tompkins and I oversee a addictions treatment facility in Temecula. As a current administrator of a Drug and Alcohol Facility I am aware that communities may have reservations regarding a treatment facility in their neighborhood. However, I would like to remind the people of our community that the clients who come to facilities such as ours are not strangers or derelicts, they are sons and daughters, our husbands and wives or sister and brothers. They are our family.

The opiate addiction has swept our country and no family is free from its wake. We need to support clean well-run facilities in area such as the one that Southern California Addiction Center is applying to locate. Although the Southern California Addiction Center is part of the community it is situated in a peaceful and discrete location. Please understand that clients are not permitted to roam the neighborhood streets or local business areas without a professional chaperone. And, it is important to understand that the Department of Health Care Service who has firm definite regulations with stringent oversight governs facilities such as ours. Oversight officials routinely monitor us. They investigate every concern or complaint immediately. Respecting our community is expected. We treat our clients with dignity and respect and we demand the clients treat the staff and the neighborhoods, which has graciously welcomed them, with the same dignity and respect.

Would you turn away a facility that treat patients for cancer...certainly not, so remember a well run, professional, well-monitored addiction treatment facility is a benefit to all our communities. We can't imagine sending our love ones for treatment in an area that we do not want to visit so, help this community help our residents who are suffering from this disease.

Please feel free to contact me anytime.

Dear Supervisor Washington,

My name is Aramis Gomez; I am a resident of Orange County, CA. I have many friends and family that live in Temecula and Riverside County. I have also worked at Southern California Addiction Center for almost two years. I am writing in support of granting Southern California Addiction Center's Conditional Use Permit Application 3757. As a supporter of this company's mission to treat, aid and support those who are battling addiction. I feel that Southern California Addiction Center is an asset to the community. Addiction has been a detrimental leading cause in deaths these last couple of years. If it was not for legitimate Treatment Centers like Southern California Addiction Center the number of deaths would inevitably be higher, working at Southern California Addiction Center I am given the opportunity to be on the front line of addiction and save lives. Regardless of the location of Southern California Addiction Center I do not believe that the Company or Client's should be discriminated on due to the disease of addiction or mental illnesses disabilities.

Upon observation to the demographic we serve, one might impose the thoughts of Safety for surrounding residents/property, but not once in the existence of Southern California Addiction Center have we had an instance where someone's safety or belongings/property have been jeopardized. We have 24hr staff patrolling the property on an hourly basis and the property is also securely gated/equipped with 24hr continuous recording security cameras.

It is only natural for the human mind to judge or make assumptions. Especially due to the bad reputation Drug and Alcohol Addiction Centers have gotten in the last few years. If we were catering to Amputee's and this was a rehabilitation center for the handicap. I am sure the public would view us in a different light and perhaps even encourage our existence here in Temecula. At the end of the day we are all people and Southern California Addiction Center is here to help "PEOPLE". We give "PEOPLE" another chance in life when everyone has shut them out and closed the door on them.

Please take some of these words into consideration and allow us to continue our mission to save life's and be a part of the solution to one of America's recent leading causes in death. By approving this permit you too can contribute to the cause and be a part of the movement to put an end to Addiction!

Thank you for your time and consideration.

Sincerely, Aramis Gomez

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through relatives and close friends as well as the patients I work with everyday as a soon-to-be medical school graduate and know that those who seek help have every right to be admitted into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Richard Fagan 1939 N Larrabee St Apt 1F Chicago, IL 60614

Subject: OPPOSITION TO CUP 3757 EXPANSION of 6 to 16 Bed RESIDENTIAL REHAB

To Riverside County Supervisors:

Chuck Washington, Kevin Jeffries, John F. Tavaglione, V. Manuel Perez and Marion Ashley

OPPOSITION TO CUP 3757 EXPANSION of 6 to 16 Bed RESIDENTIAL REHAB:

36500 De Portola Rd, Temecula CA: (Southern California Addiction Center)

1) I am opposed to the CUP 3757 expansion of the 36500 De Portola Addiction Rehab facility because it is incompatible with the County's long-term plans and vision to create a vibrant Temecula Wine Country in Southern California.

2) I am opposed to the expansion of the 36500 De Portola facility because this can lead into the expansion and acquisition of more EXCLUSIVE homes to convert into a REHAB/DETOX centers in our area such as in the Temecula Wine Country, Temecula Hills West/De Luz & Murrieta Hills West/La Cresta.

