BACKGROUND:

Summary

This Project will construct an underground storm drain within Crestview Drive and Mt. Rushmore Drive in the city of Norco to reduce flooding and mud/debris issues in the vicinity (see attached project description and location map).

On February 27, 2018, Minute Order 11.1, the Board of Supervisors for the Flood Control and Water Conservation District approved the Project and found the Project to be exempt from the CEQA and in compliance with the Western Riverside County Multiple Species Habitat Conservation Plan. The Plans and Specifications and Contract Documents being approved today are implementing what was evaluated and are consistent with the Project as approved by the Board; therefore, nothing further is required under CEQA.

On August 28, 2018, Minute Order 11.2, the Board of Supervisors for the Flood Control and Water Conservation District approved the Cooperative Agreement between the Riverside County Flood Control and Water Conservation District (District) and the City of Norco (City) for the Project. The Cooperative Agreement sets forth the terms and conditions by which the District and the City have agreed upon on the design, construction, maintenance and funding of the Project.

The contract documents have been approved as to form by County Counsel. A brief project description and location map is attached.

**Prev. Agn. Ref.: MT# 7784, 11.2 of 08/28/18

Impact on Residents and Businesses

Additional Fiscal Information

The project contemplated in this Form 11 merely approves the contract documents identifying the proposed work, as well as authorizes the Clerk of the Board to advertise said contract documents. No expenses will be incurred as a result of this action.

**SUBMITTAL TO THE FLOOD CONTROL AND WATER CONSERVATION DISTRICT BOARD
OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

Contract History and Price Reasonableness

The Engineer's estimate for this Project is \$2,101,857 and the action today, if approved will authorize the District to pursue competitive bids through the California Public Works Contract Process. The District will then return to the Board of Supervisors to seek approval to award the Contract to the lowest responsive bidder.
