BACKGROUND:

Summary

Tract 29600 was approved by the Board of Supervisors on September 9, 2003 as Agenda Item 16.4. Final Map 29600 is an 89.94 acre subdivision that is creating 169 residential lots, seven (7) open space lots and one (1) park lot in the Highgrove area. This is the 1st phase of 2 phases for this Tract Map. The secondary access is within future tract map 29740, therefore separate agreements were prepared for the secondary access. This Final Tract Map complies in all respects with the provisions of Division 3 of Title 15 of the Government Code and applicable local ordinances. All necessary conditions of approval have been satisfied and departmental clearances have been obtained to allow for the recordation of the final map.

Government Code Section 66458 directs the Board of Supervisors to approve a final map, without any discretion, if the map conforms to all the requirements of the Subdivision Map Act and local ordinances applicable at the time of approval or conditional approval of the tentative map.

KB Home Coastal, Inc desires to enter into Improvement Agreements to guarantee the construction of the required improvements and has submitted Improvement Agreements and Securities which have been approved by County Counsel. All costs for improvements will be the responsibility of the developer. The securities posted for the Tract are by Liberty Mutual Insurance Company and the securities posted for the Secondary Access are by Fidelity and Deposit Company of Maryland. Both are as follows:

There are hereby created, granted and reserved nonexclusive easements appurtenant to each Lot for drainage according to the patterns for drainage created by the grading plans for the Property which have been reviewed and approved by the County, as well as according to the actual, natural and existing patterns for drainage.

3.4.1 No Obstruction of Drainage. Each Owner covenants and agrees not to obstruct or otherwise interfere with the concrete drainage swales, yard drains, catch basins and other area drains and related facilities (collectively, the "**Drainage Facilities**") installed by Declarant pursuant to the approved grading plans for the Property, nor shall such Owner obstruct, redirect, alter or otherwise interfere with, in any manner whatsoever, the established drainage patterns for such Lot, or regrade or otherwise reconstruct such Owner's Lot in any manner which will result in the alteration of the established drainage pattern or in any way redirect, impede or otherwise impair the flow of drainage waters across such Owner's Lot without obtaining the proper permits or approval by the County for such Improvements. Each Owner shall regularly inspect and, if necessary, clean out any Drainage Facilities located on such Owner's Lot. If it is necessary to alter said drainage pattern for the protection and use of such Owner's Lot, the Owner will make adequate provisions for proper drainage in accordance with the appropriate governmental grading ordinance.

3.5 Easements for Construction, Sales and/or Leasing. Declarant hereby reserves nonexclusive easements for access, ingress and egress on, over under, through and across the Property as necessary to construct the Residences and all other Improvements within the Property, and to carry on normal sales or leasing activity, including, without limitation, the operation of model homes and sales or leasing offices, and the display of promotional signs, banners, flags, balloons and exhibits and other promotional activities in connection with the sale or lease of Lots in the Property or for other projects being marketed and sold by Declarant.

3.6 Easements for Common Walls and Fences. There are hereby created, granted and reserved nonexclusive easements appurtenant to each Lot for the placement and maintenance of all common walls or fences, where such walls or fences were originally installed by Declarant, regardless of whether such walls or fences are located precisely upon the boundary separating two (2) Lots. Those Owners who have a common wall or fence which adjoin their Lots and effectively creates the boundary line between such Lots shall equally have the right to use such wall or fence, and each shall have the

exclusive right to the use of the interior surface of the wall or fence facing such Owner's Residence. No Owner shall drive nails, screws, bolts or other objects more than half way through any common wall or fence, interfere with the adjacent Owner's use and enjoyment of the common wall or fence, or impair, in any way, the structural integrity of the common wall or fence. In the event that any portion of such wall or fence, except the interior surface of one (1) side, is damaged or injured from any cause, other than negligence or willful the act or omission of either party, it shall be repaired or rebuilt at the Owners' joint expense. Where damage to the wall or fence is caused by the negligence or willful acts or omissions of one party, the general rules of law regarding party walls and liability for property damage shall apply. Each Owner shall be solely responsible for maintaining the interior surfaces of the party wall or fence facing such Owner's Residence.

3.7 Easements for Cluster Mailboxes. To the extent there are cluster mailboxes installed within any portion of the Covered Property, there are hereby reserved and granted for the benefit of the Lots serviced by such cluster mailbox, an easement for use of such cluster mailbox.

3.8 County Maintained Areas.

3.8.1 CSA Easement Areas. The County Maintained Areas within the Covered Property include those areas shown as "CSA MAINTAINED AREAS WITHIN HOMEOWNER LOTS" on **Exhibit "C"** attached hereto ("**CSA Easement Area**"). An easement has been or will be recorded granting the CSA any easements necessary to carry out such maintenance. In no event shall any Owner modify or remove any Improvements installed or maintained by the CSA within the CSA Easement Area. Additional CSA Easement Areas may be designated in a Supplementary Declaration subject to County approval.

3.8.2 CSA Owned and Maintained Areas. The County Maintained Areas also include those areas adjacent to the Covered Property shown as "CSA OWNED & MAINTAINED AREAS" on **Exhibit "C"** attached hereto ("**CSA Owned and Maintained Area**"), which CSA Owned and Maintained Area will be owned and operated by the CSA.

3.9 Amendment to Eliminate Easements. Any attempt to modify or eliminate this Section shall require the prior written approval of Declarant, so long as Declarant is the Owner of a Lot, and shall be subject to **Section 9.8** below. Failure to gain such prior written approval shall render any such amendment void and without legal effect.

**ARTICLE 4
USE RESTRICTIONS**

4.1 Declarant Exemption. None of the restrictions set forth in this **Article 4** shall apply to Declarant, except those restrictions required by Applicable Laws.

4.2 Residential Uses. Each Residence shall be used as a private dwelling and for no other purpose. No business, commercial, manufacturing, mercantile, storage, vending or industrial operations of any kind shall be conducted in or upon any Lot or within any Residence. Notwithstanding the foregoing, this Section shall not preclude activities required to be allowed pursuant to Applicable Law or activities which do not create any external evidence thereof, including, without limitation, any increased impact on parking, provided that such activities are conducted in conformance with all Applicable Laws and are merely incidental to the use of the Residence as a single family dwelling.

4.3 Prohibited Dwelling Structures. At no time shall any garage, basement, attic, outbuilding, tent, shack, shed, trailer, camper, motorhome, boat or structure of any kind within the Property, except for the one (1) Residence constructed upon each Lot, be used as a dwelling.

4.4 Rental of Lots. An Owner shall be entitled to rent the Residence subject to the restrictions contained in this Declaration, and any other restrictions of record applicable to such Owner's

Lot and all Applicable Laws. The Owners shall, at all times, be responsible for their tenant's or lessee's compliance with all of the provisions of this Declaration. No Owner may lease such Owner's Residence for hotel, motel or transient purposes.

4.5 Signs. Subject to the provisions of California Civil Code Sections 712 and 713, as same may be amended, from time to time, no sign of any kind shall be displayed to the public view on or from any Lot, except one (1) "for sale," "for lease" or "for exchange" sign of reasonable size on any Lot, which shall be permitted to include directions to the Lot, the Owner's or agent's name, and the Owner's or agent's address and telephone number, and one (1) sign indicating that the Lot (and Residence) is protected by a security alarm system. All signs permitted under this Section shall conform to all Applicable Laws.

4.6 Animals. No animals, fowl, reptiles, poultry, fish or insects of any kind ("animals") shall be raised, bred or kept on any Lot, except that a reasonable number of dogs, cats or other household pets may be kept; provided that they are not kept, bred or maintained for any commercial purpose, nor in unreasonable numbers nor in violation of any applicable local ordinance or any other provision of this Declaration. As used herein, "unreasonable numbers" shall mean any number in excess of the maximum number of animals of a particular kind permitted by the County to be kept and maintained on a Lot. Animals belonging to Owners, occupants or their licensees, tenants or invitees must be either kept within an enclosure, an enclosed yard or on a leash or other restraint being held by a person capable of controlling the animal. Furthermore, to the extent permitted by law, each Owner shall be liable to each and all other Owners, their families, tenants and invitees, for any unreasonable noise or damage to person or property caused by any animals brought or kept upon the Property by an Owner or by members of such Owner's family, tenants or invitees. It shall be the absolute duty and responsibility of each such Owner to clean up after such animals.

