BACKGROUND:

Summary

The Transportation Improvement Program (TIP) provides for the Construction of Avenue 66 at SR-111 and Union Pacific Railroad Grade Separation Project, near the Community of Mecca.

This project proposes to construct a new bridge over the Union Pacific Railroad (UPRR) tracks, State Route 111, and Hammond Avenue, near the Community of Mecca. The railroad tracks run in a generally north-south direction and separate the Community of Mecca, on the east side of the tracks, from goods and services on the west side of the tracks. Currently, 4th Street is the primary access to the Community of Mecca and traffic going in and out of the community must wait at the tracks for trains to pass before they are able to cross. Due to projected regional population growth, the vehicular and train traffic is expected to increase and cause additional congestion and delays at the existing 4th Street crossing.

The new bridge over the railroad tracks will be constructed south of Avenue 66 and will provide uninterrupted westerly access to the Community of Mecca. The proposed project will construct a two-lane roadway and elevated structure over the UPRR, Hammond Road and State Route 111 (SR-111). The project includes realignment of a section of SR 111 (old SR 195). Because of the magnitude of work within Caltrans right-of-way, a Cooperative Agreement was executed with Caltrans to allow the County to construct the improvements within the Caltrans right of way and to designate the County as the sponsor and implementing agency for assuring the project is completed. The Cooperative Agreement between the County and Caltrans outlined each

agency's responsibility and was approved by the Board of Supervisors on April 30, 2019, agenda item 3.38.

By Minute Order 3.39 of April 30, 2019, the Board of Supervisors approved an Agreement between the County of Riverside and the Union Pacific Railroad Company for the construction and maintenance of the proposed Avenue 66/UP Railroad Grade Separation Bypass Project.

The bid documents include the following bid schedules of work:

Base Bid Schedule: Grade Separation Bridge and Associated Improvements
Alternate Bid Schedule: CVWD Domestic Water Transmission Main

The County will select the contractor based upon the lowest responsive and responsible bid of the sum of all bid schedules. The work associated with Alternate Bid Schedule A belongs to Coachella Valley Water District (CVWD). If CVWD approves the award of their alternate bid schedule, as bid by the apparent low bidder, the cost for the work will be funded by CVWD. The Reimbursement Agreement between the County and CVWD will be submitted to the Board of Supervisors for approval prior to or concurrent with the award of the construction contract.

The submitted plans and specifications have been approved as to form by County Counsel.

Federal Aid No. PNRSCML-5956(221)

Environmental Findings

On October 5, 2017, Caltrans, acting as lead agency for the National Environmental Policy Act (NEPA) and the California Environmental Quality Act (CEQA), made a Categorical Exemption/Categorical Exclusion Determination under Section 6005 of 23 U.S.C. 327, based on an examination of the proposed grade separation project and supporting information. As documented in the Notice of Exemption, County Transportation conducted a review of the proposed project and determined that the project is categorically exempt from the provisions of CEQA, under the Common Sense Exemption, pursuant to CEQA Guidelines Section 15061(b)(3).

Impact on Citizens and Businesses

The Avenue 66/UPRR Project will improve access and safety in the Community of Mecca and improve goods and services movement through the region.

Construction is scheduled to begin in early 2020 and will take approximately 18 months to complete.

SUPPLEMENTAL:

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Additional Fiscal Information

The construction contract is estimated to cost approximately \$37,742,211.

The project is being funded by various funding sources including Federal, State, CVAG TUMF, and Developer Impact fees. No General funds will be used on this Project.

PROJECT TITLE: Avenue 66 Grade Separation
Work Order #B80664C, Task Code #Z1530

PROJECT SPONSOR: Riverside County Transportation Department

PROJECT LOCATION: Community of Mecca

SUPERVISORIAL DISTRICT: 4th

PROJECT DESCRIPTION: The Riverside County Transportation Department (RCTD), in cooperation with the California Department of Transportation (Caltrans), proposes to construct a new grade separation and roadway to cross the Union Pacific Railroad (UPRR), State Route 111 (SR-111), and Hammond Road from a realigned Avenue 66 in the Community of Mecca Avenue, California. Avenue 66 is a major street within this part of Riverside County and serves as a connection between State Route 86, SR-111, and the Community of Mecca. The project will include:

- Grade separation
- Realignment of Lincoln Street
- Realignment of the Lincoln Street and SR-111 intersection
- Construction of a new intersection at Avenue 66 and Lincoln Street
- Placement and relocation of utilities

ENVIRONMENTAL ANALYSIS:

The proposed project is needed because the only Union Pacific Railroad (UPRR) crossing in the area is at 4th Street, and since the 4th Street crossing is at-grade, travel is delayed when a train is present. The project will require partial right of way acquisition. Temporary construction easements will be needed for the proposed improvements.

This project is subject to compliance with the Coachella Valley Multiple Species Habitat Conservation Plan (CVMSHCP). In accordance with Section 7.1 (Covered Activities outside Conservation Areas) of the CVMSHCP, projects approved pursuant to the County General Plan are considered a covered activity outside of conservation areas. This project is included in the circulation element under the County General Plan, therefore it is a covered activity under the CVMSHCP. The project will comply with the guidelines provided in Section 6.6.1 (Obligations of the Local Permittees).

If tree and/or vegetation removal takes place during the migratory bird breeding season (February 15th to September 1), a preconstruction nesting survey will be conducted pursuant to the Migratory Bird Treaty Act (MBTA).

The Riverside County Transportation Department has found that the above-described project is exempt from the provisions of the California Environmental Quality Act (CEQA), based on the following:

Original Negative Declaration/Notice of
Determination was routed to County
Clerks for posting on.

Initial

Section 15061(b)(3) – Common Sense Exemption – The project proposes to construct a new grade separation and roadway in order to provide a crossing over the UPPR, SR-111, and Hammond Road. The project is covered by the common sense exemption that CEQA applies only to projects which have the potential for causing a significant effect on the environment. It can be seen with certainty that there is no possibility that the proposed project may have a significant effect on the environment, therefore the project is not subject to CEQA.
