**BACKGROUND:**

**Summary**

Homelessness is currently one of the most urgent and significant issues facing Riverside County with a 2017 Point in Time count total of **2,316** individuals (1,685 sheltered, 631 sheltered) experiencing homelessness across the County on a single night in January 2017. This is an 11 percent increase overall from the 2016 Point in Time Count (2,165 in 2016 and 2,406 in 2017) and a 21 percent increase in the number of those within the County of Riverside who are homeless and living without shelter (1,351 in 2016 and 1,638 in 2017).

Riverside County is not the only county in the state experiencing such a crisis and the state recently prioritized homelessness as a statewide crisis. As such, the state has taken steps to provide funding to address this critical need. The Governor's FY 2018-19 May Revision, released on May 11, 2018, includes \$250 million in State General Fund monies for emergency homeless aid one-time block grants to cities and counties, via the Continuum of Care (CoC), to address homelessness through construction or operation of emergency shelters, rapid rehousing, housing vouchers and other currently unspecified activities. To be eligible for funding, cities and counties participating in the CoC must declare a shelter crisis, pursuant to Government Code Section 8698, and demonstrate city-county coordination.

In addition to the emergency homeless aid block grant funding, State funding may also be available in the future as a result of the No Place Like Home Initiative, SB2 Building Homes and Jobs Act, SB3 Veterans and Affordable Housing Bond Act of 2018, and SB912 Housing: homelessness programs and affordable housing. These potential funding sources are pending additional State action through the budget adoption process and/or voter approval in November 2018.

The 28 incorporated cities and unincorporated areas of the county have a long-standing history of working collaboratively to address homelessness in the County. The CoC, for which the County of Riverside Department of Public Social Services (DPSS) is the collaborative lead agency, continues to work together with cities and nonprofits to improve coordination, from street outreach, emergency shelter, coordinated entry system prioritization and the development of permanent housing options. DPSS will therefore serve as the designated "Administrative Entity" and eligible applicant for this funding, taking the lead role in preparing an application on

STATE OF CALIFORNIA**

behalf of the County's Continuum of Care. Any grant funds awarded to the county under the Homeless Emergency Aid Program (HEAP) Grant Program will be submitted to the Board of Supervisors for acceptance.

In February, 2018, the Riverside County Board of Supervisors adopted a countywide plan titled, *Ending Homelessness in Riverside County*, to serve as the county's action plan to address homelessness. The Homeless Action Plan was created by a workgroup made up of 13 county agencies represented on the Executive Oversight Committee on Homelessness (EOCH). The plan has three overarching goals: 1) to prevent homelessness for those at-risk; 2) end homelessness for those living on the streets or in shelter; and 3) ensure funding for a coordinated system to end and prevent future homelessness. The plan includes four strategies with 23 recommendations to achieve these goals.

**Impact on Residents and Businesses**

Adoption of the resolution declaring an emergency shelter crisis for those experiencing homelessness will ensure eligibility for related state funding and will allow the county to continue to collaboratively address Riverside County's homelessness crisis via the Continuum of Care system response.

**Homeless Emergency Aid Program (HEAP) Grant  
Program Guidance – August 2018**

The California Homeless Coordinating and Financing Council (HCFC) is pleased to announce the launch of the Homeless Emergency Aid Program (HEAP). HEAP is a \$500 million block grant program designed to provide direct assistance to cities and counties to address the homelessness crisis throughout California. HEAP is authorized by Senate Bill (SB) 850, which was signed into law by Governor Brown in June 2018. This overview provides a program timeline with key milestones and delineates when stakeholders may expect program deliverables.

**Available Funding**

HEAP funding is divided into three categories for distribution.

<b>Category for Distribution</b>	<b>Funded Amount</b>	<b>Eligible Applicants</b>
Continuum of Care – Based on Point in Time Count Ranges [SB 850: Section 2, Chapter 5, 50213 (a)]	\$250,000,000	Continuum of Care (CoC)
Continuum of Care – Based on Percent of Homeless Population [SB 850: Section 2, Chapter 5, 50213 (b)]	\$100,000,000	Continuum of Care (CoC)
City / City that is also a County – Based on Population [SB 850: Section 2, Chapter 5, 50213 (c)]	\$150,000,000	Large Cities (LCs) with a population over 330,000

**Eligible Uses**

HEAP funds are intended to provide funding to Continuums of Care (COCs) and large cities (LCs) with populations over 330,000, so they may provide immediate emergency assistance to people experiencing homelessness. Eligible uses include, but are not limited to the following:

- a. Homelessness prevention activities,
- b. Criminal justice diversion programs for homeless individuals with mental health needs,
- c. Establishing or expanding services meeting the needs of homeless youth or youth at risk of homelessness, and
- d. Emergency aid.