4.7 Window Coverings. Temporary window coverings ("**Temporary Window Coverings**") in a design and color that does not conflict with the surrounding Improvements (but excluding aluminum foil, newspaper, plywood or any other contrasting material) are permitted for a maximum period of three (3) months after the Lot is conveyed by Declarant to an Owner. Except as specifically provided in the proceeding sentence, no Temporary Window Coverings shall be used to cover any door or window of any Residence. All window coverings (including Temporary Window Coverings) shall be of a neutral color harmonious with and not in conflict with the color scheme of the exterior wall surface of the Residence.

4.8 Nuisances. No Owner shall commit or permit any nuisance within the Property or commit or suffer any illegal act to be committed thereon. No noxious activities or excessive noise shall be permitted within the Property.

4.9 Compliance With Applicable Laws. Each Owner shall comply with all Applicable Laws.

4.10 Exterior Painting. No Owner shall paint the exterior of the Owner's Residence or any other exterior Improvements within unless the paint color is consistent with the applicable code standards and in substantial conformance with the original design so that the Residence is architecturally and aesthetically compatible with the surrounding color scheme of the Property.

4.11 Repair and Reconstruction. In the event of damage or destruction to a Residence or other portion of a Lot ("**Damaged Improvement(s)**"), the Owner shall promptly, after the damage or destruction (a) commence to restore, repair, rebuild or reconstruct such Damaged Improvement(s) and diligently pursue such reconstruction to completion, or (b) clear such Owner's Lot and maintain the same clear of all debris, weeds, rubbish and other unsightly and unsafe materials. If the Owner elects to rebuild, all repairs and restoration shall be completed in a good and workmanlike manner, consistent with Governmental Requirements and in substantial conformance with the original design so that the Residence is architecturally and aesthetically compatible with surrounding Improvements.

4.12 Parking, Vehicular Restrictions and Garages.

4.12.1 Authorized Vehicles. The following vehicles are "Authorized Vehicles": standard passenger vehicles including automobiles, passenger vans designed to accommodate ten (10) or fewer people, motorcycles, and pick-up trucks having a manufacturer's rating or payload capacity of one (1) ton or less. Recreational vehicles parked within the side or rear yard areas shall be permitted provided that such vehicles are screened from view of neighboring Lots. Authorized Vehicles may be parked in any portion of the Property intended for parking of motorized vehicles; however, no Owner may park a vehicle in a manner which either restricts the passage of pedestrians or vehicles over driveways, streets or sidewalks within the Property or extends beyond the limits of the space where the vehicle is parked.

4.12.2 Prohibited Vehicles. The following vehicles are "Prohibited Vehicles": (a) recreational vehicles, motor homes, travel trailers, camper vans, boats and the like unless screened from view as provided in **Section 4.12.1** above, (b) commercial-type vehicles (e.g., stakebed trucks, tank trucks, dump trucks, step vans, semi-truck tractor, concrete trucks and limousines), (c) buses or vans designed to accommodate more than ten (10) people, (d) vehicles having more than two (2) axles, (e) semi-truck tractors, (f) trailers, (g) inoperable vehicles or parts of vehicles, (h) aircraft, and (i) any other vehicle not classified as an Authorized Vehicle. Prohibited Vehicles may not be parked, stored or kept on any public or private street in, adjacent to or visible from the Property except for brief periods for loading, unloading, making deliveries or emergency repairs.

4.12.3 Garages. Garages shall be used only for parking Authorized Vehicles, and shall not be used for storage, living or business purposes, or any other purpose which prevents the storage of the number of vehicles for which the garage was assigned. Garage doors shall be kept closed at all times, except as reasonably required for ingress to and egress from the interiors of the garages and the Residence and other temporary purposes. No pad or space adjacent to the Garage, or any other portion of a Lot, other than a driveway, shall be used for the parking of any vehicles whatsoever.

4.13 Temporary Structures. No trailer, mobile home, tent, shack or other outbuildings shall be kept upon any Lot, or in any street within the Covered Property, except in connection with work or construction diligently pursued.

4.14 Oil and Mineral Rights. No oil drilling, oil development operations, oil refining, quarrying, or mining operations of any kind shall be permitted by any Owner upon or in any Lot nor, subsequent to the recording of this Declaration, shall oil wells, tanks, tunnels, or mineral excavations or shafts be installed upon the surface of any Lot or within five hundred (500) feet below the surface of such properties. No derrick or other structure designed for use in boring for water, oil or natural gas shall be erected, maintained or permitted by any Owner upon any Lot. No Owner shall use a Lot to explore for or to remove any water, oil or other hydrocarbons, minerals of any kind, gravel, earth or any earth substance or other mineral of any kind.

4.15 Solar Energy Systems. All Owners shall have the right to place and maintain on their Residence or Lot, equipment and facilities related to the installation and maintenance of individual solar heating systems. The installation and maintenance of any solar heating system by an individual Owner shall be subject to all Applicable Laws. No solar heating panels or other solar energy collection equipment shall be installed on any portion of any Lot, or any Improvement thereon, unless such equipment is installed in such location and in such manner as to be obscured from the view of other persons in the Property to the greatest degree practicable without significantly decreasing its efficiency.

4.16 Antennae and Satellite Dishes. No Owner shall install any antenna, satellite dish, or other over-the-air receiving device that is of a size larger than is permitted under Title 47 U.S.C. §§ 1 et seq., 47 CFR § 1.4000 and any other Applicable Laws or rules or decisions promulgated with respect thereto.

4.17 Trash. No trash may be kept or permitted upon the Covered Property or on any public street abutting or visible from the Covered Property except in containers located in appropriate areas screened from view. Such containers may be exposed to the view of neighboring Lots only when set out at a designated location for a reasonable period of time (not to exceed twelve (12) hours before and after scheduled trash collection hours).

4.18 Water and Sewer Systems. No individual water supply system, water softener system or sewage disposal system shall be permitted on Lot unless the system is designed, located, constructed and equipped in accordance with the requirements, standards and recommendations of any applicable water district and any applicable Governmental Agencies.

4.19 Unsightly Articles. No unsightly articles, including woodpiles, garbage cans, storage boxes, tools and equipment shall be permitted to remain on any portion of a Lot which is visible from any street or from any other Lot within the Property, unless such items are obscured from view by a fence or other appropriate screen. All garbage cans put out for collection shall be exposed to the view of neighboring Lots for only a reasonable period of time. Clotheslines shall be permitted, provided that such clotheslines are located within the back yard area of the Lot.

4.20 Hazardous Materials. Any Hazardous Materials within the Property shall be disposed of in compliance with Applicable Laws. Owners are encouraged to consult with the Governmental Agencies and the refuse hauler in the area of the Property concerning the proper disposal of any Hazardous Material. Toxic chemicals or hydrocarbon compounds such as gasoline, motor oil, anti-freeze, solvents, paints, paint thinners, wood preservatives and other such fluids shall not be discharged into any public street or any storm drain or storm-water conveyance system within the Property. Use and disposal of pesticides, fungicides, herbicides, insecticides, fertilizers and other such chemical treatments shall meet Federal, State, and County requirements as prescribed in their respective containers. Owners shall indemnify, defend and hold harmless any other Owner, including Declarant, and any other Owner's tenants and invitees, from all damages, losses, causes of action, liabilities, costs and expenses, including remedial costs and attorneys' fees incurred or sustained in connection with any damage, or damage resulting from Hazardous Materials kept, maintained or released on the Property.

