Lessee further acknowledges, understands and agrees that it shall participate as a co-permittee under said general permit, participate in the Jacqueline Cochran Regional Airport Storm Water Pollution Prevention Plan (SWPPP) as noted in Exhibit "D", attached hereto and by this reference made a part of this Lease, including without limitation, the Best Management Practices, Best Available Technology Economically Achievable, and Best Convention Pollutant Control Technology.

27. Free from Liens. Lessee shall pay, when due, all sums of money that may become due for any labor, services, material, supplies, or equipment, alleged to have been furnished or to be furnished to Lessee, in, upon, or about the Leased Premises, and which may be secured by a mechanics, materialmen's or other lien against the Leased Premises or County's interest therein, and will cause each such lien to be fully discharged and released at the time the performance of any obligation secured by such lien matures or becomes due; provided, however, that if Lessee desire to contest any such lien, it may do so, but notwithstanding any such contest, if such lien shall be reduced to final judgment, and such judgment or such process as may be issued for the enforcement thereof is not promptly stayed, or is so stayed, and said stay thereafter expires, then and in such event, Lessee shall forthwith pay and discharge said judgment.

28. Employees and Agents of Lessee. It is understood and agreed that all persons hired or engaged by Lessee shall be considered to be employees or agents of Lessee and not of County.

30. Right of First Refusal. Providing Lessee faithfully performs all of the conditions and covenants contained herein, and is not in default of the Lease at the

date of expiration, and further providing County offers the Leased Premises for lease at any time during the twelve (12) months subsequent to said expiration, Lessee, its successor, or assigns shall have the first right of refusal to enter into a new lease agreement with County under the final terms being offered by County to any prospective lessee. Issuance of a Request for Proposals or Bid or similar issuance does not constitute an offering of lease terms. County shall provide Lessee written notice by United States mail that the Leased Premises are available for lease and the terms of said lease, and Lessee shall have thirty (30) days from the postmark of said notice to give written notice of acceptance of the proposed lease under the terms and conditions contained in said notice. Should Lessee fail to notify County of acceptance of said lease agreement within the thirty (30) days set forth herein, Lessee shall be deemed to have rejected said offer to lease, and County shall be released from any further obligation hereunder.

31. Waiver of Performance. No waiver by County at any time of any of the terms and conditions of this lease shall be deemed or construed as a waiver at any time thereafter of the same or of any other terms or conditions contained herein or of the strict and timely performance of such terms and conditions.

32. Severability. The invalidity of any provision in this Lease as determined by a court of competent jurisdiction shall in no way affect the validity of any other provision hereof.

33. Venue. Any action at law or in equity brought by either of the parties hereto for the purpose of enforcing a right or rights provided for by this Lease shall be tried in a Court of competent jurisdiction in the County of Riverside, State of California, and the parties hereby waive all provisions of law providing for a change of venue in such proceedings to any other County.

34. Attorney's Fees. In the event of any litigation or arbitration between Lessee and County to enforce any of the provisions of this Lease or any right of either party hereto, the unsuccessful party to such litigation or arbitration agrees to pay to the

successful party all costs and expenses, including reasonable attorney's fees, incurred therein by the successful party, all of which shall be included in and as a part of the judgment or award rendered in such litigation or arbitration.

FEDERALLY REQUIRED LEASE PROVISIONS

1. The Lessee for himself, his heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree, as a covenant running with the land, that in the event facilities are constructed, maintained, or otherwise operated on the said property described in this lease agreement for a purpose for which a U.S. Department of Transportation (DOT) program or activity is extended or for another purpose involving the provision of similar services or benefits, the Lessee shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to Title 49, Code of Federal Regulations, DOT, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended.
2. The Lessee for himself, his personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree, as a covenant running with the land, that: (1) no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination, and (3) that the Lessee shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-Discrimination in Federally-Assisted Programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended.
3. That in the event of breach of any of the above nondiscrimination covenants, the County of Riverside, herein called the County, shall have the right to terminate the lease agreement and to reenter and repossess said land and the facilities thereon, and hold the same as if said lease agreement had never been made or issued. This provision does not become effective until the procedures of 49 CFR Part 21 are followed and completed, including expiration of appeal rights.
4. The Lessee shall furnish its accommodations and/or services on a fair, equal, and not unjustly discriminatory basis to all users thereof, and it shall charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; provided, however, that the Lessee may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar type of price reductions to volume purchasers.

5. Non-compliance with Provision 4 above shall constitute a material breach thereof, and in the event of such noncompliance, the County shall have the right to terminate this lease agreement and the estate thereby created without liability therefore or, at the election of the County or the United States, either or both said Governments shall have the right to judicially enforce these Provisions.
6. The Lessee agrees that it shall insert the above five provisions in any sublease agreement by which said Lessee grants a right or privilege to any person, firm, or corporation to render accommodations and/or services to the public on the premises herein leased.
7. The Lessee assures that it will undertake an affirmative action program as required by 14 CFR Par 152, Subpart E, to ensure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 14 CFR Part 152, Subpart E. The Lessee assures that no person shall be excluded on these grounds from participating in or receiving the services or benefits of any program or activity covered by this subpart. The Lessee assures that it will require that its covered suborganizations provide assurances to the Lessee that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR 152, Subpart E, to the same effort.
8. The County reserves the right to further develop or improve the landing area of the airport as it sees fit, regardless of the desires or view of the Lessee and without interference or hindrance.
9. The County reserves the right, but shall not be obligated to the Lessee, to maintain and keep in repair the landing area of the airport and all publicly-owned facilities of the airport, together with the right to direct and control all activities of the Lessee in this regard.
10. This lease agreement shall be subordinate to the provisions and requirements of any existing or future agreement between the County and the United States relative to the development, operation, or maintenance of the airport.
11. There is hereby reserved to the County, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the premises herein leased. This public right of flight shall include the right to cause in said airspace any noise inherent in the operation of any aircraft used for navigation or flight through the said airspace or landing at, taking off from, or operating on the Jacqueline Cochran Regional Airport.

