BACKGROUND:

Summary

The Budget Acts of 2014 and 2015 authorized funds for interested counties to work with community based organizations to reduce recidivism among juveniles and adults released from state or local detention facilities. Counties could also award funds to entities working with at-risk populations. County amounts were based on population and the amount available to selected entities, via a formal bid process, was capped at \$50,000.

Awards were made to eleven (11) community based organizations in 2015 (MO#3-3, 9/1/15). A second bid process targeted the 4th Supervisorial District as none of the original recipients provided services in East County. Of the two (2) proposals received, one bidder did not meet the criteria, and the evaluation committee recommended the award to the Awareness Program, whose agreement is attached herein for approval. A third solicitation (PRARC-071) was recently completed to award the final \$200,000 available from FY 15/16. Of the eight (8) proposals received, the evaluation committee has recommended funding five; two requests came from entities previously awarded the maximum amount and a third provided insufficient budget information. Motion two above authorizes the Purchasing Agent to sign the five recommended awards once agreements are approved by the entities and County Counsel.

Penal Code section 1233.10 clarifies program requirements. Counties report annually on the services delivered to the identified populations. All program recipients submit monthly program narratives and demographic information that forms the backbone of the annual report to the California Board of State and Community Corrections. Prior to 2018 annual reports were submitted by the Executive Office; beginning in 2018 Probation assumed responsibility for program administration and reporting requirements. Annual reports will be submitted through January 31, 2021.

Impact on Citizens and Businesses

Public safety is increased when adults and juveniles released from state and local detention facilities are successfully integrated into their communities and do not commit additional crimes.

SUPPLEMENTAL:

Contract History and Price Reasonableness

On August 18, 2015 MO 3.4 the Board of Supervisors approved to expand the Community Recidivism Reduction Grant Program, and prepare request for proposals to award to community based organization and bring the awards back for approval to the Board of Supervisors. County Purchasing on behalf of the Executive Office released RFP EOARC-043 which was posted on the Purchasing website and the third party Public Purchase website utilized to seek competition. In addition to these postings, bid notification was sent via email to six 4th District community based organizations identified by the Probation Department as providers of services utilized by probation clients. The County received two responses. Proposals were reviewed by an evaluation team consisting of Probation, and the Executive Office based on criteria set forth in the RFP including response to state experience and ability to provide the proposed services, budget, references, financial stability, resumes, licenses, and certifications.

The evaluation team recommended Awareness Program, Inc. as the most responsive/responsible bidder to provide programs to reduce recidivism among adult offenders.
