BACKGROUND:

Summary

The Transportation Improvement Program (TIP) provides for the construction of sidewalk on the south side of Mayberry Avenue between Stanford Street and Meridian Street in the East Hemet Community of Riverside County.

The scope of work includes constructing sidewalk including curb and gutter, driveways, Americans with Disabilities Act (ADA) compliant curb ramps and cross gutters and spandrels.

Mayberry Avenue is one of the major pedestrian routes for Dartmouth Middle School. This project proposes to construct approximately 1,250 linear feet of new sidewalk and five new access ramps, providing a safer pedestrian path for students and their families.

The submitted plans and specifications have been approved as to form by County Counsel.

The bid documents include one base bid schedule of work:

Base Bid Schedule: Mayberry Avenue sidewalk and associated work

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid for the base bid schedule.

Project Number: C8-0059

Environmental Findings

The project proposes to construct sidewalk and associated improvements. The proposed project is exempt from CEQA under Section 15301(c) of the Guidelines because the construction of sidewalk and associated minor improvements do not create additional traffic lanes and involve negligible or no expansion of existing or former use of the existing roadway and related facilities.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Impact on Citizens and Businesses

The proposed improvements will improve pedestrian safety and provide an Americans with Disabilities Act (ADA) compliant path.

The work is scheduled to begin in Fall 2019 and will take approximately two months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$358,590. Construction is expected to begin and finish in FY 2019/20 and will be funded with, Gas Tax / HUTA and SB 821 (Local Transportation Funds). SB821 is a bicycle and pedestrian facility program provided through the Transportation Development Act and funded through a ¼ cent of the general sales tax collected statewide.

The SB821 funds were secured through a competitive process in which the Transportation Department successfully completed.

There are no General Funds used in this project.

PROJECT DESCRIPTION: The Riverside County Transportation Department (RCTD) proposes to construct approximately 0.24 miles of new sidewalk along the south side of Mayberry Avenue between Stanford Street and Meridian Street to complete a missing link between the existing sidewalks west of Stanford Street and east of Meridian Street. Mayberry Avenue is classified as a Collector Road in the County of Riverside's General Plan. The proposed project will include the following:

- Construction of new sidewalk
- Reconstruction of ADA compliant curb ramps, access ramps, driveways, driveway tie-ins, spandrels, and cross gutters
- Placement of barricade
- Replacement of walls, fences, and signs
- Removal of trees/vegetation
- Utility and fence relocations

ENVIRONMENTAL ANALYSIS:

The proposed project will be constructed within existing County right of way. Temporary construction easements will not be required for the proposed improvements.

This project is subject to compliance with the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP). In accordance with Section 7.1 of the Western Riverside County MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside cell criteria areas. This project is not within cell criteria areas and is considered to be a safety improvement project under operation and maintenance, therefore it is a covered activity under the Western Riverside County MSHCP.

If tree and/or vegetation removal takes place during the migratory bird breeding season (March 1 – September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act (MBTA).

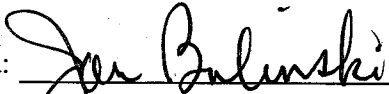

The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

SEP 10 2019 3.34

Section 15301 (c) – Existing Facilities – The project proposes to construct new sidewalk along the south side of Mayberry Avenue to complete a missing link between the existing sidewalks west of Stanford Street and east of Meridian Street. In addition to constructing new sidewalk, the project proposes minor improvements such as the reconstruction of ADA compliant curb ramps and driveways. The proposed project is exempt from CEQA under Section 15301 (c) because the construction of sidewalk and associated minor improvements do not create additional traffic lanes and involve negligible or no expansion of existing or former use of the existing roadway and associated facilities.