12. The Lessee agrees to comply with the notification and review requirements covered in Part 77 of the Federal Aviation Regulations in the event future construction of a building is planned for the leased premises, or in the event of any planned modification or alteration of any present or future building or structure situated on the leased premises.
13. The Lessee, by accepting this lease agreement, expressly agrees for itself, its successors and assigns that it will neither erect nor permit the erection of any structure or object, nor permit the growth of any tree, on land leased hereunder with a height that exceeds the height limitation formula specified in Part 77 of the Federal Aviation Regulations without first obtaining the approval of the DOT and the County, which approval can be sought by submitting FAA Form 7460-1 (copy attached). In the event that the aforesaid covenants are breached, the County reserves the right to enter upon the land leased hereunder and to remove the offending structure or object and cut the offending tree, all of which shall be at the expense of the Lessee.
14. The Lessee, by accepting this lease agreement, agrees for itself, its successors and assigns that it will not make use of the leased premises in any manner, which might interfere with the landing and taking off of aircraft from Jacqueline Cochran Regional Airport or otherwise constitute a hazard. In the event that the aforesaid covenant is breached, the County reserves the right to enter upon the premises hereby leased and cause the abatement of such interference at the expense of the Lessee.
15. It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right within the meaning of Section 308a of the Federal Aviation Act of 1958 (49 USC 1349a)
16. This lease agreement and all the provisions hereof shall be subject to whatever right the United States Government now has or in the future may have or acquire affecting the control, operation, regulation, and taking over of said airport or the exclusive or non-exclusive use of the airport by the United States during time of war or national emergency.

I. INTRODUCTION

Riverside County is the owner (sponsor) of the following six airports in Riverside County: Blythe, Chiriaco Summit, Desert Center, Desert Resorts Regional, French Valley, and Hemet Ryan. The Riverside County Economic Development Agency (EDA) is the county agency responsible for operation of the County's airports.

Minimum standards are established to promote and attract a professional level of aviation services to the County's airports while safeguarding the public's interest. The Minimum Standards provide a framework that strengthens the relationship between the Sponsor and the Fixed Base Operator (FBO). They offer information, advice and, where necessary, they provide strict regulation so that both the prospective and experienced FBO may have a firmer understanding of the many considerations, which contribute to a safe, successful and useful operation. The standards are intended to be the minimum requirements for those wanting to provide aeronautical services to the public at Riverside County airports. Operators are encouraged to exceed the minimum requirements.

FBOs are responsible for complying with the Minimum Standards and shall be familiar with revisions made to the Standards. All FBOs on the airports must comply with the standards herein as well as all applicable government regulations; however, leases executed prior to August 16, 1988, are exempt until lease renegotiations. The County's airports are subject to federal, state and local rules and regulations. III. AIRPORT RULES AND REGULATIONS

A. Lease

All revenue generating, commercial and/or business activities, at County operated airports are required to secure a lease approved by the County Board of Supervisors (the "Board") prior to commencement of any commercial activity.

Prospective lessees should begin the process by requesting a meeting with County staff. The purpose of the initial meeting is to introduce staff, show the available sites,

and answer any questions. At the conclusion of this meeting the prospective lessee will be asked to submit a Lease Application and proposal.

Upon receipt of a lease application and proposal, County staff will review the proposal and will provide a written response. Once an agreement has been reached on the deal points and development proposal, a lease will be prepared for execution by the lessee. The lease shall be executed in three counterparts and all three copies shall be returned to the County. The County will then schedule the lease for consideration at the next available Board of Supervisors' meeting. ***Please be advised that the County Board of Supervisors is the only entity that can make a binding lease commitment and development may not proceed until the Board has approved the lease.***

Exclusive rights for any aeronautical activity will not be issued at any County airport. This is to ensure that airport patrons are offered competitive market prices for services.

B. Airport Layout

All new leases and new airport development shall comply with the current FAA approved Airport Layout Plan (ALP) for each airport. In addition, Desert Resorts Regional, French Valley, and Hemet Ryan airports have adopted Airport Master Plans and all new development shall comply with those master plans. Lessee proposals that conflict with ALP's and Master Plans will not be approved.

All insurance policies are subject to review by the County's Department of Risk Management. The Assistant County Executive Officer / EDA, upon the advice of the County Risk Manager, reserves the right to increase the limits, or require additional insurance coverage, beyond those set forth in these Minimum Standards, subject to applicable provisions of the tenant's lease.

J. Lot Size

Lot sizes may vary according to the type of operation. If available, aircraft tie-downs and hangar space, as well as automobile parking spaces, may be leased from the County to meet these minimum standards. The number of aircraft, hangar, or automobile parking spaces shall be determined during lease negotiations.

K. Outdoor Storage

No outside storage will be permitted except behind enclosed block walls, screened from public view, or as approved by the Assistant County Executive Officer / EDA.

STORM WATER POLLUTION PREVENTION PLAN INTRODUCTION AND PURPOSE

The California airport group members have submitted their Notices of Intent (NOI) and are now in the compliance phase of the California General Permit. The General Permit requires airport discharges to: eliminate non-storm water discharges; develop and implement a storm water pollution prevention plan; and perform monitoring of discharges to the storm water drainage system.

The required Storm Water Pollution Prevention Plan (SWPPP) must emphasize the storm water Best Management Practices (BMPs) and be designed to comply with Best Available Technology Economically Achievable (BAT) and Best Conventional Pollutant Control Technology (BCT). The SWPPP has two major objectives: 1) to identify the source of pollutants that affect the quality of the industrial storm water discharge; and 2) to describe practices which may be implemented to reduce the pollutants in the industrial storm water discharge.

The SWPPP is to be certified and implemented by October 1, 1992. Although the SWPPP is not submitted to the Regional Board, it must be retained on file at the airport for the duration of the permit. The SWPPP must be available for Regional Board and public review. The Regional Board may notify airport representatives if the SWPPP does not meet the minimal requirements. Within 30 days of the notice, the airport must submit a time schedule in which the required changes will be made. Once the changes have been made, the airport will provide written certification to verify the completed change. The documentation should then be retained as part of the SWPPP.

The airport is responsible for amending the SWPPP whenever there is a change in construction, operation, or maintenance, which will affect the quality or quantity of the industrial storm water discharge. The SWPPP should also be amended if the objective of controlling pollutants in the storm water discharge as not being achieved.

3) Site clean up completed in Feb.1998

Airport Industrial Storm Water Treatment Facilities:

1) No facilities are now on the airport.

