BACKGROUND:

Summary

The Assessor, RCIT and Fire are looking to continue their existing relationship with Pictometry International Corp. ("Pictometry") and enter into the Los Angeles County External Entity Agreement with Pictometry (the "Agreement"), based on the substantive terms and conditions between Los Angeles County and Pictometry, to provide aerial imagery. This project will provide updates to the County's existing 2016 imagery for western Riverside County, the Coachella Valley and areas recently affected by fires in the San Jacinto Mountains and Cleveland National Forest.

Pictometry's aerial imagery technology integrates with the County of Riverside's new property tax system developed by Thomson-Reuters. Continuing the use of Pictometry mitigates the risk inherent to a new system integration. The Assessor's goal is to provide its appraisal staff the ability to perform accurate and efficient desktop appraisals and to support property valuations as mandated. Pictometry oblique imagery enables appraisal staff to perform virtual field visits, and quickly determine property characteristics, property condition, and locational attributes from the desk.

Additional benefits to the County include:

- Reduction in time and expense of field assessments and allocate staff resources more efficiently
- Ability to view properties with restricted or difficult access
- Ability to capture previously undetected taxable property changes in a region
- The improvement of communication during the appeal process using imagery

Additionally, Pictometry integrates with RCIT's "Map my County" application and provides imagery to countless maps and related mapping tools throughout the county.

The LAC External Entity Agreement has been approved by TSOC (Attached H-11), and approved as to form by County Counsel.

Impact on Citizens and Businesses

This Agreement will further assist appraisers with accurately appraising residential, commercial, and industrial properties and to support property valuations as mandated. Other departments including Survey, Flood, RCIT, Fire and Sheriff as well as Emergency Operations will use updated imagery in providing service to the public. The imagery is used within online information applications such as

STATE OF CALIFORNIA**

Map My County to better communicate properties and their surroundings. Also, this is a continued collaborative effort to pool resources by departments to obtain a product that can be used by multiple departments.

SUPPLEMENTAL:

Additional Fiscal Information

The Agreement with Pictometry is in the amount of \$414,298. The project is a total of 3300 sq. miles. Three departments are funding this project: The Assessor, RCIT and Fire. Funding will occur over two fiscal years with \$207,149 in Fiscal Year 18/19 and \$207,149 in Fiscal Year 19/20.

Contract History and Price Reasonableness

Pictometry has extended the same discounted pricing as per the Los Angeles County contract (LARIAC4).

On July 11, 2013, the County of Los Angeles (LAC) CIO released an open and competitive Request for Proposals (RFP) for Digital Aerial Data. Five (5) companies which, based on LAC's research and past contacts, provide Digital Aerial Data solutions, were notified of the RFP via direct E-mail. The RFP document was also posted as a contracting opportunity announcement on the LAC's "Doing Business with Us" Website. Eleven (11) companies that provide Digital Aerial Data attended a Mandatory Proposer's Conference on August 1, 2013.

Vendor Selection Process

Two (2) companies responded by the August 22, 2013 RFP submission deadline. In compliance with LAC Board Policies 5.054 (Los Angeles County's Evaluation Methodology for Proposals) and 5.055 (County of Los Angeles Services Contract Solicitation Protest Guidelines and Procurement Protocols), an evaluation committee, consisting of expert staff from various LAR-IAC participating agencies, performed a detailed assessment and evaluation of the proposals. It was determined by the evaluation committee that both proposals received met the LAC's minimum requirements and had the capability of providing the required work.

Following scoring of the proposals based on the evaluation criteria and guidelines, the evaluation committee recommended Pictometry for award based on the lowest cost and highest overall evaluation score. As part of its proposal, Pictometry also accepted all of the terms and conditions included in the Required Agreement attached to the RFP. The County of Los Angeles Board of Supervisors approved a four-year agreement with Pictometry on December 3, 2013 with the option to renew for two additional four-year terms. The County of Riverside will be utilizing the awarded contract pricing via the external entity agreement.

Description:

The Assessor-County Clerk-Recorder along with RCIT and Riverside County Fire are requesting the approval of the external agreement for Aerial Digital Imagery Database/Online Services and Licensed Products with Pictometry International Corporation.

The oblique imagery application supports (1) storage and viewing of images of a location from different compass directions; (2) measurement of elevation, structure height, and ground distance from oblique images; and (3) location of a site by Assessor Parcel Number or Owner Name.

Pictometry oblique imagery enables appraisal staff to perform virtual field visits, and quickly determine property characteristics, property condition, and locational attributes from the desk. The implementation of Pictometry's technology has led to better appraisals and a reduction in the number of appeals.

This purchase will allow update imagery for western Riverside County, the Coachella Valley and areas recently affected by fires in the San Jacinto Mountains and Cleveland National Forest.

Funding will occur over two fiscal years with \$207,149 in Fiscal Year 18/19 and \$207,149 in Fiscal Year 19/20. The cost will be split as follows:

Assessor-County Clerk-Recorder: \$210,298

RCIT: \$104,000

County Fire: \$100,000

STANDARD ORTHO MOSAIC PRODUCTS

Pictometry standard ortho mosaic products are produced through automated mosaicking processes that incorporate digital elevation data with individual Pictometry ortho frames to create large-area mosaics on an extremely cost-effective basis. Because these products are produced through automated processes, rather than more expensive manual review and hand-touched corrective processes, there may be inherent artifacts in some of the resulting mosaics. While Pictometry works to minimize such artifacts, the Pictometry standard ortho mosaic products are provided on an 'AS IS' basis with respect to visible cutlines along mosaic seams resulting from the following types of artifacts:

- Disconnects in non-elevated surfaces generally caused by inaccurate elevation data;
- Disconnects in elevated surfaces (e.g., roadways, bridges, etc.) generally caused by elevated surfaces not being represented in the elevation data;
- Building intersect and clipping generally caused by buildings not being represented in the elevation data;
- Seasonal variations caused by images taken at different times during a season, or during different seasons;
- Ground illumination variations caused by images taken under different illumination (e.g., sunny, high overcast, morning light, afternoon light, etc.) within one flight day or during different flight days;
- Single GSD color variations caused by illumination differences or multiple-aircraft/camera captures;
- Mixed GSD color variations caused by adjacent areas being flown at different ground sample distances (GSDs); and
- Water body color variations caused by multiple individual frames being used to create a mosaic across a body of water (e.g., lakes, ponds, rivers, etc.).

Other Pictometry products may be available that are less prone to such artifacts than the Pictometry standard ortho mosaic products.

RapidAccess—Disaster Response Program ("DRP")

Customer is eligible for DRP described below from the Effective Date through the second anniversary of the initial Project delivery. Following payment to Pictometry of amounts due with respect to each subsequent Project, Customer will be eligible for the then-current DRP for a period of two years from delivery of such subsequent Project. Customer must be in good-standing with Pictometry to maintain eligibility for DRP.

3. Approve and instruct the Chairman to execute Amendment No. 4 (Attachment B) to the existing Agreement No. 340290 between the County of Los Angeles and Dewberry & Davis Services Operations, Inc. (Dewberry & Davis) to acquire digital aerial data quality assurance/quality control, creation of certain images, and distribution of all Los Angeles Regional Imagery Consortium (LAR-IAC4) data products to the project participants. Amendment No. 4 will extend the existing Agreement No. 340290 term for one year following Board approval with two one-year options, at the County's discretion, and increase the maximum contract sum by \$500,951, from \$1,699,517 to \$2,200,468.

4. Approve the use of \$2 million from the Information Technology Fund (ITF) to encumber necessary funding and, if required, to ensure timely payment of invoices for each Agreement established to support LAR-IAC4. The requested funds will be returned to the ITF on receipt of committed funds from participating municipalities and other government agencies.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Approval of this Agreement will enable Pictometry to provide high resolution oblique imagery, orthogonal imagery, and building representations of the entire Los Angeles County region.

This imagery will be distributed to members of LAR-IAC, which was established in 2003, to significantly reduce the cost of this imagery for the entire County region by sharing acquisition and processing costs between the County and other public entities.

LAR-IAC has delivered highly accurate digital aerial images and elevation datasets to participants. The sharing of costs has saved participants an estimated \$14 million in acquisition costs since program inception. Seventy-four (74) cities, County departments, and agencies have benefited through these cost savings. These entities are listed in Attachment C.

The integration of high quality aerial imagery with Geographical Information Systems (GIS) has been demonstrated to significantly increase worker productivity, quality, and improved service to constituents. Orthogonal and oblique imagery and associated data allows users to zoom in on any parcel and see all sides of buildings to measure heights, look at structures from several different angles, find elevation from any point of the image, etc. The imagery is helping Departments in many activities especially with property assessment, facilities management, flood control, road design, planning, zoning activities, and zoning enforcement.

The County's Enterprise GIS Program will store and provide access to the data from the Central GIS Repository.

Performance Measures

The existing Agreement No. 340290 with Dewberry provides for detailed quality assurance and control services by a company with outside expertise to measure Pictometry's work performance on fifteen (15) deliverables outlined in the Agreement with Pictometry, which include, among others, project work plans, data quality and accuracy, delivery schedule, and success of online access methods.

Implementation of Strategic Plan Goals

LAR-IAC4 supports the following County Strategic Goals:

1. Service Excellence

The acquired imagery will assist in providing the public with personalized spatially specific information and direct services through Web-based spatially enabled imagery (land use, law enforcement, access to County service locations, etc.).

2. Workforce Excellence

Use of this imagery, combined with other data layers (parcel data, street networks, service boundaries, political boundaries, etc.), will allow the County workforce to make better decisions by adding a visual context to constituent issues and needs. Imagery will also provide information to correct errors in parcel, land use, and permit tabular data.

3. Organizational Effectiveness

The use of standardized imagery will introduce a common language tool to all County Departments and outside participating agencies to visualize the same land use issues in the same way through a common geospatial image and data layers. The service delivery systems are more efficient because the cost of the imagery and tools are shared and will allow participating Departments and agencies to concentrate on their core missions.

4. Fiscal Responsibility

By sharing the cost for acquiring this data, the County will save 40 percent over the cost of obtaining this necessary imagery independently.

FISCAL IMPACT/FINANCING

The maximum County obligation for the term of the Pictometry Agreement and Dewberry & Davis Amendment is \$2,261,095.85 and \$500,951 respectively, with the County's share to be reduced by the amounts contributed by the participating public entities. Each of the prior LAR-IAC acquisitions have resulted in a surplus which has been applied to reduce the cost of the next acquisition. A surplus of \$105,000 from LAR-IAC3 will be applied to LAR-IAC4. To date, the written and verbal expressions of interest received by the County from public entities interested in participating in the LAR-IAC4 will reduce the net County obligation to \$1.5 million (a 50 percent savings). County costs are included in departmental cost allocations from the Enterprise GIS Program; therefore, no additional County funds are required.

Bridge funding of \$2 million from the Information Technology Fund (ITF) has historically been authorized to ensure full funding of this program until such time that contributions have been received from participating public entities.

The LAR-IAC program is structured to require no additional Net County Costs.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

This Agreement with Pictometry will become effective upon its execution by your Board and will continue for the term of the initial phase of four (4) years. Initial deliveries of imagery are expected within the first month of flights, with final delivery anticipated by September 15, 2014.

The Pictometry Agreement includes options to extend the term of the contract up to three (3) times to acquire updated products in future LAR-IAC phases (LAR-IAC5, 6, and 7), with County Counsel approval and Board notification. Pricing for future LAR-IAC phases will be renegotiated under the

“Most Favored Public Entity” provision under the Agreement.

The Agreement contains all the latest Board-mandated provisions, such as the Federal Earned Income Tax Credit, Consideration of GAIN/GROW Program Participants for Employment, Compliance with Jury Service Program, Defaulted Property Tax Reduction Program, Safely Surrendered Baby Law and Prohibition against Assignment and Delegation.

The Agreement also contains all applicable provisions to protect the County in the event of delayed or deficient performance and/or breach of warranties, including credits for delayed performance, warranties, and intellectual property indemnification.

This Agreement has been reviewed and approved as to form by County Counsel.

CONTRACTING PROCESS

On July 11, 2013, CIO released an open and competitive Request for Proposals (RFP) for Digital Aerial Data. Five (5) companies which, based on County's research and past contacts, provide Digital Aerial Data solutions, were notified of the RFP via direct E-mail. The RFP document was also posted as a contracting opportunity announcement on the County's "Doing Business with Us" Website. Eleven (11) companies that provide Digital Aerial Data attended a Mandatory Proposer's Conference on August 1, 2013.

Vendor Selection Process

Two (2) companies responded by the August 22, 2013 RFP submission deadline. In compliance with the Board Policies 5.054 (County's Evaluation Methodology for Proposals) and 5.055 (Services Contract Solicitation Protest Guidelines and Procurement Protocols), an evaluation committee, consisting of expert staff from various LAR-IAC participating agencies, performed a detailed assessment and evaluation of the proposals. It was determined by the evaluation committee that both of the proposals received met the County's minimum requirements and had the capability of providing the required work.

Following scoring of the proposals based on the evaluation criteria and guidelines, the evaluation committee recommended Pictometry for award based on the lowest cost and highest overall evaluation score. As part of its proposal, Pictometry also accepted all of the terms and conditions included in the Required Agreement attached to the RFP.

The non-selected proposer was notified per County guidelines on September 9, 2013, subsequent to which the vendor requested a debriefing. The debriefing was held via Web conference on September 13, 2013; but non-selected proposer did not file a formal protest.

