

SUBMITTAL TO THE BOARD OF SUPERVISORS
COUNTY OF RIVERSIDE, STATE OF CALIFORNIA

ITEM
12.1
(ID # 7763)

MEETING DATE:

Tuesday, September 11, 2018

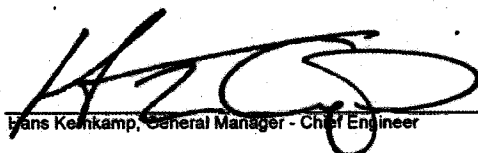

FROM : DEPARTMENT OF WASTE RESOURCES:

SUBJECT: DEPARTMENT OF WASTE RESOURCES: Riverside Countywide Integrated Waste Management Plan – 2018 Five-Year Review Report, All Districts. [\$0 - Department of Waste Resources Enterprise Funds] (CEQA Exempt)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Approve the Riverside Countywide Integrated Waste Management Plan (CIWMP), 2018 Five-Year Review Report (Report), as prepared by the Riverside County Department of Waste Resources; and
2. Direct the General Manager-Chief Engineer of the Department of Waste Resources to forward the final report to the Department of Resources Recycling and Recovery (CalRecycle).

ACTION: Policy

Hans Kolkamp, General Manager - Chief Engineer 8/13/2018

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Jeffries, seconded by Supervisor Perez and duly carried, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Washington, Perez and Ashley
Nays: None
Absent: Tavaglione
Date: September 11, 2018
xc: Waste

Keqia Harper-Ihem
Clerk of the Board

By: 
Deputy

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The Report has been prepared by the Riverside County Department of Waste Resources on behalf of Riverside County, its twenty-eight (28) cities, and its Local Task Force (LTF) to comply with California law (Public Resource Code (PRC) Section 41822 and Title 14 California Code of Regulations (CCR) Section 18788). The LTF is comprised of members appointed by the Board of Supervisors, the City Council of each City whose population is certified to exceed 100,000, the Coachella Valley Association of Governments, the Western Riverside Association of Governments, the Institute of Scrap Recycling Industries, the Economic Develop Agency, the San Bernardino Riverside Counties Disposal Association, the Riverside County Farm Bureau, and the Riverside Chapter of California Council of Civil Engineers and Land Surveyors. The role of the LTF is to review these documents to aid in ensuring that the county adequately plans for meeting future solid waste handling and disposal needs.

The initial CIWMP documents were developed in September 1996 and approved by the Board of Supervisors on January 14, 1997. The State approved the CIWMP on September 23, 1998. During previous review reports, the notable update was in 2013 with the incorporation of the Cities of Eastvale, Menifee, Jurupa Valley, and Wildomar. The purpose of the review is to determine if the County's waste management practices remain consistent with the hierarchy of practices that were established under the California Integrated Waste Management Act of 1989, et seq. (AB 939) and defined in PRC Section 40051, in order of priority, as: 1) Source reduction; 2) Recycling and composting; and, 3) Environmentally safe landfill disposal and transformation.

To determine if the Riverside CIWMP and its elements remain consistent or require revision, the Report includes a review of demographics, quantities of waste, funding sources for administration of the Countywide Siting Element and Summary Plan, administrative responsibilities, programs and implementation, permitted disposal capacity, and changes in available markets for recyclable materials. On June 13, 2018, the draft report was mailed to city representatives and LTF members for review and comment. Comments were incorporated into the final report. The final report was sent via e-mail on July 31, 2018, to city representatives and the LTF members for final review by August 6, 2018. Four (4) comments were submitted to County staff and those comments have been addressed and included in the CIWMP. It has

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

been determined that the final report adequately represents that the Riverside CIWMP and its elements, when augmented and updated through annual reports to the CIWMB, are still applicable in defining the goals, policies, and objectives to achieve compliance with AB 939 and in describing the County's waste management system, programs, funding, and implementation. If approved by the Board of Supervisors, as recommended, the Report will be submitted to CalRecycle for approval.

California Environmental Quality Act (CEQA)

The activity is covered by the general rule that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility that the project (approval of the five-year Review Report) could have a significant effect on the environment; therefore, the activity is not subject to CEQA.

Impact on Residents and Businesses

There is no direct impact on residents or businesses. Completion of this project fulfills the requirements of California law (PRC Section 41822 and 14 CCR Section 18788), which requires that the County's LTF review the CIWMP and its elements every five years, to assure that the County's waste management practices remain consistent with the hierarchy of practices.

Additional Fiscal Information

There is no cost associated with approving this report.

Five-Year CIWMP/RAIWMP Review Report Template

Public Resources Code (PRC) Sections 41770 and 41822, and Title 14, California Code of Regulations (CCR) Section 18788 require that each countywide or regional agency integrated waste management plan (CIWMP or RAIWMP), and the elements thereof, be reviewed, revised if necessary, and submitted to the Department of Resources Recycling and Recovery (CalRecycle) every five years. CalRecycle developed this Five-Year CIWMP/RAIWMP Review Report template to streamline the Five-Year CIWMP/RAIWMP review, reporting, and approval process.

A county or regional agency may use this template to document its compliance with these regulatory review and reporting requirements and as a tool in its review, including obtaining Local Task Force (LTF) comments on areas of the CIWMP or RAIWMP that need revision, if any. This template also can be finalized based on these comments and submitted to CalRecycle as the county or regional agency's Five-Year CIWMP or RAIWMP Review Report.

The Five-Year CIWMP/RAIWMP Review Report Template Instructions describe each section and provide general guidelines with respect to preparing the report. Completed and signed reports should be submitted to the CalRecycle's Local Assistance & Market Development (LAMD) Branch at the address below. Upon report receipt, LAMD staff may request clarification and/or additional information if the details provided in the report are not clear or are not complete. Within 90 days of receiving a *complete* Five-Year CIWMP/RAIWMP Review Report, LAMD staff will review the report and prepare their findings for CalRecycle consideration for approval.

If you have any questions about the Five-Year CIWMP/RAIWMP Review Report process or how to complete this template, please contact your LAMD representative at (916) 341-6199. Mail the completed and signed Five-Year CIWMP/RAIWMP Review Report ***

Dept. of Resources Recycling & Recovery
 Local Assistance & Market Development, MS-9

SECTION 2.0 BACKGROUND

This is Riverside County’s fourth Five-Year Review Report since the approval of the CIWMP. There are no significant changes since the 2013 Five-Year Report.

The following changes have occurred since the approval of the Riverside County’s planning documents or the last Five-Year CIWMP Review Report (whichever is most recent):

- Diversion goal reduction
- New regional agency
- Changes to regional agency
- New city (name(s) _____)
- Other _____

Additional Information (optional)

SECTION 3.0 LOCAL TASK FORCE REVIEW

- a. In accordance with Title 14 CCR, Section 18788, the Local Task Force (LTF) reviewed each element and plan included in the CIWMP and finalized its comments
 - at the _____ LTF meeting.
 - electronically (fax, e-mail)
 - other (Explain): _____
- b. The county received the written comments from the LTF on July 12, 2018 from the City of Moreno Valley, CA. July 13, 2018 from the City of Rancho Mirage, CA. July 31, 2018 from the City of Temecula, CA. August 1, 2018 from the City of Corona.
- c. A copy of the LTF comments
 - is included as Appendix A.
 - was submitted to CalRecycle on _____.

