Tentative Tract Map No. 33225 was originally approved by the Planning Commission on June 28, 2006. It proceeded to the Board of Supervisors along with Change of Zone No. 7100 where both applications were approved on August 29, 2006.

The First and Second Extension of Time applications were approved by the Planning Commission on September 6, 2017.

The Planning Commission heard the third extension of time for Tentative Tract Map No. 33225 on November 7, 2018. The Planning Commission approved the project by a 4-0 vote (Commissioner Hake was absent).

State Bills

EFFECT OF Senate Bill No. 1185 (SB1185): On July 15, 2008, AB208 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 12 month extension on previously approved subdivision maps set to expire between July 15, 2008 and January 1, 2011.

EFFECT OF Assembly Bill No. 333 (AB333): On July 15, 2009, AB333 was signed into law, which grants a one-time extension to existing subdivision maps so developers can build immediately when the demand for housing goes up. It gives developers an automatic 24 month extension on previously approved subdivision maps set to expire between July 15, 2009 and January 1, 2012.

Riverside County Tentative Map Extensions

Pursuant to County of Riverside Ordinance No. 460 (Subdivision Regulations), Tentative Tract and Tentative Parcel Maps have an initial life-span approval of 3-years. Tentative Map extensions may be

granted, upon a timely filed extension request and include 2 separate, 3-year extensions, for a total Tentative Map life-span of 9-years. As a result, the total number years a map may be extended is 6 years.

On September 12, 2017, the Board of Supervisors adopted an amendment to Ordinance No. 460 (Subdivision Regulations), allowing for the 2 separate, 3-year extensions. Prior to the amendment, 5 separate, 1-year extensions, for a total Tentative Map life-span of 8-years, was permissible.

The 1st and 2nd extensions of time each granted 1 year for a total of 2 years. This, 3rd extension will grant another 3 years. The remaining number of years available to extend this tentative map after this approval will be 1 year and will expire on August 29, 2022.

Therefore, upon an approval action by the Planning Commission, subsequent receive and file action by the Board of Supervisors, and the conclusion of the 10-day appeal period, this Tentative Map's expiration date will become August 29, 2021. If a Final Map has not been recorded prior to this date, the next extension of time request must be filed 30-days prior to map expiration.

ENVIRONMENTAL REVIEW

The subject case has conformed to the requirements of the California Environmental Quality Act ("CEQA"), and all impacts have been analyzed in order to protect the public health, safety, and welfare. No changes to the approved map are proposed and as a result, no new environmental documentation is required prior to an Extension of Time approval.

Extension of Time Environmental Determination

Project Case Number: TR33225
Original E.A. Number: 39953
Extension of Time No.: 3rd EOT
Original Approval Date: August 29, 2006
Project Location: North of Simpson Rd, East of Leon Rd, South of Grand Ave, West of Von Euw Dr
Project Description: Schedule A - subdivision of 4.82 acres into 14 single family residential lots with a minimum lot size of 7,200 square feet.

On August 29, 2006, this Tentative Tract Map and its original environmental assessment/environmental impact report was reviewed to determine: 1) whether any significant or potentially significant changes in the original proposal have occurred; 2) whether its environmental conditions or circumstances affecting the proposed development have changed. As a result of this evaluation, the following determination has been made:

<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and the project's original conditions of approval.
<input checked="" type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, and there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME, because all potentially significant effects (a) have been adequately analyzed in an earlier EIR or Negative Declaration pursuant to applicable legal standards and (b) have been avoided or mitigated pursuant to that earlier EIR or Negative Declaration and revisions to the project's original conditions of approval which have been made and agreed to by the project proponent.
<input type="checkbox"/>	I find that there are one or more potentially significant environmental changes or other changes to the circumstances under which the project is undertaken, which the project's original conditions of approval may not address, and for which additional required mitigation measures and/or conditions of approval cannot be determined at this time. Therefore, AN ENVIRONMENTAL ASSESSMENT/INITIAL STUDY IS REQUIRED in-order to determine what additional mitigation measures and/or conditions of approval, if any, may be needed, and whether or not at least one of the conditions described in California Code of Regulations, Section 15162 (necessitating a Supplemental or Subsequent E.I.R.) exist. Additionally, the environmental assessment/initial study shall be used to determine WHETHER OR NOT THE EXTENSION OF TIME SHOULD BE RECOMMENDED FOR APPROVAL.
<input type="checkbox"/>	I find that the original project was determined to be exempt from CEQA, and the proposed project will not have a significant effect on the environment, therefore NO NEW ENVIRONMENTAL DOCUMENTATION IS REQUIRED PRIOR TO APPROVAL OF THE EXTENSION OF TIME.

RE: THIRD EXTENSION OF TIME REQUEST for TENTATIVE TRACT MAP No. 33225.

The County Planning Department has determined it necessary to recommend the addition of no new conditions of approval in order to be able to make a determination that the project does not adversely affect the general health, safety and welfare of the public.

██ This documentation will then be included in the staff report package.

If the addition of the conditions is not acceptable, please notify me so we can discuss your concerns. If the issue cannot be resolved, then I will direct you to contact the individual Department representative to discuss this matter further.

Once the conditions have been accepted, I will begin preparing the staff report package for a Planning Commission hearing as a consent item. County Ordinance requires that conditions added thru the extension of time process are presented to and accepted by the applicant. If you, the EOT applicant, is unable to accept these conditions, the Planning Department will recommend denial of this extension of time request. An opportunity will, if requested, be provided for arguments to be made to the hearing body justifying why this request should be approved without the recommended conditions of approval.

I am eager to move this case forward and continue the extension of time process. If you have not contacted me within thirty (30) days, I will begin preparing this case with a recommendation of denial. I need one of two items to proceed:

- 1) Correspondence from you, the EOT applicant, accepting the recommended conditions per the directions provided above; or,
- 2) Correspondence from you, the EOT applicant, advising me of the concerns with the recommended conditions. If the concern still exists after our discussion, then direction on how to approach the issue will be given and additional time will be provided until the issue is resolved.

If you have any questions, comments, or concerns regarding this email, please feel free to contact me as indicated below.