This Agreement is not a Proposition A contract and is, therefore, not subject to the requirements of the Living Wage Program (County Code Chapter 2.201).

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The acquisition of updated Digital Aerial Data as part of LAR-IAC4 will achieve the following benefits:

- Cost savings: 40 percent on imagery acquisition costs based on the collaboration with other public entities, volume discount pricing and cost-sharing through the joint acquisition strategy.
- Cost savings: 50-75 percent reduction in the indirect costs associated with the legal and procurement process by eliminating multiple procurements of the same product.
- Increased worker productivity: High levels of precision in digital aerial imagery tools will reduce time spent on site visits and provide a more comprehensive view of land use issues.
- Enhanced decision support: Digital imagery will aid in understanding and providing a context to constituent issues regarding land use issues at Board meetings, community meetings, hearings, etc.
- Service enhancement: Unifying digital aerial imagery will improve communication among all Los Angeles County government entities.
- Service enhancement: Integration of digital aerial imagery with GIS parcel databases and other GIS layers will provide a better context for improving the decision-making process.
- Future cost avoidance: Elimination of multiple acquisitions from agencies for the same area.

CONCLUSION

The approval of this Agreement will allow LAR-IAC to move forward with the acquisition and deployment of oblique imagery, orthogonal imagery and updated building representations, and achieve the goal of cost saving and increased benefits to our constituents through meaningful public agency collaboration and partnerships.

Upon your Board's approval, it is requested that the Executive Officer-Clerk of the Board return one Adopted stamped copy of the Board letter and three executed copies of the Agreement and Amendment No. 4 to the Chief Information Officer for further processing.

Respectfully submitted,

6.3 ACCEPTANCE

6.3.1 ACCEPTANCE CRITERIA

The Deliverables submitted by Contractor under this Agreement shall reach "Acceptance" and shall be deemed "Accepted" by County if they pass the quality control and acceptance criteria (hereinafter "Acceptance Criteria") set forth in the applicable Statement of Work. County will use reasonable commercial efforts for providing such Acceptance within thirty (30) days of Delivery. Upon Acceptance by County of Licensed Data, County will pay Contractor in accordance with the applicable Schedule of Payments. In the event County does not accept all Licensed Data, County shall not pay Contractor. In such event, Contractor shall return to County all of the money paid for the Work under the Agreement, including such Licensed Data, and County shall destroy on its computers and return to

Contractor any hard copies and electronic media with the Licensed Products, including such Licensed Data.

6.3.2 CORRECTION OF DEFICIENCIES

County will evaluate the Data provided by Contractor pursuant to the applicable Statement of Work and identify any Deficient Data that did not meet the applicable Acceptance Criteria. Upon evaluation and such determination, County will identify the Data components that it requires to be replaced by re-flying, reprocessing, redevelopment and/or redelivery. Contractor shall replace all Deficient Data identified by County within Ninety (90) days from Delivery by Contractor of Data under the applicable Statement of Work (hereinafter "Warranty Period").

6.3.3 FINAL ACCEPTANCE

For the purpose of this Agreement, "Final Acceptance" shall be achieved upon County's written approval of the applicable Final Acceptance Deliverable under the applicable Statement of Work in accordance with the Acceptance Criteria set forth in Paragraph 6.3.1 (Acceptance Criteria) above.

6.4 CREDITS FOR DELAYS

Contractor agrees that delayed performance by Contractor will cause damages to County, which are uncertain and would be impracticable or extremely difficult to ascertain in advance. Contractor further agrees that, in conformity with California Civil Code Section 1671, Contractor shall be liable to County for liquidated damages in the form of credits, as specified in this Paragraph 6.4 below, as a fair and reasonable estimate of such damages. Any amount of such damages is not and shall not be construed as penalty and, when assessed, will be deducted from County's payment that is due.

In the event Contractor, or any subcontractor thereof, fails to achieve Final Acceptance with respect to Data by the applicable due date set forth in the applicable Schedule of Payments, County shall be entitled to credit (hereinafter "Delay Credit") in the amount of Seven Hundred Fifty Dollars (\$750.00) for each day that Contractor, or any subcontractor thereof, delays such Final Acceptance beyond the applicable due date, provided that the total of all such Delay Credits shall be limited to twenty percent (20%) of the total of the costs for Data capture and processing for all Data Types. County may deduct any credits assessed pursuant to this Paragraph 13.2 from any payments otherwise due to Contractor under this Agreement. A determination whether County shall assess credits due to it pursuant to this Paragraph 6.4 shall be made by County's Project Manager in his/her reasonable discretion.

A Deliverable shall be deemed completed for purposes of this Paragraph 6.4 and Paragraph 6.5 (Termination) on the earliest date that all of the tasks, subtasks, deliverables, goods, services and other Work required for the completion of such Deliverable are completed and delivered to County, provided that all of such tasks, subtasks, deliverables, goods, services and other Work required for the completion of such Deliverable are thereafter approved in writing by County pursuant to Paragraph 2.4 (Approval of Work) without prior rejection by County or significant delay in County's approval thereof, which delay is the result of Contractor's failure to deliver such tasks, subtasks, deliverables, goods, services and other Work in accordance with the terms hereof. For purposes of this Paragraph 6.4 and Paragraph 6.5 (Termination), the determination of whether a Deliverable has been so completed and is so approved, and of the date upon which such Deliverable was completed, shall be made by County's Project Director as soon as practicable after County is informed by Contractor that

such Deliverable has been completed and is given all the necessary information, data and documentation to verify such completion.

If a Deliverable delay is caused solely by insufficient number of flying days under acceptable conditions described in the applicable Statement of Work, the due dates in the applicable Schedule of Payments starting from the affected Deliverable may be extended by the parties by the number of days the flying period under such acceptable flying conditions is short as compared to the flying period allocated for such Deliverable.

6.5 TERMINATION

In addition to the foregoing provisions of Paragraph 6.4 (Credits for Delays), if any Key Deliverable is not completed within thirty (30) days after the applicable Due Date, and thereafter approved in writing by County pursuant to Paragraph 2.4 (Approval of Work), other than as a result of delays caused by acts or omissions of County as determined by Director in his/her reasonable judgment, and unless County's Project Director and Contractor's Project Director have otherwise agreed in writing prior to such date scheduled for completion, then County may, upon notice to Contractor, terminate this Agreement for default in accordance with Paragraph 20 (Termination for Default) or for convenience in accordance with Paragraph 21 (Termination for Convenience), as determined in the sole discretion of County, subject to the cure provisions set forth in Paragraph 20 (Termination for Default).

7. TERM

7.1 INITIAL TERM

The term of this Agreement shall commence upon the Effective Date and shall continue for up to four (4) years, unless sooner terminated or extended, in whole or in part, as provided in this Agreement (hereinafter "Initial Term" or "Initial Phase").

7.2 EXTENDED TERM

Prior to termination or other expiration of the Initial Phase or any Additional Phase, as applicable, County may, by an Amendment to the Agreement, extend the term of the Agreement for a maximum of four (4) additional years (hereinafter "Additional Phase") up to three (3) times past the Initial Phase (hereinafter "Extended Term") pursuant to Paragraph 4.3 (Amendments) above, subject to, among others, County's right to terminate earlier for convenience, non-appropriation of funds, default of Contractor, substandard performance of Contractor, non-responsibility of Contractor and any other term or condition of the Agreement providing for early termination of the Agreement by County. If County elects not to exercise its option to extend at the end of the Initial Phase or any Additional Phase, as applicable, the remaining option(s) shall automatically lapse.

7.3 DEFINITION OF TERM

As used throughout this Agreement, the word "term" when referring to the term of the Agreement shall include the Initial Term and the Extended Term, to the extent County exercises any of its options pursuant to this Paragraph 6.4.

7.4 NOTICE OF EXPIRATION

Contractor shall notify County when this Agreement is within six (6) months from the expiration of the Initial Term. Upon occurrence of this event, Contractor shall send written notification to County's Project Director at the address set forth in Exhibit D (Administration

of Agreement – County).

8. PAYMENT TERMS

8.1 MAXIMUM CONTRACT SUM

The Contract Sum under this Agreement shall be the total monetary amount payable by County to Contractor for supplying all the tasks, subtasks, deliverables, goods, services and other Work required or requested by County under this Agreement. Upon occurrence of this event, Contractor shall provide written notification to County's Project Director at the address set forth in Exhibit D (Administration of Agreement – County).

8.3 NON-APPROPRIATION OF FUNDS

County's obligation may be limited if it is payable only and solely from funds appropriated for the purpose of this Agreement. Notwithstanding any other provision of this Agreement, County shall not be obligated for Contractor's performance hereunder or by any provision of this Agreement during any of County's future fiscal years unless and until County's Board of Supervisors appropriates funds for this Agreement in County's budget for each such future fiscal year. In the event that funds are not appropriated for this Agreement, then County shall, at its sole discretion, either (i) terminate this Agreement as of June 30 of the last fiscal year for which funds were appropriated or (ii) reduce the Work provided hereunder in accordance with the funds appropriated, as mutually agreed to by the parties. County will notify Contractor in writing of any such non-appropriation of funds at its election at the earliest possible date.

8.4 COUNTY'S OBLIGATION FOR FUTURE FISCAL YEARS

In the event that County's Board of Supervisors adopts, in any fiscal year, a County Budget which provides for the reductions in the salaries and benefits paid to the majority of County employees and imposes similar reductions with respect to County contracts, County reserves the right to reduce its payment obligation under this Agreement correspondingly for that fiscal year and any subsequent fiscal year during the term of this Agreement (including any extensions), and the Work to be provided by Contractor under this Agreement shall also be reduced correspondingly. County's notice to the Contractor regarding said reduction in payment obligations shall be provided within thirty (30) calendar days of the Board of Supervisors' approval of such actions. Except as set forth in this Paragraph 8.4 above, Contractor shall continue to provide all other Work set forth in this Agreement.

County's Project Director will review each invoice for any discrepancies and will, within thirty (30) days of receipt thereof, notify Contractor in writing of any discrepancies found upon such review and submit a list of disputed charges. Contractor shall review the disputed charges and send a written explanation detailing the basis for the charges within thirty (30) days of receipt of County's notice of discrepancies and disputed charges. If County's Project Director does not receive a written explanation for the charges within such thirty (30) day period, Contractor shall be deemed to have waived its right to justify the original invoice amount, and County, in its sole discretion, shall determine the amount due, if any, to

Contractor and pay such amount in satisfaction of the disputed invoice, subject to the Dispute Resolution Procedure.

9.5 **COUNTY'S RIGHT TO WITHHOLD PAYMENT**

Contractor shall obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.

14.3.6 DEDUCTIBLES AND SELF-INSURED RETENTIONS (SIRs)

Contractor's policies shall not obligate County to pay any portion of any Contractor deductible or SIR. County retains the right to require Contractor to reduce or eliminate policy deductibles and SIRs as respects County or to provide a bond guaranteeing

Automobiles and mobile equipment shall be insured for their actual cash value. Real property and all other personal property shall be insured for their full replacement value.

14.5 FAILURE TO MAINTAIN COVERAGE

Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Agreement, upon which County immediately may withhold payments due to Contractor and/or suspend or terminate this Agreement. County, at its sole discretion, may obtain damages from Contractor resulting from such breach. Alternatively, County may purchase the required insurance coverage and, without further notice to Contractor, deduct from sums due to Contractor any premium costs advanced by County for such insurance.

15. **INTELLECTUAL PROPERTY WARRANTY AND INDEMNIFICATION**

- 15.1 Contractor represents and warrants: (i) that Contractor has the full power and authority to grant the License, ownership and all other rights granted by this Agreement to County and the Authorized Entities; (ii) that no consent of any other person or entity is required by Contractor to grant such rights other than consents that have been obtained and are in effect; (iii) that County and the Authorized Entities are entitled to use the Licensed Products without interruption, subject only to County's obligation to make the required payments and observe the License terms under this Agreement; (iv) that this Agreement and the Licensed Products are neither subject to any liens, encumbrances or pledges, nor subordinate to any right or claim of any third party, including Contractor's creditors; (v) that during the term of this Agreement, Contractor shall not subordinate this Agreement or any of its rights hereunder to any third party without the prior written consent of County, and without providing in such subordination instrument for non-disturbance of County's and Authorized Entities' use of Licensed Products in accordance with this Agreement; and (vi) that neither the performance

of this Agreement by Contractor, nor the License to or ownership by, and use by, County, Authorized Entities and Users of the Licensed Products in accordance with this Agreement will in any way violate any non-disclosure agreement, nor constitute any infringement or other violation of any copyright, trade secret, trademark, service mark, patent, invention, proprietary information, or other rights of any third party.

- 15.2 Notwithstanding any provision to the contrary, whether expressly or by implication, Contractor shall indemnify, defend, and hold harmless the County, its Special Districts, elected and approved officers, employees, agents and volunteers (hereinafter collectively for purposes of this Paragraph 13 "County") from and against any and all liability, including but not limited to demands, claims, actions, fees, damages, costs, and expenses (including attorneys and expert witness fees) arising from any alleged or actual infringement of any third party's patent or copyright, or any alleged or actual unauthorized trade secret disclosure, arising from or related to this Agreement and/or the operation and use of Licensed Products (hereinafter collectively for purposes of this Paragraph 13 "Infringement Claim(s)").

Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph 15.2 shall be conducted by Contractor and performed by counsel selected by Contractor. County shall provide Contractor with information, reasonable assistance, and authority to defend or settle the claim. Notwithstanding the foregoing, County shall have the right to participate in any such defense at its sole cost and expense.