4.21 Drainage. There shall be no interference with the established drainage pattern over the Property. For the purpose hereof, "established drainage" refers to the drainage that exists at the time of conveyance of the Lot to an Owner by Declarant, or that is shown on any plans approved by the County. Each Owner shall maintain the drainage situated within any Lot free of debris and any other material that may impede the flow of water. Roof drains may not drain directly into hard pipe systems; any such roof drains must drain into grass areas before entering into any storm drain system. If such Owner fails to maintain such drainage and, as a result, imminent danger to person or property may result, then the County shall have the right of access onto the Lot for the purpose of clearing debris and other material so as to not impede the flow of water. This right of access shall be exercised only for the purpose of preventing damage to persons and property and the entering party shall use reasonable care so as to not cause any damage to the Lot. The Owner shall reimburse the County for any costs and expenses incurred in clearing such debris. In addition to the foregoing, Owners shall maintain drainage, at all times, to prevent water from seeping under the structure. Owners shall "greatly" restrict surface water near structures and slabs-on-grade. Measures to restrict surface water may include, without limitation, the following: (a) selecting landscaping that requires little or no watering, especially within three (3) feet of structures, slabs-on-grade, or pavements, (b) using low precipitation sprinkler heads, (c) regulating the amount of water distributed to lawn or planter areas by installing timers on the sprinkler system, (d) providing surface grades to drain rainfall or landscape watering to appropriate collection systems and away from structures, slabs-on-grade, or pavements, (e) preventing water from draining toward or ponding near building foundations, slabs-on-grade, or pavements, and (f) avoiding open planting areas within three (3) feet of the building perimeter.

4.22 Compliance With Requirements Regarding Storm Water Pollution. Each Owner acknowledges that water that enters a storm drain flows to waterways, creeks, streams, rivers, lakes and/or oceans. Accordingly, the National Pollutant Discharge Elimination System ("NPDES"), the Federal

Clean Water Act, and the policies and ordinances of the County prohibit discharging anything other than natural rain water into storm drainage systems, including gutters and streets which drain into storm drains. Toxic chemicals or hydrocarbon compounds such as gasoline, motor oil, antifreeze, solvents, paints, paint thinners, wood preservatives, fertilizers, lawn clippings, yard waste, detergents, pet waste, paints and other such materials and pollutants shall not be discharged into any street, public or private, gutters, or into storm drains or storm water conveyance systems. The disposal of such pollutants and materials into a storm drain system may result in significant penalties and fines and that such Owner may be responsible for any activities by Owner's contractors (e.g., painters, landscapers, etc.) who dispose of such pollutants from an Owner's Lot into a storm drain system. Use and disposal of pesticides, fungicides, herbicides, insecticides, fertilizers, and other such chemicals shall meet all federal, state, and County requirements and requirements of any other governmental agencies having jurisdiction over the Property. All Owners within the Community are required to comply with such restrictions. Owners are encouraged to consult with the County, and other governmental authorities, concerning the proper disposal of any toxic or hazardous materials. Dumping any such materials into sewers, gutters or storm drains is against the law.

4.22.1 Storm Water Pollution Prevention Best Management Practices. To comply with the requirements of the County in connection with the storm water pollution prevention best management practices, each Owner agrees that it will, at all times, maintain all Improvements located on a Lot, in a clean, safe and attractive condition, free and clear of any and all debris. All landscaping shall be maintained by an Owner in a manner that will prevent soil erosion and minimize sediment transport. To the extent that Declarant has installed any erosion protection devices (e.g., sandbags), an Owner shall not remove such devices unless and until all landscaping has been installed on a Lot, and has been sufficiently grown so as to prevent soil erosion and transport of any sediment. Owners shall comply with all requirements of the County of Riverside in connection with storm water pollution prevention and all applicable Best Management Practices ("BMP") and perform all maintenance that may be imposed by any water quality management plan that may affect the Property. Owners shall ensure that implementation and oversight of the BMP are in accordance with the NPDES, the Federal Clean Water Act, and policies and ordinances of the County of Riverside prohibiting all discharge of anything other than rain water into storm drain systems, including gutters and streets which drain into the storm drain. In addition to the foregoing, Owners shall comply with the Riverside County Flood Control District requirements set forth in the following Sections (a) through (d).

(a) All trash receptacles within an Owner's Lot shall be covered and closed at all times except when disposing of trash.

(b) Basins within the Community shall be maintained in accordance with the following requirements: (i) drip systems shall be utilized to irrigate plants within the basin, (ii) drought tolerant plant species or species approved by the County shall be maintained within the basins, and (iii) fertilizers shall not be used within the basins.

(c) The following activities shall be prohibited within the public streets servicing the Community or within areas of the Community that would result in discharge of materials into the public streets, (i) power washing, (ii) washing cars or conducting vehicle maintenance within the public streets or driveway areas (other than emergency vehicles maintenance), (iii) blowing of landscaping debris into the basin, (iv) dumping oil into the public street or storm drain system servicing the Community, and (v) discharging fertilizers, pesticides, animal waste, paint or masonry waste into the public street or storm drain system.

(d) Integrated pest management shall be used within the Community as required by the Water Quality Management Plan for the Community.

4.22.2 Liability to Declarant. So long as Declarant owns any Lot within the Community, if an Owner is not in compliance with the provisions of this Section and as a result, Declarant may incur any liability, Declarant shall have the right but not the obligation to enter upon the Lot to correct such violation. Any Owner who violates the requirements of this Section shall indemnify, protect, defend

and hold Declarant and its officers, directors, successors and assigns entirely free and harmless from and against any liabilities, penalties, costs, expenses and actions, including, without limitation, attorneys' fees and costs arising from or attributed to a violation of the provisions of this Section and shall, within fifteen (15) days after request from Declarant, reimburse Declarant, as applicable, for any costs and expenses incurred by Declarant in correcting any violation by any Owner of this Section.

4.23 Fuel Modification Areas. Certain portions of the Covered Property are included within the Fuel Modification Areas, for which there are certain guidelines and regulations with respect to the use and maintenance thereof by the Owners, imposed by the County and other Governmental Agencies. Each Owner of a Lot located in a Fuel Modification Area shall be required to comply with the requirements imposed by the County, including without limitation, the Fire Protection Plan and any other applicable guidelines or regulations as may be adopted by any Governmental Agency from time to time. Such obligations include, without limitation, the obligation to (i) not install any combustible structures within the Zone A non-combustible structural setback area (including without limitation the Zone A non-combustible structural setback area located within Lots 35 through 38 inclusive of Tract No. 29600), as such Zone A is depicted on **Exhibit "B"** and in the Fire Protection Plan. By accepting a deed to a Lot, each Owner acknowledges that there may be restrictions on flammable structures, trees or shrubs in the Fuel Modification Areas. Each Owner shall comply with the restrictions set forth in the Fire Protection Plan on **Exhibit "B"** attached hereto and incorporated herein and any additional restrictions which may be adopted by the County or as may be set forth in a Supplementary Declaration.

4.24 Water Supply and Water Softener Systems. No individual water supply or water softener system, nor any sewage disposal system shall be permitted on the Property unless such system is designed, located, constructed and equipped in accordance with Governmental Requirements.

4.25 Dig Alert. Each Owner acknowledges that a voluntary organization called "Dig Alert" provides information regarding the presence of utility lines and offers other precautionary advice prior to digging or excavating any real property to Owners and other residents in the County. Additional information is available at <http://www.digalert.org/home.html> or by calling 811. Each Owner shall cooperate with the guideline established by "Dig Alert" for so long as such program remains in effect.

4.26 Post Tension Slabs. The concrete slabs for the Residences in the Community may be reinforced with a grid of steel cables that were installed in the concrete and then tightened to create very high tension. This type of slab is commonly known as a "Post Tension Slab." Cutting into a Post Tension Slab for any reason (e.g. to install a floor safe, to remodel plumbing, etc.) is very hazardous and may result in serious damage to the Residence and/or personal injury. By accepting a grant deed to a Residence in the Community, each Owner specifically covenants and agrees that: (a) such Owner shall not cut into or otherwise tamper with the Post Tension Slab; (b) such Owner shall not knowingly permit or allow any person to cut into or tamper with the Post Tension Slab so long as such Owner owns any interest in the Residence; (c) such Owner shall disclose the existence of the Post Tension Slab to any tenant, lessee or subsequent purchaser of the Residence; and (d) such Owner shall indemnify, protect, defend and hold Declarant and its officers, employees, contractors and agents, free and harmless from and against any and all claims, damages, losses, or other liability (including, without limitation, attorneys' fees) arising from any breach of this Section.

