

Hello,

My name is Amber Fuller, I am writing this letter on behalf of Southern California Addiction Center.

I am the mother of Jess O'Dell my son is 21 years old, and struggles with addiction on and off since he was 16 yrs of age. His addictions started from being a victim of High school bullying, and he has been in a few different unsuccessful treatment centers.

I have seen his struggles with being clean; more pain than joy, life is not easy if you have a drug addiction.

For the first time in a long time, when I speak with him he has a different mind thought since being at Southern California.

There is no person walking the face of the earth, who demonstrates more courage, dignity, honesty and integrity on a daily basis than an addict in recovery my son Jess.

I cannot express the gratefulness that my family and I have today because of SCAC. They have truly changed my sons life, SCAC has been the only facility that has been a life changer for my son Jess. Every other addiction facility he has been to has failed, he has always left due to the program.

My child is the one I want to see live beyond tomorrow. Until you walk in a mothers shoes of a child that has an addiction, the community will never know what a day is in my life.

I believe the success of my sons recovery is due to the location of the beautiful Temecula Rolling hills. There's no distraction but only peace and serenity.

We owe it to our children, fathers, and mothers as a community to allow Southern California addiction center to help as many needed souls as they can.

The community needs to do the right thing, and allow more beds so that someone else's child stays alive like mine.

Thank you,

Amber Fuller,

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

Addiction has impacted my life in so many ways. I have lost a brother and a son to opiate addiction and would not wish my worst enemy the pain that comes along with loving and losing an addict.

I fully support Southern California Addiction Center's mission to expand their treatment center so that they can help as many people as possible. Addiction is a disease and treatment should be readily available to those who need it, regardless of the location.

Please consider the many, many lives that this permit could potentially impact for the better. Please give the countless addicts who have yet to seek treatment a better chance at recovery.

Thank you for your time.

As an educator and aspiring principal, I have seen the grips of addiction hold tight to the younger generation and is simply breaks by heart. As the addiction epidemic continues to grow, so will the demand for more available treatment beds. Please consider the future generations to come; they will need your support as much as those seeking treatment today do.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I believe we all have personally been impacted by addiction through friends, family, loved ones, overall population etc. and know that those who seek help have every right to admit into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and I commend their efforts. I have personally been impacted by addiction through a twenty year marriage to an alcoholic who fought to sobriety through twelve years. I myself became so damaged I had my own battle to sobriety after the marriage ended. Without resources, physically and emotionally damaged, I would not have survived without an urban residential company. It was extremely hard to find a supportive environment; they are rare, despite the great need. I truly believe that those who seek aid should find admission into facilities such as Southern California Addiction Center regardless of its location. Beyond a typical location, buried in a poor, crime-ridden neighborhood, this specific property that requests the Conditional use Permit is secluded and secure. The rolling Temecula hills provide a tranquil environment to encourage deeply stressed people to focus on their recovery.

As a person with seventeen years of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit application. They have sought out this process and are in compliance with all that the County has asked of them. The country needs addiction centers, the facility has a proven track record and the area will benefit from its expansion.

I support Southern California Addiction Center's application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your consideration.

Sincerely,

Please support mental health and addiction treatment in the Temecula Valley! We don't want to hear our representatives blame violent crime on people with mental health issues and then find that they are not supporting great projects like this one.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I believe we all have personally been impacted by addiction through friends, family, loved ones, overall population etc. and know that those who seek help have every right to admit into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a homeowner, voter, taxpayer, resident, and/or supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I believe we all have personally been impacted by addiction through friends, family, loved ones, overall population etc. and know that those who seek help have every right to admit into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a homeowner, voter, taxpayer, resident, and/or supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Deborah L. Cagle,
Office Administrator