- 15.3 County shall notify Contractor, in writing, as soon as practicable of any claim or action alleging such infringement or unauthorized disclosure. Upon such notice by County, Contractor shall, at no cost to County, as remedial measures, either: (i) procure the right, by license or otherwise, for County to continue to use the Licensed Product or affected component(s) thereof to the same extent of County's License or ownership rights under this Agreement; or (ii) to the extent procuring such right to use Licensed Product is not commercially reasonable, replace or modify the Licensed Product or component(s) thereof with another product or component(s) thereof of at least equivalent quality and performance capabilities until the Licensed Product and all components thereof become non-infringing, non-misappropriating and non-disclosing (hereinafter collectively for purposes of this Paragraph 15.3 "Remedial Act(s)").

- 15.4 If, after due diligence, Contractor fails to complete the Remedial Measures in Paragraph 15.3 above, County shall have the right to take such remedial measures it deems reasonable to mitigate any impairment of its use of the Licensed Products or any component(s) thereof or damages or other costs or expenses associated with the infringement claim(s). Contractor shall reimburse County for all amounts paid and all direct costs associated with such remedial measures by County. Failure by Contractor to pay such amounts and costs within thirty (30) days of invoice by County shall, in addition to, and cumulative to all other remedies, entitle County to immediately withhold payments due to Contractor under this Agreement up to the total of the amounts and costs paid in connection with such remedial measures by County. In the alternative, if elected by County, Contractor shall terminate the License for the allegedly infringing Licensed Products and return all License fees paid by County for such Licensed Products or terminate this Agreement for default pursuant to Paragraph 20 (Termination for Default).

16. PROPRIETARY CONSIDERATIONS

16.1 COUNTY MATERIALS

Contractor and County agree that all materials, plans, reports, Project Schedule, Project Work Plan, documentation and training materials developed by or solely for County, departmental procedures and processes, algorithms and any other information provided by County or specifically provided by Contractor for County pursuant to this Agreement, excluding the Contractor's Proprietary Rights and Software provided by Contractor and related Documentation (hereinafter collectively "County Materials"), and all copyrights, patent rights, trade secret rights and other proprietary rights therein shall be the sole property of County. Contractor hereby assigns and transfers to County all of Contractor's right, title, and interest in and to all such County Materials, provided that notwithstanding such County ownership, Contractor may retain possession of all working papers prepared by Contractor. During and for a minimum of five (5) years subsequent to the term of this Agreement, Contractor shall retain any and all such working papers. County shall have the right to inspect any and all such working papers, make copies thereof, and use the working papers and the information contained therein.

Upon request of County, Contractor shall execute all documents requested by County and shall perform all other reasonable acts requested by County to assign and transfer to, and vest in, County all Contractor's right, title and interest in and to the County Materials, including, but not limited to, all copyright, patent and trade secret rights. County shall have the right to register all copyrights and patents in the name of County of Los Angeles. All material expense of effecting such assignment and transfer of rights shall be borne by County. Further, County shall have the right to assign, license or otherwise transfer any and all County's right, title and interest, including, but not limited to, copyrights and patents, in and to the County Materials.

16.2 CONTRACTOR RIGHTS

16.2.1 PROPRIETARY RIGHTS

The Licensed Products and Licensed Services are owned by Contractor or its licensor(s) and are protected by the United States Laws and applicable international laws, treaties and convention regarding intellectual property or propriety rights. From the date of receipt, County agrees to use reasonable effort to protect the Licensed Products and Licensed Services from unauthorized use, reproduction, distribution or publication. The parties acknowledge and agree that Contractor shall have and retain sole and exclusive ownership and all right, title and interest in and to all such Licensed Products, Licensed Services and all copyrights, patents, and other proprietary rights in or associated with each of the Licensed Products and Licensed Services (hereinafter "Proprietary Rights"). Contractor and its licensor(s) retain all rights, title and ownership not granted herein to all copies of such Licensed Products and Licensed Services. All rights to Licensed Products and Licensed Services not specifically granted in this Agreement are reserved to Contractor and its licensor(s).

Should use of Licensed Products or Licensed Services as provided in Paragraph 10 (License) involve the use or practice of any patent, copyright, trade secret, trademark or other proprietary information in which Contractor has an interest, Contractor, on behalf of itself and its assignees and successors, agrees not to assert a claim for patent, copyright, trade secret, trademark or other proprietary information infringement against County, any

Authorized Entity or any User provided use of such Licensed Products and Licensed Services is in accordance with this Agreement.

Notwithstanding the foregoing, County and the Authorized Entities have the rights to such Licensed Products and Licensed Services as granted by the provisions of Paragraph 10 (License).

16.2.2 USE OF CONTRACTOR'S MARKS

County acknowledges that Contractor owns and retains all ownership rights in trademarks, trade names, logos and designations used by Contractor in connection with the Licensed Products and Licensed Services. County agrees not to attach any additional trademarks, trade names, logos or designations to any Contractor product or to any copies of any of the Licensed Data. An Authorized Entity may, however, include its seal and appropriate contact information so long as these annotations in no way obscure or deface Contractor marks. County further agrees that it will not use any Contractor trademark, trade name, logo or designation in connection with any product or service other than the Licensed Data, Licensed Products or Licensed Services.

16.2.3 CONFIDENTIALITY OF LICENSED PRODUCTS AND LICENSED SERVICES

The Licensed Products and Licensed Services owned by Contractor or its licensor(s) are commercially valuable, proprietary products, the design and development of which reflect the effort of skilled development technicians and the investment of considerable time and money. The Licensed Products and Licensed Services are treated by Contractor as confidential and may contain trade secrets of Contractor. Contractor is entrusting these trade secrets to County in confidence for the Authorized Entities' use so that the Authorized Entities may exercise their rights under the License and for no other purpose.

County shall protect the security and keep confidential, to the extent possible, as permitted by law, the Licensed Products and Licensed Services that are proprietary and/or confidential to Contractor. County agrees not to reproduce, distribute or disclose to any non-Authorized Entity any such Licensed Products or Licensed Services that are proprietary and/or confidential without the written consent of Contractor, except as required by law or as specifically permitted pursuant to this Agreement.

Notwithstanding the foregoing, an Authorized Entity may reproduce, distribute and disclose such proprietary and confidential Licensed Products or Licensed Services without Contractor's written consent to and among contractors or consultants of such Authorized Entity which are using these Licensed Products or Licensed Services to perform work on the Authorized Entity's projects, provided that each the Authorized Entity acquires consent of contractors or consultants to the confidentiality and non-disclosure obligations hereunder. It is expressly agreed that County may reproduce, distribute and disclose such proprietary and confidential Licensed Products and Licensed Services without Contractor's written consent to and among County's non-Authorized Departments. In addition, the Authorized Departments may use the Licensed Products or Licensed Services for the benefit of, or to meet the needs of, County's non-Authorized Departments if such use is within the Authorized Department's normal course of operation.

16.3 COUNTY DATA

All data and information provided by County to Contractor under this Agreement, including the data described in Section 1.6 (County Obligations) of the applicable Statement of Work (hereinafter "County Data"), shall be used by Contractor solely for processing Data and

performing its obligations under the Agreement. Upon completion of Work under this Agreement, Contractor shall permanently delete all County Data from all of its systems and shall return the original media back to County. During the term of this Agreement and thereafter, Contractor shall not resell, copy or otherwise distribute by any means any of County Data. Notwithstanding the foregoing, County makes no representations regarding the accuracy or ownership of such County Data, except that County shall not hold Contractor liable for any product deficiencies directly caused by County Data.

16.4 PROPRIETARY AND CONFIDENTIAL

Any and all County Materials which are developed or were originally acquired by Contractor outside the scope of this Agreement, which Contractor desires to use hereunder, and which Contractor considers to be proprietary or confidential, must be specifically identified by Contractor to County's Project Director as proprietary or confidential, and shall be plainly and prominently marked by Contractor as "PROPRIETARY" or "CONFIDENTIAL", if applicable.

Notwithstanding any other provision of this Agreement, County shall not be obligated in any way under this Agreement for:

1. Any disclosure of any materials which County is required to make under the California Public Records Act or otherwise by law; or
2. Any Contractor's proprietary and/or confidential materials not plainly and prominently marked with restrictive legends.

17. **DISCLOSURE OF INFORMATION**

17.1 DISCLOSURE OF AGREEMENT

Contractor shall not disclose any terms or conditions of, or any circumstances or events that occur during the performance of, this Agreement to any person or entity except as may be otherwise provided herein or required by law. In the event Contractor receives any court or administrative agency order, service of process, or request by any person or entity (other than Contractor's professionals) for disclosure of any such details, Contractor shall, to the extent allowed by law or such order, promptly notify County's Project Director. Thereafter, Contractor shall comply with such order, process or request only to the extent required by applicable law. Notwithstanding the preceding sentence, to the extent permitted by law, Contractor shall delay such compliance and cooperate with County to obtain relief from such obligations to disclose until County shall have been given a reasonable opportunity to obtain such relief.

However, in recognizing Contractor's need to identify its services and related clients to sustain itself, County shall not inhibit Contractor from publicizing its role under this Agreement under the following conditions:

1. Contractor shall develop all publicity material in a professional manner.
2. During the term of this Agreement, Contractor shall not, and shall not authorize another to, publish or disseminate any commercial advertisements, press releases, feature articles, or other materials using the name of County without the prior written consent of County's Project Director for each such item.

Contractor may, without the prior written consent of County, indicate in its proposals and sales materials that it has been awarded this Agreement with the County of Los Angeles,

provided that the requirements of this Paragraph 17 shall apply.

17.2 REQUIRED DISCLOSURE

Notwithstanding any other provision of this Agreement, either party may disclose information about the other that: (i) is lawfully in the public domain at the time of disclosure; (ii) is disclosed with the prior written approval of the party to which such information pertains; or (iii) is required by law to be disclosed.

18. **CONFIDENTIALITY AND SECURITY**

18.1 CONFIDENTIALITY

18.1.1 CONFIDENTIAL INFORMATION

Contractor shall protect, secure and keep confidential all records, materials, documents, data and/or other information, including, but not limited to, billing and sensitive financial information, County records, data and information, County Materials, County Data and any other data, records and information, received, obtained and/or produced under the provisions of this Agreement (hereinafter "Confidential Information"), in accordance with the terms of this Agreement and all applicable Federal, State or local laws, regulations, ordinances, and publicly known guidelines and directives relating to confidentiality. As used in this Agreement, the term "Confidential Information" shall also include records, materials, data and information deemed confidential by County or the applicable law under Paragraph 3.6 (Rules and Regulations). Contractor shall use whatever appropriate security measures are necessary to protect such Confidential Information from loss, damage and/or unauthorized dissemination by any cause, including but not limited to fire and theft.

Contractor shall inform all of its officers, employees, agents and subcontractors providing Work hereunder of the confidentiality provisions of this Agreement. Contractor shall ensure that all of its officers, employees, agents and subcontractors performing Work hereunder have entered into confidentiality agreements no less protective of County than the terms of this Agreement, including this Paragraph 18 and Exhibit G (Confidentiality and Assignment Agreement).

18.1.2 DISCLOSURE

With respect to any of County's Confidential Information or any other records, materials, data or information that is obtained by Contractor (hereinafter collectively for purposes of this Paragraph 18.1.2 "information"), Contractor shall: (i) not use any such information for any purpose whatsoever other than carrying out the express terms of this Agreement; (ii) promptly transmit to County all requests for disclosure of any such information; (iii) not disclose, except as otherwise specifically permitted by this Agreement, any such information to any person or organization other than County without County's prior written authorization that the information is releasable; and (iv) at the expiration or termination of this Agreement, return all such information to County or maintain such information according to the written procedures provided to Contractor by County for this purpose.

18.1.3 INDEMNIFICATION

Notwithstanding any provision of this Agreement to the contrary, whether expressly or by implication, Contractor shall indemnify, defend and hold harmless County, its officers, employees, agents and volunteers from and against any and all loss, damage, liability and expense, including, but not limited to, defense costs and reasonable legal, accounting and other expert, consulting or professional fees, arising from any disclosure of such records and

information by Contractor, its officers, employees, or agents, except for any disclosure authorized by this Paragraph 18.

18.2 SECURITY

Notwithstanding anything to the contrary herein, Contractor shall provide all Work utilizing security technologies and techniques in accordance with the industry standards, Contractor's best practices and applicable County security policies, procedures and requirements provided by County to Contractor in writing or otherwise as required by law, including those relating to the prevention and detection of fraud or other inappropriate use or access of systems and networks. Without limiting the generality of the foregoing, Contractor shall implement and use network management and maintenance applications and tools and fraud prevention and detection and encryption technologies and prevent the introduction of any Disabling Device into any County or Authorized Entity system. In no event shall Contractor's actions or inaction result in any situation that is less secure than the security that Contractor then provides for its own systems and data.

18.3 REMEDIES

Contractor acknowledges that a breach by Contractor of this Paragraph 18 may result in irreparable injury to County that may not be adequately compensated by monetary damages and that, in addition to County's other rights under this Paragraph 18 and at law and in equity, County shall have the right to seek injunctive relief to enforce the provisions of this Paragraph 18. The provisions of this Paragraph 18 shall survive the expiration of termination of this Agreement.