Materials Management Practices:

- 1) All hazardous material spills must be reported to the airport manager, County Health and County Fire to insure immediate and proper cleanup and disposal. Liquid absorbent material is stored on site.
- 2) Areas where materials are stored and or have the possibility to spill are inspected monthly, with spot inspections during daily airport inspections
- 3) Insure material handlers have proper licenses and or training for each product being used.

Equipment Management Practices:

- 1) All equipment inspected monthly.
- 2) Routine maintenance to repair leaks and preventive maintenance scheduled to prevent leaks.
- 3) Drip pans installed under areas where leaks may occur.

Vehicle Management Practices:

- 1) Scheduled preventative maintenance.
- 2) Cleaning vehicles with biodegradable solvents and soaps, in designated areas only.

Existing Structural Controls (to reduce pollutants in storm water):

1) Monthly inspections of all aircraft tie downs, auto parking lots, streets and hangar areas.

2) Daily spot inspections done during routine airport safety inspections.

Existing Non-Structural Controls (to reduce pollutants in storm water):

1) Use of dirt roads restricted to airport employees for inspections and maintenance.

2) Monthly inspections of all drains, inlets, flood control berms for unauthorized water runoff.

Methods of On-Site Disposal of Significant Materials:

1) All hazardous materials are disposed of in State approved sites or recycled. No hazardous materials are disposed of on the airport.

Methods of On-Site Storage of Significant Materials:

1) Aviation fuels are stored in above ground and under ground tanks or in fuel trucks.

2) Motor vehicle oils are stored inside buildings.

3) All pesticides and fertilizers are stored in building or on covered concrete slabs.

Activities that Generate Significant Quantities of Dust or Particulates (unpaved access roads or emissions from industrial processes):

1) All main access roads and parking lots are paved. Some airport maintenance roads are dirt but rarely used.

2) There are no significant industrial processes on the airport.

3) Dirt roads are restricted to airport personnel only.

Pollutant Lists

The airport is required to list any pollutants that have a reasonable potential to be present in the storm water discharge in significant quantities. The definition of significant quantities varies depending on the material. In general, a significant quantity of material larger than that consumed within a normal day's operations or a quantity resulting in spills beyond the immediate clean-up capabilities of the individual charged with the use of the materials. For regulated substances, a significant quantity is a "reportable" quantity of those substances. An estimate of the annual quantities of these pollutants in the discharge is also required. List substances and quantities in the following table (Table 3-1) and retain a copy in the SWPPP documentation.

STORM WATER MANAGEMENT CONTROLS

This section of the SWPP describes storm water management controls, which are appropriate for the identified potential pollutant sources at the facility

The regulations require the following descriptions and information to be included in the storm water management control portion of the SWPPP:

- Prevention Maintenance and Inspections
- Good Housekeeping
- Spill Prevention and Response
- Storm Water Management Practices
- Sediment and Erosion Prevention
- Employee training

Preventative Maintenance

The preventative maintenance program should include the following:

- Identification of the equipment and systems targeted for the PM program
- Periodic inspections of identified equipment and systems
- Appropriate adjustments, repair, or replacement of parts
- Record keeping documenting inspections and follow-up action

Documentation and retention of records is a critical element of a good preventative maintenance and inspection program. A tracking and follow-up procedure is recommended to ensure that an appropriate response to the inspection findings has been made. All inspection documentation and records must be maintained with the SWPPP for a period of 5 years, Table 4-1 should be used to record inspection and maintenance activities, and any corrective actions implemented.

Good Housekeeping

Written Protocol

The protocols should be developed to meet the site-specific requirements of the airport.

The protocols should cover:

- 1) Daily inspections of tie down areas to look for leaks and spills.
- 2) Notices sent to F.B.O.s and aircraft owners to correct any problems.
- 3) Vehicle and equipment washing to be done in designated areas only.
- 4) No hangars, equipment storage or maintenance facilities are allowed to be hosed out. All oil and fuel will be cleaned by using oil absorbent materials or biodegradable

solvents or soaps, then disposed of properly.

- 5) Drip pans and 100 pounds of absorbent material stored at each F.B.O. site near fuel storage and maintenance areas.
- 6) Drums and tanks containing used oil are to store in a covered area with retention.
- 7) The County and each co-Permittees will train all personnel on the proper handling of hazardous materials. List of agency's to notify if a spill occurs.
- 8) The designated airport representative will inspect the airport monthly to include co-Permittees areas to insure compliance with the S.W.P.P.P.
- 9) All unpaved roads restricted to necessary traffic.
- 10) All vehicle fueling to take place on paved areas to simplify clean up if a spill occurs. Also keeps cost down.

A protocol document should be included with the SWPPP document; Table 4-3 can be used for this purpose. Spill Prevention and Response

Table 4-4 will be used to record the spill control and countermeasures established by the airport. Please add any additional documentation relating to spill prevention countermeasures and control to this document.

NON-STORM WATER DISCHARGES

The California General Permit requires non-storm water discharges to be eliminated prior to the implementation of the SWPPP on October 1, 1992. The airports must certify that there are no non-storm water discharges present in the storm water drainage system. All airports in the group must certify and monitor outfalls for dry weather discharges.

The certification page, for non-storm water certification, is provided in the "Non-Storm Water Discharge Screening and Detection Manual." This page should be signed and a copy inserted into the SWPPP documentation. All forms filled out while surveying and evaluating outfalls should also be inserted into this section of the SWPPP document. A record of methods used, dates, and time conducted should be listed on the form.

For methods of detection and screening for non-storm water discharges, the SWPPP Committee should refer to the above referenced document for complete guidance.

If certification is not feasible, due to the inability to eliminate the non-storm water discharge because of the need for significant structural changes, the airport must notify the Regional Board prior to the October 1, 1992 deadline. This notification should include a summary of why the extension in eliminating non-storm water discharges is required and a schedule indicating when non-storm water discharges will be eliminated. The schedule is subjected to modification by the regional board. This is also required if the airport has applied for an NPDES permit for a non-storm water discharge and has not yet received approval. If the airport is unable to eliminate the non-storm water discharge, then a schedule for elimination of the discharge must be submitted to the Regional Board for approval. In no case will the Board allow for the elimination of non-storm water discharges to take longer than 3 years from the date of the NOI submittal.

COMPLIANCE

Inspection

An annual inspection of the airport will be conducted by the Regional Board to verify elements of the SWPPP are accurate and have been implemented. The inspection may yield comments, which require a response to comments by the board and are required to be retained as part of the SWPPP. As listed under Section 311 of the Clean Water Act this SWPPP is considered a report that shall be available to the public.