4.27 No Easements for View Purposes; Disclaimer. Neither Declarant, nor any of Declarant's employees or agents, have made any representations whatsoever concerning the view, if any, that a particular Lot or other Improvement thereon will enjoy. There are no express or implied easements whatsoever appurtenant to any Lot for view purposes, or for the passage of light and air across any other Lot or any real property not within the Property, regardless of whether such Lot is owned by Declarant. Each Owner, by accepting a deed to a Lot, hereby expressly acknowledges and agrees that walls and fences constructed by Declarant, and further construction, development and growth of landscaping, both within the Property and in the immediate vicinity of the Property may impair the view from such Owner's Lot, and each Owner hereby expressly consents to any such impairment.

4.28 County Maintained Area. In no event shall any Owner alter or remove any landscaping installed within any County Maintained Area. In no event shall any Owner install any Improvement on landscaping within any County Maintained Area.

4.29 Notice of Airport in Vicinity. The Property is located in the vicinity of an airport, within what is known as an airport influence area. For that reason, the Property may be subject to some of the annoyances or inconveniences associated with proximity to airport operations (for example: noise, vibration, or odors). Individual sensitivities to those annoyances can vary from person to person. Each Owner should consider what airport annoyances, if any, are associated with the Property before such Owners completes its purchase and determine whether such annoyance are acceptable to such Owner.

ARTICLE 5 MAINTENANCE

5.1 Maintenance of Lots. Each Owner shall maintain such Owner's Lot (other than landscaping within any County Maintained Area), including, any portions of the Lot located outside of any fence or wall, and all landscape and irrigation improvements in the yards within the Residence, in a neat, clean, safe, sanitary and attractive condition at all times, at such Owners sole cost and expense. All slopes located within a Lot shall be kept and maintained so as to prevent erosion and ensure the proper drainage of each Lot in accordance with grading plans originally approved by the County, unless such slopes are designated for maintenance by the County. Each Owner shall be responsible for notifying the County if street trees located on the Owner's Lot are in need of maintenance or replacement so that the County can determine the appropriate course of action. Each Owner shall comply with all requirements of the County with respect to street tree and parkway maintenance.

5.2 Performance of the Maintenance Obligations By Owner. Each Owner will perform and comply with the Maintenance Obligations and each Owner is further obligated to provide a copy of the Homeowners Maintenance Guide and other materials describing the Maintenance Obligations to any successors in interest and/or subsequent purchasers of such Owner's Lot.

5.3 Installation and Maintenance of Landscaping. Each Owner shall be responsible for the maintenance and upkeep of landscaping and irrigation within all portions of such Owner's yard. Yards shall be maintained free of all weeds, rubbish, trash and debris at all times. Plans and specifications, including the nature, type and kind of all proposed landscape and irrigation Improvements, and the dimensions thereof, must be submitted for approval, in accordance with **Article 6** of this Declaration. Landscaping plans shall include native and drought tolerant plants where appropriate. Unless Declarant installs landscaping on a particular Lot, all portions of a Lot which are improved with a Residence, except for Lots owned by Declarant, shall be landscaped by the Owner thereof on or before a date which is six (6) months from the original conveyance of such Lot by Declarant to an Owner under authority of a public report issued by the California Department of Real Estate, subject to the provisions set forth in this Declaration regarding architectural and landscaping approval.

5.4 Walls and Fences. Each Owner whose Lot, or portion thereof, is improved with a block wall or fence, or a combination thereof, which borders the perimeter of the Property, as required in the conditions of approval for the Property, shall be responsible for maintaining the interior of the wall. The County shall be responsible for graffiti removal on the exterior of the wall, but the Owner whose Lot is affected by graffiti on the exterior of the wall shall bear the burden of the costs associated with such graffiti removal, as required by the County. In the event the County does not perform such graffiti removal, the Owner of the Lot on which such fence or wall is located shall be responsible for repairing and replacing that portion of the block wall or fence in good condition at all times. If replacement of the wall is required, the Owner(s) shall replace the wall with a substantially similar wall. In addition, each Owner shall maintain all walls and fences on their Lot as set forth in **Section 3.6** of this Declaration.

5.5 Drainage. Unless otherwise set forth in this Declaration, all drainage devices, including, without limitation, drainage swales and area drains, located on each Owner's Lot shall be maintained by said Owner free and cleared of any weeds, rubbish, mud, silt or other debris. In the event said Owner

does not comply with this maintenance responsibility and the drainage devices impact the adjoining Lots, the Owner(s) of said Lot(s) is/are hereby granted, upon reasonable advance notice to the Owner of the Lot on which the drainage device is located, a nonexclusive easement appurtenant across the adjacent Lot as necessary to maintain, clear and repair the drainage devices to ensure proper drainage. The reasonable costs incurred in connection with such maintenance, clearing and repair shall be the responsibility of the Owner on whose Lot the drainage device is located.

5.6 Fuel Modification Areas. Each Owner shall maintain any Fuel Modification Areas located within such Owner's Lot in accordance with the requirements set forth in **Section 4.23**, the Maintenance Guide, the Fire Protection Plan and such other guidelines and regulations as may be adopted by the County or other governmental agency. The size and/or width of the Fuel Modification Areas are based on the proposed location of the Residences within the Community, and requires certain minimum distances to be maintained between structures and native grasses, shrubs and/or plants. This will limit or prohibit any future additions, structures or accessory structures on the affected Lots unless the boundaries of the applicable Fuel Modification Area can be amended or changed. Such modifications may only be accomplished by processing a prior written request to make such changes through the County. Such modifications would also require the approvals set forth in **Article 6**. In many instances the Fuel Modification Areas cannot be changed because of possible impacts to native habitat and/or mitigation areas.

5.7 Graffiti Removal. Owners should promptly remove graffiti from any areas required to be maintained by such Owner pursuant to this Declaration.

5.8 Mailbox Locks. Each Owner is responsible for the maintenance of any locks on such Owner's mailbox.

5.9 Storm Drain Facilities. Each Owner shall maintain any storm drain facilities on such Owner's Lot and shall replace such filters as required in conformance with all Applicable Laws, including, without limitation, the requirements and obligations set forth in **Section 4.22**. Any privately owned catch basins located within an Owner's Lot shall be maintained by such Owner and such Owner shall be responsible for inspecting the catch basin and, if required, cleaning the catch basin no later than October 15 of each year.

5.10 Private Sewer Lateral. Each Owner shall be responsible for maintenance of all portions of any private sewer lateral servicing such Owner's Lot. All such maintenance shall be performed in accordance with the Maintenance Obligations.

5.11 Trail Easement Areas. Declarant shall be responsible for maintenance of the trail easement areas designated on the Final Maps, until such time as the maintenance is taken over by the CSA as part of the County Maintained Areas.

5.12 Homeowner Maintained Parkway Areas. In the event the County stops maintaining the parkway areas adjacent to the Lots, each Owner of a Lot shall be responsible for maintaining and irrigating all portions of any parkway located between such Owner's Lot and the street. In maintaining such parkway area, the Owner shall comply with the requirements set forth herein, County requirements. Notwithstanding anything to the contrary contained herein, in no event shall the Owner be responsible for maintenance of the sidewalk if the sidewalk is County maintained.

5.13 Compliance with Maintenance Guide. Each Owner is required to comply with all of the Maintenance Obligations and any other requirements set forth in any Owner Maintenance Guide provided by Declarant and each Owner is further obligated to provide a copy of such Owner Maintenance Guide to any successor purchaser of such Owner's Lot.

ARTICLE 6

6.1 Architectural Approval. Until the date which is twelve (12) months after the conveyance of the last Lot in the Property to an Owner from Declarant under authority of a California Department of Real Estate issued Public Report, no Outdoor Improvements shall be installed upon a Lot until the plans and specifications therefore showing the nature, design, kind, shape, height, width, color, materials, and location have been submitted to and approved by Declarant in accordance with the procedures set forth in **Sections 6.2 and 6.3 ("Plans")**. To the fullest extent permitted by Applicable Laws, Declarant shall not be liable to any Owner for any damage, loss or prejudice suffered or claimed on account of any act, omission of negligence in connection with the approval, conditional approval or disapproval of Plans. Declarant may, in its discretion and at any time, waive its approval rights granted under this **Article 6**, subject to such terms and conditions as Declarant may impose.

