BACKGROUND:

Summary

On July 1, 2016, Governor Brown signed landmark legislation enacting the No Place Like Home (NPLH) program to dedicate up to \$2 billion in bond proceeds to invest in the development of permanent supportive housing for persons who are in need of mental health services and are experiencing homelessness, chronic homelessness, or who are at risk of chronic homelessness. NPLH funds may be used to acquire, design, construct, rehabilitate, or preserve permanent supportive housing. Counties shall be responsible to provide on-site supportive services to tenants for a minimum of 20 years. These services are consistent with services already provided by RUHS-BH.

On October 30, 2018, the California Department of Housing and Community Development (HCD) released an Amended Round 1 Notice of Funding Availability (NOFA) for Competitive Allocation Funds for NPLH, totaling \$400 million. Funds will be used for deferred payment loans to finance the development of permanent supportive housing for persons with a serious mental illness who are homeless, chronically homeless or at-risk of chronic homelessness. Applications submitted by Riverside County will compete with 10 other "Large Counties" (as defined in the NPLH program guidelines) for about \$ 93.5 million in Round 1 funding. The deadline for the County to take action and submit application(s) is January 30, 2019. It is anticipated that awards will be announced in June 2019.

HCD requires a resolution of the Board of Supervisors to authorize the County to apply for and accept, if awarded, any NPLH Competitive Allocation funds. As the need for permanent supportive housing continues to grow, RUHS-BH, on behalf of Riverside County, is requesting the Board of Supervisors to adopt Resolution 2019-002 authorizing the Director of Behavioral Health to apply for and accept, if approved, an award of NPLH Competitive Allocation Funds and to execute all related documents in connection with the Competitive Allocation Funding for NPLH.

Impact on Citizens and Businesses

These services are a component of the Department's system of care aimed at improving the health and safety of consumers and the community.