3) I recognize that the Commissioners are appointed and don't live in our neighborhood. I recognize that the owner of the property, the operators, and Dennis Hollingsworth don't live in our neighborhood. I recognize that all the speakers for the project don't live in our neighborhood. However, the neighbors that pay property taxes and vote, live in the neighborhood and don't want this expansion project. We were ignored and not heard! The entire neighborhood is joined in opposition to CUP 3757 by: Temecula Winegrowers Assoc. Visit Temecula Valley SWCAR (SRCAR® | Southwest Riverside County Association of REALTORS®) The Murrieta-Temecula Group Small Winegrowers Assoc.

4) I oppose the expansion of the 36500 De Portola facility and opposition is not to drug and alcohol treatment in general but to a facility at the proposed site. The proposed facility would require a rezoning to a commercial classification, because the intended use is a treatment center, not a residential facility. (16 patients, 23+ staff) Because this application is seeking approval of a special conditional use for a large group residential facility, when in reality it is a commercial use for a treatment center, this application cannot be approved, must be denied and should be dismissed in its entirety.

5) I oppose the expansion of the 36500 De Portola facility for the safety and security for the neighbors and the neighborhood. We have had safety / securities incidents with existing home facilities relating to neighborhood children and adult neighbors.

6) I oppose the expansion of the 36500 De Portola facility as this facility will provide only a few jobs and little income for the Temecula Wine Country. In as much as the owner implies, this as compare to the income that the owner will derive from the property will be mostly taken out of the area.

7) I oppose the expansion of the 36500 De Portola facility as we already have many existing facilities in Temecula and Murrieta areas. Some of these homes are a 24 hours facility and no imposed / specific time for the patients or workers at the facilities.

8) Note: Perceived property values for the neighborhood might be down because of the commercial for that type of facility there. As County Planning approve this one, setting up precedent, there might be more coming in the future.

RE: Support of Conditional Use Permit No. 3757

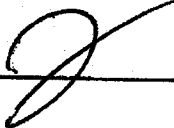

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through my experience with my brother, and I know that those who seek help have every right to admit into facility's such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Lola Wilson

Re: Support of Conditional Use Permit No. 3757

Dear Supervisor Washington, Legislative Assistant Balderrama, and Project Planner Ross:

I encourage the County of Riverside to grant a Conditional Use Permit (3757) for the property located at 6500 De Portola Road, Temecula, CA 92592 and owned by Southern California Addiction Center. This property is secluded and secure and offers a tranquil setting in which people with substance use disorders can focus on their recovery.

As a Licensed Clinical Social Worker who has worked in the field of substance use disorders treatment for over 35 years, I am pleased to offer Southern California Addiction Center my unqualified support. Their efforts to aid the substance-abusing population are unparalleled, and many lives have been saved by their professionalism and compassion.

I hope the County of Riverside will grant this CUP 3757 expeditiously.

Paul E. Cleary
Program Director

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through my experience with my mother, and I know that those who seek help have every right to admit into facility's such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Bianca Harris

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have friends and members of my family who have suffered from addictions to alcohol, and a rehabilitation center can make all the difference. I think that those who seek help have every right to admit into facility's such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. RE: Support of Conditional Use Permit No. 3757

Although I live out of state, I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592. I support this permit because everyone should have access to treatment.

I support this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through my friend, who sadly lost his battle with heroin addiction in April of 2006. I hope that those who seek help have every right to admit into facility such as Southern California Addiction Center regardless of the location.

As a supporter of drug and alcohol recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit for a facility located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those with substance addiction and commend their efforts. I have personally been a patient at the facility with my sister and her husband; luckily they were able to seek treatment at the facility. I believe that those who seek help have every right to admit into a facility. The California Southern California Addiction Center regardless of the location.

As a supporter of drug and alcohol recovery, I encourage Riverside County to grant the California Southern California Addiction Center the Conditional Use Permit as a process and are in compliance with all that the County has a Southern California Addiction Centers application for Conditional Use Permit in Riverside County.

Thank you for your time and consideration.

Sincerely,

Re: Proposed Expansion of Rehab House on De Portola Road

Supervisor Washington and Colleagues on the Board,

I am not in opposition to the current Rehab Home at this location, but do **oppose the expansion** to 16 clients and 12 additional staff. As you know, the intent of the Wine Country Community Plan was to manage growth in this area, and as part of that, to manage commercial activities so that they were primarily in the Winery District, while keeping the land use emphasis on agriculture and equestrian in the Equestrian District and residences in the Residential District. Commercial activities in these latter 2 Districts were supposed to be allowed only secondarily to the primary land uses, in this case equestrian and agriculture.

The expansion of the current facility is definitely not compatible with the intent of the community plan. Please vote no on this expansion proposal.