Table 1: Local Task Force Members

Name	Representative of (e.g., City or County)
Bob Magee	County Supervisorial District #1
Simon Housman	County Supervisorial District #4
Miguel Arciniega	County Supervisorial District #5
Bruce Scott	Agriculture
Richard Schmid	Agriculture
Richard O’Neill	Engineering
Vacant	Coachella Valley Association of Governments
Linda Krupa	Western Riverside Council of Governments
Jordan Ehrenkranz	Western Riverside Council of Governments
Chuck Tobin	Inland Empire Disposal Association
Ed Campos	Inland Empire Disposal Association
Ted Dumas	Institute of Scrap Recycling
Vincent Coffeen	Economic Development Agency
Robert Moran	Economic Development Agency
Katie Barrows	Environmental Community
Mike Gardner	City of Riverside
Robert Lemon	City of Moreno Valley
Curtis Showalter	City of Corona
Luke Watson	City of Temecula

Name	Representative of (e.g., City or County)
Steven Pastor	Agriculture (Alternate)
Councilmember Debbie Franklin	Western Riverside Council of Governments (Alternate)
Councilmember Dick Haley	Western Riverside Council of Governments (Alternate)
Ben Drake	Agriculture (Alternate)
David Fahrion	Inland Empire Disposal Association (IEDA) (Alternate)
Chris Cunningham	Inland Empire Disposal Association (IEDA) (Alternate)
Deanna Pressgrove	Coachella Valley Association of Governments (Alternate)
Mike Soubirous	City of Riverside (Alternate)
Samantha Rodriguez	City of Moreno Valley (Alternate)
Dale West	City of Temecula (Alternate)
Katie Hockett	County Supervisorial District #1 (Alternate)
Steven Bayard	County Supervisorial District #4 (Alternate)
Martin Rosen	County Supervisorial District #5 (Alternate)
Phil Rosentrater	Economic Development Agency (Alternate)

**SECTION 4.0 TITLE 14, CALIFORNIA CODE of REGULATIONS SECTION 18788 (3)
 (A) THROUGH (H)**

The subsections below address not only the areas of change specified in the regulations, but also provide specific analyses regarding the continued adequacy of the planning documents in light of those changes, including a determination on any need for revision to one or more of the planning documents.

Section 4.1 Changes in Demographics in the County or Regional Agency

When preparing the CIWMP Review Report, the county or regional agency must address at least the changes in demographics.

The following resources are provided to facilitate this analysis:

1. Demographic data, including population, taxable sales, employment, and consumer price index by jurisdiction for years up to 2006, are available at:
<http://www.calrecycle.ca.gov/LGCentral/Tools/DivMeasure/JuAdjFac.asp>. Data for years beyond 2006 can be found on the following websites:
 - Population: Department of Finance
 - Taxable Sales: Board of Equalization
 - Employment: Employment Development Department Click on the link to Local Area Profile, select the county from the drop down menu, then click on the "View Local Area Profile" button.
 - Consumer Price Index: Department of Industrial Relations
2. The Demographic Research Unit of the California Department of Finance is designated as the single official source of demographic data for State planning and budgeting (e.g., find E-5 City/County Population and Housing Estimates under Reports and Research Papers and then Estimates).
3. The Department of Finance's Demographic Research Unit also provides a list of State Census Data Center Network Regional Offices.

Analysis

Upon review of demographic changes since 1990:¹

- The demographic changes since the development of the CIWMP do not warrant a revision to any of the countywide planning documents.
- These demographic changes since the development of the CIWMP warrant a revision to one or more of the countywide planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Table 2: Population

Jurisdiction	2012 ²	1/1/2017 ³	% Change 2012-2016
City of Banning	30,132	31,068	3.11
City of Beaumont	39,317	46,179	17.45
City of Blythe	20,556	19,660	-4.36

Section 4.2 Changes in Quantities of Waste within the County or Regional Agency; and Changes in Permitted Disposal Capacity and Waste Disposed in the County or Regional Agency
 A number of tools to facilitate the analysis and review of such changes in the waste stream are available from the following CalRecycle sources:

1. Various statewide, regional, and local disposal reports are available at <http://www.calrecycle.ca.gov/LGCentral/Reports/DRS/Default.aspx>.
 - a. CalRecycle's Disposal Reporting System tracks and reports the annual estimates of the disposal amounts for jurisdictions in California; additional California solid waste statistics are also available.
 - b. CalRecycle's Waste Flow by Destination or Origin reports include solid waste disposal, export, and alternative daily cover. They show how much waste was produced within the boundaries of an individual city, or within all jurisdictions comprising a county or regional agency. These data also cover what was disposed at a particular facility or at all facilities within a county or regional agency.
2. The Waste Characterization Database provides estimates of the types and amounts of materials in the waste streams of *individual California jurisdictions* in 1999. For background information and more recent statewide characterizations, please see <https://www2.calrecycle.ca.gov/WasteCharacterization/Study/>
3. CalRecycle's Countywide, Regionwide, and Statewide Jurisdiction Diversion Progress Report provides both summary and detailed information on compliance, diversion rates/50 percent equivalent per capita disposal target and rates, and waste diversion program implementation for all California jurisdictions. Diversion program implementation summaries are available at

⁴ <https://www.rivcoeda.org/Portals/0/demographicReports/OCT%20CPI17.pdf?ver=2017-12-09-125005-187>, obtained April 3, 2018

⁵ <https://www.dir.ca.gov/oprl/CPI/EntireCCPI.PDF>, obtained May 22, 2018

⁶ <http://www.dof.ca.gov/Forecasting/Demographics/Estimates/E-4/2001-10/> and <http://www.dof.ca.gov/Forecasting/Demographics/Estimates/E-4/2010-18/>, obtained May 22, 2018

⁷ <http://www.boe.ca.gov/news/tsalescont.htm>, obtained May 22, 2018

⁸ <http://www.labormarketinfo.edd.ca.gov/county/river.html#URLF>, obtained May 22, 2018

<http://www.calrecycle.ca.gov/lgcentral/reports/diversionprogram/jurhist.aspx> and
<http://www.calrecycle.ca.gov/lgcentral/reports/diversionprogram/jurhist.aspx>.

Together, these reports help illustrate changes in the quantities of waste within the county or regional agency as well as in permitted disposal capacity. This information also summarizes each jurisdiction's progress in implementing the Source Reduction and Recycling Element (SRRE) and complying with the 50 percent diversion rate requirement (now calculated as the 50 percent equivalent per capita disposal target), see Per Capita Disposal and Goal Measurement (2007 and Later) for details

- The county or regional agency (if it includes the entire county) continues to have adequate disposal capacity (i.e., equal to or greater than 15 years).
- The county does not have 15 years remaining disposal capacity within its physical boundaries, but the Siting Element does provide a strategy⁹ for obtaining 15 years remaining disposal capacity.
- The county does not have 15 years remaining disposal capacity and the Siting Element does not provide a strategy² for obtaining 15 years remaining disposal capacity. See Section 7 for the revision schedule(s).