Amendments to the SWPPP are required to include the signature and title of the person responsible for preparation of the SWPPP and the date.

Grantor, for itself, its heirs, administrators, executors, successors and assigns, does hereby waive, remise and release any right or cause of action which it may now have or which it may have in the future against Grantee, its successors and assigns, due

to such noise, sound or shock waves, vibrations, odors, fumes, dust, fuel particles, smoke, light, thermal waves, air quality changes and other results in said airspace that may be caused or may have been caused by the operation of aircraft of all types now known or hereafter designed and used for navigation of or flight in the air, by reason of any use ancillary or incidental to the operation of the Dominant Tenement and by reason of any operational incidental effects thereof including such as may occur in and from take-off, landing and approach patterns into and from the Dominant Tenement. Dear Ms. Zimpfer:

**Jacqueline Cochran Regional Airport
Riverside County
Land-Use Change Authorization**

This letter is in response to Riverside County's request for a land-use change for a parcel of airport land at Jacqueline Cochran Regional Airport containing approximately 229.46 acres from the requirement that the land be used for aeronautical purposes.

This letter communicates the Federal Aviation Administration (FAA)'s authorization for a land-use change at Jacqueline Cochran Regional Airport for approximately 229.46 acres of land, described in the attached Land-Use Change Authorization, so the land may be used for revenue-producing purposes. Income produced from the fair market value rental or leasing of the land, which is not needed for aeronautical purposes, will benefit the airport and civil aviation by enhancing the airport's ability to be as self-sustaining as possible.

The FAA authorization does not represent a land release or the waiver of any other federal requirements. The land subject to the Land-Use Change Authorization remains part of the federally obligated airport. By accepting the land-use change, Riverside County agrees to abide its existing agreements with the FAA including the conditions and requirements stipulated in the Land-Use Change Authorization.

Follow-up Action

Enclosed are two FAA-approved Land-Use Change Authorizations, which have been signed by the FAA approving official. Please return one Land-Use Change Authorization after the two enclosed documents are executed, showing the original signature of the County official authorizing acceptance of the land-use change for the Riverside County.

**Land-Use Change Authorization
Jacqueline Cochran Regional Airport**

Riverside County, the owner and operator of the public Airport located in Thermal, Riverside County, California, requested a land-use change from the federal obligation for a portion of land at Jacqueline Cochran Regional Airport (Airport), Thermal, CA, that requires that it be used for aeronautical purposes.

This 2006 authorization made by the Federal Aviation Administration (FAA), pursuant to the provisions contained in Title 49 United States Code (USC) Section 47101 et seq and the criteria in FAA Order 5190.6A, Paragraph 4-18.d, hereby grants to Riverside County, a government body established under the laws of the State of California, an authorization to use airport property at Jacqueline Cochran Regional Airport for revenue-producing purposes from other than aviation uses. An airport purpose for this property is defined as revenue-producing land that may be used for non-aviation, commercial purposes and that is subject to fair market value rates and charges. Notwithstanding, this authorization does not prevent its use for aviation purposes or the restoration of the property to aeronautical uses.

The County is requesting authorization from the FAA for a land-use change for a portion of land as more particularly described in Exhibit A that is subject to the conditions and restrictions set forth in a Quitclaim Deed and Grant Agreements since the portion of land is not presently needed for aviation purposes.

The County will subsequently lease or rent the land that is subject to this land-use change for revenue-producing purposes. The fair market value income will be derived from leasing and renting, which will help make the airport as self-sustaining as possible. The proceeds from the leasing and renting property will be used exclusively for the improvement, development, and operations of the Airport and airport system, in accordance with the Riverside County certification dated and attached hereto as Exhibit B.

The FAA has determined that the portion of land herein described in Exhibit A is not presently needed for an aeronautical purpose and may be used to earn revenue from other uses. The FAA is authorized to approve a land-use change to permit airport land to serve a revenue-producing purpose on the condition that it produce income equal to its fair market value. Notwithstanding, the land-use change is not a release, as defined by the FAA, and does not relieve Riverside County

of any of the obligations it assumed under the Quitclaim Deed and Grant Agreements with the Federal government. The property affected by this authorization is airport land and this land-use change authorization does not alter its status as airport property.

In consideration of the benefits to accrue to the Airport and to civil aviation, the FAA hereby authorizes a land-use change for the portion of land at Jacqueline Cochran Regional Airport, containing a total area of 229.46 acres, more or less, and more particularly described in Exhibit A, so it may be leased or rented for revenue-producing purposes and earn fair market value income. This authorization is granted without waiver of any other rights and interests reserved to the FAA at the Airport.

In addition, this land-use change authorization is subject to the following conditions and requirements:

1. Riverside County will include in all agreements for use of the land subject to this land-use change authorization the provisions contained in Exhibit C. The provisions should be incorporated into or appended to lease and rental agreements for the use of property subject to this land-use authorization.
2. Riverside County will retain sufficient rights and interests over future use of the land use to ensure that the property will only be used for purposes that are compatible with and do not interfere with airport and aircraft operations.
3. Riverside County will ensure that development on the land subject to this land-use change are evaluated in accordance with Title 14 Code of Federal Regulations Part 77 before a project is approved by the County. The County will require that FAA Form 7460-1, Notice of Proposed Construction or Alteration, be submitted and an FAA determination received before granting approval to proceed with construction of improvements or structures above ground level.
4. Riverside County will update the Airport Layout Plan to show the boundary of airport property subject to this land-use change as well as the location and nature of all existing and proposed improvements on the property.
5. The Runway Protection Zone is an integral part of the airport and in accordance with airport design needs has a clear and lasting airport purpose. Therefore, the RPZ remains part of the airport, serving a required airport purpose, and is not included in this land-use change authorization. The RPZ shall remain free of structures nor used for public gathering of people.

RE: Certification of Use of Lease Revenues
Equestrian Center Ground Leases
Jacqueline Cochran Regional Airport
Thermal, California

Dear Mr. Garcia:

The County of Riverside has negotiated two ground leases at Jacqueline Cochran Regional Airport for the purpose of establishing an Equestrian Center. One is for sixty (60) acres with HITS, Inc., and the other is for 169.42 acres with Desert Resorts Aviation, LLC. These leases will be sent to you by separate cover with a request that you find the permitted use contained in the leases consistent with the County of Riverside's Grant Assurances to the Federal Aviation Administration and the United States of America.