19. **PROHIBITION AGAINST ASSIGNMENT AND DELEGATION**

19.1 Contractor shall not assign its rights and/or delegate its duties under this Agreement, whether in whole or in part, without the prior written consent of County, and any attempted assignment and/or delegation without such consent shall be null and void. County may exercise or withhold consent in its sole discretion. No assignment and/or delegation shall be effective unless and until there is a duly-executed, written amendment to this Agreement. Any payments by County to any approved delegate or assignee on any claim under this Agreement shall be deductible, at County's sole discretion, against the claims, which the Contractor may have against County.

19.2 Shareholders, partners, members, or other equity holders of Contractor may transfer, sell, exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange, assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of the Agreement, such disposition is an assignment requiring the prior consent of County in accordance with the applicable provisions of this Agreement.

19.3 Any assumption, assignment, delegation, or takeover of any of Contractor's duties, responsibilities, obligations, or performance of same by any entity other than Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without County's express written approval shall be a material breach of the Agreement which may result in the termination of this Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

20. TERMINATION FOR DEFAULT

- 20.1 County may, by written notice to Contractor, terminate the whole or any part of this Agreement if:
1. Contractor fails to timely provide and/or satisfactorily perform any task, subtask, deliverable, goods, service or other Work within the times specified in this Agreement; or
 2. Contractor fails to demonstrate a high probability of timely fulfillment of the performance requirements under this Agreement; or
 3. Contractor fails to make progress as to endanger performance of this Agreement in accordance with its terms; or
 4. Contractor in performance of Work under the Agreement fails to comply with the requirements of this Agreement, including but not limited to the Scope of Work and the Specifications; or
 5. Contractor fails to perform or comply with any other provisions of this Agreement or materially breaches this Agreement;

and, unless a shorter cure period is expressly provided in this Agreement, does not cure such failure or fails to correct such failure or breach within thirty (30) days (or such longer period as County may authorize in writing) of receipt of written notice from County specifying such failure or breach, except that Contractor shall not be entitled to any cure period, and County may terminate immediately, in the event that Contractor's failure to perform or comply is not reasonably capable of being cured.

- 20.2 If, after County has given notice of termination under the provisions of this Paragraph 20, it is determined by County that Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Paragraph 21 (Termination for Convenience).
- 20.3 The rights and remedies of County provided in this Paragraph 20 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

21. TERMINATION FOR CONVENIENCE

- 21.1 This Agreement may be terminated, in whole or in part, permanently or from time to time, when such action is deemed by County to be in its best interest. Termination of Work hereunder shall be effected by notice of termination to Contractor specifying the extent to which performance of Work is terminated and the date upon which such termination becomes effective, which shall be no less than thirty (30) calendar days after the notice is sent. In the event County has purported to terminate this Agreement for default by notice pursuant to Paragraph 20 (Termination for Default) and it has later been determined that Contractor was not in default, no additional notice shall be required upon such determination.
- 21.2 After receipt of a notice of termination, Contractor shall submit to County, in the form and with any certifications as may be prescribed by County, Contractor's termination claim and invoice. Such claim and invoice shall be submitted promptly in accordance with Paragraph 24 (Effect of Termination).

22. TERMINATION FOR IMPROPER CONSIDERATION

- 22.1 County may, by written notice to Contractor, immediately terminate the right of Contractor to proceed under this Agreement if it is found that consideration, in any form, was offered or

given by Contractor, either directly or through an intermediary, to any County officer, employee or agent with the intent of securing this Agreement or securing favorable treatment with respect to the award, Amendment or extension of the Agreement or the making of any determinations with respect to Contractor's performance pursuant to this Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.

22.2 Contractor shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to County manager charged with the supervision of the employee or to County's Auditor-Controller Employee Fraud Hotline at (213) 974-0914 or (800) 544-6861.

22.3 Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

23. TERMINATION FOR INSOLVENCY

23.1 County may terminate this Agreement immediately at any time upon the occurrence of any of the following:

1. *Insolvency of Contractor.* Contractor shall be deemed to be insolvent if it has ceased to pay or has admitted in writing its inability to pay its debts for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the United States Bankruptcy Code and whether or not Contractor is insolvent within the meaning of the United States Bankruptcy Code, provided that Contractor shall not be deemed insolvent if it has ceased in the normal course of business to pay its debts which are disputed in good faith and which are not related to this Agreement as determined by County;
2. The filing of a voluntary or involuntary petition to have Contractor declared bankrupt, where the involuntary petition is not dismissed within sixty (60) days;
3. The appointment of a receiver or trustee for Contractor; or
4. The execution by Contractor of an assignment for the benefit of creditors.

23.2 The rights and remedies of County provided in this Paragraph 23 shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Agreement.

23.3 Contractor agrees that if Contractor as a debtor-in-possession, or if a trustee in bankruptcy, rejects this Agreement, County may elect to retain its rights under this Agreement, as provided under Section 365(n) of the United States Bankruptcy Code (11 United States Code, Section 365(n)). Upon written request of County to Contractor or the trustee in bankruptcy, as applicable, Contractor or such trustee shall allow County to exercise all of its rights and benefits under this Agreement including, without limitation, such Section 365(n) (including, without limitation, the right to continued use of all Licensed Products and related Documentation in accordance with the terms Paragraph 10 (License)), and shall not interfere with the rights and benefits of County as provided therein. The foregoing shall survive the termination or expiration of this Agreement for any reason whatsoever.

24. EFFECT OF TERMINATION OR EXPIRATION

In the event that County, upon notice to Contractor, terminates this Agreement in whole or in part as provided herein, then:

1. County shall have the right to use the Licensed Products in perpetuity and enjoy other

rights thereto granted hereunder, including Paragraph 10 (License).

2. Contractor and County shall continue the performance of this Agreement to the extent not terminated;
3. Contractor shall stop Work under this Agreement on the date and to the extent specified in such notice and provide to County all completed Work and Work in progress in a media reasonably requested by County;
4. Contractor shall promptly return to County any and all Confidential Information, including County Data and County Materials, that relate to that portion of the Agreement and Work terminated by County;
5. County shall pay Contractor all monies due in accordance with the terms of the Agreement for the Work completed up to the time of termination;

25. INDEPENDENT CONTRACTOR STATUS

- 25.1 This Agreement is not intended to, and shall not be construed to, create the relationship of agent, servant, employee, partnership, joint venture or association as between County and Contractor. The employees and agents of one party are not and shall not be, or construed to be, the employees or agents of the other party for any purpose whatsoever. Contractor shall function as, and in all respects is, an independent Contractor.
- 25.2 Contractor shall be solely liable and responsible for providing all workers' compensation insurance and benefits, liability insurance, employer taxes, compensation, and benefits to, or on behalf of, all persons performing Work pursuant to this Agreement. County shall have no liability or responsibility for the payment of any salaries, wages, unemployment benefits, payroll taxes, disability insurance or benefits, or Federal, State or local taxes, or other compensation, benefits or taxes for any personnel provided by or performing Work on behalf of Contractor.
- 25.3 The employees and agents of Contractor shall, while on the premises of County, comply with all rules and regulations of the premises, including, but not limited to, security requirements.
- 25.4 Notwithstanding the provisions of this Paragraph 25, the employees and agents of Contractor shall, while on the premises of County, comply with all rules and regulations of the premises, including, but not limited to, security requirements.

26. SUBCONTRACTING

- 26.1 No performance of this Agreement, or any portion thereof, shall be subcontracted by Contractor without notice to County as provided in this Paragraph 26. Any attempt by Contractor to subcontract any performance of this Agreement without such notice shall be

null and void and shall be deemed a material breach of this Agreement, upon which County may immediately terminate this Agreement. Notwithstanding the foregoing, Contractor has identified and expects to enter into subcontract(s) with the following subcontractor(s), which are deemed approved by County (hereinafter collectively in this Paragraph 26 "Pre-Approved Subcontractor(s)") for the purpose of this Paragraph 26: The Sanborn Mapping Company, Inc.; Merrick & Company; GroundPoint Technologies, LLC; and Red Plains Surveying Company.

- 26.2 In the event Contractor subcontracts any portion of its performance of the Agreement with any contractor other than Pre-Approved Subcontractor(s), Contractor shall provide to County, in writing, a request for written approval to enter into the particular subcontract, which request shall include:
1. The reasons for the particular subcontract;
 2. Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected;
 3. A detailed description of the Work to be provided by the proposed subcontractor;
 4. include (i) Exhibit F (Contractor's EEO Certification), (ii) Exhibit G (Confidentiality and Assignment Agreement), (iii) Exhibit I (Safely Surrendered Baby Law), and (iii) any other standard County required provisions;
 5. A representation from Contractor that:
 - a. the proposed subcontractor is qualified to provide the Work for which subcontractor is being hired;
 - b. either the proposed subcontractor maintains the insurance required by this Agreement or Contractor has procured and maintains such insurance coverage for the proposed subcontractor;
 - c. either the proposed subcontractor or Contractor shall be solely liable and responsible for any and all of subcontractor's taxes, payments and compensation, including compensation to its employees, related to the performance of Work under this Agreement; and
 - d. either the proposed subcontractor or Contractor shall provide for indemnification of County under the same terms and conditions as the indemnification provisions of this Agreement, including those specified in Paragraphs 13 (Indemnification) and 15 (Intellectual Property Warranty and Indemnification); and
 6. Other pertinent information and/or certifications reasonably requested or required by County.
- 26.3 County will review Contractor's request to subcontract and determine on a case-by-case basis whether or not to consent to such request, which consent shall not be unreasonably withheld.
- 26.4 Notwithstanding any provision of this Agreement to the contrary, whether expressly or by implication, Contractor shall indemnify, defend and hold harmless County, its officers, employees and agents, from and against any and all claims, demands, liabilities, damages, costs and expenses, including, but not limited to, defense costs and legal, accounting or other expert consulting or professional fees in any way arising from or related to Contractor's use of any subcontractor, including, without limitation, any officers, employees or agents of any subcontractor, in the same manner as required for Contractor, its officers, employees and

agents, under this Agreement.

- 26.5 Notwithstanding any other provision of this Paragraph 26, Contractor shall remain fully responsible for any and all performance required of it under this Agreement, including those which Contractor has determined to subcontract, including, but not limited to, the obligation to properly supervise, coordinate and provide all Work required under this Agreement. All subcontracts shall be made in the name of Contractor and shall not bind nor purport to bind County. Furthermore, subcontracting of any Work under this Agreement shall not be construed to limit, in any way, Contractor's performance, obligations or responsibilities to County or limit, in any way, any of County's rights or remedies contained in this Agreement.
- 26.6 Subcontracting of any Work under the Agreement shall not waive County's right to prior and continuing approval of any or all such Contractor Key Staff pursuant to the provisions of Paragraph 3.3 (Approval of Contractor's Staff), including any subcontracted members of the Contractor Key Staff. Contractor shall notify its subcontractors of this County's right prior to subcontractors commencing performance under this Agreement.
- 26.7 Notwithstanding subcontracting by Contractor of any Work under this Agreement, Contractor shall be solely liable and responsible for any and all payments and other compensation to all subcontractors, and their officers, employees, agents, and successors in interest, for any services performed by subcontractors under this Agreement.
- 26.8 In the event that County consents to any subcontracting, such consent shall apply to each particular subcontract only and shall not be, or be construed to be, a waiver of this Paragraph 26 or a blanket consent to any further subcontracting.

27. MOST FAVORED PUBLIC ENTITY

If Contractor's prices decline, or should Contractor, at any time during the term of this Agreement, provide similar data, software, service levels, product models, components, goods or services under similar delivery conditions to the State of California or any county, municipality, or district of the State or to any other state, county or municipality at prices below those set forth in this Agreement, then such lower prices shall be immediately extended to County. County shall have the right, at County's expense, to utilize a County auditor or an independent auditor to verify Contractor's compliance with this Paragraph 27 by review of Contractor's books and records.

28. RECORDS AND AUDITS

- 28.1 Contractor shall maintain accurate and complete financial records of its activities and operations relating to this Agreement in accordance with generally accepted accounting principles. Contractor agrees that County, or its authorized representatives, shall have access to and the right to examine, audit, excerpt, copy, or transcribe any pertinent transaction, activity, or records relating to this Agreement to the extent required by law. All such material shall be kept and maintained by Contractor during the term of this Agreement and for a period of five (5) years thereafter, unless County's written permission is given to dispose of any such material prior to such time. All such material shall be made available by Contractor to County at a location in Los Angeles County, remotely or by mail within five (5) Business Days of County's request therefor. If any such material is located outside Los Angeles County, Contractor shall make the necessary arrangements at its own cost and expense to have such material made available to County within the County's borders.
- 28.2 In the event that an audit is conducted of Contractor specifically regarding this Agreement by any Federal or State auditor, then Contractor shall file a copy of such audit report with

County's Auditor-Controller within thirty (30) days of Contractor's receipt thereof, unless otherwise provided by applicable Federal or State law or under this Agreement. County shall make a reasonable effort to maintain the confidentiality of such audit report(s).

- 28.3 Failure on the part of Contractor to comply with any of the provisions of this Paragraph 28 shall constitute a breach of this Agreement upon which County may terminate or suspend this Agreement under the terms of Paragraph 20 (Termination for Default).

29. COUNTY'S QUALITY ASSURANCE PLAN

County, or its agent, will evaluate Contractor's performance under this Agreement on not less than an annual basis. Such evaluation will include assessing Contractor's compliance with the terms and conditions of this Agreement. Contractor deficiencies, which County determines are severe or continuing and that may place performance of this Agreement in jeopardy, if not corrected, will be reported to the County's Board of Supervisors. The report will include improvements and/or corrective action measures taken by County and Contractor. If improvement does not occur consistent with the corrective action measures within thirty (30) days of County's notice of Contractor deficiencies, County may, at its sole option, terminate this Agreement, in whole or in part, pursuant to Paragraph 20 (Termination for Default) or Paragraph 21 (Termination for Convenience), or impose other penalties as specified in this Agreement.