Analysis

- These changes in quantities of waste and changes in permitted disposal capacity since the development of the CIWMP do not warrant a revision to any of the countywide planning documents.
- These changes in quantities of waste and changes in permitted disposal capacity since the development of the CIWMP warrant a revision to one or more of the planning documents. Specifically, . See Section 7 for the revision schedule(s).

⁹ Such a strategy includes a description of the diversion or export programs to be implemented to address the solid waste capacity needs. The description shall identify the existing solid waste disposal facilities, including those outside of the county or regional agency, which will be used to implement these programs. The description should address how the proposed programs shall provide the county or regional agency with sufficient disposal capacity to meet the required minimum of 15 years of combined permitted disposal capacity.

Additional Analysis (optional)

Table 4: Disposal Capacity

AB 939 Time Horizon	Available Permitted Disposal Capacity (Million Tons)	Projected Disposal Capacity Need (Minimum 15 Years Required)
1992 (SRRE) ¹⁰	42.8 as of 12/31/1991	More than 15 years
1995 (25% Diversion Mandate) ¹¹	18.9 as of 12/31/1994 ¹²	13 years
1997 (Starting CIWMP 5-Year Review) ¹³	20.2 as of 12/31/1997 ¹⁴	More than 15 years
2000 (50% Diversion Mandate) ¹⁵	21.5 as of 12/31/2000 ¹⁶	More than 15 years
2001 (Ending CIWMP 5-Year Review) ¹⁷	60.4 as of 12/31/2001 ¹⁸	More than 15 years
2006 (Ending CIWMP 5-Year Review) ¹⁹	59.3 as of 12/31/2006 ²⁰	More than 15 years
2011 (Ending CIWMP 5-Year Review) ²¹	56.3 as of 12/31/2011 ²²	More than 15 years
2016 (Ending CIWMP 5-Year Review) ²³	75.9 as of 06/27/2017	More than 15 years

¹⁰ The 1992 capacity data was excerpted from Table 8-1 of the Riverside County Source Reduction & Recycling Element (SRRE), dated June 1992. <http://www.rivcowm.org/opencms/ab939/pdf/55294-RC-SRRE-HHWE.pdf>

¹¹ The 1995 capacity data was excerpted from Table 3-2 of the Riverside County Siting Element in the Riverside Countywide Integrated Waste Management Plan (CIWMP), dated September 1996. <http://www.rivcowm.org/opencms/ab939/pdf/55402-Riverside-CIWMP-Final-Draft-Sept1996.pdf>

¹² The significant reduction in permitted disposal capacity shown in the 1995 Time Horizon was primarily the result of the loss of planned disposal capacity at the Coachella Landfill, due to discovery of an active fault, and at the Edom Hill, Anza, Mecca II, and Oasis Landfills, due to a decision not to expand beyond the 1993 footprints established under Subtitle D.

¹³ The 1997 capacity data was excerpted from Revised Table 3-2 of the Riverside County Siting Element in the Riverside Countywide Integrated Waste Management Plan, dated September 1996. <http://www.rivcowm.org/opencms/ab939/pdf/55402-Riverside-CIWMP-Final-Draft-Sept1996.pdf>

¹⁴ The increase in permitted disposal capacity shown in the 1997 Time Horizon was primarily due to permitted expansion of the Lamb Canyon Landfill in the same year.

¹⁵ The 2000 capacity data was excerpted from the 2000 Annual Report supplemental documentation: 2000 Annual Report Appendix E-2.

¹⁶ The increase in permitted disposal capacity shown in the 2000 Time Horizon was primarily due to permitted expansion of the Badlands Landfill in 1998.

¹⁷ The 2001 capacity data was excerpted from the 2001 Annual Report supplemental documentation: 2001 Annual Report Appendix E-2.

¹⁸ The significant increase in permitted capacity shown in the 2001 Time Horizon was primarily due to permitted expansion of the El Sobrante Landfill, which added 40 million tons of Countywide disposal capacity, starting in 2001.

¹⁹ The 2006 capacity data was excerpted from the 2007 Annual Report supplemental documentation: 2007 Annual Report Appendix E-1.

²⁰ The increase in permitted capacity in the 2006 Time Horizon was primarily due to a gain in permitted capacity at Badlands Landfill and permitted expansion of the Lamb Canyon Landfill in 2006.

²¹ The 2011 capacity data was excerpted from the 2011 Annual Report supplemental documentation: 2011 Annual Report Appendix E-1.

²² Approximately 5 million tons and 2.38 million tons of Countywide disposal capacity were added, respectively, to the El Sobrante Landfill in 2009 when the landfill's Solid Waste Facility Permit was revised and to the Badlands Landfill in 2010 as a result of new grading plan for the landfill.

²³ The 2016 capacity data was excerpted from the 2016 Annual Report supplemental documentation: 2016 Annual Report Appendix E-1.

Section 4.3 Changes in Funding Source for Administration of the Siting Element (SE) and Summary Plan (SP)

Since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent), the county experienced the following significant changes in funding for the SE or SP:

Analysis

- There have been no significant changes in funding for administration of the SE and SP or the changes that have occurred do not warrant a revision to any of the countywide planning documents.
- These changes in funding for the administration of the SE and SP warrant a revision to one or more of the countywide planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

The basic funding sources for the administration of the Countywide Siting Element and the Summary Plan have not changed significantly since the CIWMP was approved. The sources of funding continue to include tipping fees, generated through the County's disposal system of landfills and transfer/collection stations, and solid waste collection and franchise fees at the city or local level. The County continues to manage and maintain a countywide disposal system that provides for the disposal needs of all Riverside County residents. The user tipping fees generated from waste disposal and processing continue to be the primary source of revenue to fund capital expenditures, landfill operations, landfill closures, environmental remediation, waste inspection programs, programs that allow for the diversion of recyclable materials and hazardous materials from landfill disposal, and a variety of AB 939 programs. The County also utilizes State grants, when available, to fund its recycling programs, such as tires, household hazardous waste and used oil collection.

Section 4.4 Changes in Administrative Responsibilities

The county experienced significant changes in the following administrative responsibilities since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent):

Analysis

- There have been no significant changes in administrative responsibilities or the changes in administrative responsibilities do not warrant a revision to any of the planning documents.
- These changes in administrative responsibilities warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

No significant changes have occurred in the administration of the CIWMP, other than normal personnel turnover. Within the unincorporated County, the Department of Waste Resources continues to be the responsible agency. The government agency or office in each jurisdiction that is responsible for solid waste management and diversion activities is identified below. The individuals responsible for AB 939 implementation in each jurisdiction are identified in the annual reports prepared by each jurisdiction.

