FROM : RUHS-MEDICAL CENTER:

SUBJECT: RIVERSIDE UNIVERSITY HEALTH SYSTEM-MEDICAL CENTER: Renewal of the Medically Indigent Services Program and Authorization of Payments to Vendors for Medical Services and Pharmaceuticals for three fiscal years, All Districts [Total Cost \$15,000,000 – 72% State Health Realignment and 28% General Fund]

RECOMMENDED MOTION: That the Board of Supervisors:

1. Authorize the renewal of the Medically Indigent Services Program (MISP) and authorize the director of the MISP to administer the program and reimburse the vendors listed in Attachment A for medical services and pharmaceuticals for three fiscal years, July 1, 2018 through June 30, 2020, not to exceed the annual aggregate amount of \$5,000,000 per fiscal year;
2. Exempt the Purchasing Agent from the requirement to report sole source agreements when adding medical services providers and pharmaceutical vendors to providers listed in Attachment A;
3. Direct the MISP Program to work with County Counsel to establish any necessary agreements.

BACKGROUND:

Summary

The Medically Indigent Services Program (MISP) budget houses the funding to pay for medical services for adults between the ages 21-64 whose income places them in the range of 0-200 percent of the Federal Poverty Level and who don't meet eligibility requirements for Medi-Cal under Affordable Care Act (ACA) Healthcare Reform. This budget also funds the cost of non-county medical providers used by Correctional Health Services when a level of care beyond what RUHS can provide, is necessary.

The MISP program functions as a fiscal intermediary for the reimbursement of medical services and pharmaceuticals provided to the medically indigent, county adult and juvenile prisoners, and managed care patients assigned to the County's providers. In this role, MISP makes payments to a large number of physician groups, hospitals, and pharmacies. Most of the reimbursement that MISP provides is for emergent care, and because of this, the department is not able to identify in advance all the providers for services

Impact on Residents and Businesses

The program provides unmet hospital and specialty care needs to the indigent care population eligible for MISP and helps reduce costly hospital and emergency room usage that would otherwise occur throughout the County Healthcare System. The provision of indigent medical services is mandated by the State of California under WIC Code Section 1700 as condition for receiving realignment funding.

Additional Fiscal Information

MISP reimburses its providers using Medi-Cal rates which are established by the State of California. Because there is no negotiation regarding the reimbursement rates, as they are based on the State Medi-Cal fee schedule. The indigent care costs are mainly off-set by State realignment sales tax and vehicle license revenue.

Contract History and Price Reasonableness

MISP reimburses 100% of Medi-Cal. The MISP Claims department consistently seeks avenues of lowering costs by utilizing the Current State of California Medi-Cal formulary. MISP has utilized the Form 11 as a means to request funds from the Board of Supervisors since the inception of the MISP program in 1987.
