BACKGROUND:

Summary

On June 19, 2018 (Item 3.9) the Board of Supervisors approved a list of pre-qualified architects, engineers and related consultants. There is a need to augment the previously approved list to include State of California, Office of Statewide Health Planning and Development (OSHPD), Inspectors of Record (IOR), medical equipment planners and design professionals with OSHPD experience.

On April 16, 2019 through April 24, 2019, EDA advertised the request for qualifications soliciting firms with OSHPD experience. In accordance with Board Policy H-7, a selection committee was established to review each firm's qualifications. After reviewing the submitted qualifications, the selection committee made the recommendations for pre-qualified consultants listed on Attachment A and B. Services will be retained on an as-needed basis through the issuance of a contract or purchase order in accordance with applicable Board policies.
