**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

**Summary**

The City of Riverside has submitted the attached ordinance requesting the Board of Supervisors' approval to change the jurisdiction's mayoral municipal election date to occur on the same date as the even-year Primary Elections. California Elections Code § 10403.5 allows jurisdictions to consolidate their election with Elections held in March of even numbered years with the Board of Supervisors' approval. The code further stipulates that the Board shall approve such request unless the ballot style, voting equipment, or computer capability is such that additional elections or materials cannot be handled. The Registrar of Voters can accommodate this change of election date.

State law also requires that within 30 days after approval of the ordinance, a notice is to be mailed to all registered voters of the jurisdiction informing them of the change in election date and the terms of officeholders which will be changed. The mailing will be completed by the jurisdiction.

**Impact on Residents and Businesses**

The change in election date to occur on the same date as the even-year Primary Election would encourage greater voter participation at no additional cost. Registered voters will save a trip to the polling place voting for both this jurisdictions election and the even-year Primary Election.