The purpose of this letter is to certify that all revenues received from these leases by the County of Riverside will be deposited into a separate Airports operating account and be expended for the capital or operating costs of the County's airports in accordance with applicable Federal law and FAA policy.

Sincerely,

Lease And Use Agreement provisions follow on the next page

Exhibit C

Lease and Use Agreement Guide

1. The (grantee, licensee, lessee, permittee, etc., as appropriate) for himself, his heirs, personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add "as a covenant running with the land") that in the event facilities are constructed, maintained, or otherwise operated on the said property described in this (deed, license, lease, permit, etc.) for a purpose for which a DOT program or activity is extended or for another purpose involving the provision of similar services or benefits, the (grantee, licensee, lessee, permittee, etc.) shall maintain and operate such facilities and services in compliance with all other requirements imposed pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said regulations may be amended.

The (grantee, licensee, lessee, permittee, etc., as appropriate) for himself, his personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree (in the case of deeds and leases add "as a covenant running with the land") that: (1) no person on the grounds of race, color or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over, or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or otherwise be subjected to discrimination, (3) that the (grantee, licensee, lessee, permittee, etc.) shall use the premises in compliance with all other requirements imposed by or pursuant to 49 CFR Part 21, Nondiscrimination in Federally Assisted Programs of the Department of Transportation, and as said regulations may be amended.

The (contractor, tenant, concessionaire, lessee) assures that it will comply with pertinent statutes, Executive Orders and such rules as are promulgated to assure that no person shall, on the grounds of race, creed, color, national origin, sex, age or handicap be excluded from participating in any activity conducted with or benefiting from Federal assistance. This Provision obligates the (tenant, concessionaire, lessee) or its transferee for the period during which Federal assistance is extended to the airport program, except where Federal assistance is to provide, or is in the form of personal property or real property or interest therein or structures or improvements thereon. In these cases, the Provision obligates the party or any transferee for the longer of the following periods: (a) the period during which the property is used by the sponsor or any transferee for a purpose for which Federal assistance is extended, or for another purpose involving the provision of similar services or benefits; or (b) the period during which the airport sponsor or any transferee retains ownership or possession of the property. In the case of contractors, this Provision binds the contractors from the bid solicitation period through the completion of the contract.

(The airport sponsor shall insert the third paragraph above in all airport contracts, leases, subcontracts, subleases and other agreements at all tiers, AC 150/5100-15A.)

(Additional information regarding civil rights and Disadvantaged Business Enterprise obligations can be obtained from the FAA Civil Rights Office.)

2. The airport owner/sponsor reserves the right to further develop or improve the landing area of the airport as it sees fit, regardless of the desires or views of the (lessee, licensee, permittee, etc.) and without interference or hindrance.
3. The airport owner/sponsor reserves the right, but shall not be obligated to the (lessee, licensee, permittee), to maintain and keep in repair the landing area of the airport and all publicly owned facilities of the airport, together with the right to direct and control all activities of the (lessee, licensee, permittee, etc.) in this regard.
4. This (lease, license, permit, etc.) shall be subordinate to the provisions and requirements of any existing or future agreement between the airport owner/sponsor and the United States, relative to the development, operation, or maintenance of the airport. Failure of the (lessee, licensee, permittee) or any occupant to comply with the requirements of any existing or future agreement between the lessor and the United States, which failure shall continue after reasonable notice to make appropriate corrections, shall be cause for immediate termination of (lessee's, licensee, permittee's) rights hereunder.
5. There is reserved to the airport owner/sponsor, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the (leased, licensed, permitted) premises. This public right of flight shall include the right to cause in said airspace any noise inherent in the operation of any aircraft used for navigation or flight through said airspace or landing at, taking off from, or operating on the airport premises.
6. The (lessee, licensee, permittee) agrees to comply with the notification and review requirements covered in Part 77 of the Federal Aviation Regulations in the event future construction of a building is planned for the (leased, licensed, permitted) premises or in the event of any planned modification or alteration of any present or future building or structure situated on the (leased, licensed, permitted) premises.
7. The (lessee, licensee, permittee) by accepting this (lease, license, permit) agreement expressly agrees for itself, its successors and assigns that it will not erect nor permit the erection of any structure or building nor permit any natural growth or other obstruction on the land leased hereunder above a height as determined by the application of the requirements of Title 14 CFR Part 77. In the event the aforesaid covenants are breached, the owner reserves the right to enter upon the land hereunder and to remove the offending structure or object or cut the offending natural growth, all of which shall be at the expense of the (lessee, licensee, permittee).

8. The (lessee, licensee, permittee) by accepting this (lease, license, permit) agrees for itself, its successors and assigns that it will not make use of the (leased, licensed, permitted) premises in any manner which might interfere with the landing and taking off of aircraft or otherwise constitute a hazard. In the event the aforesaid covenant is breached, the owner reserves the right to enter upon the premises hereby (leased, licensed, permitted) and cause the abatement of such interference at the expense of the (lessee, licensee, permittee).

9. It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right within the meaning of U.S. Code 40103 (e) and 47107(a)(4). **This requirement only applies to aeronautical commercial activities and does not need to be included in agreements with non-aeronautical lessees or tenants.**

10. This (lease, license, permit) and all the provisions hereof shall be subject to whatever right the United States Government now has or in the future may have or acquire, affecting the control, operation, regulation and taking over of said airport or the exclusive or nonexclusive use of the airport by the United States during a time of war or national emergency.

11. The (lessee, licensee, permittee) will furnish services on a reasonable and not unjustly discriminatory basis to all users, and charge reasonable and not unjustly discriminatory prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers. **(In accordance with Grant Assurance #22.b, this provision must be included in any agreement, contract, lease, license, permit to engage in any aeronautical activity at the airport.)**

12. The (lessee, licensee, permittee) will conform to airport and Federal Aviation Administration safety and security rules and regulations regarding use of the airport operations area including runways, taxiways, aircraft aprons by vehicles, employees, customers, visitors, etc. in order to prevent security breaches and avoid aircraft incursions and vehicle/pedestrian deviations; will complete and pass an airfield safe driving instruction program when offered or required by the airport; and will be subject to penalties as prescribed by the airport for violations of the airport safety and security requirements.