Table 7: Responsible Departments for Solid Waste Management Activity by Jurisdiction

Jurisdiction	Department or Office Responsible for Solid Waste Management Activities
Banning	Public Works Department
Beaumont	City Manager's Office
Blythe	Public Works Department
Calimesa	Public Works Department
Canyon Lake	Administration/City Clerk's Office
Cathedral City	Department of Environmental Conservation

Unincorporated	Department of Waste Resources

Section 4.5 Programs that Were Scheduled to Be Implemented, But Were Not

This section addresses programs that were scheduled to be implemented, but were not; why they were not implemented; the progress of programs that were implemented; a statement as to whether programs are meeting their goals; and if not, what contingency measures are being enacted to ensure compliance with Public Resources Code Section 41751.

1. Progress of Program Implementation

a. SRRE and Household Hazardous Waste Element (HHWE)

- All program implementation information has been updated in the CalRecycle Electronic Annual Report (EAR), including the reason for not implementing specific programs, if applicable.

- All program implementation information has not been updated in the EAR. Attachment _____ lists the SRRE and/or HHWE programs selected for implementation, but which have not yet been implemented, including a statement as to why they were not implemented.

 - b. Nondisposal Facility Element (NDFE)
 - There have been no changes in the use of nondisposal facilities (based on the current NDFEs and any amendments and/or updates).
 - Attachment _____ lists changes in the use of nondisposal facilities (based on the current NDFEs).

 - c. Countywide Siting Element (SE)
 - There have been no changes to the information provided in the current SE.
 - Attachment _____ lists changes to the information provided in the current SE.

 - d. Summary Plan
 - There have been no changes to the information provided in the current SP.
 - Attachment _____ lists changes to the information provided in the current SP.
2. Statement regarding whether Programs are Meeting their Goals
- The programs are meeting their goals.
 - The programs are not meeting their goals. The discussion that follows in the analysis section below addresses the contingency measures that are being enacted to ensure compliance with PRC Section 41751 (i.e., specific steps are being taken by local agencies, acting independently and in concert with _____, to achieve the purposes of the California Integrated Waste Management Act of 1989) and whether the listed changes in program implementation necessitate a revision to one or more of the planning documents. _____

Analysis

- The aforementioned changes in program implementation do not warrant a revision to any of the planning documents.
- Changes in program implementation warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Section 4.6 Changes in Available Markets for Recyclable Materials

The county experienced changes in the following available markets for recyclable materials since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent):

Analysis

- There are no significant changes in available markets for recycled materials to warrant a revision to any of the planning documents. Specifically, the markets for recyclable materials are dynamic; market supply, demand, and prices often fluctuate in response to the economy and other variables, such as increasing regulatory requirements, which can potentially add to operating cost or create siting issues.
- Changes in available markets for recycled materials warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Section 4.7 Changes in the Implementation Schedule

The following addresses changes to the county's implementation schedule that are not already addressed in Section 4.5:

Analysis

- There are no significant changes in the implementation schedule to warrant a revision to any of the planning documents.
- Changes in the implementation schedule warrant a revision to one or more of the planning documents. Specifically, _____.

Additional Analysis (optional)

Note: Consider for each jurisdiction within the county or regional agency the changes noted in Sections 4.1 through 4.7 and explain whether the changes necessitate revisions to any of the jurisdictions' planning documents.

SECTION 5.0 OTHER ISSUES OR SUPPLEMENTARY INFORMATION (optional)

The following addresses any other significant issues/changes in the county and whether these changes affect the adequacy of the CIWMP to the extent that a revision to one or more of the planning documents is needed:

Analysis

The overall framework of the CIWMP is still applicable. The goals, objectives, policies, waste management infrastructure, funding sources and responsible administrative organizational units noted throughout the CIWMP are still accurately described. Nearly all of the selected and contingent programs have been, and are continuing to be, implemented. The existing and selected programs for each contingent programs were reviewed. Nearly all programs have been implemented. The annual reports and the Planning Annual Report Information System (PARIS) for the County and each city are updated yearly and reviewed by CalRecycle staff. Although there have been some changes in program implementation, schedules, costs and results, these changes are not considered to be significant. Although a few programs have been either revised or deleted, overall program implementation has been discussed in all prior annual reports and the PARIS has been kept updated. The unincorporated County and cities continue to monitor evolving compliance issues. Consequently, the LTF, the County and its cities have decided that the most effective allocation of available resources at this time is to continue to utilize the existing CIWMP as a planning tool augmented by the annual reports. For these reasons, the County deems that a revision of its CIWMP is not warranted or justified at this time.

SECTION 6.0 ANNUAL REPORT REVIEW

- The Annual Reports for each jurisdiction in the county have been reviewed, specifically those sections that address the adequacy of the **CIWMP** elements. No jurisdictions reported the need to revise one or more of these planning documents.

- The Annual Reports for each jurisdiction in the county have been reviewed, specifically those sections that address the adequacy of the CIWMP (or RAIWMP) elements. The following jurisdictions reported the need to revise one or more of these planning documents, as listed.

Analysis

The discussion below addresses the county's evaluation of the Annual Report data relating to planning document adequacy and includes determination regarding the need to revise one or more of the documents:

No revisions necessary based on the review.

SECTION 7.0 REVISION SCHEDULE (if required)

The County deems that a revision of its CIWMP is not warranted or justified at this time.

Appendix A – LTF Comments

Public Works Department
Maintenance and Operations Division

COMMENT LETTER

TO: Kathleen Utter, Riverside County Department of Waste Resources
FROM: Robert Lemon, City of Moreno Valley Maintenance and Operations Division 
DATE: July 5, 2018
SUBJECT: 2018 Five Year CIWMP Review Report - City of Moreno Valley Review

The City of Moreno Valley has reviewed the 2018 Five Year CIWMP Review Report. The annual report data associated with the City of Moreno Valley within Tables 5 and 6 is accurate. We respectfully request the following two revisions:

1. Table 1: Please update the name of the Moreno Valley (Alternate) contact from Prem Kumar to Samantha Rodriguez.
2. Table 7: Please update the department responsible for solid waste activities in Moreno Valley from Public Works Administration to Public Works Maintenance and Operations Division.

Should you have any questions or require further information, please contact me at 951.413.3160.

cc: Michael L. Wolfe, P.E., Public Works Director/City Engineer

Hans W. Kernkamp, General Manager-Chief Engineer

June 13, 2018

TO: Riverside County Solid Waste Management Advisory Council/
Local Task Force (LTF) Members
City Representatives

FROM: Angela C.M. Dufresne, Principal Engineer
Riverside County Department of Waste Resources (RCDWR)

RE: **Riverside Countywide Integrated Waste Management Plan (CIWMP):
2018 Five-Year Review Report, dated June 2018**

Every five years following the California Department of Resources Recycling and Recovery (CalRecycle) approval of the CIWMP, which was September 23, 1998, the LTF is required to complete a review of the County's CIWMP to ensure that the County's waste management practices remain consistent with the hierarchy of waste management practices to integrate source reduction, recycling and composting with environmentally-safe landfill disposal and/or transformation. The County is required to consider the LTF comments as well as those from its cities to determine if a revision to the CIWMP is necessary and to report its findings in a CIWMP Review Report to the LTF and CalRecycle.