Attn: Mr. Scott Hansen

Any Owner desiring to install any Outdoor Improvement requiring approval shall submit Plans either: (a) by nationally recognized overnight courier with receipt for delivery, or (b) by United States certified or registered mail, postage prepaid, return receipt requested. All Plans for Outdoor Improvements requiring a County permit shall have been prepared by an architect, engineer or designer licensed or certified by the State of California, or by such other person, including an Owner, as may be approved in writing, by Declarant.

6.3 Architectural Approval - Review of Plans. Declarant shall have the right, but not the obligation, to promulgate reasonable guidelines ("**Design Guidelines**") against which to examine any request made pursuant to this **Article 6** in order to ensure that the Plans are in conformance and harmonious with the exterior design and existing materials of the buildings in the Property. No Outdoor Improvement shall be commenced by an Owner until the Plans have either been (i) approved in writing by Declarant, or (ii) deemed approved by Declarant pursuant to the procedures set forth below.

Until receipt by Declarant of any information as may be required herein, Declarant may postpone review of any Plans submitted for approval. Any application submitted pursuant to the provisions of **Section 6.2** above shall be deemed approved, unless written disapproval or a request for additional information or materials by Declarant shall have been transmitted to the applicant within forty-five (45) days after the receipt by Declarant of all required materials.

6.4 Submittal to County - Right of Declarant to Review Changes. Upon obtaining the written approval of Declarant, the Owner shall thereafter submit Plans to the appropriate Governmental Agency, if the proposed Outdoor Improvements require the issuance of a building permit or other approval. If the approvals of the Governmental Agency are not obtained or the Outdoor Improvements are not installed within six (6) months from the date of approval by Declarant, Declarant shall have the right, but not the obligation, to review all previously-approved Plans. In addition, if the Governmental Agency requires modifications to the Plans previously approved by Declarant, the Owner shall submit to Declarant all such modifications and Declarant shall have the right, but not the obligation, to review and to impose further conditions on the modified Plans.

6.5 Approval of Governmental Agency. Approval of any Outdoor Improvement by Declarant shall not be construed to warrant or represent in any way that the Outdoor Improvement meets

Governmental Requirements. Similarly, approval of any Outdoor Improvement by the Governmental Agency shall not be construed to constitute approval of such Outdoor Improvement by Declarant.

6.6 Conflicts Between Governmental Requirements and Declarant's Requirements. In the event of any conflict in the Governmental Requirements and Declarant's requirements for the proposed Outdoor Improvements, the more restrictive requirements shall be controlling. Nothing herein shall limit Declarant from imposing requirements which are more restrictive than requirements imposed by any Governmental Requirements.

6.7 Construction of Improvements Any work approved pursuant to this Article shall be performed in accordance with the provisions set forth below.

6.7.1 Performance of Work. Except in the case of an emergency, all work shall be performed during reasonable daylight hours. All persons performing such work shall use their best efforts to minimize the duration of the work and the inconvenience to other Owners. All work shall be performed in a neat and orderly manner, and all reasonable safety precautions shall be taken during the performance of such work.

6.7.2 Indemnification. The Owner of any Lot upon which any work for any Improvement is being performed shall save, indemnify and hold harmless Declarant and every other Owner from and against any and all liability arising out of or otherwise resulting from any negligent or intentional act or omission relating to the performance of such work.

6.8 Approval Not Waiver; Enforcement. The approval or disapproval by Declarant of any Plans for Outdoor Improvements shall not be deemed to constitute a waiver by Declarant of its right to object to, or approve of, the same features or elements embodied in Plans submitted for approval for use on any other Lot.

6.9 Non-Liability for Approval. If Declarant approves any Plans, such approval only constitutes approval of the architectural design and does not constitute approval of: (a) engineering design, (b) compliance with Applicable Laws, (c) compliance with regulations of any public utility, or (d) any easements or other agreements affecting the applicable Lot. By approving such Plans, Declarant assumes no liability or responsibility therefor, or for any defect in any Outdoor Improvement, or for any obstruction or impairment of view caused or created as a result of any Outdoor Improvements. Each Owner, by acceptance of a deed to a Lot, agrees (i) that Declarant shall not be responsible for any damages or injuries that may result from the installation or maintenance of Outdoor Improvements by such Owner; and (ii) to indemnify and hold Declarant harmless from and against any and all liabilities, claims, damages, costs, losses, proceedings, and causes of action, including, without limitation, attorney's fees, arising from such Owner's construction, installation, demolition, repair or use of Outdoor Improvements.

6.10 Prohibited Actions. Owners shall not modify or otherwise alter any wall or fence originally constructed by Declarant. Notwithstanding the foregoing, if any wall or fence originally installed by Declarant is damaged or destroyed, the Owner of the Lot or Lots upon which the damaged or destroyed fence or wall is located, shall reconstruct said wall or fence to the same style and appearance as when originally constructed by Declarant, at such Owner's sole cost and expense.

6.11 Owner Acknowledgement. Each Owner understands and, by acceptance of a deed to a Lot, acknowledges that this Declaration does not provide for the formation or maintenance of an architectural review committee of homeowners in the Property. The formation of such a committee would require an amendment to this Declaration. Each Owner further understands and, by acceptance of a deed to a Lot, acknowledges that the Property is not considered to be a common interest development, as more particularly defined in California Civil Code Sections 4000 et seq. Consequently, if an amendment to this Declaration is made for the establishment of an architectural review committee by the Owners, any Owner who serves as a member of such architectural review committee is not protected under any liability insurance or directors' and officers' insurance coverage that might customarily be

purchased by a homeowners association in a common interest development, nor are such committee members indemnified from and against any loss, cost, liability and expense that may be imposed upon such members in connection with any claim, action, suit or proceedings, or threat thereof, made or instituted, in which such members may be made a party by reason of an action alleged to have been taken or omitted as a member of such architectural review committee.

ARTICLE 7 ENFORCEMENT

7.1 Enforcement and Nonwaiver.

7.1.1 Enforcement Rights. Declarant and any Owner of any Lot, shall have the right, but not the obligation, to enforce, by proceedings at law or in equity, any or all of the Covenants imposed by this Declaration, including, without limitation, the right to prosecute a proceeding, at law or in equity, against the person or persons who have violated, or are attempting to violate, any of said Covenants, to enjoin or prevent them from doing so, to cause said violation to be remedied and/or to recover damages for said violation.

7.1.2 Violation of Covenant Deemed Nuisance. The result of every act or omission whereby any of the Covenants are violated, in whole or in part, is hereby declared to be and constitutes a nuisance, and every remedy allowed by law or equity against a nuisance, either public or private, shall be applicable against every such result and may be exercised by the Governmental Agencies or by any Owner.

7.1.3 Remedies Are Cumulative. The remedies herein provided for breach of the Covenants shall be deemed cumulative, and none of such remedies shall be deemed exclusive.

7.1.4 Failure to Enforce Covenants. The failure of the Governmental Agencies, Declarant, or any Owner to enforce any of the Covenants shall not constitute a waiver of the right to enforce the same thereafter.

7.1.5 Effect of Breach on Mortgagees. A breach of the Covenants shall not affect or impair the lien or charge of any bona fide mortgage or deed of trust made in good faith and for value on any Lot; provided, however, that any subsequent Owner of such Lot shall be bound by said Covenants, whether or not such Owner's title was acquired by foreclosure, a trustee's sale or otherwise.

7.2 Disputes Involving Declarant.

7.2.1 Defined Terms. For purposes of this Section and this Declaration, the following terms shall have the meanings set forth below.

(a) "**Claim**" means any Construction Defect Claim or Other Claim.

(b) "**Claim Process**" means the pre-litigation process for the resolution of Construction Defect Claims and Other Claims as described in the Master Dispute Resolution Declaration.

(c) "**Construction Defect Claim**" means any claim, issue or controversy, whether or not the claim, issue or controversy is governed by or subject to the Right to Repair Act or by common law, that arises from or is related in any way to any alleged deficiencies in construction, design, specifications, surveying, planning, supervision, testing, or observation of construction, including, but not limited to, any alleged violation of the standards set forth in California Civil Code Sections 895 through 897, inclusive of the Right to Repair Act.