A true, correct and complete copy of the Lease is attached hereto as Exhibit "C".

2. The Lease is the only instrument and agreement in effect between Lessor and Lessee respecting the Property, the Lease containing the entire agreement of the parties in that respect and there are no amendments, modification, or supplements thereto except those referred to in Paragraph 1 hereof.

3. Lessor hereby consents to the assignment of the Lease by Original Lessee to Purchaser. Upon consummation of the foregoing assignment, Purchaser shall be the "Lessee" under the Lease.

4. Lessor is now the lessor and Lessee is now the lessee under the Lease, and such Lease is in full force and effect. Except for the U.S. Federal Aviation Administration (FAA), no third party has any option or preferential right to purchase all or any part of the Property.

5. Lessor has not sent any notice of default under said Lease to Lessee, nor has Lessor received from Lessee any notice that it is in default under said Lease and Lessor has no present actual knowledge of any facts which would give rise to a breach or default by either party under said Lease.

6. The Lease is for an initial term beginning December 1, 2006 and ending November 30, 2021 (as the same may be extended from time to time pursuant to the terms of the Lease, the "**Term**"). Pursuant to Section 3 (b) of the Lease, provided Lessee is not then in default under the Lease after applicable notice and opportunity to cure, Lessee has one option to extend the Term by an additional 15 years and a second option to extend to the Term by an additional 10 years.

(30) days after delivery of notice of termination from Lessor. Under any such new lease, or upon a foreclosure of the Leasehold Deed of Trust, Agent shall not be obligated to cure any defaults that are personal to Lessee that are not capable of being cured by Agent which include without limitation, bankruptcy, an unapproved assignment or subletting of the Lease, transfer of a controlling membership interest, or other similar events;

(vii) Upon written request from Agent, Lessor shall provide an estoppel certificate within 30 days of such request.

Notwithstanding anything to the contrary contained herein, Purchaser, Agent and Lender hereby acknowledge and agree that they are each expressly prohibited from encumbering Lessor's fee title interest in the Property.

12. So long as the Leasehold Deed of Trust remains a lien against the Lessee's leasehold interest in the Property, Agent hereby agrees, simultaneously with its sending to Lessee any notice of default or breach under the Lease, to serve written notice thereof by nationally-recognized overnight courier or certified or registered mail to Lessor at County of Riverside/EDA Aviation Division 3403 10th Street, Suite 400, Riverside, CA 92501, Attention: Airports Manager, or to any successor to Agent whose address has been furnished by like notice; provided, however failure of Agent to send such notice of default to the above mentioned parties shall not toll or extend any cure periods or otherwise prevent the exercise of Agent's remedies.

GROUND LEASE JACQUELINE COCHRAN REGIONAL AIRPORT

The COUNTY OF RIVERSIDE, herein called County, leases to HITS, Inc., a Delaware corporation, herein called Lessee, the property described below under the following terms and conditions:

1. Recitals.

(a) County owns approximately sixty (60) acres of vacant land at the Jacqueline Cochran Regional Airport, County of Riverside, State of California.

(b) County desires to lease said property to Lessee for the development of an equestrian center and related facilities for horse shows and other equestrian events.

(c) Lessee desires to lease said property for the development of an equestrian center and related facilities for horse shows and other equestrian events.

(d) This lease is contingent upon: (1) cancellation of the 60 acre Lease between the County and Desert Resorts Aviation dated September 13, 2005; (2) cancellation of the 440 acre Lease between County and Desert Resorts Aviation dated November 1, 2005; (3) County and Desert Resorts Aviation, LLC, entering into a Lease for 169.46 acres of land adjacent to this leasehold; and (4) Desert Resorts Aviation, LLC, and HITS, Inc., entering into a Sublease for the 169.46 acres of land.

2. Description. The premises leased hereby are located within the Jacqueline Cochran Regional Airport, County of Riverside, State of California, and consist of approximately sixty (60) acres of vacant land, being described in Exhibit "A-1" and depicted on Exhibit "A-2", both attached hereto and incorporated by this reference herein. Said property is hereafter referred to as the "Leased Premises." County and Lessee hereby acknowledge and agree that: (a) Lessee has no fee title interest in or to the underlying real property subject to this Lease (the Leased Premises); and (b) the

Leased Premises are subject to an Avigation Easement between County and Lessee, attached hereto as Exhibit "E" and incorporated herein by reference.

3. Term. This Lease shall commence the first day of the month following execution by all parties thereto and terminate fifteen (15) years thereafter, a term of fifteen (15) years.

(a) Any holding over by the Lessee after the expiration of this Lease shall be on a day-to-day basis strictly, and continuing tenancy rights shall not accrue to the Lessee.

(b) With respect to the Leased Premises, provided that Lessee at the time of exercising the option is not in default under the terms of this Lease after applicable notice and opportunity to cure, Lessee shall have the option to extend the term of this Lease for two additional periods. The first option period shall be fifteen (15) years and the second for ten (10) years. Lessee shall notify County in writing of its intention to exercise the first option to extend not more than twelve (12) months or less than six (6) before the expiration date of the initial term and the second option not more than twelve (12) months or less than six (6) before the expiration date of the first option period.

4. Use. The Leased Premises shall be used for the development of an equestrian center and related facilities for horse shows, equestrian events, and non-equestrian events agreed to in writing by the parties from time to time, and for no other purpose without the written consent of County, which consent shall not be unreasonably withheld or delayed. The County's approval of any change in the Use of the Leased Premises may, at County's sole election, place additional reasonable specific requirements on Lessee including, but not limited to, the types, limits, and conditions of insurance provided under this Lease.

As additional consideration for County entering into this Lease, Lessee will make available to the County parking to accommodate 6,000 parking spots (the "Parking Area") during the periods set forth below. The total Parking Area shall be

made available first on the Leased Premises and then on the adjacent 169.46 acres subleased by Lessee in a manner acceptable to County. In connection with the Site Plan specified in paragraph 8 of this Lease, Lessee has provided County with a parking plan which County has reviewed and approved showing the Parking Area (the "Parking Plan"). Lessee will make the site available in accordance with the Parking Plan for County's use as a parking lot by the Wednesday prior to the first day of each weekend selected. County shall not make any permanent improvements to the Parking Area without Lessee's prior permission. County shall restore the Parking Area, at the end of each weekend selected, to the condition in which such Parking Area existed prior to County's use.