To assist in this process, RCDWR staff has prepared the enclosed **2018 Five-Year Review Report**, for your review and comment. While it is staff's preliminary finding, based on the report that the Riverside CIWMP and its elements do not require revision and that the CIWMP, when augmented by updates through annual reports to CalRecycle, is still applicable in defining the goals, policies and objectives to achieve compliance with AB 939, LTF members and City representatives are being asked to review the enclosed report for any inaccuracies or deficiencies. In particular, each City representative is being asked to also review the data collected from their Annual Reports, specifically those sections that address the adequacy of the CIWMP elements. If any updates are needed, please include that information in your comment letter.

In accordance with the enclosed timeline, your written comments are respectfully requested by July 15, 2018, in order for RCDWR staff to respond to comments and to finalize the report before being submitted to the County Board of Supervisors for approval in September 2018.

Please submit or fax written comments to the attention of Kathleen Utter at the address or fax number noted at the bottom of the page. If you have any questions, please do not hesitate to contact either Kathleen Utter or me at the telephone number, also so noted at the bottom of the page.

Thank you in advance for your attention to this matter.

Five-Year CIWMP/RAIWMP Review Report Template

Public Resources Code (PRC) Sections 41770 and 41822, and Title 14, California Code of Regulations (CCR) Section 18788 require that each countywide or regional agency integrated waste management plan (CIWMP or RAIWMP), and the elements thereof, be reviewed, revised if necessary, and submitted to the Department of Resources Recycling and Recovery (CalRecycle) every five years. CalRecycle developed this Five-Year CIWMP/RAIWMP Review Report template to streamline the Five-Year CIWMP/RAIWMP review, reporting, and approval process.

A county or regional agency may use this template to document its compliance with these regulatory review and reporting requirements and as a tool in its review, including obtaining Local Task Force (LTF) comments on areas of the CIWMP or RAIWMP that need revision, if any. This template also can be finalized based on these comments and submitted to CalRecycle as the county or regional agency's Five-Year CIWMP or RAIWMP Review Report.

The Five-Year CIWMP/RAIWMP Review Report Template Instructions describe each section and provide general guidelines with respect to preparing the report. Completed and signed reports should be submitted to the CalRecycle's Local Assistance & Market Development (LAMD) Branch at the address below. Upon report receipt, LAMD staff may request clarification and/or additional information if the details provided in the report are not clear or are not complete. Within 90 days of receiving a *complete* Five-Year CIWMP/RAIWMP Review Report, LAMD staff will review the report and prepare their findings for CalRecycle consideration for approval.

If you have any questions about the Five-Year CIWMP/RAIWMP Review Report process or how to complete this template, please contact your LAMD representative at (916) 341-6199. Mail the completed and signed Five-Year CIWMP/RAIWMP Review Report to:

Dept. of Resources Recycling & Recovery
 Local Assistance & Market Development, MS-9
 P. O. Box 4025
 Sacramento, CA 95812-4025

To edit & customize this template, the editing restrictions (filling in forms) must be disengaged. Select the Review tab, Protect Document, and then Restrict Formatting and Editing (uncheck editing restrictions). There is no password (options). Please contact your LAMD representative at (916) 341-6199 with related questions.

General Instructions: Please complete Sections 1 through 7, and all other applicable subsections. Double click on shaded text/areas () to select or add text.

SECTION 1.0 County or Regional Agency Information			
I certify that the information in this document is true and correct to the best of my knowledge, and that I am authorized to complete this report and request approval of the CIWMP or RAIWMP Five-Year Review Report on behalf of:			
County or Regional Agency Name		County(s) [if a RAIWMP Review Report]	
Riverside County		Riverside	
Authorized Signature		Title	
		General Manager-Chief Engineer

SECTION 2.0 BACKGROUND

This is Riverside County's fourth Five-Year Review Report since the approval of the CIWMP.

The following changes have occurred since the approval of the Riverside County's planning documents or the last Five-Year CIWMP Review Report (whichever is most recent):

- Diversion goal reduction
- New regional agency
- Changes to regional agency
- New city (name(s) _____)
- Other _____

Additional Information (optional)

SECTION 3.0 LOCAL TASK FORCE REVIEW

- a. In accordance with Title 14 CCR, Section 18788, the Local Task Force (LTF) reviewed each element and plan included in the CIWMP and finalized its comments
 - at the _____ LTF meeting.
 - electronically (fax, e-mail)
 - other (Explain): _____
- b. The county received the written comments from the LTF on _____.
- c. A copy of the LTF comments
 - is included as Appendix A.
 - was submitted to CalRecycle on _____.

Table 1: Local Task Force Members

Name	Representative of (e.g., City or County)
Bob Magee	County Supervisorial District #1
Simon Housman	County Supervisorial District #4
Miguel Arciniega	County Supervisorial District #5
Bruce Scott	Agriculture
Richard Schmid	Agriculture
Richard O'Neill	Engineering
Frankie Riddle	Coachella Valley Association of Governments
Linda Krupa	Western Riverside Council of Governments
Jordan Ehrenkranz	Western Riverside Council of Governments
Chuck Tobin	Inland Empire Disposal Association
Ed Campos	Inland Empire Disposal Association
Ted Dumas	Institute of Scrap Recycling
Vincent Coffeen	Economic Development Agency
Robert Moran	Economic Development Agency
Katie Barrows	Environmental Community
Mike Gardner	City of Riverside
Robert Lemon	City of Moreno Valley
Curtis Showalter	City of Corona
Armando Villa	City of Temecula
Steven Pastor	Agriculture (Alternate)
Councilmember Debbie Franklin	Western Riverside Council of Governments (Alternate)
Councilmember Dick Haley	Western Riverside Council of Governments (Alternate)

Name	Representative of (e.g., City or County)
Ben Drake	Agriculture (Alternate)
David Fahrion	Inland Empire Disposal Association (IEDA) (Alternate)
Chris Cunningham	Inland Empire Disposal Association (IEDA) (Alternate)
Deanna Pressgrove	Coachella Valley Association of Governments (Alternate)
Mike Soubirous	City of Riverside (Alternate)
Prem Kumar SAMANTHA	City of Moreno Valley (Alternate)
Dale West RODRIGUEZ	City of Temecula (Alternate)
Katie Hockett	County Supervisorial District #1 (Alternate)
Steven Bayard	County Supervisorial District #4 (Alternate)
Martin Rosen	County Supervisorial District #5 (Alternate)
Phil Rosentrater	Economic Development Agency (Alternate)

**SECTION 4.0 TITLE 14, CALIFORNIA CODE of REGULATIONS SECTION 18788 (3)
 (A) THROUGH (H)**

The subsections below address not only the areas of change specified in the regulations, but also provide specific analyses regarding the continued adequacy of the planning documents in light of those changes, including a determination on any need for revision to one or more of the planning documents.

Section 4.1 Changes in Demographics in the County or Regional Agency

When preparing the CIWMP Review Report, the county or regional agency must address at least the changes in demographics.

