BACKGROUND:

Summary

The Cherry Valley Boulevard Interchange at Interstate 10 (I-10), located within the City of Calimesa (City), is a key interchange serving the City and surrounding communities. The interchange is a major access point for existing residential and retail sites. Significant growth and development in the area have taken place in recent years and modifications to the interchange and freeway ramps are necessary, to accommodate existing and future traffic needs.

On March 21, 2017 (Agenda Item 3.24) the County Board of Supervisors approved a Service Agreement between the County of Riverside (County) and the City designating the County as lead agency for the Interstate 10 (I-10)/Cherry Valley Boulevard Improvement Project (Project), Project Initiation Document (PID) preparation. The PID Phase was completed on June 13, 2018.

On December 11, 2018 (Agenda Item 3.40) the County Board of Supervisors approved an amendment to the Service Agreement with the City further designating the County as lead agency for the preparation of the Project Approval/Environmental Document (PA/ED) for the Project.

The Cooperative Agreement between the County of Riverside and the State of California (Caltrans) defines the obligations and responsibilities of each agency to complete the project approval, environmental document, final design, and right of way acquisition for the project. The County will be the implementing agency responsible for developing the project and preparing the project for construction. Caltrans is responsible for performing quality management including independent quality assurance and is the NEPA lead agency for the project.

The City will be 100% responsible for the funding of the Project. Currently, the City has funds available to complete PA/ED. As funding becomes available for the Design and Right-of-Way phases, an amendment to the Service Agreement with the City will be prepared.

Impact on Residents and Businesses

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

The project will benefit local residents by providing improvements that will alleviate current and future traffic demands, improve safety, and improve the operation of the Cherry Valley Boulevard/I-10 Interchange.

Additional Fiscal Information

The City of Calimesa is responsible for all costs associated with the Interstate 10/Cherry Valley interchange improvement project. The County is currently working on the preliminary engineering and environmental clearance (PA/ED), and will proceed to the next phase once funding is secured. There are no County costs associated with the Caltrans Agreement.

It is understood and agreed that CALTRANS, to the extent permitted by law, will defend, indemnify, and save harmless COUNTY and all of their officers and employees from all claims, suits, or actions of every name, kind, and description brought forth under, but not limited to, tortious, contractual, inverse condemnation, or other theories and assertions of liability occurring by reason of anything done or omitted to be done by CALTRANS, its contractors, sub-contractors, and/or its agents under this AGREEMENT.

Non-parties

92. PARTIES do not intend this AGREEMENT to create a third party beneficiary or define duties, obligations, or rights for entities not signatory to this AGREEMENT. PARTIES do not intend this AGREEMENT to affect their legal liability by imposing any standard of care for fulfilling the WORK different from the standards imposed by law.
93. PARTIES will not assign or attempt to assign obligations to entities not signatory to this AGREEMENT without an amendment to this AGREEMENT.

Ambiguity and Performance

94. COUNTY will not interpret any ambiguity contained in this AGREEMENT against CALTRANS. COUNTY waives the provisions of California Civil Code, Section 1654.

A waiver of a PARTY's performance under this AGREEMENT will not constitute a continuous waiver of any other provision.

95. A delay or omission to exercise a right or power due to a default does not negate the use of that right or power in the future when deemed necessary.

Defaults

96. If any PARTY defaults in its performance of the WORK, a non-defaulting PARTY will request in writing that the default be remedied within thirty (30) calendar days. If the defaulting PARTY fails to do so, the non-defaulting PARTY may initiate dispute resolution.

Dispute Resolution

97. PARTIES will first attempt to resolve AGREEMENT disputes at the PROJECT team level as described in the Quality Management Plan. If they cannot resolve the dispute themselves, the CALTRANS district director and the executive officer of COUNTY will attempt to negotiate a resolution. If PARTIES do not reach a resolution, PARTIES' legal counsel will initiate mediation. PARTIES agree to participate in mediation in good faith and will share equally in its costs.

Neither the dispute nor the mediation process relieves PARTIES from full and timely performance of the WORK in accordance with the terms of this AGREEMENT. However, if any PARTY stops fulfilling its obligations, any other PARTY may seek equitable relief to ensure that the WORK continues.

Except for equitable relief, no PARTY may file a civil complaint until after mediation, or forty-five (45) calendar days after filing the written mediation request, whichever occurs first.

PARTIES will file any civil complaints in the Superior Court of the county in which the CALTRANS district office signatory to this AGREEMENT resides or in the Superior Court of the county in which the PROJECT is physically located.

98. PARTIES maintain the ability to pursue alternative or additional dispute remedies if a previously selected remedy does not achieve resolution.

Prevailing Wage

99. When WORK falls within the Labor Code § 1720(a)(1) definition of "public works" in that it is construction, alteration, demolition, installation, or repair; or maintenance work under Labor Code § 1771, PARTIES will conform to the provisions of Labor Code §§ 1720-1815, and all applicable provisions of California Code of Regulations, Title 8, Division 1, Chapter 8, Subchapter 3, Articles 1-7. PARTIES will include prevailing wage requirements in contracts for public work and require contractors to include the same prevailing wage requirements in all subcontracts.

Work performed by a PARTY's own employees is exempt from the Labor Code's Prevailing Wage requirements.

If WORK is paid for, in whole or part, with federal funds and is of the type of work subject to federal prevailing wage requirements, PARTIES will conform to the provisions of the Davis-Bacon and Related Acts, 40 U.S.C. §§ 3141-3148.

When applicable, PARTIES will include federal prevailing wage requirements in contracts for public works. WORK performed by a PARTY's employees is exempt from federal prevailing wage requirements.
