BACKGROUND:

Summary

The Transportation Improvement Program (TIP) provides for the construction of the Grand Avenue Resurfacing Project from Machado Street to Plumas Street in the Lake Elsinore area.

Roadway resurfacing is needed due to the deteriorated pavement conditions. The scope of work includes reconstructing the intersection of Grand Avenue and Machado Street and placement of new rubberized hot mix asphalt throughout the project limits. Additional improvements will include reconstruction of curb ramps to comply with Americans with Disabilities Act (ADA) requirements, reconstruction of spandrels, installation of roadside signs, placement of traffic stripes and pavement markings, and other associated work.

On April 28, 2017, Senate Bill 1 (SB1) was passed to improve the state's aging transportation infrastructure, particularly roads and bridges. Because of this, the County is now able to improve the condition of roads in need of resurfacing or reconstruction and has included them in the County Transportation Improvement Program (TIP). The Grand Avenue resurfacing project is urgently needed. Without SB1, this road repair project would have been shelved until funding became available.

The submitted plans and specifications have been approved as to form by County Counsel.

The bid documents include the following bid schedules of work:

- Base Bid Sch. Grand Avenue pavement resurfacing and associated work
- Alternate Bid Sch. 1: Manhole Adjustment for Elsinore Valley Municipal Water District (EVMWD)
- Alternate Bid Sch. 2: Manhole Adjustment for Frontier

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules. The utility companies, EVMWD and Frontier will reimburse the County for the construction cost of their respective alternate bid schedule if selected for award.

Project No.: C8-0052

Environmental Findings

The County Transportation Department is requesting that the Board approve the Notice of Exemption which documents that the project consists of the maintenance, repair and minor alteration of an existing public facility and is exempt under Section 15301 (c) of the CEQA Guidelines.

Impact on Citizens and Businesses

The purpose of this project is to rehabilitate deteriorated segment of Grand Avenue between Machado Street and Plumas Street to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in summer of 2018. The work will be phased to keep the road open during construction as much as possible and will take approximately two months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$417,550 and will be funded with Gas Tax/SB-1 funds.

There are no General Funds used in this project.

PROJECT LOCATION: Located in Western Riverside County near Elsinore

SUPERVISORIAL DISTRICT: One

PROJECT DESCRIPTION: The Riverside County Transportation Department (RCTD) proposes to rehabilitate and resurface Grand Avenue from Machado Street to Plumas Street for approximately 0.42 mile. All improvements will take place within existing county right of way. The proposed project includes:

- Reconstructing pavement at the intersection of Grand and Machado streets to a depth of 0.50 foot.
- Planing pavement to a depth of 0.17 foot and paving same depth.
- Seal cracks, place dikes, shoulder backing, signing and striping.

In accordance with Section 7.1 of the Western Riverside County MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside cell criteria areas. The project will comply with MSHCP construction guidelines and BMP's.

The Riverside County Transportation Department Staff conducted a review of the above referenced project and has determined that the proposal qualifies for a Categorical Exemption per the California Environmental Quality Act (CEQA) Guidelines.

The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

APR 10 2018 337

Section 15301(c) – Existing Facilities – The project proposes to resurface Grand Avenue. This minor alteration to an existing roadway involves negligible or no expansion of use and is exempt from CEQA under Section 15301(c). The improvements are consistent with this section because the project is repair and maintenance of an existing road and associated facilities.