30. CONFLICT OF INTEREST

- 30.1 No County employee whose position with County enables such employee to influence the award of this Agreement or any competing agreements shall be employed in any capacity by Contractor or have any other direct financial interest in this Agreement. No officer or employee of Contractor, who may financially benefit from the performance of Work hereunder, shall in any way participate in County's approval or ongoing evaluation of such Work, or in any way attempt to unlawfully influence County's approval or ongoing evaluation of such Work.
- 30.2 Contractor shall comply with all conflict of interest laws, ordinances and regulations now in effect or hereafter to be enacted during the term of this Agreement which are applicable to it as a Software and Services provider. Contractor warrants that it is not now aware of any facts which do create an unlawful conflict of interest for Contractor. If a party hereafter becomes aware of any facts, which might reasonably be expected to create an unlawful conflict of interest for it, it shall immediately make full written disclosure of such facts to County. Full written disclosure shall include, but is not limited to, identification of all persons implicated and a complete description of all relevant circumstances.

31. COMPLIANCE WITH APPLICABLE LAWS

- 31.1 In the performance of this Agreement, Contractor shall comply with all applicable Federal, State, and local laws, rules, regulations, ordinances, directives, guidelines, policies, and procedures, and all provisions required thereby to be included in this Agreement are hereby incorporated herein by reference.
- 31.2 Contractor shall indemnify, defend and hold harmless County, its officers, employees, agents and volunteers from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses, including, without limitation, defense costs and legal, accounting and other expert, consulting or professional fees, arising from, connected with, or related to any failure by Contractor, its officers, employees, agents or subcontractors, to comply with any such laws, rules, regulations, ordinances, directives, guidelines, policies, or procedures, as

determined by County in its sole judgment.

Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph 31 shall be conducted by Contractor and performed by counsel selected by Contractor and approved by County. Notwithstanding the preceding sentence, County shall have the right to participate in any such defense at its sole cost and expense, except that in the event Contractor fails to provide County with full and adequate defense, as determined by County in its sole judgment, County shall be entitled to retain its own counsel, including without limitation, County Counsel, and reimbursement from Contractor for all such costs and expenses incurred by County in doing so. Contractor shall not have the right to enter into any settlement, agree to any injunction or other equitable relief, or make any admission, in each case, on behalf of County without County's prior written approval.

31.3 Contractor certifies and agrees that it fully complies with all applicable requirements of the Program regulations, as well as rules, ordinances, court rules, municipal laws, directives, and policies issued pursuant to the enabling statute(s) and/or State or Federal regulation or law. This includes compliance with mandatory standards and policies relating to energy efficiency in the State Energy Conservation Plan (Title 24, California Administrative Code), the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871) and compliance with Section 306 of the Clean Air Act (42 USC 1857[h]), Section 508 of the Clean Water Act (33 USC 1368), Executive Order 11738 and Environmental Protection Agency regulations (40 CFR Part 15). Contractor shall be responsible for any relevant changes in the law, including but not limited to, changes in Program regulations, rules, ordinances, court rules, municipal laws, directives and policies issued pursuant to the enabling statute(s) and/or State or Federal regulation or law. Contractor shall also comply with all applicable ordinances, rules, policies, directives, and procedures issued or adopted by County for which Contractor is provided actual or constructive notice. County reserves the right to review Contractor's procedures to ensure compliance with the statutes, ordinances, regulations, rules, rulings, policies and procedures of the State and the Federal government, as applicable.

31.4 Failure by Contractor to comply with such laws and regulations shall be material breach of this Agreement and may result in termination of this Agreement.

32. FAIR LABOR STANDARDS

Contractor shall comply with all applicable provisions of the Federal Fair Labor Standards Act, and shall indemnify, defend, and hold harmless County, its officers, employees, agents and volunteers from any and all third party liability for, wages, overtime pay, liquidated damages, penalties, court costs and attorneys' fees arising from acts engaged in by Contractor in violation of applicable wage and hour laws in the State of California and in the Federal Fair Labor Standards Act, for work performed by Contractor's employees for which County may be found jointly or solely liable, provided that County: (i) promptly notifies Contractor in writing of the claim; and (ii) allows Contractor to control, and cooperate with Contractor in, the defense and any related settlement negotiations.

33. COMPLIANCE WITH CIVIL RIGHTS LAWS

33.1 Contractor herein certifies and agrees, and will re-certify upon County request no more frequently than once per year, that all persons employed by it, its affiliates, subsidiaries and holding companies will be treated equally without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental handicap, marital status or political affiliation, in compliance with all applicable Federal and State anti-discrimination

laws and regulations.

- 33.2 Contractor shall, pursuant to Los Angeles County Code Section 4.32, certify to and comply with the provisions of Contractor's EEO Certification (Exhibit F).
- 33.3 Contractor shall ensure that applicants and employees are treated equally during employment, without regard to race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status or political affiliation, in compliance with all applicable Federal and State anti-discrimination laws and regulations. Such action shall include, but is not limited to: employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- 33.4 Contractor herein certifies and agrees, and will re-certify upon County request no more frequently than once per year, that it will deal with its subcontractors, bidders or vendors without regard to or because of race, color, religion, ancestry, national origin, sex, age, physical or mental disability, marital status or political affiliation, except to the extent necessary to comply with applicable Federal and State anti-discrimination laws and regulations.
- 33.5 Contractor herein certifies, and will re-certify upon County request no more frequently than once per year, that it, its affiliates, subsidiaries and holding companies are in compliance with all Federal, State, and local laws including, but not limited to:
1. Title VII, Civil Rights Act of 1964;
 2. Section 504, Rehabilitation Act of 1973;
 3. Age Discrimination Act of 1975;
 4. Title IX, Education Amendments of 1973, as applicable; and
 5. Title 43, Part 17, Code of Federal Regulations, Subparts A & B,
- and that no person shall, on the grounds of race, creed, color, national origin, political affiliation, marital status, sex, age, or disability, be subject to discrimination as to any privileges or uses gained under this Agreement or under any project, program or activity supported by this Agreement.
- 33.6 Contractor shall allow County representatives access to Contractor's employment records during regular business hours to verify compliance with the provisions of this Paragraph 33 when so requested by County.
- 33.7 If County finds that any of the provisions of this Paragraph 33 have been violated, such violation shall, at the election of County, constitute a material breach of this Agreement upon which County may terminate or suspend this Agreement at County's option, either for material breach under Paragraph 20 (Termination for Default) of this Agreement or for convenience under Paragraph 21 (Termination for Convenience) of this Agreement. While County reserves the right to determine independently that the anti-discrimination provisions of this Agreement have been violated, in addition, a determination by the California Fair Employment Practices Commission or the Federal Equal Employment Opportunity Commission that Contractor has violated State or Federal anti-discrimination laws or regulations shall constitute a finding by County that Contractor has violated the anti-discrimination provisions of this Agreement.
- 33.8 The parties agree that in the event Contractor is found to have violated the anti-

discrimination provisions of this Agreement, and that such discrimination was directly associated with the performance of services provided under this Agreement, County may require, pursuant to Los Angeles County Code Section 4.32.010 (E), that Contractor pay the sum of Five hundred Dollars (\$500) for each such violation, in lieu of termination or suspension hereof, as liquidated damages are extremely difficult to ascertain or calculate precisely. In the alternative, County may elect to terminate this Agreement pursuant to Paragraph 20 (Termination for Default).

34. RESTRICTIONS ON LOBBYING

34.1 FEDERAL FUNDS PROJECTS

If any Federal funds are to be used to pay for any portion of Contractor's Work under this Agreement, County shall notify Contractor in writing in advance of such payment and Contractor shall fully comply with all certification and disclosure requirements prescribed by Section 319 of Public law 101-121 (31 United States Code Section 1352) and any implementing regulations, and shall ensure that each of its subcontractors receiving funds provided under this Agreement also fully complies with all applicable certification and disclosure requirements.

34.2 LOBBYIST ORDINANCE

Contractor, and each County lobbyist or County lobbying firm, as defined in Los Angeles County Code Section 2.160.010, retained by Contractor, shall fully comply with County's Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Contractor or any County lobbyist or County lobbying firm retained by Contractor to fully comply with County Lobbyist Ordinance shall constitute a material breach of this Agreement, upon which County may immediately terminate or suspend this Agreement at County's option, either for material breach under Paragraph 20 (Termination for Default) of this Agreement or for convenience under Paragraph 21 (Termination for Convenience) of this Agreement.

35. EMPLOYMENT ELIGIBILITY VERIFICATION

35.1 Contractor warrants that it fully complies with all Federal and State statutes and regulations regarding employment of aliens and others and that all its employees performing Services under this Agreement meet the citizenship or alien status requirements contained in Federal and State statutes and regulations including, but not limited to, the Immigration Reform and Control Act of 1986 (P.L. 99-603).

35.2 Contractor shall obtain from all employees performing under this Agreement all verification and other documentation of employment eligibility status required by Federal statutes and regulations as they currently exist and as they may be hereafter amended. Contractor shall retain such documentation for the period prescribed by law.

35.3 Contractor shall indemnify, defend, and hold harmless County, its officers, employees, agents and volunteers from and against any and all claims, demands, damages, liabilities, losses, costs, and expenses, including, but not limited to, defense costs and legal, accounting and other expert, consulting or professional fees, arising out of or in connection with any employer sanctions and any other liability which may be assessed against Contractor or County in connection with any alleged violation of any Federal or State statutes or regulations pertaining to the eligibility for employment of any persons performing Work under this Agreement.

36. CONTRACT HIRING

36.1 CONSIDERATION OF HIRING COUNTY EMPLOYEES TARGETED FOR LAYOFFS

Should Contractor require additional or replacement personnel after the effective date of this Agreement to perform the Work set forth herein, Contractor shall give first consideration for such employment openings to permanent County employees who are targeted for layoff or qualified former County employees who are on a re-employment list during the term of this Agreement.

36.2 CONSIDERATION OF GAIN/GROW PROGRAM PARTICIPANTS FOR EMPLOYMENT

Should Contractor require additional or replacement personnel after the Effective Date, Contractor shall give consideration for any such employment openings to participants in the County's Department of Public Social Services' Greater Avenues for Independence (GAIN) Program or General Relief Opportunity for Work (GROW) Program who meet Contractor's minimum qualifications for the open position. For this purpose, consideration shall mean that Contractor will interview qualified candidates. County will refer GAIN participants by job category to Contractor.

In the event that both laid-off County employees and GAIN/GROW participants are available for hiring, Contractor shall give County employees first priority.

36.3 PROHIBITION AGAINST INDUCEMENT AND PERSUASION

Contractor and County agree that, during the term of this Agreement and for a period of one (1) year thereafter, neither party shall in any way intentionally induce or persuade any employee of one party to become an employee or agent of the other party. Notwithstanding the foregoing, such prohibition shall not apply to any hiring action initiated through a public announcement.

37. FEDERAL EARNED INCOME CREDIT

If required by applicable law, Contractor shall notify its employees, and shall require each subcontractor to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. Such notice shall be provided, in accordance with the requirements set forth in Internal Revenue Service Notice 1015.

38. CONTRACTOR RESPONSIBILITY AND DEBARMENT

38.1 RESPONSIBLE CONTRACTOR

A responsible contractor is a contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the Agreement. It is County's policy to conduct business only with responsible contractors.

38.2 CHAPTER 2.202

Contractor is hereby notified that, in accordance with Chapter 2.202 of the Los Angeles Code, if County acquires information concerning the performance of Contractor on this Agreement or other contracts which indicates that Contractor is not responsible, County may, in addition to other remedies provided in this Agreement, debar Contractor from bidding or proposing on, or being awarded, and/or performing Work on, County agreements for a specified period of time, which generally will not exceed five (5) years, although may exceed five (5) years or be permanent if warranted by the circumstances, and terminate any or all

existing agreements Contractor may have with County.

38.3 NON-RESPONSIBLE CONTRACTOR

County may debar Contractor if County's Board of Supervisors finds, in its discretion, that Contractor has done any of the following: (i) violated any term of a contract with County or a nonprofit corporation created by County; (ii) committed any act or omission which negatively reflects on Contractor's quality, fitness or capacity to perform a contract with County, any other public entity or a nonprofit corporation created by County, or engaged in a pattern or practice which negatively reflects on same; (iii) committed an act or offense which indicates a lack of business integrity or business honesty; or (iv) made or submitted a false claim against County or any other public entity.

38.4 CONTRACTOR HEARING BOARD

38.4.1 If there is evidence that Contractor may be subject to debarment, County's Project Director, or his/her designee, will notify Contractor in writing of the evidence which is the basis for the proposed debarment and will advise Contractor of the scheduled date for a debarment hearing before County's Contractor Hearing Board.

38.4.2 The Contractor Hearing Board will conduct a hearing where evidence on the proposed debarment is presented. Contractor and/or Contractor's representative shall be given an opportunity to submit evidence at that hearing. After the hearing, the Contractor Hearing Board will prepare a tentative proposed decision, which shall contain a recommendation regarding whether Contractor should be debarred, and, if so, the appropriate length of time of the debarment. Contractor, County's Project Director, or his/her designee, and County's departments shall be provided with an opportunity to object to the tentative proposed decision prior to its presentation to County's Board of Supervisors.

