BACKGROUND:

Summary

This agreement is entered into annually with the California Department of Food and Agriculture and provides reimbursement for costs associated with inspecting plant nursery stock at all production locations within the county, in order to assure pest cleanliness. Revenue from this source was previously included in the Agricultural Commissioner's FY 19/20 budget request.

This agreement was approved as to form by County Counsel.

Impact on Residents and Businesses

Residents and businesses will be positively impacted in that invasive insect and disease pest species, as well as pests of common occurrence that are injurious to landscape and agricultural plants, as well as to the local environment, will be prevented from entering and becoming established within the county and the state. This will result in reduced pest control efforts/costs and an increased quality of life.

Contract History and Price Reasonableness

This agreement has been entered into each year since its inception in FY 1984/85, and the dollar amount covers all related costs.