The following resources are provided to facilitate this analysis:

1. Demographic data, including population, taxable sales, employment, and consumer price index by jurisdiction for years up to 2006, are available at:
<http://www.calrecycle.ca.gov/LGCentral/Tools/DivMeasure/JuAdjFac.asp>. Data for years beyond 2006 can be found on the following websites:
 - Population: Department of Finance
 - Taxable Sales: Board of Equalization
 - Employment: Employment Development Department Click on the link to Local Area Profile, select the county from the drop down menu, then click on the "View Local Area Profile" button.
 - Consumer Price Index: Department of Industrial Relations
2. The Demographic Research Unit of the California Department of Finance is designated as the single official source of demographic data for State planning and budgeting (e.g., find E-5 City/County Population and Housing Estimates under Reports and Research Papers and then Estimates).
3. The Department of Finance's Demographic Research Unit also provides a list of State Census Data Center Network Regional Offices.

Analysis

Upon review of demographic changes since 1990:¹

¹ The year of the data included in the planning documents, which is generally 1990.

STATE OF CALIFORNIA DEPARTMENT OF RESOURCES RECYCLING
 CalRecycle 709 (Rev. 03/12) AND RECOVERY (CalRecycle)

- The demographic changes since the development of the CIWMP do not warrant a revision to any of the countywide planning documents.
- These demographic changes since the development of the CIWMP warrant a revision to one or more of the countywide planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Table 2: Population

Jurisdiction	2012 ²	1/1/2017 ³	% Change 2012-2016
City of Banning	30,132	31,068	3.11
City of Beaumont	39,317	46,179	17.45

Table 3: Consumer Price Index, County: Riverside

Year	LA/ RIV/OC (CPI) ⁴	CA (CPI) ⁵	Population ⁶	Taxable Sales ⁷ (x \$1,000)	Labor Force Employment ⁸	Industry Employment ⁸
2007	217.3	217.4	2,049,902	29,023,609	902,000	631,000
2008	225.0	224.8	2,102,741	26,003,595	911,500	604,000
2009	223.2	224.1	2,140,626	22,227,877	915,800	559,700
2010	225.9	226.9	2,189,641	23,152,780	976,400	549,200
2011	231.9	232.9	2,212,675	25,641,497	978,500	561,800
2012	235.8	238.1	2,240,166	28,096,009	987,100	573,600
2013	239.2	241.6	2,265,789	30,065,467	996,400	599,500
2014	242.4	246.0	2,291,262	32,035,687	1,013,500	628,100
2015	244.6	249.6	2,317,895	32,910,910	1,035,700	657,900
2016	249.2	255.3	2,346,717	34,231,144	1,052,600	688,400

Section 4.2 Changes in Quantities of Waste within the County or Regional Agency; and Changes in Permitted Disposal Capacity and Waste Disposed in the County or Regional Agency
 A number of tools to facilitate the analysis and review of such changes in the waste stream are available from the following CalRecycle sources:

1. Various statewide, regional, and local disposal reports are available at <http://www.calrecycle.ca.gov/LGCentral/Reports/DRS/Default.aspx>.
 - a. CalRecycle's Disposal Reporting System tracks and reports the annual estimates of the disposal amounts for jurisdictions in California; additional California solid waste statistics are also available.
 - b. CalRecycle's Waste Flow by Destination or Origin reports include solid waste disposal, export, and alternative daily cover. They show how much waste was produced within the boundaries of an individual city, or within all jurisdictions comprising a county or regional agency. These data also cover what was disposed at a particular facility or at all facilities within a county or regional agency.
2. The Waste Characterization Database provides estimates of the types and amounts of materials in the waste streams of *individual California jurisdictions* in 1999. For background information and more recent statewide characterizations, please see <https://www2.calrecycle.ca.gov/WasteCharacterization/Study/>
3. CalRecycle's Countywide, Regionwide, and Statewide Jurisdiction Diversion Progress Report provides both summary and detailed information on compliance, diversion rates/50 percent equivalent per capita disposal target and rates, and waste diversion program implementation for all California jurisdictions. Diversion program implementation summaries are available at

⁴ <https://www.rivcoeda.org/Portals/0/demographicReports/OCT%20CPI17.pdf?ver=2017-12-09-125005-187>, obtained April 3, 2018

⁵ <https://www.dir.ca.gov/oprl/CPI/EntireCCPI.PDF>, obtained May 22, 2018

⁶ <http://www.dof.ca.gov/Forecasting/Demographics/Estimates/E-4/2001-10/> and <http://www.dof.ca.gov/Forecasting/Demographics/Estimates/E-4/2010-18/>, obtained May 22, 2018

⁷ <http://www.boe.ca.gov/news/tsalescont.htm>, obtained May 22, 2018

⁸ <http://www.labormarketinfo.edd.ca.gov/county/river.html#URLF>, obtained May 22, 2018

<http://www.calrecycle.ca.gov/lgcentral/reports/diversionprogram/jurhist.aspx> and
<http://www.calrecycle.ca.gov/lgcentral/reports/diversionprogram/jurhist.aspx>.

Together, these reports help illustrate changes in the quantities of waste within the county or regional agency as well as in permitted disposal capacity. This information also summarizes each jurisdiction's progress in implementing the Source Reduction and Recycling Element (SRRE) and complying with the 50 percent diversion rate requirement (now calculated as the 50 percent equivalent per capita disposal target), see Per Capita Disposal and Goal Measurement (2007 and Later) for details

- The county or regional agency (if it includes the entire county) continues to have adequate disposal capacity (i.e., equal to or greater than 15 years).
- The county does not have 15 years remaining disposal capacity within its physical boundaries, but the Siting Element does provide a strategy⁹ for obtaining 15 years remaining disposal capacity.
- The county does not have 15 years remaining disposal capacity and the Siting Element does not provide a strategy² for obtaining 15 years remaining disposal capacity. See Section 7 for the revision schedule(s).

Analysis

- These changes in quantities of waste and changes in permitted disposal capacity since the development of the CIWMP do not warrant a revision to any of the countywide planning documents.
- These changes in quantities of waste and changes in permitted disposal capacity since the development of the CIWMP warrant a revision to one or more of the planning documents. Specifically, . See Section 7 for the revision schedule(s).

⁹ Such a strategy includes a description of the diversion or export programs to be implemented to address the solid waste capacity needs. The description shall identify the existing solid waste disposal facilities, including those outside of the county or regional agency, which will be used to implement these programs. The description should address how the proposed programs shall provide the county or regional agency with sufficient disposal capacity to meet the required minimum of 15 years of combined permitted disposal capacity.

