RE: Support of Conditional Use Permit No. 3757

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592.

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I believe we all have personally been impacted by addiction through friends, family, loved ones, overall population etc. and know that those who seek help have every right to admit into facilities such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

As a homeowner, voter, taxpayer, resident, and/or supporter of Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Sincerely,

Addiction has impacted my life in so many ways. I have lost a brother and a son to opiate addiction and would not wish my worst enemy the pain that comes along with loving and losing an addict.

I fully support Southern California Addiction Center's mission to expand their treatment center so that they can help as many people as possible. Addiction is a disease and treatment should be readily available to those who need it, regardless of the location.

Please consider the many, many lives that this permit could potentially impact for the better. Please give the countless addicts who have yet to seek treatment a better chance at recovery.

Hello,

My name is Amber Fuller, I am writing this letter on behalf of Southern California Addiction Center.

I am the mother of Jess O'Dell my son is 21 years old, and struggles with addiction on and off since he was 16 yrs of age. His addictions started from being a victim of High school bullying, and he has been in a few different unsuccessful treatment centers.

I have seen his struggles with being clean; more pain than joy, life is not easy if you have a drug addiction.

For the first time in a long time, when I speak with him he has a different mind thought since being at Southern California.

There is no person walking the face of the earth, who demonstrates more courage, dignity, honesty and integrity on a daily basis than an addict in recovery my son Jess.

I cannot express the gratefulness that my family and I have today because of SCAC. They have truly changed my sons life, SCAC has been the only facility that has been a life changer for my son Jess. Every other addiction facility he has been to has failed, he has always left due to the program.

My child is the one I want to see live beyond tomorrow. Until you walk in a mothers shoes of a child that has an addiction, the community will never know what a day is in my life.

I believe the success of my sons recovery is due to the location of the beautiful Temecula Rolling hills. There's no distraction but only peace and serenity.

We owe it to our children, fathers, and mothers as a community to allow Southern California addiction center to help as many needed souls as they can.

The community needs to do the right thing, and allow more beds so that someone else's child stays alive like mine.

Thank you,

Amber Fuller,

Dear Supervisor Washington,

My name is Aramis Gomez; I am a resident of Orange County, CA. I have many friends and family that live in Temecula and Riverside County. I have also worked at Southern California Addiction Center for almost two years. I am writing in support of granting Southern California Addiction Center's Conditional Use Permit Application 3757. As a supporter of this company's mission to treat, aid and support those who are battling addiction. I feel that Southern California Addiction Center is an asset to the community. Addiction has been a detrimental leading cause in deaths these last couple of years. If it was not for legitimate Treatment Centers like Southern California Addiction Center the number of deaths would inevitably be higher, working at Southern California Addiction Center I am given the opportunity to be on the front line of addiction and save lives. Regardless of the location of Southern California Addiction Center I do not believe that the Company or Client's should be discriminated on due to the disease of addiction or mental illnesses disabilities.

Upon observation to the demographic we serve, one might impose the thoughts of Safety for surrounding residents/property, but not once in the existence of Southern California Addiction Center have we had an instance where someone's safety or belongings/property have been jeopardized. We have 24hr staff patrolling the property on an hourly basis and the property is also securely gated/equipped with 24hr continuous recording security cameras.

It is only natural for the human mind to judge or make assumptions. Especially due to the bad reputation Drug and Alcohol Addiction Centers have gotten in the last few years. If we were catering to Amputee's and this was a rehabilitation center for the handicap. I am sure the public would view us in a different light and perhaps even encourage our existence here in Temecula. At the end of the day we are all people and Southern California Addiction Center is here to help "PEOPLE". We give "PEOPLE" another chance in life when everyone has shut them out and closed the door on them.

Please take some of these words into consideration and allow us to continue our mission to save life's and be a part of the solution to one of America's recent leading causes in death. By approving this permit you too can contribute to the cause and be a part of the movement to put an end to Addiction!

Thank you for your time and consideration.

Sincerely, Aramis Gomez

As a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through my experience with my mother, and I know that those who seek help have every right to admit into facility's such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. The rolling Temecula hills provide a tranquil environment for people to focus on their recovery.

I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Supervisors Washington, Jeffries, Tavaglione, Perez and Ashley,

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592. I am a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. They have recently been accredited by The Joint Commission which is not an easy feat. Despite all the controversy around this vote, SCAC has remained and will remain devoted and focused clearly on their goal to help people with addiction find their way back to a normal life and to the families and friends who love them. No one can deny that there are bad businesses out there; they exist in every field and industry. But SCAC is one who plans to remain pure to their commitment and who have made every effort to prove it.

As a supporter of quality Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that was required of them. Let's help them fight this deadly disease.

