**BACKGROUND:**

**Summary**

The Transportation Improvement Program (TIP) provides for the Dartmouth Street Resurfacing Project from Crest Drive to Florida Avenue (SH 74), and the Yale Street Resurfacing Project from Crest Drive to 250' North of Acacia Avenue in the Community of East Hemet.

Roadway resurfacing is needed due to the deteriorated pavement conditions. These two resurfacing projects were combined to bid as one project to reduce overhead costs and receive more favorable unit costs associated with larger quantities of work.

The proposed improvements on both streets includes removal and replacement of the existing asphalt concrete (AC) pavement with new hot mix asphalt. Additional improvements will include construction of driveway approaches, reconstruction of AC dike, curb and gutter, cross gutter, ADA compliant curb ramps, installation of roadside signs, placement of traffic stripes and pavement markings, and other associated work.

On April 28, 2017, Senate Bill 1 (SB1) was passed to improve the state's aging transportation infrastructure, particularly roads and bridges. Because of this, the County is now able to improve the condition of these roads in need of resurfacing or reconstruction and has included them in the County Transportation Improvement Program (TIP). The resurfacing of Dartmouth Street and Yale Street is urgently needed to improve these aging roads in a state of disrepair. Without SB1 these urgently needed road repair projects would have been shelved until funding became available.

The submitted plans and specifications have been approved as to form by County Counsel.

The bid documents include the following bid schedules of work:

- Base Bid Sch. 1: Dartmouth Street resurfacing and associated work
- Base Bid Sch. 2: Yale Street resurfacing and associated work
- Alternate Bid Sch. A: Utility Covers Adjustment for Lake Hemet Municipal Water District (LHMWD) on Yale Street

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

Alternate Bid Sch. B: Utility Covers Adjustment LHMWD on Dartmouth Street  
Alternate Bid Sch. C: Utility Covers Adjustment for Eastern Municipal Water District  
(EMWD) on Dartmouth Street

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules. The utility companies LHMWD and EMWD will reimburse the construction cost for their respective alternate bid schedules if selected for award.

Project No.: C1-0560 (Dartmouth Street)  
C1-0580 (Yale Street)

**Environmental Findings**

The County Transportation Department is requesting that the Board approve the Notices of Exemption which documents that the projects consists of maintenance, repair and minor alteration of an existing public facility, and is therefore exempt under Section 15301 (c) of the CEQA Guidelines.

**Impact on Citizens and Businesses**

The purpose of this project is to reconstruct a deteriorated segment of Dartmouth Street and Yale Street to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in fall of 2018. The work will be phased to keep the roads open during construction as much as possible and will take approximately two months to complete.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The construction contract is estimated to cost approximately \$3,272,298 and will be funded with Gas Tax/SB-1 funds.

There are no General Funds used in this project.