Additional Analysis (optional)

Table 4: Disposal Capacity

AB 939 Time Horizon	Available Permitted Disposal Capacity (Million Tons)	Projected Disposal Capacity Need (Minimum 15 Years Required)
1992 (SRRE) ¹⁰	42.8 as of 12/31/1991	More than 15 years
1995 (25% Diversion Mandate) ¹¹	18.9 as of 12/31/1994 ¹²	13 years
1997 (Starting CIWMP 5-Year Review) ¹³	20.2 as of 12/31/1997 ¹⁴	More than 15 years
2000 (50% Diversion Mandate) ¹⁵	21.5 as of 12/31/2000 ¹⁶	More than 15 years
2001 (Ending CIWMP 5-Year Review) ¹⁷	60.4 as of 12/31/2001 ¹⁸	More than 15 years
2006 (Ending CIWMP 5-Year Review) ¹⁹	59.3 as of 12/31/2006 ²⁰	More than 15 years
2011 (Ending CIWMP 5-Year Review) ²¹	56.3 as of 12/31/2011 ²²	More than 15 years
2016 (Ending CIWMP 5-Year Review) ²³	75.9 as of 06/27/2017	More than 15 years

¹⁰ The 1992 capacity data was excerpted from Table 8-1 of the Riverside County Source Reduction & Recycling Element (SRRE), dated June 1992. <http://www.rivcown.org/opencms/ab939/pdf/55294-RC-SRRE-HHWE.pdf>

¹¹ The 1995 capacity data was excerpted from Table 3-2 of the Riverside County Siting Element in the Riverside Countywide Integrated Waste Management Plan (CIWMP), dated September 1996. <http://www.rivcown.org/opencms/ab939/pdf/55402-Riverside-CIWMP-Final-Draft-Sept1996.pdf>

¹² The significant reduction in permitted disposal capacity shown in the 1995 Time Horizon was primarily the result of the loss of planned disposal capacity at the Coachella Landfill, due to discovery of an active fault, and at the Edom Hill, Anza, Mecca II, and Oasis Landfills, due to a decision not to expand beyond the 1993 footprints established under Subtitle D.

¹³ The 1997 capacity data was excerpted from Revised Table 3-2 of the Riverside County Siting Element in the Riverside Countywide Integrated Waste Management Plan, dated September 1996.

<http://www.rivcown.org/opencms/ab939/pdf/55402-Riverside-CIWMP-Final-Draft-Sept1996.pdf>

¹⁴ The increase in permitted disposal capacity shown in the 1997 Time Horizon was primarily due to permitted expansion of the Lamb Canyon Landfill in the same year.

¹⁵ The 2000 capacity data was excerpted from the 2000 Annual Report supplemental documentation: 2000 Annual Report Appendix E-2.

¹⁶ The increase in permitted disposal capacity shown in the 2000 Time Horizon was primarily due to permitted expansion of the Badlands Landfill in 1998.

¹⁷ The 2001 capacity data was excerpted from the 2001 Annual Report supplemental documentation: 2001 Annual Report Appendix E-2.

¹⁸ The significant increase in permitted capacity shown in the 2001 Time Horizon was primarily due to permitted expansion of the El Sobrante Landfill, which added 40 million tons of Countywide disposal capacity, starting in 2001.

¹⁹ The 2006 capacity data was excerpted from the 2007 Annual Report supplemental documentation: 2007 Annual Report Appendix E-1.

²⁰ The increase in permitted capacity in the 2006 Time Horizon was primarily due to a gain in permitted capacity at Badlands Landfill and permitted expansion of the Lamb Canyon Landfill in 2006.

²¹ The 2011 capacity data was excerpted from the 2011 Annual Report supplemental documentation: 2011 Annual Report Appendix E-1.

²² Approximately 5 million tons and 2.38 million tons of Countywide disposal capacity were added, respectively, to the El Sobrante Landfill in 2009 when the landfill's Solid Waste Facility Permit was revised and to the Badlands Landfill in 2010 as a result of new grading plan for the landfill.

²³ The 2016 capacity data was excerpted from the 2016 Annual Report supplemental documentation: 2016 Annual Report Appendix E-1.

Section 4.3 Changes in Funding Source for Administration of the Siting Element (SE) and Summary Plan (SP)

Since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent), the county experienced the following significant changes in funding for the SE or SP:

Analysis

- There have been no significant changes in funding for administration of the SE and SP or the changes that have occurred do not warrant a revision to any of the countywide planning documents.
- These changes in funding for the administration of the SE and SP warrant a revision to one or more of the countywide planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

The basic funding sources for the administration of the Countywide Siting Element and the Summary Plan have not changed significantly since the CIWMP was approved. The sources of funding continue to include tipping fees, generated through the County's disposal system of landfills and transfer/collection stations, and solid waste collection and franchise fees at the city or local level. The County continues to manage and maintain a countywide disposal system that provides for the disposal needs of all Riverside County residents. The user tipping fees generated from waste disposal and processing continue to be the primary source of revenue to fund capital expenditures, landfill operations, landfill closures, environmental remediation, waste inspection programs, programs that allow for the diversion of recyclable materials and hazardous materials from landfill disposal, and a variety of AB 939 programs. The County also utilizes State grants, when available, to fund its recycling programs, such as tires, household hazardous waste and used oil collection.

Section 4.4 Changes in Administrative Responsibilities

The county experienced significant changes in the following administrative responsibilities since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent):

Analysis

- There have been no significant changes in administrative responsibilities or the changes in administrative responsibilities do not warrant a revision to any of the planning documents.
- These changes in administrative responsibilities warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

No significant changes have occurred in the administration of the CIWMP, other than normal personnel turnover. Within the unincorporated County, the Department of Waste Resources continues to be the responsible agency. The government agency or office in each jurisdiction that is responsible for solid waste management and diversion activities is identified below. The individuals responsible for AB 939 implementation in each jurisdiction are identified in the annual reports prepared by each jurisdiction.

Table 7: Responsible Departments for Solid Waste Management Activity by Jurisdiction

Jurisdiction	Department or Office Responsible for Solid Waste Management Activities
Banning	Public Works Department
Beaumont	City Manager's Office
Blythe	Public Works Department
Calimesa	Public Works Department
Canyon Lake	Administration/City Clerk's Office
Cathedral City	Department of Environmental Conservation
Coachella	City Manager/Community Service
Corona	Public Works Department
Desert Hot Springs	City Manager's Office
Eastvale	City Manager's Office
Hemet	Public Works Department
Indian Wells	City Manager's Office
Indio	Environmental Programs
Jurupa Valley	City Manager's Office
La Quinta	City Manager's Office
Lake Elsinore	Public Works Department
Moreno Valley	Public Works Administration MAINTENANCE AND OPERATIONS DIVISION
Menifee	City Manager's Office
Murrieta	City Manager's Office
Norco	Public Works Department
Palm Desert	Community Services Division
Palm Springs	Public Works Department
Perris	Public Services Department
Rancho Mirage	City Manager's Office
Riverside	Department of Public Works
San Jacinto	Public Works Department
Temecula	Community Services Department
Wildomar	Public Works Department
Unincorporated	Department of Waste Resources

Section 4.5 Programs that Were Scheduled to Be Implemented, But Were Not

This section addresses programs that were scheduled to be implemented, but were not; why they were not implemented; the progress of programs that were implemented; a statement as to whether programs are meeting their goals; and if not, what contingency measures are being enacted to ensure compliance with Public Resources Code Section 41751.

1. Progress of Program Implementation

a. SRRE and Household Hazardous Waste Element (HHWE)

- All program implementation information has been updated in the CalRecycle Electronic Annual Report (EAR), including the reason for not implementing specific programs, if applicable.

