BACKGROUND:

Summary

By Minute Order dated April 24, 2018 (Agenda Item 3.42), the County of Riverside (County) Board of Supervisors authorized the Clerk of the Board to advertise for reconstruction of the De Palma Road Reconstruction Project in the Community of Temescal Valley.

Roadway reconstruction is needed due to deteriorated pavement conditions. The proposed reconstruction of De Palma Road consists of grinding the existing pavement, re-grading the surface and placement of new asphalt concrete pavement. Additional improvements include the construction of concrete approach slabs at the De Palma Road bridge crossings over Indian Wash and Horsethief Wash to provide a gradual transition between the roadway and the bridge decks.

On April 28, 2017, Senate Bill 1 (SB1) was passed to improve the state's aging transportation infrastructure, particularly roads and bridges. Because of this, the County is now able to improve the condition of roads in need of resurfacing or reconstruction, and has included them in the County Transportation Improvement Program (TIP). The De Palma Road reconstruction project is urgently needed to improve this aging road in a state of disrepair. Without SB1, this needed road repair project would have been shelved until funding became available.

The contractor, LC Paving & Sealing, Inc. is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents which meet the requirements of the Contract.

County Project No. C6-0072

Impact on Residents and Businesses

The purpose of this project is to resurface the road segment to provide the public with a smooth paved roadway that will improve the safety and efficiency of vehicular traffic.

The work is scheduled to begin in summer 2018, and will be phased to keep the road open during construction as much as possible and will take approximately two months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The contract is recommended to be awarded to LC Paving & Sealing, Inc. for the total amount of \$1,132,040. The project will be funded with Gas Tax/SB-1 funds for which the Transportation Department successfully completed. There are no General Funds used in this project.

The project is expected to be completed within the proposed budget as shown on Attachment "A", which includes the contract award amount and other associated costs.

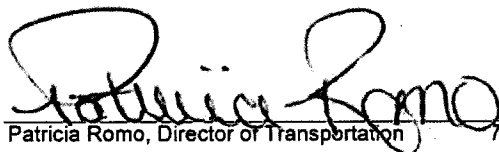

Contract History and Price Reasonableness

Four bids were received ranging from \$1,132,040 to \$1,255,536. The basis for the selection of a contractor is the lowest responsive and responsible bid.

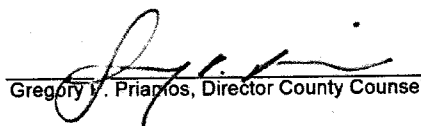

All received bids were responsive to the bidding requirements set forth for the project. The lowest responsible bid was submitted by LC Paving & Sealing, Inc. in the amount of \$1,132,040 which is \$298,835 (20%) below the Engineer's Estimate.
