The County Planning Department, as part of the review of this Extension of Time request, recommends the addition of seven (7) new conditions of approval, in order to be able to make a determination that the project does not adversely affect the general health, safety, and welfare of the public. The applicant was informed of these recommended conditions and has agreed to accept them. State Bills

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

EFFECT OF Assembly Bill No. 208 (AB208): On July 13, 2011, AB208 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 13, 2011 and January 1, 2014.

EFFECT OF Assembly Bill No. 116 (AB116): On July 11, 2013, AB116 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on maps approved after January 1, 2000 and that have not expired prior to July 11, 2013.

Riverside County Tentative Map Extensions

Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), Tentative Tract and Tentative Parcel Maps have an initial life-span approval of 3-years. Tentative Map extensions may be granted, upon a timely filed extension request and include 2 separate, 3-year extensions, for a total Tentative Map life-span of 9-years. As a result, the total number years a map may be extended is 6 years.

On September 12, 2017, the Board of Supervisors adopted an amendment to Ordinance No. 460 (Subdivision Regulations), allowing for the 2 separate, 3-year extensions. Prior to the amendment, 5 separate, 1-year extensions, for a total Tentative Map life-span of 8-years, was permissible.

The 1st and 2nd extensions of time each granted 1 year for a total of 2 years. This, 3rd extension will grant another 3 years. The remaining number of years available to extend this tentative map after this approval will be 1 year and will expire on June 23, 2022.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, this Tentative Map's expiration date will become June 23, 2021. If a Final Map has not been recorded prior to this date, the next extension of time request must be filed 30-days prior to map expiration.

ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act ("CEQA"), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

Project Location: South of Grand Avenue, West of Doolittle Court, and East of Mountainous Drive

Project Description: Schedule A subdivision of 89.9 gross acres into 141 lots, which includes a total 130 single-family residential lots, a 1.74-acre Reservoir site, a 0.16-acre Water Pump Station site, a 6.02-acre Debris Basin, a 0.89-acre Water Quality Basin, and seven (7) Open Space Lots totaling 31.88 acres, of which 30.95-acres will be preserved within a conservation easement.

On June 23, 2009, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

RE: THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP No. 32026.

The County Planning Department has determined it necessary to recommend the addition of seven (7) new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

Please review the proposed conditions of approval attached in this correspondence. **If these conditions are acceptable, then submit a short written letter/memo/email that clearly references this case, the acceptance of each condition by name and number, and clearly state that you, the Extension of Time Applicant, accept these conditions.** This documentation will then be included in the staff report package. The attached document is a copy of the recommended conditions which are identified as follows:

- | | |
|----------------------------|---------------------------|
| 50. REQ E HEALTH DOCUMENTS | 80. WQMP AND MAINTENANCE |
| 50. FINAL ACCESS AND MAINT | 90. WQMP REQUIRED |
| 60. REQ BMP SWPPP WQMP | 90. WQMP COMP AND BNS REG |
| 60. FINAL WQMP FOR GRADING | |

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request **should** be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not **contacted** me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on **how to** approach the issue will be given and additional time will be **provided until the issue is resolved.**

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.

* I also looked into the fencing condition and it appears that this **was already covered in one** of the original conditions of approval for TR32026, I have attached a PDF with that condition for your reference. If this is not sufficient please let me know. Thanks!

Hi Ashiq,

Please note that the email you have for me is incorrect. The correct email is erikwlunde@gmail.com.

Regarding 3rd EOT of TR32026, please accept this email as our formal acceptance of the recommended conditions referenced below.

I do have a question regarding walls/fencing. Per the Countywide Design Standards & Guidelines (page 12), vinyl interior side and rear yard fencing is . Can we amend the conditions of approvals to include this option?

"Vinyl fencing may be used instead of block wall for interior side or interior rear property lines of residential lots as long as they cannot be seen from public or street view."