- All program implementation information has not been updated in the EAR. Attachment _____ lists the SRRE and/or HHWE programs selected for implementation, but which have not yet been implemented, including a statement as to why they were not implemented.
- b. Nondisposal Facility Element (NDFE)
- There have been no changes in the use of nondisposal facilities (based on the current NDFEs and any amendments and/or updates).
- Attachment _____ lists changes in the use of nondisposal facilities (based on the current NDFEs).
- c. Countywide Siting Element (SE)
- There have been no changes to the information provided in the current SE.
- Attachment _____ lists changes to the information provided in the current SE.
- d. Summary Plan
- There have been no changes to the information provided in the current SP.
- Attachment _____ lists changes to the information provided in the current SP.
2. Statement regarding whether Programs are Meeting their Goals
- The programs are meeting their goals.
- The programs are not meeting their goals. The discussion that follows in the analysis section below addresses the contingency measures that are being enacted to ensure compliance with PRC Section 41751 (i.e., specific steps are being taken by local agencies, acting independently and in concert with _____, to achieve the purposes of the California Integrated Waste Management Act of 1989) and whether the listed changes in program implementation necessitate a revision to one or more of the planning documents. _____

Analysis

- The aforementioned changes in program implementation do not warrant a revision to any of the planning documents.
- Changes in program implementation warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Section 4.6 Changes in Available Markets for Recyclable Materials

The county experienced changes in the following available markets for recyclable materials since the approval of the CIWMP or the last Five-Year CIWMP Review Report (whichever is most recent):

Analysis

- There are no significant changes in available markets for recycled materials to warrant a revision to any of the planning documents. Specifically, the markets for recyclable materials are dynamic; market supply, demand, and prices often fluctuate in response to the economy and other variables, such as increasing regulatory requirements, which can potentially add to operating cost or create siting issues.
- Changes in available markets for recycled materials warrant a revision to one or more of the planning documents. Specifically, _____. See Section 7 for the revision schedule(s).

Additional Analysis (optional)

Section 4.7 Changes in the Implementation Schedule

The following addresses changes to the county's implementation schedule that are not already addressed in Section 4.5:

Analysis

- There are no significant changes in the implementation schedule to warrant a revision to any of the planning documents.
- Changes in the implementation schedule warrant a revision to one or more of the planning documents. Specifically, _____.

Additional Analysis (optional)

Note: Consider for each jurisdiction within the county or regional agency the changes noted in Sections 4.1 through 4.7 and explain whether the changes necessitate revisions to any of the jurisdictions' planning documents.

SECTION 5.0 OTHER ISSUES OR SUPPLEMENTARY INFORMATION (optional)

The following addresses any other significant issues/changes in the county and whether these changes affect the adequacy of the CIWMP to the extent that a revision to one or more of the planning documents is needed:

Analysis

The overall framework of the CIWMP is still applicable. The goals, objectives, policies, waste management infrastructure, funding sources and responsible administrative organizational units noted throughout the CIWMP are still accurately described. Nearly all of the selected and contingent programs have been, and are continuing to be, implemented. The existing and selected programs for each contingent programs were reviewed. Nearly all programs have been implemented. The annual reports and the Planning Annual Report Information System (PARIS) for the County and each city are updated yearly and reviewed by CalRecycle staff. Although there have been some changes in program implementation, schedules, costs and results, these changes are not considered to be significant. Although a few programs have been either revised or deleted, overall program implementation has been discussed in all prior annual reports and the PARIS has been kept updated. The unincorporated County and cities continue to monitor evolving compliance issues. Consequently, the LTF, the County and its cities have decided that the most effective allocation of available resources at this time is to continue to utilize the existing CIWMP as a planning tool augmented by the annual reports. For these reasons, the County deems that a revision of its CIWMP is not warranted or justified at this time.

SECTION 6.0 ANNUAL REPORT REVIEW

- The Annual Reports for each jurisdiction in the county have been reviewed, specifically those sections that address the adequacy of the CIWMP elements. No jurisdictions reported the need to revise one or more of these planning documents.

- The Annual Reports for each jurisdiction in the county have been reviewed, specifically those sections that address the adequacy of the CIWMP (or RAIWMP) elements. The following jurisdictions reported the need to revise one or more of these planning documents, as listed.

Analysis

The discussion below addresses the county's evaluation of the Annual Report data relating to planning document adequacy and includes determination regarding the need to revise one or more of the documents:

No revisions necessary based on the review.

SECTION 7.0 REVISION SCHEDULE (if required)

The County deems that a revision of its CIWMP is not warranted or justified at this time.

RE: **Comments from the City of Rancho Mirage for the Five Year Review Report**

I received an email from Britt Wilson Management Analyst from the City of Rancho Mirage stating that they had reviewed the 2018 Five Year Review Report and that their consultant William O'Toole would be contacting me with their comments. William O'Toole contacted me by phone and provided the City of Rancho Mirage comments. They had a question about the composting facilities listed in the 2018 Five Year Review Report. These facilities are now updated through each jurisdictions Annual Report Non Disposal Facility Element requirements. Mr. O'Toole also let me know that Frankie Riddle has retired and as a member of the Local Task Force, her position would need to be filled.

Hi Kathleen,

The City and our consultant have reviewed the CIWMP 5 year Review Report. I have authorized our consultant (William O'Toole of Economics) to contact you by phone/email to provide you with our comments/suggested revisions.

Please accept his comments on our behalf. He is aware of the July 15th comment deadline and he will be in touch with you by that time.

Thanks.

Britt

Subject: 2018 Fourth Five Year Review Report

LTF Members and City Representatives:

On June 13, 2018, a draft 2018 Five-Year Review Report was mailed to each LTF member and city

representative for comments. Comments were requested by July 15, 2018. The LTF and city representatives reviewed the report and the following comments were received:

The City of Moreno Valley sent a memo dated July 5, 2018 with the following comments:

1. *Table 1: Please update the name of the Moreno Valley (Alternate) contact from Prem Kumar to Samantha Rodriguez.*
2. *Table 7: Please update the department responsible for solid waste activities in Moreno Valley from Public Works Administration to Public Works Maintenance and Operations Division.*

The consultant for the City of Rancho Mirage phone the County on July 13, 2018 with the following comments:

1. *Mr. O'Toole asked if there should be a list of composting facilities in the report. The City of Rancho Mirage uses a facility that is not listed in the previous 2013 report. The County stated that each jurisdiction includes in their Annual Report an update to their Non-Disposal Facility Element (NDFE) which is reviewed yearly and approved by CalRecycle; therefore, the list is not included in the 2018 report.*
2. *Table 1: Frankie Riddle has retired and has not been replaced; therefore, the name for the Coachella Valley Association of Governments representative should be "vacant".*

The County incorporated the comments received during the public review period into the final report. In our June 13, 2018 letter it was anticipated that a second round of review may be necessary if significant comments were received. As there were no significant comments on the draft report, the final report is being transmitted via e-mail rather than by mail. According to AB341 regulations, no LTF action is required.

Pending no significant comments, the attached document will be presented to the Riverside County Board of Supervisors for approval in September 2018. Once the Riverside County Board of Supervisors approves the 2018 Five-Year Review Report, the document will be forwarded to CalRecycle for final approval.

Upon review, please forward any comments or suggestions to Kathleen Utter, RCWMD staff, at kutter@rivco.org, or 951-486-3286. All comments must be received no later than 5:00 p.m. on August 6, 2018.