Said parking shall be provided to County for two weekends only (defined as Thursday through Monday) during the month of November for each year during the term of this Lease and any extension thereof, solely for County's use in connection with County's annual air show or other aviation related event, or other such event which may County may schedule and conduct at Jacqueline Cochran Regional Airport. The exact dates of the air show and automobile exhibition may vary from year to year and County will notify Lessee of the exact dates of these activities at least one hundred and twenty (120) days in advance of the weekend dates.

County shall indemnify, defend and hold harmless Lessee and its officers, employees, agents and representatives from any liability, damage, cost, expense, fee, penalty or action whatsoever, including without limitation attorneys' fees, costs of investigations, defense costs and any settlements or awards, including, but not limited to, property damage, bodily injury, death or any other element of any kind or nature whatsoever and resulting from any reason whatsoever arising from or out of the provision of parking under this Paragraph 4.

5. Rent. Commencing on January 1, 2007, Lessee shall pay to County a monthly Base Rent for the use and occupancy of the Leased Premises equal to twenty-one thousand seventy-six and 20/100 dollars (\$21,076.20).

Said rent is due and payable quarterly in advance on January 1st, April 1st, July 1st and October 1st of each year. The rent shall be considered delinquent if not paid by the 15th of the applicable month. If the monthly rent becomes delinquent, Lessee will be charged a late fee equivalent to ten percent (10%) of the delinquent rental amount, exclusive of late fees, for each month that rent is delinquent.

Beginning July 1, 2016, and on July 1st every tenth year thereafter during the term of this Lease or any extension thereof, the monthly Base Rent then in effect shall be adjusted by the percentage change in the Consumer Price Index (CPI), All Urban Consumers, Los Angeles-Riverside-Orange County Area for the ten (10) year period ending three months before the month of rent adjustment under this paragraph. In no event will application of this paragraph result in a monthly rental amount lower than the highest previous monthly rental amount.

In the event the compilation and/or publication of the CPI shall be transferred to any other governmental department or bureau or agency or shall be discontinued, the index most nearly the same as the CPI shall be used to make such calculation. In the event the parties cannot agree on such alternative index, the matter shall be submitted to the American Arbitration Association in accordance with the then rules of said Association and the decision of the arbitrators shall be binding upon the parties. The cost of the Arbitration shall be paid equally by the parties.

(a) The Leased Premises are accepted by Lessee subject to any and all existing easements or other encumbrances, and County shall have the right to enter upon the Leased Premises and to install, lay, construct, maintain, repair and operate such sanitary sewers, drains, storm water sewers, pipelines, manholes, connections, water, oil and gas pipelines, and telephone and telegraph power lines and such other facilities and appurtenances necessary or convenient to use in connection therewith, over, in, upon, through, across and along the Leased Premises or any part thereof provided such facilities and appurtenances are installed below ground. County also

reserves the right to grant franchises, easements, rights of way and permits in, over and upon, along or across any and all portions of said Leased Premises as County may elect for the above purposes. Notwithstanding the foregoing, no right of the County provided for in this paragraph shall be executed so as to interfere unreasonably with Lessee's use hereunder, or impair the security of any secured creditor of Lessee. County shall cause the surface of the Leased Premises to be restored to its original condition (as they existed prior to any such entry) upon the completion of any construction by County or its agents. In the event such construction renders any portion of the Leased Premises unusable, the rent shall abate pro rata as to such unusable portion during the period of such construction. Any right of County set forth in this paragraph shall not be exercised unless a prior written notice of thirty (30) days is given to Lessee; provided, however, in the event such right must be exercised by reason of emergency, then County shall give Lessee such notice in writing as is reasonable under the existing circumstances.

(c) During the time of war or national emergency, County shall have the right to lease the landing area of the Jacqueline Cochran Regional Airport, or any part thereof, to the United States Government for military use and, if such lease is executed, the provisions of this Lease insofar as they are inconsistent with the provisions of such lease to the Government, shall be suspended. In that event, a just and proportionate part of the rent hereunder shall be abated, and the period of such

closure shall be added to the term of this Lease, or any extensions thereof, so as to extend and postpone the expiration thereof unless Lessee otherwise elects to terminate this Lease.

(d) Notwithstanding any provisions herein, and without limiting Lessee's rights to equitable rent abatement and other just compensation, this Lease shall be subordinate to the provisions of any existing or future agreement between County and the United States, relative to the operation or maintenance of the Jacqueline Cochran Regional Airport, the terms and execution of which have been or may be required as a condition precedent to the expenditure or reimbursement to County of Federal funds for the development of said airport.

(e) This Lease is subject to any applicable provisions set forth in Exhibit "B" (Federally Required Lease Provisions), attached hereto and by this reference made a part of this Lease.

12. Inspection of Premises. County, through its duly authorized agents, shall have, upon reasonable notice, during normal business hours, the right to enter the Leased Premises for the purpose of inspecting, monitoring and evaluating the obligations of Lessee hereunder and for the purpose of doing any and all things which it is obligated and has a right to do under this provided that the inspection does not unreasonably interfere with Lessee's business.

13. Quiet Enjoyment. Lessee shall have, hold, and quietly enjoy the use of the Leased Premises so long as Lessee shall fully and faithfully perform the terms and conditions that the Lessee is required to do under this Lease.

14. Compliance with Government Regulations. Lessee shall, at Lessee's sole cost and expense, comply with the requirements of all local, state, and federal statutes, regulations, rules, ordinances, and orders now in force or which may be hereafter in force, pertaining to the Leased Premises. The final judgment, decree, or order of any Court of competent jurisdiction, or the admission of Lessee in any action or proceedings against Lessee, whether Lessee be a party thereto or not, that Lessee has

violated any such statutes, regulations, rules, ordinances, or orders in the use of the Leased Premises, shall be conclusive of that fact as between County and Lessee.

15. Discrimination or Segregation

(a) Lessee shall not unlawfully discriminate in Lessee's recruiting, hiring, promotion, demotion or termination practice on the basis of race, religious creed, color, national origin, ancestry, sex, age, physical handicap, medical condition, or marital status with respect to its use of the Leased Premises hereunder, and Lessee shall comply with all applicable provisions of the California Fair Employment and Housing Act (Government Code Sections 12900 et seq.), the Federal Civil Rights Act of 1964 (P. L. 88-352), and all amendments thereto, Executive Order No. 11246 (30 Federal Register 12319), as amended, and all Administrative Rules and Regulations issued pursuant to said Acts and orders with respect to its use of the Leased Premises.

