BACKGROUND:

FISCAL IMPACTS: Reserved parking signs for Combat Wounded are generously provided to the County of Riverside free of charge by the Wounded Warrior Family Support organization and Col. John Folsom, USMC, RET. Therefore there are not costs associated with the sign. Installations costs are additional and initial estimated are less than \$ 500.00.

BACKGROUND: The Department of Defense, U.S.Veterans Administration, and Military Service Organizations estimate that 1.8 million combat wounded United States military personnel have received the Purple Heart Medal for wounds sustained in combat action. Establishing reserved parking spaces at designated County facilities is another way we can honor those America's who have received this prestigious award. Most states and four U.S. territories issue distinctive license plates that identify the recipients of the Purple Heart Medal. This award is also identified on the service members DD 214 or NGB Form 22. The intent of this program is to recognize the sacrifice and salute service members who have earned the Purple Heart Medal in connection with their service in the Armed Forces of the Unites States of America.

IMPACTS ON CITIZENS AND BUSINESSES: Would provide a reserved parking spot at county facilities to veterans and military personnel injured in the line of duty.
