BACKGROUND:

Summary

The Riverside County In-Home Supportive Services-Public Authority (IHSS-PA) is a state-mandated program resulting from the passage of AB1682. As an enhancement to IHSS direct service delivery, Public Authority responsibilities include: development and maintenance of the IHSS Provider Registry; completion of screening, training, and matching of quality providers with IHSS consumers; interpretation of Criminal Offender Record Information from the Department of Justice; and delivery of training and education related to IHSS payments and processes. The PA also provides consumer perspective and policy development through the In-Home Supportive Services Advisory Committee.

In FY 2018-19, the Governor's proposed January budget includes an increase in the state allocation of 8.5 percent statewide. The PA share of the IHSS Maintenance of Effort (MOE) amount is estimated to increase by 5 percent. The FY 18-19 PA administrative budget will be \$6,709,774. This includes: federal funding of \$3,263,289, state funding of \$2,613,235, realignment funding of \$235,091, other funding of \$50,000 and one-time PA fund balance utilization of \$548,159, totaling \$6,709,774.

The proposed budget adjusts the PA staffing level to 80 full-time employees (FTEs), an increase from the 79 FTEs approved in FY 17-18. The PA's budget may need to be revised based on the final budget adopted by the state. However, the proposed budget and associated rate package are required to be submitted to the state by the end of April. The PA is committed to maintaining quality core services in response to IHSS caseload growth while accommodating statemandated initiatives in 2018-19, as outlined below.

Starting July 1, 2018, the state is implementing Senate Bill 3, which permits IHSS providers
to accrue and be compensated for paid sick leave hours. This legislative change is expected
to increase demand for additional IHSS care providers to serve as a backup when a client's
regular provider calls in sick and is unavailable to deliver services. The Public Authority has
been involved with other counties and the state to assess the impact of the new law and to
explore options for a Sick Leave Provider Back-up System as a safety net. The Public

Authority anticipates a need to increase its provider registry recruitment program to ensure that the PA Registry has a viable pool of eligible caregivers able and ready to respond when a registry recipient needs sick leave back-up care.

- <u>Electronic Visit Verification</u>. Starting in January, 2019, the state will implement the federally-mandated Electronic Visit Verification process for Medicaid-funded personal care services. Counties are expected to electronically verify the IHSS services performed, including the individual receiving and providing the service, date, location, and start and end time of the service provided. This mandate is expected to further increase the Public Authority's workload to support caregivers in successfully complying with these new requirements.
- IHSS Electronic Time Sheet. Though piloted in Riverside County from May-June 2017, electronic time sheets were implemented statewide in August 2017. This new, optional, self-serve technology is designed to allow caregivers and recipients to electronically manage their IHSS payments on-line. The goal is to deliver a simple, user-friendly option to submit and review their time sheets and payment statuses from the convenience of their homes and to expedite processing. As of December 2017, the Riverside County utilization rate for electronic time sheets was 23 percent for providers (6,633 enrolled providers of the 28,555 total providers) and 22 percent for recipients (7,406 recipients of all 33,281 eligible recipients). PA will continue to market and support enrollment into the system with a goal of decreasing provider reliance on time sheet submissions by mail.
- <u>IHSS Mobile Live Scan Service.</u> PA is committed to providing free live scan services to those who demonstrate a hardship and to residents in remote areas where the service is limited.

In order to maintain core services, implement new state requirements and respond to the increasing IHSS caseload, the proposed budget for FY 2018/19 is estimated to be \$6,709,774, a net decrease of \$260,287 when compared to the approved FY 2017/18 PA budget.

The FY 18/19 PA administrative rate will be \$0.16 per hour, which is a reduction of \$0.02 from the FY 17/18 approved PA administrative rate of \$0.18.

The proposed budget includes the use of \$548,159 from the PA fund balance. Counties and Public Authorities are in discussion with the state regarding a change in the funding methodology and allocation for IHSS and PA operations. Riverside County has been asked to share our budget and operational information because of our high performance and innovative approaches. In response to the new sick leave provision for caregivers, the state is currently evaluating the backup system we created as a possible statewide model. Pending the state's finalization of the FY 18/19 funding allocation, the proposed budget includes the use of fund balance to support these activities. We will advise the Board of the outcome of these discussions and any budget adjustments that are needed.

Impact on Residents and Businesses

The budget will allow the IHSS program to continue to provide much-needed assistance to elderly and/or persons with disabilities needing care, allowing them to live independently in a healthy, safe environment.

SUPPLEMENTAL:

Additional Fiscal Information

The funding ratios for the budget are as follows:

Federal	48.6%
State	39.0%
Realignment	3.5%
County	0.0%
Other Funding*	<u>8.9%</u>
TOTAL	100.00%

^{*}A portion of the county share of cost is being covered from one-time funding in fund balance pending finalization of the state budget.