(b) Lessee shall not unlawfully discriminate against or cause the segregation of any person or group of persons on account of race, religious creed, color, national origin, ancestry, sex, age, physical handicap, medical condition, or marital status in the occupancy, use, tenure or enjoyment of the Leased Premises, nor shall Lessee, or any person claiming under or through Lessee, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of any persons within the Leased Premises.

(c) If required under 49 CFR, Part 21, Lessee will undertake an affirmative action program to insure that no person shall on the grounds of race, creed, color, national origin, or sex be excluded from participating in any employment activities covered in 49 CFR, Part 21, with respect to its use of the Leased Premises. Lessee further assures that no person shall be unlawfully excluded on these grounds from participating in or receiving services or benefits of any program or activity covered herein with respect to its use of the Leased Premises. Lessee further assures that, if required by 49 CFR, Part 21, it will require that its subcontractors and independent

contractors provide assurance to Lessee that they similarly will undertake affirmative action programs and that they will require assurances from their subcontractors and independent contractors, to the same effect with respect to their use of the Leased Premises.

16. Termination by County. County shall have the right to terminate this Lease forthwith:

(a) In the event a petition is filed for voluntary or involuntary bankruptcy for the adjudication of Lessee as debtors.

(b) In the event that Lessee makes a general assignment, or Lessee's interest hereunder is assigned involuntarily or by operation of law, for the benefit of creditors.

(c) In the event of abandonment of the Leased Premises by Lessee.

(d) In the event Lessee fails or refuses to perform, keep or observe any of Lessee's duties or obligations hereunder; provided, however, that Lessee shall have thirty (30) days in which to correct Lessee's breach or default after written notice thereof has been served on Lessee by County.

(e) In the event Lessee fails, or refuses, to meet its rental obligations, or any of its obligations hereunder, or as otherwise provided by law, subject to the cure rights provided in Paragraph 16(d).

(f) Failure of Lessee to maintain insurance coverage required herein and to provide evidence of coverage to the County, subject to the cure rights provided in Paragraph 16(d).

(g) Failure of the Lessee to require its sublessees and/or general contractor to indemnify the County and to have appropriate insurance coverages and/or failure by Lessee to monitor each sublessee and/or general contractor for current and correct Certificates of Insurance and required endorsements throughout the term of this lease, subject to the cure rights provided in Paragraph 16(d).

17. Termination by Lessee. Lessee shall have the right to terminate this Lease in the event County fails to perform, keep or observe any of its duties or obligations hereunder; provided, however, that County shall have thirty (30) days in which to correct its breach or default after written notice thereof has been served on it by Lessee; further provided, however, that in the event such breach or default is not corrected, Lessee may elect to terminate this Lease in its entirety or as to any portion of the premises affected thereby, and such election shall be given by an additional thirty (30) day written notice to County.

18. Eminent Domain. If any portion of the Leased Premises shall be taken by eminent domain and a portion thereof remains which is usable by Lessee, in its discretion, for the purposes set forth in Paragraph 4 herein, this Lease shall, as to the part taken, terminate as of the date title shall vest in the condemnor, or the date prejudgment possession is obtained through a court of competent jurisdiction, whichever is earlier, and the rent payable hereunder shall abate pro rata as to the part taken; provided, however, in such event County reserves the right to terminate this Lease as to the part taken as of the date when title to the part taken vests in the condemnor or as of such date of prejudgment possession. If all of the Leased Premises are taken by eminent domain, or such part be taken so that the Leased Premises are rendered unusable, in Lessee's sole discretion, for the purposes set forth in Paragraph 4 herein, this Lease shall terminate. If a part or all of the Leased Premises be so taken, all compensation awarded upon such taking shall be apportioned between County and Lessee according to law.

19. Hold Harmless/Indemnification.

(a) Subject to the provisions of Paragraph 20(i), Lessee represents that it has inspected the Leased Premises and accepts the condition thereof and fully assumes any and all risks and or claims of any nature whatsoever associated with the use thereof. County shall not be liable to Lessee, its officers, agents, employees, subcontractors, independent contractors or Sublessees for any personal injury, death or

property damage, construction defects, hidden, latent or other dangerous conditions in, on, upon or within the Leased Premises provided, however, that such circumstances or conditions are not caused by the gross negligence or willful misconduct of County, its officers, agents or employees.

(b) Subject to the provisions of Paragraph 20(i), Lessee shall indemnify, defend and hold harmless County and its directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives from any liability, cost, fee, penalty or action whatsoever, including without limitation attorneys' fees, costs of investigations, defense costs and any settlements or awards, including, but not limited to, property damage, bodily injury, death or any other element of any kind or nature whatsoever and resulting from any reason whatsoever arising from or out of the performance or non-performance of Lessee, its officers, agents, employees, subcontractors, Sublessee's agents or representatives, or from the possession, use and/or operations of the Leased Premises during the term of this Lease provided, however, that such is not caused by the gross negligence or willful misconduct of County, its officers, agents or employees.

With respect to any action or claim subject to indemnification herein by Lessee, Lessee shall, at its sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes Lessee's indemnification to County as set forth herein. No such adjustment, settlement or compromise may negatively impact County's ownership of the underlying fee simple interest in the Leased Premises, the County's rights under this Lease or the County's ownership and operation of the Jacqueline Cochran Regional Airport and surrounding properties. Lessee's obligation to defend, indemnify and hold harmless County shall be subject to County having given Lessee written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and

reasonable assistance, at Lessee's expense, for the defense or settlement thereof. Lessee's obligation hereunder shall be satisfied when Lessee has provided to County the appropriate form of dismissal relieving County and the Leased Premises from any liability for the action or claim involved.

(c) The specified insurance limits required in Paragraph 20 herein shall in no way limit or circumscribe Lessee's obligations to indemnify and hold County free and harmless herein.

20. Insurance. Lessee shall procure and maintain or cause to be maintained, at its sole cost and expense, the following insurance coverage during the term of this Lease. The procurement and maintenance of the insurance required below will not diminish or limit Lessee's obligation to indemnify or hold County harmless.

Policy shall include Employers' Liability (Coverage B), including Occupational Disease, with limits of not less than \$1,000,000 per person per accident.
