			<b>For Fiscal Year:</b> 19/20	

**C.E.O. RECOMMENDATION:** Approve

**BACKGROUND:**

The Transportation Improvement Program (TIP) provides for the Construction of Salt Creek Trail in the Cities of Menifee and Hemet. The Transportation Department is administering the design and construction of the project on behalf of the Riverside County Regional Park and Open-Space District (Park District). When completed the facility will be operated and maintained by the Park District.

The project proposes construction of approximately 5.2 miles asphalt concrete trail consisting of two segments. The western segment of the project consists of 4.3 miles of trail within the City of Menifee and is located along the north side of the Salt Creek flood control channel from Goetz Road to Antelope Road. The eastern segment of the trail project consists of 0.9 mile of trail within the City of Hemet and is located in the vicinity of the Salt Creek drainage course, specifically along the north side of Domenigoni Parkway from Sanderson Avenue to Searl Parkway.

The construction of the project consists of hot mix asphalt concrete trail, placement of decomposed granite, concreted rock blanket, rock slope protection, concrete pavement, sidewalk, driveway, curb and gutter, curb ramps, construct cable railing fence, trail fencing, chain link fence, pipe gate and pipe swing gate, drainage improvements including concrete headwalls and wingwalls.

Additional work includes installation of pedestrian traffic signals at road crossings, signal modification, roadside signs, installing painted traffic stripes and thermoplastic pavement markings and any other work may be required.

This project is a portion of Salt Creek Trail, which is a 16-mile multi-purpose regional trail envisioned to serve western Riverside County by providing connections to cities, communities, commercial areas, schools, and recreational facilities from the City of Hemet through the unincorporated community of Winchester and the City of Menifee, to the City of Canyon Lake. This trail, generally located along the Salt Creek flood control channel, is part of the Southern California Association of Governments (SCAG) 2035 Bikeway Network as outlined in the 2012-

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

2014 Regional Transportation Plan (RTP) and meets the goals of increasing active transportation and improving bicycle and pedestrian safety.

The bid documents include the following bid schedules of work:

- Base Bid Schedule: Construction of Trail and associated work
- Alternate Bid Schedule 1: EMWD Relocation and Adjustment (Goetz Rd to Sun City Channel)
- Alternate Bid Schedule 2: EMWD Relocation and Adjustments (Sun City Channel to I-215)

The County will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules. The work associated with Eastern Municipal Water District (EMWD) facilities identified in Alternate Bid Schedule 1 is the financial responsibility of the project and will be funded through local Park District funds. The work associated with EMWD facilities identified in Alternate Bid Schedule 2 is the financial responsibility of EMWD. If EMWD approves the award of the alternate bid schedules, as bid by the apparent low bidder, a utility funding agreement between the County and EMWD will be submitted to the Director of Transportation, under authority granted by the Board of Supervisors, for approval prior to or concurrent with the award of the construction contract.

The submitted plans and specifications have been approved as to form by County Counsel.

Project No.: C5-0068  
Federal Aid No. CML-5956(241)

**Environmental Findings**

At its meeting on November 14, 2017 (Item 3.25), the Riverside County Board of Supervisors adopted the Final Initial Study with Mitigated Negative Declaration and the Mitigation Monitoring and Reporting Program for the Salt Creek Trail project based on the conclusion that the projects will not have a significant effect on the environment. The approval of the plans and specifications and authorization to advertise for bids is an implementing action in furtherance of the project, and no further documentation is required under CEQA.

**Impact on Citizens and Businesses**

The 16-mile Salt Creek regional trail, when complete, will provide residents with a paved Class I Bike Path from the City of Hemet through the unincorporated community of Winchester and the City of Menifee to the City of Canyon Lake. It will provide the opportunity for expansion of local and regional trail systems, sidewalks, and bike path connections from the trail to surrounding communities, schools, commercial areas and ultimately two key regional recreational facilities at Lake Skinner and Diamond Valley Lake. The trail will provide a new recreational amenity to the area and significantly improve quality-of-life for residents.

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,  
STATE OF CALIFORNIA**

Construction is scheduled to begin in early 2020 and will take approximately 6 months to complete.

**SUPPLEMENTAL:**

**Additional Fiscal Information**

The construction contract is estimated to cost approximately \$3,355,498.

The project is being funded by various sources including federal Congestion Mitigation and Air Quality (CMAQ) funds administered through the Federal Highway Administration, local Western Trails DIF funds administered through the Riverside County Regional Park and Open-Space District and Eastern Municipal Water District funds. No General funds will be used on this Project.

CMAQ Funds: \$ 3,295,099

EMWD Funds: \$40,266

Western Trails DIF Funds: \$20,133
