BACKGROUND:

Summary

This emergency work will repair and improve the spillway which sustained significant damage during the February 14, 2019 storm event. The project includes the construction of two cut off walls, grouted rock areas, a 3-foot tall grouted rock weir, and grading.

The Specifications and Contract Documents for the Project have been approved as to form by County Counsel. A brief project description and location map is attached.

CEQA Findings

Based on the review of the proposed emergency action, the District has found that the emergency work Project is exempt pursuant to Section 15301 for "Existing Facilities" and Section 15269(a), (b) and (c) for "Emergency Projects" of the State CEQA Guidelines. The work is associated with existing flood control facilities and meets the conditions described in Section 15269(a), (b) and (c) for specific actions necessary to prevent or mitigate an emergency and to maintain essential flood control services. Additionally, the Governor declared a state of emergency on February 21, 2019 for multiple counties, including Riverside County, due to winter storms.

Impact on Residents and Businesses

Impact on local residents and businesses is considered to be minimal. Residents and businesses could experience general construction noise or dust from heavy equipment and increased truck traffic on permitted haul routes. Work will restore flood protection and public safety in the project vicinity.

Additional Fiscal Information

The Project contemplated in this Form 11 merely approves the Plans and Specifications and Contract Documents identifying the proposed work, as well as authorizes the Clerk of the Board to advertise said contract documents. No expenses will be incurred as a result of this action.

Contract History and Price Reasonableness

The Engineer's estimate for Leach Canyon Dam, Stage 90 Spillway Restoration is \$731,618, and the action today, if approved, will authorize the District to pursue competitive bids through

OF SUPERVISORS

the California Public Works Contract Process. The District will then return to the Board of Supervisors to seek approval to award the Contract to the lowest responsive bidder.

Pursuant to Labor Code Section 1771.1, any Contractor bidding and subcontractors to be listed on a Bid Proposal are subject to Public Contract Code Section 4104 and shall not be eligible to bid unless currently registered with the Department of Industrial Relations and qualified to perform public works pursuant to Labor Code Section 1725.5. No Contractor or subcontractor may be awarded a public works project or enter into a Contract without proof of current registration to perform public works.

General prevailing rate of per diem wages and general prevailing rate of per diem wages for holiday and overtime work, including employer payments for health and welfare, pension, vacation, apprentices and similar purposes for each craft, classification or type of workman needed for execution of

contracts under the jurisdiction of District have been obtained by the Board of Supervisors of the District from the Director of Industrial Relations of the State of California for the area where the work is to be done. The said determinations are on file in the principal office of the District, and will be made available to any interested person upon request.

THIS PROJECT IS SUBJECT TO COMPLIANCE MONITORING AND ENFORCEMENT BY THE DEPARTMENT OF INDUSTRIAL RELATIONS. The awarded prime Contractor shall post job site notices, including a copy of the prevailing rate of per diem wages determinations made by the Director for the Department of Industrial Relations and other notices prescribed by regulations and comply with the provisions of the California Labor Code, including, without limitation, Sections 1771.4, 1773.1, 1773.2, 1774, 1775, 1776, and 1777.5.

Contractor shall furnish the records specified in Labor Code Section 1776, including but limited to the certified payroll records, directly to the Labor Commissioner for the Department of Industrial Relations.

Substitution of securities for any moneys withheld by District shall be permitted as provided for by Section 22300 of the California Public Contract Code.

Contractors submitting proposals for this project shall have an active and in good standing Class "A" Contractor's license from the State of California in order to be considered eligible for the contract award. The license(s) shall remain active and in good standing throughout the entire duration of the project.

This project is wholly or partially federally funded and subject to certain requirements including Affirmative Action requirements, Executive Order #11246, equal employment opportunity and others. The aforementioned are described in the Special Federal Provisions section of this bid document.

With the submittal of the Bid Proposal, the Contractor shall submit for approval by the District documented evidence of satisfaction of all of the Bidder Qualifications listed above. As part of this submittal, Experience Statement shall be completed indicating at a minimum, the name, address, and phone number of the project owner and owner's representative, the location of the project, the amount of material installed, and completion date.