The parameters of the program are intentionally broad to allow local communities to be creative and craft programs that meet the specific needs they have identified. All activities must directly benefit the target population.

**Expenditure Deadlines**

The HEAP statute mandates that 50 percent of the awarded funds must be contractually obligated by January 1, 2020. Additionally, 100 percent of the funds must be expended by June 30, 2021. Unexpended funds must be returned to the Business, Consumer Services and Housing Agency (BCSH) and will revert to the General Fund. Finally, administrative costs are

capped at five percent of program funds, but this does not include staff costs directly related to carrying out program activities.

### Eligible Applicants

For the HEAP program, an Administrative Entity (AE) is the CoC. The CoC is the eligible applicant for HEAP funding for the same geographic boundaries for which it administers federal Department of Housing and Urban Development CoC funds. LCs with populations over 330,000 are also eligible applicants. Please refer to the California Department of Finance [website](#) for population estimates. LC grant applicants will enter into a contract with BCSH and administer their own funds separately, however, they will still be expected to collaborate with their CoC.

### Shelter Crisis Declaration

The shelter crisis declaration is required for all cities and counties within a CoC that wish to receive HEAP funds, except for CoCs with fewer than 1,000 homeless people, based on the 2017 Point in Time count. Each incorporated city must declare a shelter crisis pursuant to Chapter 7.8 (commencing with Section 8698) of Division 1 of Title 2 of the Government Code. Counties may declare a shelter crisis only for the unincorporated areas of the county. The declaration is a resolution that must be adopted by the governing body of a jurisdiction or jurisdictions within a CoC or LC. A sample resolution has been provided (see [attachment A](#)). If a CoC has fewer than 1,000 homeless people, they may submit with their application a waiver exempting all cities and the counties that are part of the CoC from declaring a shelter crisis.

### Pre-Application Program Timeline

Beginning in early August, the HEAP team will begin the distribution of key program information and documents. These pre-application materials will help inform the local collaborative process and assist stakeholders as they plan their applications.

claimed by all administrative entities, the BCSH shall, no later than June 15, 2019, work with the Department of Finance to identify an appropriate allocation methodology for a third round of awards or determine if any unallocated funds should revert to the General Fund.

\*\*\*The HEAP team, recognizing the urgent need in cities and counties, encourages early applications and will review applications, make award decisions, and disburse funds on a rolling basis, immediately upon receipt.

### **Application Process**

HEAP applications will be received through an online portal, with supporting attachments submitted via email. There are separate applications for CoCs and LCs. The applicant (CoC or LC) must submit with the application proof that a resolution declaring a shelter crisis has been approved for all jurisdictions receiving funds. Applicants must conduct a local collaborative application process to determine how HEAP funds will be utilized in the CoC or LC. The submitting entity must also demonstrate coordination with stakeholders, including but not limited to, homeless service and housing providers, law enforcement, cities, and homeless advocates whose general service area falls within the CoC or LC. The CoC or LC in turn may make sub-awards to entities it determines are qualified to carry out the eligible activities and operate within areas with approved shelter crisis status.

### **Special Notes**

#### **Collaboration**

CoCs and LCs must demonstrate that a local collaborative effort has been conducted prior to application submission. A collaborative process may include, but is not limited to, a public meeting, regional homeless taskforce meeting, letters of support with signatures of endorsement, an adopted homeless plan, and an adopted budget which includes HEAP funds. Proof of a public process may include sign-in sheets, meeting minutes, agendas, and public comment logs, among other items. It is important that a wide enough range of participants are consulted as part of this process. Participants should include representatives of local homeless

service provider entities, law enforcement, behavioral health, and city and county public officials.

### **Homeless Youth**

The HEAP statute requires a minimum investment of five percent of all awards be set aside for emergency assistance for homeless youth. The HEAP team encourages and expects local CoCs and LCs to work with youth advocates and related stakeholders to consider the level of investment that makes sense for this most vulnerable segment of the target population.

### **Contact the Program**

The HCFC will be providing ongoing technical assistance and training to support CoCs and LCs in successfully applying for and administering HEAP funds. Additional information regarding the HEAP program is available on the HCFC [website](#). To receive information releases regarding the HEAP program, please register for the program [listserv](#).
