COUNTY OF RIVERSIDE, STATE OF CALIFORNIA**

ITEM
3.20
(ID # 10703)

MEETING DATE:

Tuesday, September 17, 2019

FROM: TLMA-TRANSPORTATION:

SUBJECT: TRANSPORTATION AND LAND MANAGEMENT AGENCY/TRANSPORTATION
DEPARTMENT: Approval of the Plans and Specifications and Authorization to
Advertise for Bid for the Construction of Clark Street Sidewalk Project in the
Mead Valley Community; CEQA Exempt, District 1. [\$479,490 Total - State
Funds 95%, EMWD 5%] (Clerk to Advertise)

RECOMMENDED MOTION: That the Board of Supervisors:

1. Find that the Clark Street Sidewalk Project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to State CEQA Guidelines Section 15301 (c) - Existing Facilities;
2. Approve the plans and specifications for the construction of the Clark Street Sidewalk Project, in the Community of Mead Valley;
3. Authorize the Clerk of the Board to advertise for bids to be received by the office of the Director of Transportation and Land Management at the Transportation Annex located at 3525 14th Street, Riverside, California 92501. All bids must be received up to the hour of 2:00 p.m., Wednesday, October 9, 2019 at which time bids will be opened; and
4. Direct the Clerk of the Board of Supervisors to file the Notice of Exemption with the County Clerk for posting within five (5) working days.

ACTION: Policy, Clerk to Advertise

Patricia Romo, Director of Transportation 9/6/2019

MINUTES OF THE BOARD OF SUPERVISORS

On motion of Supervisor Hewitt, seconded by Supervisor Perez and duly carried by unanimous vote, IT WAS ORDERED that the above matter is approved as recommended.

Ayes: Jeffries, Spiegel, Washington, Perez and Hewitt
Nays: None
Absent: None
Date: September 17, 2019

C.E.O. RECOMMENDATION: Approve

BACKGROUND:

Summary

The Transportation Improvement Program (TIP) provides for the construction of various segments of sidewalk on the eastern side of Clark Street between Rider Street and Cajalco Road in the Mead Valley Community of Riverside County.

The scope of work includes constructing sidewalk including curb and gutter, driveways, cross gutters, bus turnout, retaining wall and fence, and Americans with Disabilities Act (ADA) compliant curb ramps.

The proposed sidewalk will fill in existing sidewalk gaps with approximately 1,400 linear feet of new sidewalk. The new sidewalk will connect with the existing sidewalk north of Rider Street, Pinewood Street, Oakwood Street, and Elmwood Street. Additional proposed improvements consist of constructing new curb and gutter, and minor widening of the roadway to accommodate the new sidewalk. The roadway widening will consist of removing portions of existing roadway and placing hot mix asphalt over aggregate base material.

Clark Street is a two lane facility that currently ranges from 26 to 73 feet wide and is classified as collector road in the circulation element of the County of Riverside General Plan. Once the minor widening is complete the minimum road width will be 35 feet.

The submitted plans and specifications have been approved as to form by County Counsel.

The bid documents include the following bid schedules of work:

- Base Bid Schedule: Clark Street Sidewalk Project and associated work
 Alternative Bid Schedule. 1: Eastern Municipal Water District (EMWD) facilities adjustments

The adjustment of a facilities owned by EMWD, are included in the bid package as an alternative bid schedule. If EMWD approves the award of their alternative bid schedule, as bid by the apparent low bidder, the cost for the work will be funded by the utility owner through a

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

reimbursement letter agreement that will be executed by the Director of Transportation. The Director of Transportation has the authority to execute letter agreements up to \$50,000 per Minute Order dated February 28, 2006 (Agenda Item 3.52).

The Transportation Department will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules.

Project Number: C5-0075
State Project No. ATPL-5956(246)

Environmental Findings

The project proposes to construct new sidewalk along the eastern side of Clark Street to provide a continuous concrete pathway. Additionally, the project proposes to construct ADA compliant curb ramps, driveway approaches, cross gutters, bus turnout, retaining wall and fence. The proposed project is exempt from CEQA under Section 15301(c) because the construction of sidewalk and aforementioned improvements do not create additional automobile lanes and involve negligible or no expansion of existing or former use of the existing roadway and associated facilities.

Impact on Citizens and Businesses

The proposed improvements will improve pedestrian safety and provide an Americans with Disabilities Act (ADA) compliant path. The new sidewalk will serve as a path to Columbia Elementary School and Mead Valley Library.

The work is scheduled to begin in January 2020 and will take approximately six weeks to complete.

SUPPLEMENTAL:

Additional Fiscal Information

The construction contract is estimated to cost approximately \$479,490 and will be funded with EMWD and Active Transportation Plan (ATP)-State funds for which the Transportation Department successfully competed.

There are no General Funds used in this project.

PROJECT TITLE: Clark Street Sidewalk
Work Order #C50075, Task Code #Z1530

PROJECT SPONSOR: Riverside County Transportation Department

PROJECT LOCATION: Community of Mead Valley

SUPERVISORIAL DISTRICT: 1st

Original Negative Declaration/Notice of
Determination was routed to County
Clerks for posting on.
9/19/19 Date KB Initial

PROJECT DESCRIPTION: The Riverside County Transportation Department (RCTD) proposes to construct sidewalk along the eastern side of Clark Street to provide a continuous concrete pathway in lieu of the graded dirt shoulder. The new sidewalk segments will be approximately 1,400 linear feet from south of Cajalco Road to north of Rider Street. The roadway will be widened on the eastern side of Clark Street by up to 11 feet to accommodate the construction of the sidewalk and curb/gutter. The widening will consist of removing the existing roadway and placing asphalt over aggregate base. Clark Street is a two lane facility that currently ranges from 26-73 feet wide and is classified as a Collector Road in the County of Riverside General Plan. The proposed project will also include the following:

- Construction of ADA compliant curb ramps, driveway approaches, spandrel, cross gutter, alley apron, and bus turnout
- Grading of dirt/gravel driveways
- Installation of retaining wall and fence
- Installation/removal of traffic striping, pavement makers and reflectors, and signs
- Removal of trees/vegetation
- Utility relocations

ENVIRONMENTAL ANALYSIS:

The proposed project will be constructed within existing County right of way. Temporary construction easements will not be required for the proposed improvements.

This project is subject to compliance with the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP). In accordance with Section 7.1 of the Western Riverside County MSHCP, necessary operation and maintenance along existing roadways are considered a covered activity outside cell criteria areas. This project is not within cell criteria areas and is considered to be a safety improvement project under operation and maintenance, therefore it is a covered activity under the Western Riverside County MSHCP.

If tree and/or vegetation removal takes place during the migratory bird breeding season (March 15 – September 15), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act (MBTA). Additionally, a preconstruction Burrowing Owl (BUOW) Survey will be conducted before initial ground disturbance at the project site.

SEP 17 2019 3.20

The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Section 15301 (c) – Existing Facilities – The project proposes to construct new sidewalk along the eastern side of Clark Street to provide a continuous concrete pathway in lieu of the graded dirt shoulder. Additionally, the project proposes to construct ADA compliant curb ramps, driveway approaches, spandrel, cross gutter, alley apron, bus turnout, retaining wall, and fence. The proposed project is exempt from CEQA under Section 15301 (c) because the construction of sidewalk and aforementioned safety improvements do not create additional automobiles lanes and involve negligible or no expansion of existing or former use of the existing roadway and associated facilities.