(d) "**Dispute**" means any claim, issue or controversy that arises from or is related in any way to (a) the Community, (b) any Residential Lot, and/or (c) the relationship between any

Owner and Declarant, whether contractual, statutory or in tort, including, but not limited to, claims, issues or controversies that arise from or are related to the purchase, sale, condition, design, construction or materials used in construction of any portion of the Community or any Residential Unit, , the agreement between Declarant and Owner to purchase the Residential Lot or any related agreement, the Limited Warranty, disclosures, or alleged deficiencies in construction, design, specifications, surveying, planning, supervision, testing, or observation of construction related to Improvements within the Residential Lot, including, but not limited to, the following: (a) a Construction Defect Claim; (b) an Other Claim; (c) any disagreement as to whether a Construction Defect Claim has been properly repaired; (d) any disagreement as to the value of repairing damages which are the subject of a Construction Defect Claim; (e) the cost of repairing damage caused by the repair efforts, the cost to remove or replace an improper repair, and any alleged relocation expenses, storage expenses, lost business income, investigation costs and all other fees and costs recoverable by contract or statute as a result of a Construction Defect Claim; and (f) any disagreement concerning the timeliness of Declarant's Affiliated General Contractor's performance or an Owner's notification under the Limited Warranty or the Claim Process.

(e) **"Other Claim"** means a Dispute that does not involve a Construction Defect Claim.

(f) **"Right to Repair Act"** means Division 2, Part 2, Title 7 of the California Civil Code (Section 895, *et seq.*) as amended from time to time.

7.2.2 Dispute Resolution. Declarant have recorded a Master Dispute Resolution Declaration which sets forth the procedures that shall be used to resolve Disputes with Declarant for any Claims asserted by an Owner. For any Construction Defect Claims, the Owners and the Association shall comply with the Claims Process set forth in the Master Dispute Resolution Declaration. For any Construction Defect Claims not resolved through the Claims Process or any Other Claims, the Owners shall comply with the procedures set forth in the Master Dispute Resolution Declaration which require the Dispute to be mediated or arbitrated. Each Owner acknowledges and agrees that the terms and provisions set forth in the Master Dispute Resolution Declaration are covenants running with the land which are binding upon the Owners and successor Owners.

7.2.3 Pursuit of Claims. An Owner may only assert Limited Warranty claims pertaining to such Owner's Residential Lot.

7.2.4 AGREEMENT TO ARBITRATE. THE DISPUTE RESOLUTION PROCEDURES SET FORTH IN THE MASTER DISPUTE RESOLUTION DECLARATION INCLUDE AN ARBITRATION PROVISION. DECLARANT AND EACH OWNER AGREE TO HAVE ANY DISPUTE DECIDED BY NEUTRAL ARBITRATION IN ACCORDANCE WITH THE FEDERAL ARBITRATION ACT AND THE CALIFORNIA ARBITRATION ACT, TO THE EXTENT THE CALIFORNIA ARBITRATION ACT IS CONSISTENT WITH THE FEDERAL ARBITRATION ACT, DECLARANT AND EACH OWNER ARE GIVING UP ANY RIGHTS DECLARANT AND EACH OWNER MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. DECLARANT AND EACH OWNER ARE GIVING UP JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS THOSE RIGHTS ARE SPECIFICALLY INCLUDED IN THE PROCEDURES SET FORTH IN THE MASTER DISPUTE RESOLUTION DECLARATION. IF DECLARANT OR ANY OWNER REFUSES TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, DECLARANT OR SUCH OWNER MAY BE COMPELLED TO ARBITRATE UNDER THE AUTHORITY OF THE CALIFORNIA CODE OF CIVIL PROCEDURE. DECLARANT'S AND EACH OWNER'S AGREEMENT TO THIS ARBITRATION PROVISION IS VOLUNTARY.

7.2.5 CLASS ACTIONS WAIVER. AS SET FORTH IN THE MASTER DISPUTE RESOLUTION DECLARATION, DECLARANT AND EACH OWNER HAVE AGREED TO ARBITRATE DISPUTES UNDER THE FEDERAL ARBITRATION ACT DUE TO THE MUTUAL ADVANTAGES OF ARBITRATION OVER BRINGING AN ACTION IN COURT TO RESOLVE A DISPUTE. DECLARANT AND EACH OWNER ACKNOWLEDGE THAT CLASS ACTION CLAIMS ARE INCONSISTENT WITH ARBITRATION UNDER THE FEDERAL ARBITRATION ACT. ARBITRATION OF A CLASS ACTION

DESTROYS THE ADVANTAGES OF THE ARBITRATION PROCESS SUCH AS SPEED, EFFICIENCY, AND LOWER COSTS DUE TO THE COMPLEXITIES INVOLVED IN A CLASS ACTION. FOR THESE REASONS, DECLARANT AND EACH OWNER MUTUALLY AGREE TO WAIVE THE RIGHT TO BRING A CLASS ACTION CLAIM IN THE ARBITRATION, INCLUDING WITHOUT LIMITATION, CLAIMS BROUGHT AS A CLASS REPRESENTATIVE, CLASS MEMBER, REPRESENTATIVE ON BEHALF OF OTHERS OR PRIVATE ATTORNEY GENERAL ON BEHALF OF THE GENERAL PUBLIC. IF IT IS JUDICIALLY DETERMINED BY A COURT THAT THIS CLASS ACTION WAIVER IS UNENFORCEABLE, THEN THE CLASS ACTION CLAIM SHALL BE LITIGATED IN A COURT OF COMPETENT JURISDICTION IN LIEU OF ARBITRATION GIVEN THAT ARBITRATION IS NOT WELL SUITED FOR CLASS ACTION CLAIMS.

7.2.6 Conflict. In the event of any conflict between the provisions of this **Section 7.2** (Disputes Involving Declarant) and the Master Dispute Resolution Declaration, the terms of the Master Dispute Resolution Declaration shall control.

ARTICLE 8
DE-ANNEXATION AND SUPPLEMENTARY DECLARATION

8.1 Right of De-Annexation. Declarant hereby reserve the right to de-annex any Property pursuant to this Declaration, and to delete said property from the scheme of this Declaration, provided that the de-annexation shall be made prior to the closing of the sale of the first Lot in the property to be de-annexed and shall require the prior written approval of the County Assistant TLMA Director – Community Development.

8.2 Supplementary Declarations. Supplementary Declarations may be recorded by Declarant for any of the purposes set forth in **Section 1.28** above.

A breach of any of the provisions of this Declaration shall not affect or impair the lien or charge of any lender. A lender who acquires title by foreclosure or deed in lieu of foreclosure shall not be obligated to cure any breach of this Declaration which is noncurable or of a type which is not practical or feasible to cure, but otherwise this Declaration shall be binding upon and effective against any Owner who acquires title by foreclosure, by Trustee's sale or otherwise. the County, in whole or in part, has been recorded within one (1) year prior to the termination of the initial sixty (60) year term, or within one (1) year prior to the termination of any successive ten (10) year period.

9.5 Covenants Running With The Land. Each of the Covenants shall be deemed to be established upon the recordation of this Declaration, and shall thenceforth be deemed to be covenants running with the land for the use and benefit of the Lots, and superior to all other encumbrances applied against or in favor of any portion of the Property.

9.6 Construction. The provisions of this Declaration shall be liberally construed to effectuate its purpose of creating a uniform plan for the development, use, occupancy and enjoyment of the Property. The Article and section headings have been inserted for convenience only, and shall not be considered or referred to in resolving questions of interpretation or construction.

9.7 Amendments. Prior to the conveyance of a Lot to a member of the public, Declarant shall be entitled to amend, modify, remove and/or restate this Declaration by an instrument executed by Declarant and recorded in the Official Records. Subsequent to the conveyance of a Lot to a member of the public, this Declaration may be amended only by the written assent of the Owners of at least sixty-seven percent (67%) of the Lots. This Section shall not be amended to allow amendments by less than sixty-seven percent (67%) of the Owners. So long as Declarant is the Owner of one (1) or more Lots in the Property, no amendment, restatement or revocation of any provision of this Declaration shall be effective without the prior approval of Declarant which approval shall be evidenced by Declarant's written consent to the recordation of such an amendment, restatement or revocation. An amendment made in accordance with the provisions of this Section shall be effective when it is set forth in writing, executed before a notary public by the requisite number of Owners and recorded in the Official Records. Upon such recordation, the amendment shall be binding upon all Owners and all mortgagees, regardless of whether such Owner or such mortgagee consented to such amendment. Declarant shall not 'substantially' amend this Declaration without the prior written consent of County Assistant TLMA Director – Community Development or the County's successor-in-interest as further described in **Section 9.8** below.