38.4.3 After consideration of any objections, or if no objections are submitted, a record of the hearing, the proposed decision and any other recommendation of the Contractor Hearing Board shall be presented to County's Board of Supervisors. The Board of Supervisors shall have the right to modify, deny or adopt the proposed decision and recommendation of the Contractor Hearing Board.

38.4.4 If Contractor has been debarred for a period longer than five (5) years, then Contractor may, after the debarment has been in effect for at least five (5) years, submit a written request for review of the debarment determination to reduce the period of debarment or terminate the debarment. County may, in its discretion, reduce the period of debarment or terminate the debarment if it finds that such Contractor has adequately demonstrated one or more of the following: (i) elimination of the grounds for which the debarment was imposed; (ii) a bona fide change in ownership or management; (iii) material evidence discovered after debarment was imposed; or (iv) any other reason that is in the best interests of County.

38.4.5 The Contractor Hearing Board will consider a request for review of a debarment determination only where (i) the requesting contractor has been debarred for a period longer than five (5) years, (ii) the debarment has been in effect for at least five (5) years and (iii) the request is in writing, states one or more of the grounds for reduction of the debarment period or termination of the debarment, and includes supporting documentation. Upon receiving an appropriate request, the Contractor Hearing Board will provide notice of the hearing on the request. At the hearing, the Contractor Hearing Board shall conduct a hearing where evidence on the proposed reduction of debarment period or termination of debarment is presented. This hearing shall be conducted and the request for review decided by the

Contractor Hearing Board pursuant to the same procedures as for a debarment hearing.

- 38.4.6 The Contractor Hearing Board's proposed decision shall contain a recommendation on the request to reduce the period of debarment or terminate the debarment. The Contractor Hearing Board shall present its proposed decision and recommendation to County's Board of Supervisors. County's Board of Supervisors shall have the right to modify, deny, or adopt the proposed decision and recommendation of the Contractor Hearing Board.

38.5 **SUBCONTRACTORS OF CONTRACTOR**

The terms and procedures of this Paragraph 38 shall also apply to subcontractors, consultants and partners of Contractor performing Work under this Agreement.

39. **FEDERAL ACCESS TO RECORDS**

If, and to the extent that Section 1861(v)(1)(I) of the Social Security Act (42 United States Code Section 1395x(v)(1)(i) is applicable, Contractor agrees that for a period of four (4) years following the furnishing of services under this Agreement, Contractor shall maintain and make available, upon written request, to the Secretary of the United States Department of Health and Human Services or the Comptroller General of the United States or to any of their authorized representatives, the contracts, books, documents and records of Contractor which are necessary to verify the nature and extent of the costs of services provided hereunder. Furthermore, if Contractor carries out any of the services described in 42 United States Code Section 1395 through any subcontract with a value or cost of Ten Thousand Dollars (\$10,000) or more over a twelve month period with a related organization (as that term is defined under Federal law), Contractor agrees that each such subcontract shall provide for such access to the subcontract, books, documents and records of the subcontractor.

40. **REQUIRED CERTIFICATIONS**

Contractor shall obtain and maintain in effect during the term of this Agreement all licenses, permits, registrations, accreditations and certificates required by all Federal, State, and local laws, ordinances, rules, regulations, guidelines and directives, which are applicable to Contractor's provision of Work under this Agreement. Contractor shall further ensure that all of its officers, employees, agents and subcontractors who provide Work hereunder, shall obtain and maintain in effect during the term of this Agreement all licenses, permits, registrations, accreditations and certificates which are applicable to their performance hereunder. A copy of each such license, permit, registration, accreditation and certificate required by all applicable Federal, State, and local laws, ordinances, rules, regulations, guidelines and directives shall be provided, if required by law, in duplicate, to County's Project Manager at the address set forth in Exhibit D (Administration of Agreement – County).

41. **NO THIRD PARTY BENEFICIARIES**

Notwithstanding any other provision of this Agreement, Contractor and County do not in any way intend that any person or entity shall acquire any rights as a third party beneficiary of this Agreement, except that this provision shall not be construed to diminish Contractor's indemnification obligations hereunder.

42. **CONTRACTOR PERFORMANCE DURING CIVIL UNREST AND DISASTER**

Contractor recognizes that County provides services essential to the residents of the communities it serves, and that these services are of particular importance at the time of a riot, insurrection, civil unrest, natural disaster or similar event. Notwithstanding any other

provision of this Agreement, full performance by Contractor during any riot, insurrection, civil unrest, natural disaster or similar event is not excused if such performance remains physically possible without related danger to Contractor's or subcontractors' employees and suppliers. During any such event in which the health or safety of any of Contractor's staff members would be endangered by performing their services on-site, such staff members may perform any or all of their services remotely.

43. WARRANTY AGAINST CONTINGENT FEES

43.1 Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Agreement upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by Contractor for the purpose of securing business.

43.2 For breach of this warranty, County shall have the right to terminate this Agreement and, at its sole discretion, deduct from the fees owed, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

44. SAFELY SURRENDERED BABY LAW

44.1 NOTICE

As required by applicable law, Contractor shall notify and provide to its employees, and shall require each subcontractor to notify and provide to its employees, a fact sheet regarding the Safely Surrender Baby Law, its implementation in Los Angeles County, and where and how to safely surrender a baby. The fact sheet is available on the Internet at <http://babysafela.org> for printing purposes.

44.2 ACKNOWLEDGMENT OF COMMITMENT

Contractor acknowledges that County places a high priority on the implementation of the Safely Surrendered Baby Law. Contractor understands that it is County's policy to encourage all County Contractors to voluntarily post County's "Safely Surrendered Baby Law" poster in a prominent position at Contractor's place of business. Contractor will also encourage its subcontractors, if any, to post this poster in a prominent position in the subcontractor's place of business. County's Department of Children and Family Services will supply Contractor with the poster to be used.

45. COMPLIANCE WITH COUNTY'S JURY SERVICE PROGRAM

45.1 JURY SERVICE PROGRAM

This Agreement is subject to the provisions of County's ordinance entitled Contractor Employee Jury Service Program (hereinafter "Jury Service Program" or "Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code (hereinafter "County Code").

45.2 WRITTEN EMPLOYEE JURY SERVICE POLICY

45.2.1 Unless Contractor has demonstrated to County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees (as defined in Paragraph 45.2.2 below) shall receive from Contractor, on an annual basis, no less than five (5) days of regular pay for actual jury

service. The policy may provide that Employees deposit any fees received for such jury service with Contractor or that Contractor deduct from the Employee's regular pay the fees received for jury service.

- 45.2.2 For purposes of this Paragraph 45, "Contractor" means a person, partnership, corporation or other entity which has an agreement with County or a subcontract with Contractor and has received or will receive an aggregate sum of \$50,000 or more in any twelve (12) month period under one or more County agreements or subcontracts. "Employee" means any California resident who is a full time employee of Contractor. "Full time" means forty (40) hours or more worked per week, or a lesser number of hours if: 1) the lesser number is a recognized industry standard as determined by County, or 2) Contractor has a longstanding practice that defines the lesser number of hours as fulltime. Fulltime employees providing short term, temporary services of ninety (90) days or less within a twelve (12) month period are not considered fulltime for purposes of the Jury Service Program. If Contractor uses any subcontractor to perform services for County under this Agreement, the subcontractor shall also be subject to the provisions of this Paragraph 45. The provisions of this Paragraph 45 shall be inserted into any such subcontract and a copy of the Jury Service Program shall be attached to the agreement.

If such audit finds County's dollar liability for such Work is more than payments made by County to Contractor, then the difference shall be repaid to Contractor by cash payment.

The parties shall act in good faith to resolve all disputes. At all three (3) levels described in this Paragraph 50, the efforts to resolve a dispute shall be undertaken by conference between the parties' respective representatives, either orally, by face to face meeting or by telephone, or in writing by exchange of correspondence.
- 50.9 Notwithstanding the foregoing, in the event of County's infringement of Contractor's intellectual property rights under the Agreement or violation by either party of the confidentiality obligations hereunder, the violated party shall have the right to seek injunctive relief against the other without waiting for the outcome of the Dispute Resolution Procedure.
- 50.10 Notwithstanding any other provision of this Agreement, County's right to seek injunctive relief to enforce the provisions of Paragraph 18 (Confidentiality and Security) shall not be subject to this Dispute Resolution Procedure. SAFELY SURRENDERED BABY LAW
FOR
DIGITAL AERIAL DATA

Safely Surrendered

No shame. No blame. No names.

In Los Angeles County: 1-877-BABY SAFE • 1-877-222-9723

Safely Surrendered Baby Law

What is the Safely Surrendered Baby Law?

California's Safely Surrendered Baby Law allows parents or other persons, with lawful custody, which means anyone to whom the parent has given permission to confidentially surrender a baby. As long as the baby is three days (72 hours) of age or younger and has not been abused or neglected, the baby may be surrendered without fear of arrest or prosecution.

How does it work?

A distressed parent who is unable or unwilling to care for a baby can legally, confidentially, and safely surrender a baby within three days (72 hours) of birth. The baby must be handed to an employee at a hospital or fire station in Los Angeles County. As long as the baby shows no sign of abuse or neglect, no name or other information is required. In case the parent changes his or her mind at a later date and wants the baby back, staff will use bracelets to help connect them to each other. One bracelet will be placed on the baby, and a matching bracelet will be given to the parent or other surrendering adult.

What if a parent wants the baby back?

Parents who change their minds can begin the process of reclaiming their baby within 14 days. These parents should call the Los Angeles County Department of Children and Family Services at 1-800-540-4000.

Can only a parent bring in the baby?

No. While in most cases a parent will bring in the baby, the Law allows other people to bring in the baby if they have lawful custody.

Does the parent or surrendering adult have to call before bringing in the baby?

No. A parent or surrendering adult can bring in a baby anytime, 24 hours a day, 7 days a week, as long as the parent or surrendering adult surrenders the baby to someone who works at the hospital or fire station.

Does the parent or surrendering adult have to tell anything to the people taking the baby?

No. However, hospital or fire station personnel will ask the surrendering party to fill out a questionnaire designed to gather important medical history information, which is very useful in caring for the baby. The questionnaire includes a stamped return envelope and can be sent in at a later time.

What happens to the baby?

The baby will be examined and given medical treatment. Upon release from the hospital, social workers immediately place the baby in a safe and loving home and begin the adoption process.

What happens to the parent or surrendering adult?

Once the parent or surrendering adult surrenders the baby to hospital or fire station personnel, they may leave at any time.

Why is California doing this?

The purpose of the Safely Surrendered Baby Law is to protect babies from being abandoned, hurt or killed by their parents. You may have heard tragic stories of babies left in dumpsters or public bathrooms. Their parents may have been under severe emotional distress. The mothers may have hidden their pregnancies, fearful of what would happen if their families found out. Because they were afraid and had no one or nowhere to turn for help, they abandoned their babies. Abandoning a baby is illegal and places the baby in extreme danger. Too often, it results in the baby's death. The Safely Surrendered Baby Law prevents this tragedy from ever happening again in California.

A baby's story

Early in the morning on April 9, 2005, a healthy baby boy was safely surrendered to nurses at Harbor-UCLA Medical Center. The woman who brought the baby to the hospital identified herself as the baby's aunt and stated the baby's mother had asked her to bring the baby to the hospital on her behalf. The aunt was given a bracelet with a number matching the anklet placed on the baby; this would provide some identification in the event the mother changed her mind about surrendering the baby and wished to reclaim the baby in the 14-day period allowed by the Law. The aunt was also provided with a medical questionnaire and said she would have the mother complete and mail back in the stamped return envelope provided. The baby was examined by medical staff and pronounced healthy and full-term. He was placed with a loving family that had been approved to adopt him by the Department of Children and Family Services.

Ley de Entrega de Bebés *Sin Peligro*

Los recién nacidos pueden ser entregados en forma segura al personal de cualquier hospital o cuartel de bomberos del Condado de Los Ángeles

Ley de Entrega de Bebés Sin Peligro

¿Qué es la Ley de Entrega de Bebés sin Peligro?

La Ley de Entrega de Bebés sin Peligro de California permite la entrega confidencial de un recién nacido por parte de sus padres u otras personas con custodia legal, es decir cualquier persona a quien los padres le hayan dado permiso. Siempre que el bebé tenga tres días (72 horas) de vida o menos, y no haya sufrido abuso ni negligencia, pueden entregar al recién nacido sin temor de ser arrestados o procesados.

Cada recién nacido se merece la oportunidad de tener una vida saludable. Si alguien que usted conoce está pensando en abandonar a un recién nacido, infórmele que tiene otras opciones. Hasta tres días (72 horas) después del nacimiento, se puede entregar un recién nacido al personal de cualquier hospital o cuartel de bomberos del condado de Los Angeles.

¿Cómo funciona?

El padre/madre con dificultades que no pueda o no quiera cuidar de su recién nacido puede entregarlo en forma legal, confidencial y segura dentro de los tres días (72 horas) del nacimiento. El bebé debe ser entregado a un empleado de cualquier hospital o cuartel de bomberos del Condado de Los Angeles. Siempre que el bebé no presente signos de abuso o negligencia, no será necesario suministrar nombres ni información alguna. Si el padre/madre cambia de opinión posteriormente y desea recuperar a su bebé, los trabajadores utilizarán brazaletes para poder vincularlos. El bebé llevará un brazaletes y el padre/madre o el adulto que lo entregue recibirá un brazaletes igual.

