BACKGROUND:

Summary

On November 1, 2017, the Economic Development Agency (EDA) advertised a Request for Qualifications (RFQ) for pre-qualifying consulting services to perform project work on an as-needed basis by design professionals, defined as: architecture, landscape architecture, structural engineering, civil engineering, and geotechnical engineering; mechanical engineering, electrical engineering, and plumbing engineering.

Concurrently, an RFQ was advertised for pre-qualified professional consulting firms related to the above, which included: construction management, labor compliance, environmental planning, environmental regulatory compliance, materials testing (laboratory); specialty inspections, facility condition assessment, commissioning/building automation, certified accessibility specialist (CAsp), and life safety/security.

Creating a list of pre-qualified consultants for professional services in support of public works projects are in conformance with Board Policy H-7 and is intended to enable EDA to quickly respond to client needs and accelerate the delivery of active capital projects. In accordance with the policy, the period of qualification for the selected consultants will remain in effect for a maximum of three years from the date of Board approval.

STATE OF CALIFORNIA**

BACKGROUND:

Summary (Continued)

Per Board Policy H-7, a selection committee was established to review each firm's qualifications. After reviewing the submitted qualifications, the selection committee made the following recommendations for pre-qualified consultants in the disciplines listed in the attachments summarized below:

ATTACHMENT A

Architecture
Landscape Architecture
Structural Engineering
Civil Engineering
Geotechnical Engineering
Mechanical Engineering
Electrical Engineering
Plumbing Engineering

ATTACHMENT B

Construction Management
Labor Compliance
Environmental Planning
Environmental Regulatory Compliance
Materials Testing Laboratories
Specialty Inspections
Facility Condition Assessment
Commissioning/Building Automation
Certified Accessibility Specialist (CASP)
Life Safety/Security

Each firm offers particular strengths that may apply to different types of projects. The consulting services will be retained on an as-needed basis via the issuance of a contract or purchase order for negotiated services including, but not limited to, agreement on the scope of work, terms, conditions, and funding availability.

Impact on Residents and Businesses

Approval of the pre-qualified architectural and engineering design professionals and related consulting firms will position the County to expedite the construction, expansion, or improvements of capital projects by hiring experienced, responsible and responsive consultants with experience in the selected field.

Additional Fiscal Information

This Board action does not obligate any County funds. The consultant services fees will not exceed \$100,000 per project and in accordance with Board Policy B-22, any project with a total budget estimated to exceed \$100,000 will be subject to the requirements of the Capital Improvement Program.