9.8 County Required Provision. Notwithstanding any provision in this Declaration to the contrary, this Declaration shall not be terminated, 'substantially' amended or property de-annexed therefrom absent the prior written consent of the County Assistant TLMA Director – Community Development of the County of Riverside or the County's successor in interest. A proposed amendment shall be considered 'substantial' if it affects the extent, usage or maintenance of the 'common area' established pursuant to this Declaration. In the event of any conflict between this Declaration and the Articles of Incorporation, the Bylaws or the property owners' association Rules and Regulations, if any, this Declaration shall control.

9.9 Notices. All notices other than Plans delivered pursuant to **Article 6** permitted or required to be delivered as provided herein shall be in writing and may be delivered either personally or by mail. This permission shall terminate in the event that Contractor has completed work within the time specified or any extension thereof granted by the County.

County shall have the power, on recommendation of the Director of Transportation, to terminate all rights of Contractor because of such default. **AGREEMENT
FOR THE CONSTRUCTION OF SEWER SYSTEM IMPROVEMENTS**

This agreement, made and entered into by and between the County of Riverside, State of California, hereinafter called County, and KB Home Coastal Inc., hereinafter called Contractor.

WITNESSETH:

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as Tract Map 29600, hereby agrees, at Contractor's own cost and expense, to construct or cause to have constructed, within 24 months from the date this agreement is executed, in a good and workmanlike manner, a sanitary sewer system, complete with all necessary pipes, valves, fire hydrants, connections and appurtenances necessary to the satisfactory operation of said sanitary sewer system. Contractor further agrees to extend the main or mains from the existing sewer system maintained and operated by The City of Riverside to connect with the sanitary sewer system required to be constructed by this agreement. All the above required work shall be in accordance with those plans and specifications which have been approved by the Director of Transportation, and are on file in the office of the Riverside County Transportation Department. Said approved plans and specifications are hereby made a part of this agreement as fully as though set forth herein. All of the above required work shall be done under the inspection of, and to the satisfaction of, the County Director of Transportation and the County Health Officer, and shall not be deemed complete until approved and accepted as complete by the County and accepted by the above-named agency into its sewer system. Contractor further agrees to maintain the above required improvements for a period of one year following acceptance by the County, and during this one year period to repair or replace, to the satisfaction of the Director of Transportation, any defective work or labor done or defective materials furnished. The estimated cost of said work and improvements is the sum of Eight Hundred Sixty One Thousand and no/100 Dollars (\$861,000.00).

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the Director of Transportation. Contractor further agrees that, if suit is brought upon this agreement or any bond guaranteeing the completion of the water system improvements, all costs and reasonable expenses and fees incurred by County in successfully enforcing such obligations shall be paid by Contractor, including reasonable attorney's fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, his agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, his agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, or any agent or employee of County, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the improvements. This permission shall terminate in the event that Contractor has completed work within the time specified or any extension thereof granted by the County.

FIFTH: The Contractor shall provide adequate notice and warning to the traveling public of each and every hazardous or dangerous condition caused or created by the construction of the works of improvement at all times up to the completion and formal acceptance of the works of improvement. The Contractor shall protect all persons from such hazardous or dangerous conditions by use of traffic regulatory control methods, including, but not limited to, stop signs, regulatory signs or signals, barriers, or detours.

SIXTH: Contractor, its agents and employees, shall give notice to the Director of Transportation at least 48 hours before beginning any work and shall furnish said Director of Transportation all reasonable facilities for obtaining full information with respect to the progress and manner of work.

SEVENTH: If Contractor, its agents or employees, neglects, refuses, or fails to prosecute the work with such diligence as to insure its completion within the specified time, or within such extensions of time which have been granted by County, or if Contractor violates, neglects, refuses, or fails to perform satisfactorily any of the provisions of the plans and specifications, Contractor shall be in default of this agreement and notice of such default shall be served upon Contractor. County shall have the power, on recommendation of the Director of Transportation, to terminate all rights of Contractor because of such default. The determination by the Director of Transportation of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

EIGHTH: Contractor agrees to file with County, prior to the date this agreement is executed, a good and sufficient improvement security in an amount not less than the estimated cost of the work and improvements for the faithful performance of the terms and conditions of this agreement, and good and sufficient security for payment of labor and materials in the amount prescribed by Article XVII of Riverside County Ordinance 460 to secure the claims to which reference is made in Title 3 (commencing with Section 9000) of Part 6 of Division 4 of the Civil Code of the State of California. Contractor agrees to renew each and every said bond or bonds with good and sufficient sureties or increase the amount of said bonds, or both, within ten (10) days after being notified by the Director of Transportation that the sureties or amounts are insufficient. Notwithstanding any other provisions herein, if Contractor fails to take such action as is necessary to comply with said notice, Contractor shall be in default of this agreement unless all required improvements are completed within ninety (90) days of the date on which the Director of Transportation notified Contractor of the insufficiency of the security or the amount of the bonds or both.

NINTH: It is further agreed by and between the parties hereto, including the surety or sureties on the bonds securing this agreement, that, in the event it is deemed necessary to extend the time of completion of the work contemplated to be done under this agreement, extensions of time may be granted, from time to time, by County, either at its own option, or upon request of Contractor, and such extensions shall in no way affect the validity of this agreement or release the surety or sureties on such bonds. Contractor further agrees to maintain the aforesaid bond or bonds in full force and effect during the terms of this agreement, including any extensions of time as may be granted therein.

TENTH: It is understood and agreed by the parties hereto that if any part, term or provision of this agreement is by the courts held to be unlawful and void, the validity of the remaining portions shall not be affected and the rights and obligations of the parties shall be construed and enforced as if the agreement did not contain that particular part, term or provision held to be invalid.

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as **Tract Map 29600**, hereby agrees, at Contractor's own cost and expense, to furnish all labor, equipment and materials necessary to set, within **24** months from the date this agreement is executed, in a good and workmanlike manner, all survey monuments and tie points and to furnish to the County Surveyor tie notes for said tract in accordance with the standards set forth in Riverside County Ordinance No. 461 and Section 8771 et seq. of the Business and Professions Code of the State of California. Contractor further agrees to pay, within 30 days of presentation to contractor of the final billing of any surveyor or engineer for work performed by him as provides for in Article 9 of Chapter 4, Division 2 of Title 7 of the Government Code of the State of California (commencing with Section 66495). Contractor further agrees that if payment to the surveyor or engineer is not made within 30 days, the surveyor or engineer notifies County that he has not been paid for setting the final monuments, and the Board of Supervisors, pursuant to Section 66497 of the Government Code, after providing Contractor with an opportunity to present evidence as to whether or not the surveyor or engineer has been paid, orders that payment be made by County to the engineer or surveyor, Contractor will, upon demand, and without proof of loss by County, reimburse County for any funds so expended. Notwithstanding any other provisions herein, the determination of County as to whether the surveyor or engineer has been paid shall be conclusive on Contractor, its surety, and all parties who may have an interest in the agreement or any portion thereof.

All of the above required work shall be done under the inspection of, and to the satisfaction of, the County Surveyor, and shall not be deemed complete until approved and accepted as complete by the County. The estimated cost of said work and improvements is the sum of **One Hundred Fifty Thousand Six Hundred and no/100 Dollars (\$150,600.00)**.

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the County Surveyor. THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, its agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, its agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, the Surety upon any bond, and to the agents, employees and contractors of either of them, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the monumentation. It is further agreed that Contractor shall have control of the ground reserved for the installation of said work, and the streets in which they are to be placed, as is necessary to allow Contractor to carry out this agreement.