¿Qué pasa si el padre/madre desea recuperar a su bebé?

Los padres que cambien de opinión pueden comenzar el proceso de reclamar a su recién nacido dentro de los 14 días. Estos padres deberán llamar al Departamento de Servicios para Niños y Familias (Department of Children and Family Services) del Condado de Los Angeles al 1-800-540-4000.

¿Sólo los padres podrán llevar al recién nacido?

No. Si bien en la mayoría de los casos son los padres los que llevan al bebé, la ley permite que otras personas lo hagan si tienen custodia legal.

¿Los padres o el adulto que entrega al bebé deben llamar antes de llevar al bebé?

No. El padre/madre o adulto puede llevar al bebé en cualquier momento, las 24 horas del día, los 7 días de la semana, siempre y cuando entreguen a su bebé a un empleado del hospital o cuartel de bomberos.

¿Es necesario que el padre/madre o adulto diga algo a las personas que reciben al bebé?

No. Sin embargo, el personal del hospital o cuartel de bomberos le pedirá a la persona que entregue al bebé que llene un cuestionario con la finalidad de recabar antecedentes médicos importantes, que resultan de gran utilidad para cuidar bien del bebé. El cuestionario incluye un sobre con el sello postal pagado para enviarlo en otro momento.

¿Qué pasará con el bebé?

El bebé será examinado y le brindarán atención médica. Cuando le den el alta del hospital, los trabajadores sociales inmediatamente ubicarán al bebé en un hogar seguro donde estará bien atendido, y se comenzará el proceso de adopción.

¿Qué pasará con el padre/madre o adulto que entregue al bebé?

Una vez que los padres o adulto hayan entregado al bebé al personal del hospital o cuartel de bomberos, pueden irse en cualquier momento.

¿Por qué se está haciendo esto en California?

La finalidad de la Ley de Entrega de Bebés sin Peligro es proteger a los bebés para que no sean abandonados, lastimados o muertos por sus padres. Usted probablemente haya escuchado historias trágicas sobre bebés abandonados en basureros o en baños públicos. Los padres de esos bebés probablemente hayan estado pasando por dificultades emocionales graves. Las madres pueden haber ocultado su embarazo, por temor a lo que pasaría si sus familias se enteraran. Abandonaron a sus bebés porque tenían miedo y no tenían nadie a quien pedir ayuda. El abandono de un recién nacido es ilegal y pone al bebé en una situación de peligro extremo. Muy a menudo el abandono provoca la muerte del bebé. La Ley de Entrega de Bebés sin Peligro impide que vuelva a suceder esta tragedia en California.

Historia de un bebé

A la mañana temprano del día 9 de abril de 2005, se entregó un recién nacido saludable a las enfermeras del Harbor-UCLA Medical Center. La mujer que llevó el recién nacido al hospital se dio a conocer como la tía del bebé, y dijo que la madre le había pedido que llevara al bebé al hospital en su nombre. Le entregaron a la tía un brazaletes con un número que coincidía con la pulsera del bebé; esto serviría como identificación en caso de que la madre cambiara de opinión con respecto a la entrega del bebé y decidiera recuperarlo dentro del período de 14 días que permite esta ley. También le dieron a la tía un cuestionario médico, y ella dijo que la madre lo llenaría y lo enviaría de vuelta dentro del sobre con franqueo pagado que le habían dado. El personal médico examinó al bebé y se determinó que estaba saludable y a término. El bebé fue ubicado con una buena familia que ya había sido aprobada para adoptarlo por el Departamento de Servicios para Niños y Familias.

Title 2 ADMINISTRATION
Chapter 2.203.010 through 2.203.090
CONTRACTOR EMPLOYEE JURY SERVICE

2.203.010 Findings.

The board of supervisors makes the following findings. The county of Los Angeles allows its permanent, full-time employees unlimited jury service at their regular pay. Unfortunately, many businesses do not offer or are reducing or even eliminating compensation to employees who serve on juries. This creates a potential financial hardship for employees who do not receive their pay when called to jury service, and those employees often seek to be excused from having to serve. Although changes in the court rules make it more difficult to excuse a potential juror on grounds of financial hardship, potential jurors continue to be excused on this basis, especially from longer trials. This reduces the number of potential jurors and increases the burden on those employers, such as the county of Los Angeles, who pay their permanent, full-time employees while on juror duty. For these reasons, the county of Los Angeles has determined that it is appropriate to require that the businesses with which the county contracts possess reasonable jury service policies. (Ord. 2002-0015 § 1 (part), 2002)

Geo-data may be exported as points, lines, poly-lines, or polygons to a delineated text file or ESRI shapefile for import into GIS.

1.4 ACCEPTANCE CRITERIA

1.4.1 TECHNICAL SPECIFICATIONS

Licensed Images shall be governed by the following technical specifications:

1. Shapefiles of image trapezoids and rectangles – Some quality control will be done on oblique image trapezoids to ensure coverage of entire County in four directions (for neighborhood shots) and two or four directions (for community shots). Provide image rectangles of ortho images captured for the entire County.
2. DEM data derived from LiDAR (and stereo compilation for National Forest areas) stored as part of Neighborhood and Community Oblique Imagery will be vertically and horizontally similar with DEM data transferred by County to Contractor. Quality Control will randomly select easily identifiable points in the ortho imagery and oblique imagery and compare the data with the original DEM.
3. County Quality Control will compare spatial consistency between shapefiles for parcels and Neighborhood Oblique Imagery. Only clearly identifiable parcel lines (such as fences, edges of roadways, etc.) will be compared with their equivalents on the imagery. The linear difference is expected to be within 2 to 5 meters as demonstrated in the three sample data sets. In cases of dispute between County and Contractor, County will provide GPS data confirming that the vector data or related construction are the precise location (+/- 1 foot) as were transferred to Contractor. From 64 total Neighborhood Images, only 2% does not need to meet these specifications but only in the case where there is another overlapping Neighborhood Image, which could replace the "defective" Image, as further described in Section 1.4.3 (Image Quality) below.

24

4. Visual quality of all Oblique Imagery is expected to be the same or better quality than was presented for previous LAR-IAC projects and as further described in Sections 1.4.2 (Image Format), 1.4.3 (Image Quality) and 1.4.4 (Accuracy) below. Sample imagery from the first few days of flying may be gathered based on imagery collection capture and provided to the County for their review.

1.4.2 IMAGE FORMAT

Proprietary Image trailer tacked onto industry standard image format. Images may be exported to a number of formats. County DEM with up to 0.7 m spacing will be included in Image trailer. Contractor will work County to provide the most practicable postings (5m spacing may be used in National Forest areas). Testing will be done for tessellated ground plane based on provided DEM.

1.4.3 IMAGE QUALITY

Images will have clear views of the ground and will be free from obstruction by clouds; however, there may be occasional cloud and other shadows. In controlled airspace, around airports, etc., the image resolutions may vary. Quality of Images will be comparable to images from previous LAR-IAC projects.

1.4.4 ACCURACY

Neighborhood Oblique Images:

1. Relative Image Accuracy: Expected to be within approximately 5 meters or less over 1,000 meters. This standard assumes an accurate DEM.
2. Benchmark Accuracy: Expected to be in accordance with three (3) sample Sectors delivered by Contractor and reviewed in benchmark by County (proposed for February 2008). Observed accuracy of neighborhood oblique imagery to be within 2m from "GPS verified ground true location." This standard assumes an accurate DEM.
3. Sensor Positional Accuracy: 30 cm absolute
4. Sensor Directional Accuracy: 0.01 degrees absolute

1.5 SUPPORTING SOFTWARE REQUIREMENTS

1.5.1 DESKTOP SOFTWARE

Contractor shall provide a sophisticated aerial imaging solution that allows end-users to have high-resolution images of neighborhoods, landmarks, roads, and complete municipalities at the click of a mouse.

Desktop Software shall have the following minimal capabilities:

1. Distance Tool – measure lengths, widths, and perimeters
2. Height Tool – determine the height of any feature
3. Location Tool – obtain geo-coordinates of items in the image
4. Area Tool – Measure acreage or square footage of any area
5. Elevation Tool – Access ground elevation
6. Bearing Tool – Determine directional (from True North) location

7. Select Tool – locate by client supplied data such a street address, tax account number or coordinates
8. Link Tool – link an unlimited amount of additional data/text per image
9. Text Annotation Tool – describe features within an image
10. Line Drawing Tool – draw straight or free-form lines to highlight a feature
11. Circle Drawing Tool – create circular boundaries/perimeters from specific locations
12. Navigate Tool – allows for easy navigation through your image warehouse by opening next adjacent image in approximate scale and same direction.
13. Search by Address Tool – ability to search from pre-defined queries of parcel address data.
14. Zoom – zoom in and out of all images
15. Search – search GIS data and address information and zoom to features that have been found.
16. GIS Data Overlay - display GIS shapefile format data on top of oblique imagery.
17. Export – export oblique imagery for use for display and other purposes.
18. Export to GIS - export orthogonal images with corresponding coordinate mapping files for use with GIS.

1.5.2 ARCGIS EXTENSION

Contractor shall supply Software extension to Environmental Systems Research Institute (ESRI®) ArcGIS Desktop that will enable users to access the oblique imagery with measurement tools inside of ESRI's latest ArcGIS desktop software (currently ArcMap version 10.x).

1.5.3 CHANGE ANALYSIS

Contractor shall supply Software that enables users to compare imagery of an area over time in a side-by-side configuration. As an example, a user could type in an address or search on a map and see images from 2014 side-by-side with imagery from 2008. The user can then easily view and detect changes to properties and land over time. This application can be used with Pictometry oblique and orthogonal imagery from 2003, 2006, 2008, and 2011 under perpetual license from Pictometry International, as well as with any existing geo-referenced orthogonal imagery that the user may have.

1.5.4 OTHER SOFTWARE

Other software could include SOAP or AJAX solutions or configuration tools as mutually agreed upon by Contractor and LA County.

1.5.5 HOSTED SOFTWARE

1. HOSTED ONLINE ACCESS

Contractor shall deliver a hosted online access solution that uses HTTP and standard internet technologies to provide web-based access to the contractor's as well as oblique aerial imagery previously acquired by the LAR-IAC and under perpetual license from Pictometry Corp. Contractor will host and make the Oblique Images

available to LAR-IAC participants through their **hosted online access product**.

Contractor shall make best effort to ensure solution will be available 99.9% of the time. If County determines availability is not acceptable, Contractor shall allow termination of this subscription. The solution shall allow access to all prior LAR-IAC Oblique Images (2003, 2006, 2008, and 2011) under perpetual license from Pictometry.

The solution will include the following capabilities:

a. LAR-IAC Master Account

The LAR-IAC master account shall provide the ability to:

1. Create/delete/update sub-organizations within the LAR-IAC project.
2. Create/delete/update users both within its organization and within sub-organizations.
3. Upload and manage GIS layers that shall be stored within the contractor's computer systems, and displayed on the oblique imagery in the hosted solution.

b. Sub-Organization:

Each sub-organization will represent a LAR-IAC participating agency or its delegate, and enable the participant to establish user accounts that have common startup and data overlay requirements. An example would be an individual LAR-IAC Participating Entity. When a user from that city logs into the hosted solution, he/she will be presented with that entity's selected GIS layers and starting point. Each group will have an administrator who can work with Contractor to provide and select those layers, and add or remove named accounts from the group. County will work with Participating Entities to assign an administrator for each sub-organization. The administrator will work with Contractor to establish the GIS data layers and starting location for that group. Contractor will develop and provide a work flow to LAR-IAC participants to administer their GIS layers and workspace. The administrator will be able to update the data layers at any time during the period covering this Statement of Work.

c. Named Users:

Contractor's hosted solution will provide an unlimited number of individual named accounts, assigned to either the LAR-IAC master account or a Sub-Organization. Each of these accounts can save its session and then return in the future to continue working. Contractor will track the number of individuals logged in, and be able to limit the total number of concurrent users logged in. There will be a globally configured timeout for users that are not active.

d. Generic user:

Contractor's hosted solution will enable the creation of one or more generic users for each organization. The generic user login will allow multiple concurrent logins on that account. This login will show users GIS layers to be managed by each organization's administrator. The generic user account will not allow the saving of sessions/workspaces.

2. APPLICATION PROGRAMMING INTERFACE (API)

Contractor will develop capabilities that enable connectivity for an unlimited number of concurrent unnamed web-based users to APIs that will be used for embedding hosted functionality into other web-based systems (e.g. Latitude Geographics). The total number of "hits" will be tracked. A "hit" is defined as loading a single image, and doing all functions (panning, zooming, overlays) within that image. Contractor will create a different key for each 3rd party vendor or Web application and track usage for each key. Contractor will provide a monthly report detailing the total number of "hits" as well as the hits by API key. Contractor will provide documentation on the API to County, participants, and their vendors as required. The API will allow LAR-IAC participants to make the functionality available to the public without the measurement tools or workspaces. 1.5 SOFTWARE REQUIREMENTS

1.5.1 SOFTWARE

1. **Digital Terrain Model (DTM)**

The terms “Digital Terrain Model” and “DTM” shall mean the bare earth terrain, LAS Class 2, from which elevated surface features, such as buildings and trees, have been reclassified as LAS Class 1, with the addition of breaklines as needed for hydro-flattening of water bodies.

