**BACKGROUND:**

**Summary**

Riverside County Ordinance No. 533 provides for the administration of the Emergency Management Organization for the County of Riverside. The County Executive Officer serves as the Director of Emergency Services and is responsible for providing direction and control of the Riverside County Emergency Management Organization. Amending Ordinance No. 533 is necessary to reflect the changes in that organization and the County's Emergency Management Program; therefore, this amendment, Ordinance No. 533.6, is a comprehensive update and will be amending Ordinance No. 533 in its entirety. Initiation of the amendment was approved by the Board of Supervisors during the August 28, 2018 Board meeting, item 3.44. Introduction of the amendment was approved at the Board meeting of October 30, 2018.

**Impact on Residents and Businesses**

The purpose of Ordinance No. 533 is to provide for the coordination of disaster mitigation, preparation, response and recovery activities for the protection of persons and property within the County of Riverside. The amendment to the ordinance will improve flexibility and capacity for accomplishing these objectives.

**Additional Fiscal Information**

There are no additional administrative costs anticipated as the amendment to the ordinance would reconcile the ordinance, last updated by the Board of Supervisors on 6/22/10 (item 3.4), with the current Emergency Management Organization structure.

**Summary**

Riverside County Ordinance No. 533 provides for the administration of the Emergency Management Organization for the County of Riverside. Amending Ordinance No. 533 is necessary to reflect the changes in that organization and the County's Emergency Management Program. Ordinance No. 533.6 is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15061(b)(3) as it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. The proposed ordinance amendment merely updates and reflects the changes in the Emergency Management Organization and the County's Emergency Management Program. This is an administrative action to provide for procedures and coordination of efforts when an emergency occurs in the county.

**Impact on Residents and Businesses**

The purpose of Ordinance No. 533 is to provide for the coordination of disaster mitigation, preparation, response and recovery activities for the protection of persons and property within the County of Riverside.