FIFTH: Contractor agrees to file with County prior to the date this contract is executed, an acceptable and sufficient improvement security in an amount not less than the estimated cost of the work, as above specified, for the faithful performance of the terms and conditions of this agreement, and for the payment of the amount of the improvement security to the County for the benefit of any surveyor or engineer who has not been paid by the Contractor, as provided for by Section 66495 et seq. of the Government Code of the State of California. Contractor agrees to renew each and every said bond or bonds with good and sufficient sureties or increase the amount of said bonds, or both, within ten (10) days after being notified by the Director of Transportation that the sureties or amounts are insufficient. The determination of the County Surveyor of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, its Surety, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

SEVENTH: It is further agreed by and between the parties hereto, including the surety or sureties on the bonds securing this agreement, that, in the event it is deemed necessary to extend the time of completion of the work contemplated to be done under this agreement, extensions of time may be granted, from time to time, by County, either at its own option, or upon request of Contractor, and such extensions shall in no way affect the validity of this agreement or release the surety or sureties on such bonds. SEVENTH: If Contractor, its agents or employees, neglects, refuses, or fails to prosecute the work with such diligence as to insure its completion within the specified time, or within such extensions of time which have been granted by County, or if Contractor violates, neglects, refuses, or fails to perform satisfactorily any of the provisions of the plans and specifications, Contractor shall be in default of this agreement and notice of such default shall be served upon Contractor. County shall have the power, on recommendation of the Director of Transportation, to terminate all rights of Contractor because of such default. The determination by the Director of Transportation of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

EIGHTH: Contractor agrees to file with County, prior to the date this agreement is executed, a good and sufficient improvement security in an amount not less than the estimated cost of the work and improvements for the faithful performance of the terms and conditions of this agreement, and good and sufficient security for payment of labor and materials in the amount prescribed by Article XVII of Riverside County Ordinance 460 to secure the claims to which reference is made in Title 3 (commencing with Section 9000) of Part 6 of Division 4 of the Civil Code of the State of California. Contractor agrees to renew each and every said bond or bonds with good and sufficient sureties or increase the amount of said bonds, or both, within ten (10) days after being notified by the Director of Transportation that the sureties or amounts are insufficient. Notwithstanding any other provisions herein, if Contractor fails to take such action as is necessary to comply with said notice, Contractor shall be in default of this agreement unless all required improvements are completed within ninety (90) days of the date on which the Director of Transportation notified Contractor of the insufficiency of the security or the amount of the bonds or both.

NINTH: It is further agreed by and between the parties hereto, including the surety or sureties on the bonds securing this agreement, that, in the event it is deemed necessary to extend the time of completion of the work contemplated to be done under this agreement, extensions of time may be granted, from time to time, by County, either at its own option, or upon request of Contractor, and such extensions shall in no way affect the validity of this agreement or release the surety or sureties on such bonds. Contractor further agrees to maintain the aforesaid bond or bonds in full force and effect during the terms of this agreement, including any extensions of time as may be granted therein.

TENTH: It is understood and agreed by the parties hereto that if any part, term or provision of this agreement is by the courts held to be unlawful and void, the validity of the remaining portions shall not be affected and the rights and obligations of the parties shall be construed and enforced as if the agreement did not contain that particular part, term or provision held to be invalid.

This agreement, made and entered into by and between the County of Riverside, State of California, hereinafter called County, and KB Home Coastal Inc., hereinafter called Contractor.

WITNESSETH:

FIRST: Contractor, for and in consideration of the approval by County of the final map of that certain land division known as **Tract Map 29600 secondary access**, hereby agrees, at Contractor's own cost and expense, to construct or cause to have constructed, within **24** months from the date this agreement is executed, in a good and workmanlike manner, a water distribution system, complete with all necessary pipes, valves, fire hydrants, connections and appurtenances necessary to the satisfactory operation of said distribution system, and, further, to extend main or mains from the existing supply system maintained and operated by **Riverside Highland Water Company** to connect with the distribution system described above with all pipe laid at such a depth as to provide a full thirty-six inch (36") minimum cover from the top of the pipe to street grade, unless otherwise specified by the Director of Transportation, all in accordance with those plans and specifications which have been approved by both the County Health Director and Director of Transportation, and are on file in the office of the Riverside County Transportation Department. Said approved plans and specifications are hereby made a part of this agreement as fully as though set forth herein. All of the above required work shall be done under the inspection of, and to the satisfaction of, the County Director of Transportation and the County Health Officer, and shall not be deemed complete until approved and accepted as complete by the County. Contractor further agrees to maintain the above required improvements for a period of one year following acceptance by the County, and during this one year period to repair or replace, to the satisfaction of the Director of Transportation, any defective work or labor done or defective materials furnished. Contractor further agrees that all underground improvements shall be completed prior to the paving of any roadway. The estimated cost of said work and improvements is the sum of **One Hundred Twenty-Five Thousand and no/100 Dollars (\$125,000.00)**.

SECOND: Contractor agrees to pay to County the actual cost of such inspections of the work and improvements as may be required by the Director of Transportation. Contractor further agrees that, if suit is brought upon this agreement or any bond guaranteeing the completion of the water system improvements, all costs and reasonable expenses and fees incurred by County in successfully enforcing such obligations shall be paid by Contractor, including reasonable attorney's fees, and that, upon entry of judgment, all such costs, expenses and fees shall be taxed as costs and included in any judgment rendered.

THIRD: County shall not, nor shall any officer or employee of County, be liable or responsible for any accident, loss or damage happening or occurring to the works specified in this agreement prior to the completion and acceptance thereof, nor shall County or any officer or employee thereof, be liable for any persons or property injured by reason of the nature of the work, or by reason of the acts or omissions of Contractor, its agents or employees, in the performance of the work, and all or said liabilities are assumed by Contractor. Contractor agrees to protect, defend, and hold harmless County and the officers and employees thereof from all loss, liability or claim because of, or arising out of the acts or omissions of Contractor, its agents and employees, in the performance of this agreement or arising out of the use of any patent or patented article in the performance of this agreement.

FOURTH: The Contractor hereby grants to County, or any agent or employee of County, the irrevocable permission to enter upon the lands of the subject land division for the purpose of completing the improvements. This permission shall terminate in the event that Contractor has completed work within the time specified or any extension thereof granted by the County.

FIFTH: The Landowner shall provide adequate notice and warning to the traveling public of each and every hazardous or dangerous condition caused or created by the construction of the works of improvement at all times up to the completion and formal acceptance of the works of improvement. The Landowner shall protect all persons from such hazardous or dangerous conditions by use of traffic regulatory control methods, including, but not limited to, stop signs, regulatory signs or signals, barriers, or detours.

SIXTH: Contractor, its agents and employees, shall give notice to the Director of Transportation at least 48 hours before beginning any work and shall furnish said Director of Transportation all reasonable facilities for obtaining full information with respect to the progress and manner of work.

SEVENTH: If Contractor, its agents or employees, neglects, refuses, or fails to prosecute the work with such diligence as to insure its completion within the specified time, or within such extensions of time which have been granted by County, or if Contractor violates, neglects, refuses, or fails to perform satisfactorily any of the provisions of the plans and specifications, Contractor shall be in default of this agreement and notice of such default shall be served upon Contractor. County shall have the power, on recommendation of the Director of Transportation, to terminate all rights of Contractor because of such default. The determination by the Director of Transportation of the question as to whether any of the terms of the agreement or specifications have been violated, or have not been performed satisfactorily, shall be conclusive upon the Contractor, and any and all parties who may have any interest in the agreement or any portion thereof. The foregoing provisions of this section shall be in addition to all other rights and remedies available to County under law. The failure of the Contractor to commence construction shall not relieve the Contractor or surety from completion of the improvements required by this agreement.

Notwithstanding any other provisions herein, if Contractor fails to take such action as is necessary to comply with said notice, Contractor shall be in default of this agreement unless all required improvements are completed within ninety (90) days of the date on which the Director of Transportation notified Contractor of the insufficiency of the security or the amount of the bonds or both.

NINTH: It is further agreed by and between the parties hereto, including the surety or sureties on the bonds securing this agreement, that, in the event it is deemed necessary to extend the time of completion of the work contemplated to be done under this agreement, extensions of time may be granted, from time to time, by County, either at its own option, or upon request of Contractor, and such extensions shall in no way affect the validity of this agreement or release the surety or sureties on such bonds. Contractor further agrees to maintain the aforesaid bond or bonds in full force and effect during the terms of this agreement, including any extensions of time as may be granted therein.