Clay Gilman

County Supervisor Washington,

I live in Riverside County and support Conditional Use Permit application 3757. SCAC has not done anything to anyone in Temecula besides help save lives. In the nearly 2 quiet years of this company's existence, there's been no drama, no hoodlums, nothing wild spilling out into the streets. In fact, if it wasn't for this CUP, no one would know they existed. And all the CUP will do is allow them to help save the lives of an additional 10 individuals, people with names, faces, families, jobs...human beings.

Life still matters above all else. It's just 10 more people's lives to save, and 10 more families on the mend. When it gets down to the bottom line, that's what's important. Shouldn't we rejoice in this? Shouldn't we support this? Shouldn't we be proud of this?

I am a recovering addict myself and know the value of a treatment center that truly cares for the clients and offers a safe and healthy environment.

Addicts are still people and deserve a 2nd chance and SCAC is here to deliver that to them, so please help us so we may help them.

Thank you for your time and understanding.

I support the Southern California Addiction Centers mission to treat, aid and support those who are fighting addiction and commend their efforts. I have personally been impacted by addiction through my job in law enforcement for nearly thirty years. I am aware that those who seek help have the right to be admitted into a facility such as Southern California Addiction Center regardless of the location. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. Temecula hills provide a tranquil environment for those trying to focus on battling their recovery. As a homeowner, voter, taxpayer and supporter of drug and alcohol recovery, I strongly encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out the process and are in compliance with all that the County of Riverside has asked. Please grant Permit Application 3757 in Riverside Co. Thank you for your consideration.

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592. I am a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. They have recently been accredited by The Joint Commission which is not an easy feat. Despite all the controversy around this vote, SCAC has remained and will remain devoted and focused clearly on their goal to help people with addiction find their way back to a normal life and to the families and friends who love them. No one can deny that there are bad businesses out there; they exist in every field and industry. But SCAC is one who plans to remain pure to their commitment and who have made every effort to prove it.

As a supporter of quality Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that was required of them. Let's help them fight this deadly disease.

Although I live out of state, I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592. I support this permit because everyone should have access to treatment.

I support this company's mission to treat, aid and support those who are battling addiction and commend their efforts. I have personally been impacted by addiction through my friend, who sadly lost his battle with heroin addiction in April of 2006. I hope that those who seek help have every right to admit into facility such as Southern California Addiction Center regardless of the location.

As a supporter of drug and alcohol recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that the County has asked of them. I am supportive of Southern California Addiction Centers application for Conditional Use Permit Application 3757 in Riverside County.

Thank you for your time and consideration.

Supervisors Washington, Jeffries, Tavaglione, Perez and Ashley,

I support the County of Riverside granting a Conditional Use Permit 3757 for the Property located at 36500 De Portola Road, Temecula, CA 92592. I am a supporter of this company's mission to treat, aid and support those who are battling addiction and commend their efforts. Above and beyond a typical location, this specific property requesting the conditional use permit is secluded and secure. They have recently been accredited by The Joint Commission which is not an easy feat. Despite all the controversy around this vote, SCAC has remained and will remain devoted and focused clearly on their goal to help people with addiction find their way back to a normal life and to the families and friends who love them. No one can deny that there are bad businesses out there; they exist in every field and industry. But SCAC is one who plans to remain pure to their commitment and who have made every effort to prove it.

As a supporter of quality Drug and Alcohol Recovery, I encourage Riverside County to grant Southern California Addiction Center the Conditional Use Permit as applied for. They have sought out this process and are in compliance with all that was required of them. Let's help them fight this deadly disease.

To Whom it May Concern:

I am writing on behalf of Aaron Brower, the President of Southern California Addiction Center, a two-year-old Alcohol and Drug Treatment center located in Riverside County. My name is Judee Tompkins and I oversee a addictions treatment facility in Temecula. As a current administrator of a Drug and Alcohol Facility I am aware that communities may have reservations regarding a treatment facility in their neighborhood. However, I would like to remind the people of our community that the clients who come to facilities such as ours are not strangers or derelicts, they are sons and daughters, our husbands and wives or sister and brothers. They are our family.

The opiate addiction has swept our country and no family is free from its wake. We need to support clean well-run facilities in area such as the one that Southern California Addiction Center is applying to locate. Although the Southern California Addiction Center is part of the community it is situated in a peaceful and discrete location. Please understand that clients are not permitted to roam the neighborhood streets or local business areas without a professional chaperone. And, it is important to understand that the Department of Health Care Service who has firm definite regulations with stringent oversight governs facilities such as ours. Oversight officials routinely monitor us. They investigate every concern or complaint immediately. Respecting our community is expected. We treat our clients with dignity and respect and we demand the clients treat the staff and the neighborhoods, which has graciously welcomed them, with the same dignity and respect.

Would you turn away a facility that treat patients for cancer...certainly not, so remember a well run, professional, well-monitored addiction treatment facility is a benefit to all our communities. We can't imagine sending our love ones for treatment in an area that we do not want to visit so, help this community help our residents who are suffering from this disease.

Please feel free to contact me anytime.
