C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The Local Agency Public Construction Act (Public Contract Code Section 20101 et seq.) allows officials to establish a standard questionnaire and uniform rating system in order to develop a pre-qualified list of contractors. Only pre-qualified contractors are eligible to submit bids for public works projects. The Board of Supervisors (Board) approved a pre-qualified list of general contractors for 2018 on May 22, 2018 (Item 3.7).

On July 12, 2016, Item 3-12, the Board approved a simplified and abbreviated Renewal Process and revised Pre-Qualification Packages for two distinct project procurement methods for 2017: CMMP Trade Contractors; and Design-Bid-Build (DBB) General Contractors for new construction, rehabilitation, and/or seismic renovation of General County Facilities, Justice/Detention Facilities and OSHPD Facilities in Experience Level I (\$175,000 to \$4,999,999) and Level II (\$5,000,000 to \$30,000,000).

In lieu of identifying the two types of pre-qualification packages by project procurement method, minor changes were made to the 2017 Pre-Qualification Package to distinguish between a General Contractor and a Specialized Construction Trade Contractor for 2018. A Specialized Construction Trade Contractor, herein "Trade Contractor", is licensed for a specialized construction trade such as Electrical Contracting. Trade Contractors are commonly used, but not exclusively, for CMMP projects.

This Board item is for the pre-qualification of Trade Contractors. These minor changes will alleviate confusion by the contracting public, who may not be familiar with County project procurement terminology when applying for pre-qualification.

STATE OF CALIFORNIA**

BACKGROUND:

Summary (Continued)

The Request for Qualifications (RFQ), Renewal Affidavit and Questionnaire for Trade Contractors was advertised on March 9, 2018 and March 16, 2018. The deadline for submittals was April 20, 2018. The solicitation package assessed the contractor's strength, performance history and project experience to select pre-qualified contractors with the highest ranked capability and quality to perform work on County projects. In total, 199 submittals were received under 38 different license classifications, of which 20 were new applications; 194 firms met all essential requirements. The Economic Development Agency recommends Board approval of the 2018 pre-qualified Trade Contracting firms listed in Attachment A.

Impact on Residents and Businesses

The pre-qualified Specialized Trade Contractors will provide resources under the various license classifications that will promote competitive bidding under CMMP and other project delivery methods where specialized construction trades are needed.

Additional Fiscal Information

The experience level (cost) range of \$175,000 to \$30,000,000 does not obligate any County funds. The Board will approve future construction contract awards pursuant to County Board Policy B-22.