2. **Digital Elevation Model (DEM)**

The terms “Digital Elevation Model” and “DEM” shall mean the bare earth terrain (like the DTM), LAS Class 2, from which elevated surface features, such as buildings and trees, have been reclassified as LAS Class 1 – but is represented as a raster (regularly spaced GRID).

3. **Digital Surface Model (DSM)**

The terms “Digital Surface Model” and “DSM” shall mean the top reflective surface and includes all objects on it (including buildings and trees). Sometimes referred to as “first return” data.

The term “LiDAR Point Cloud” shall mean a large set of three dimensional points, collected from LiDAR. Points clouds are almost always 3D. Point clouds have an order of magnitude more features than point datasets. Specifications and methodology for the LiDAR flight should include documentation of mission date(s), time, flight altitude, overlap, and airspeed. Flight plans shall be generated and should cover the proposed project areas. Proposal should address how various

environmental conditions will be handled and any special considerations for areas of dense coverage (e.g., locations containing dense foliage).

A complete survey control plan shall be submitted to include collection, processing and incorporation of survey control in the LiDAR processing. The plan should include a detailed description of survey control for quality control and validation checks of the LiDAR dataset.

Specifications for the data collection should include scan angle, along-track, and cross-track, pulse spacing, pulse width and density, and number of returns. LiDAR derived data will have the accuracy required to produce topographic maps including 1-foot elevation contours. Proposed data products shall be prepared to meet the accuracy requirements of ASPRS Guidelines for Vertical Accuracy Reporting for LiDAR Data, Version 1, May 2004.

Proposer should describe the production process used for LAS classification of vegetation or structures in order to determine bare-earth representation. Proposer should describe the approach to definition and resolution of data voids and data artifacts resulting from the mission. Proposer should describe quality assurance and quality control (QA/QC) procedures to ensure the integrity of the LiDAR data. Proposer should describe acceptance test procedures to be used to ensure data conforms to the accuracy requirements.

1.3.5 ACCURACY

DTM accuracy testing will be performed by LAR-IAC consistent with ASPRS Guidelines for Vertical Accuracy Reporting for LiDAR Data, Version 1, May 2004.

In Project Area 1, the Fundamental Vertical Accuracy (FVA) in open terrain shall be 18.13-cm or better at the 95% confidence level, based on RMSEz of 9.25-cm in open terrain. The Consolidated Vertical Accuracy (CVA) in all land cover categories combined shall be 27.2-cm at the 95th percentile.

In Project Area 2, the Fundamental Vertical Accuracy (FVA) in open terrain shall be 36.26-cm or better at the 95% confidence level, based on RMSEz of 18.5-cm in open terrain. The Consolidated Vertical Accuracy (CVA) in all land cover categories combined shall be 54.4-cm at the 95th percentile.

Proposer should describe the methodology for creating the Digital Terrain Datasets using stereo edited LiDAR data. To generate accurate contours at a 1 and 2 foot interval the LiDAR DTM points will be enhanced with photogrammetrically or lidargrammetrically compiled breaklines. Breaklines are defined as ridgelines, retaining walls, edges of pavements or hydrographic features. The LiDAR data points together with the breaklines will form a TIN (Triangular Irregular Network) from which the contours are generated.

Proposals should provide a detailed description of the input data, production process, quality assurance/quality control, and proposed acceptance test methodology for providing the digital terrain data required by this effort.

1.3.6 RE-FLIGHTS

If required, the Contractor will correct unacceptable digital terrain data at no additional cost to LA County. All re-flight coverage shall overlap the accepted LiDAR data by at least two swaths.

1.3.7 PROTOTYPE (TEST) AREA

Contractor will provide County with sample digital terrain data, which will be provided to the QA/QC vendor as well as to County. County will have an opportunity to review the samples, and will give written acceptance of the enhancements prior to the Contractor processing the remainder of the project.

1.3.8 METADATA

FGDC-compliant metadata will be provided for the deliverable digital terrain data and elevation contours data sets. These metadata will be completed using standard industry metadata tools and output in standard file formats for viewing in all widely available viewing utilities.

1.4 ACCEPTANCE CRITERIA

Contractor (and subcontractor) acknowledges that all finished products and final deliverables will be subject to systematic QA/QC, which will be done by an independent geospatial firm, whose services will be solicited by County in conjunction with this Agreement.

The Acceptance Criteria Table with "Tested Characteristics" and "Measure of Acceptability" will be finalized by Contractor and County's QA/QC vendor during the first month of the project. Contractor will provide in its subcontractor's Project Work Plan (which is Contractor's first project deliverable) and County's QA/QC vendor will provide in its Quality Plan document.

1.4.1 ACCEPTANCE CRITERIA: COMPLETENESS

Any legal defense pursuant to Contractor's indemnification obligations under this Paragraph 13 shall be conducted by Contractor and performed by counsel selected by Contractor.

13.2 INSURANCE.

13.2.1 General Insurance Requirements. Without limiting Contractor's indemnification of County, and in the performance of this Agreement and until all of its obligations pursuant

to this Agreement have been met, Contractor shall provide and maintain at its own expense insurance coverage satisfying the requirements specified in this Paragraph 13. These minimum insurance coverage terms, types and limits (hereinafter "Required Insurance") also are in addition to and separate from any other contractual obligation imposed upon Contractor pursuant to this Agreement. County in no way warrants that the Required Insurance is sufficient to protect Contractor for liabilities which may arise from or relate to this Agreement.

13.2.1.1 Evidence of Coverage and Notice to County.

1. Certificate(s) of insurance coverage (Certificate) satisfactory to County, and a copy of an Additional Insured endorsement confirming County and its Agents (defined below) has been given Insured status under the Contractor's General Liability policy, shall be delivered to County at the address shown below and provided prior to commencing services under this Agreement.

3. Certificates shall identify all Required Insurance coverage types and limits specified herein, reference this Agreement by name or number, and be signed by an authorized representative of the insurer(s). 4. Neither County's failure to obtain, nor County's receipt of, or failure to object to a non-complying insurance certificate or endorsement, or any other insurance documentation or information provided by the Contractor, its insurance broker(s) and/or insurer(s), shall be construed as a waiver of any of the Required Insurance provisions.

Certificates and copies of any required endorsements shall be sent to:

Chief Information Office
County of Los Angeles
350 S Figueroa Street, Suite 188
Los Angeles, CA 90071
Attention: Mark Greninger, GIO

The County of Los Angeles, its Special Districts, Elected Officials, Officers, Agents, and Employees and Volunteers (collectively County and its Agents) shall be provided additional insured status under Contractor's General Liability policy with respect to liability arising out of Contractor's ongoing and completed operations performed on behalf of the County. County and its Agents additional insured status shall apply with respect to liability and defense of suits arising out of

Contractor's acts or omissions, whether such liability is attributable to Contractor or to County. The full policy limits and scope of protection also shall apply to County and its Agents as an additional insured, even if they exceed the County's minimum Required Insurance specifications herein. Use of an automatic additional insured endorsement form is acceptable providing it satisfies the Required Insurance provisions herein.

- 13.2.1.3 Cancellation of or Changes in Insurance. Contractor shall provide County, or Contractor's insurance policies shall contain, a provision that County shall receive written notice of cancellation or any substantive change in Required Insurance, including insurer, limits of coverage, term of coverage or policy period. The written notice shall be provided to County not less than ten (10) days in advance of cancellation for non-payment of premium and thirty (30) days in advance of any other cancellation or substantive policy change. Failure to provide written notice of cancellation or any substantive change in Required Insurance may constitute a material breach of this Agreement, in the sole discretion of County, upon which County may suspend or terminate this Agreement.
- 13.2.1.4 Insurer Financial Rating. Coverage shall be placed with insurers acceptable to the County with A.M. Best ratings of not less than A:VII, unless otherwise approved by County.
- 13.2.1.5 Contractor's Insurance Shall Be Primary. Contractor's insurance policies with respect to any claims related to this Agreement shall be primary with respect to all sources of coverage available to Contractor. Any County maintained insurance or self-insurance coverage shall be in excess of and not contribute to any Contractor coverage.
- 13.2.1.6 Subcontractor Insurance Coverage Requirements. Contractor shall include all subcontractors as insureds under Contractor's own policies, or shall provide County with each subcontractor's separate evidence of insurance coverage. Contractor shall be responsible for verifying each subcontractor complies with the Required Insurance provisions herein, and shall require that each subcontractor name the County and Contractor as additional insureds on the subcontractor's General Liability policy. Contractor shall obtain County's prior review and approval of any subcontractor request for modification of the Required Insurance.
- 13.2.1.7 Deductibles and Self-Insured Retentions (SIRs). Contractor's policies shall not obligate County to pay any portion of any Contractor deductible or SIR. County retains the right to require Contractor to reduce policy deductibles and SIRs as respects County.
- 13.2.1.8 Claims Made Coverage. If any part of the Required Insurance is written on a claims made basis, any policy retroactive date shall precede the effective date of this Agreement. Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following Agreement expiration, termination or cancellation.
- 13.2.1.9 Application of Excess Liability Coverage. Contractor may use a combination of primary, and excess insurance policies which provide coverage as broad as ("follow form" over) the underlying primary policies, to satisfy the Required Insurance provisions.
- 13.2.1.10 Separation of Insureds. All liability policies shall provide cross-liability coverage as would be afforded by the standard ISO (Insurance Services Office, Inc.) separation of insureds provision with no insured versus insured exclusions or limitations.
- 13.2.1.11 Alternative Risk Financing Programs. County reserves the right to review, and then approve, Contractor use of self-insurance, risk retention groups, risk purchasing groups, pooling arrangements and captive insurance to satisfy the Required Insurance provisions. County and its Agents shall be designated as an Additional covered Party under any

approved program.

- 13.2.1.12 County Review and Approval of Insurance Requirements. The County reserves the right to review and adjust the required Insurance provisions, conditioned upon County's determination of changes in risk exposures.

13.2.2 Insurance Coverage.

- 13.2.2.1 Commercial General Liability Insurance. Providing scope of coverage equivalent to ISO policy form CG 00 01, naming County and its Agents as an additional insured, with limits of not less than:

Personal and Advertising Injury	\$1 million
Each Occurrence	\$1 million

- 13.2.2.2 Automobile Liability Insurance. - 13.2.2.3 Workers' Compensation and Employers' Insurance. Insurance or qualified self-insurance satisfying statutory requirements, which includes Employers' Liability coverage with limits of not less than \$1 million per accident. If Contractor will provide leased employees, or, is an employee leasing or temporary staffing firm or a professional employer organization (PEO), coverage also shall include an Alternate Employer Endorsement (providing scope of coverage equivalent to ISO policy form WC 00 03 01 A) naming County as the Alternate Employer, and the endorsement form shall be modified to provide that County will receive not less than thirty (30) days advance written notice of cancellation of this coverage provision. If applicable to Contractor's operations, coverage also shall be arranged to satisfy the requirements of any federal workers or workmen's compensation law or any federal occupational disease law.

- 13.2.2.4 Professional Liability/Errors and Omissions. Insurance covering Contractor's liability arising from or related to this Agreement, with limits of not less than \$1 million per claim and \$3 million aggregate. Further, Contractor understands and agrees it shall maintain such coverage for a period of not less than three (3) years following this Agreement's expiration, termination or cancellation.

- 13.2.3 Failure to Maintain Coverage. Contractor's failure to maintain or to provide acceptable evidence that it maintains the Required Insurance shall constitute a material breach of the Agreement, upon which County immediately may withhold payments due to Contractor and/or suspend or terminate this Agreement. County, at its sole discretion, may obtain damages from Contractor resulting from such breach. Alternatively, County may purchase the required insurance coverage and, without further notice to Contractor, deduct from sums due to Contractor any premium costs advanced by County for such insurance.

7. Paragraph 56 (Non-Exclusivity) is added to Exhibit A (Additional Terms and Conditions) of the Agreement to read as follows:

56. NON-EXCLUSIVITY. Nothing herein is intended nor shall be construed as creating any exclusive arrangement with Contractor. This Agreement shall not restrict County from acquiring similar, equal or like goods and/or services from other entities or sources.

8. Paragraph 57 (Defaulted Property Tax Reduction Program) is added to Exhibit A (Additional Terms and Conditions) of the Agreement to read as follows:

57. DEFAULTED PROPERTY TAX REDUCTION PROGRAM.

57.1 CONTRACTOR'S WARRANTY OF COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM. Contractor acknowledges that County has established a goal of ensuring that all individuals and businesses who benefit financially from County through contract are current in paying their property tax obligations (secured and unsecured roll) in order to mitigate the economic burden otherwise imposed upon County and its taxpayers.

Unless Contractor qualifies for an exemption or exclusion, Contractor warrants and certifies that to the best of its knowledge it is now in compliance, and during the term of this Agreement will maintain compliance, with Los Angeles County Code Chapter 2.206.

57.2 TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN COMPLIANCE WITH COUNTY'S DEFAULTED PROPERTY TAX REDUCTION PROGRAM. Failure of Contractor to maintain compliance with the requirements set forth in Paragraph 57.2 (Contractor's Warranty of Compliance with County's Defaulted Property Tax Reduction Program) shall constitute default under this Agreement. Without limiting the rights and remedies available to County under any other provision of this Agreement, failure of Contractor to cure such default within ten (10) days of notice shall be grounds upon which County may terminate this Agreement and/or pursue debarment of Contractor pursuant to County Code Chapter 2.206.

9. Exhibit B (Statement of Work) of the Agreement is deleted in its entirety and replaced with revised Exhibit B (Statement of Work), attached hereto as Attachment 1 and incorporated herein by reference.
