**C.E.O. RECOMMENDATION:**

**BACKGROUND:**

**Summary**

The California Governor's Office of Emergency Services (Cal OES) approved a FY 2019 Public Safety Power Shutoff (PSPS) resiliency allocation in the amount of \$979,476 for the period of performance of July 1, 2019 to October 31, 2022. Eligible activities under this allocation are limited to:

1. Equipment such as generators or alternative energy sources for essential facilities, fuel, fuel storage and redundant emergency communications;
2. Plans such as continuity plans, contingency plans for electrical disruptions for vulnerable populations and essential functions, risk assessments for critical infrastructure and lifelines and post-event reports that identify lessons learned and corrective actions;
3. Public education materials or supplies focused on individual and family preparedness for electrical disruptions;
4. One-time costs associated with identifying and equipping resource centers for the public to access during electrical disruptions.

Counties receiving funding are required to collaborate with cities within their jurisdiction to support critical infrastructure and resiliency county-wide, with a particular focus on public safety, vulnerable communities and individuals with access and functional needs.

**Impact on Residents and Businesses**

This funding will help to offset the effects of the PSPS events and provide resources to vulnerable communities.

**Additional Fiscal Information**

The PSPS funding will be used to assess and equip resource centers such as cooling locations, shelters, and fuel stations which will allow identified critical infrastructure facilities to have a sufficient back-up power source. Equipment includes trailers, mobile generators and generator accessories, mobile heaters, and cooling units. Partial funding will be used to develop educational materials to share with County residents on how to prepare and what actions they should take during a power outage. Educational material will also be developed for medical and healthcare providers to share with their clients.

**SUBJECT: NOTIFICATION OF SUBRECIPIENT ALLOCATION**

Fiscal Year (FY) 2019 Public Safety Power Shutoff (PSPS)  
Resiliency Allocation  
Cal OES ID#065-00000  
Period of Performance: July 1, 2019 to October 31, 2022

Dear Mr. Barton:

The California Governor's Office of Emergency Services (Cal OES) approved your FY 2019 PSPS allocation in the amount of \$979,476. Eligible activities under this allocation are limited to:

- Equipment
  - Generators and generator connections for essential facilities, with an emphasis on clean energy and green solutions where possible or other alternative backup power sources;
  - Generator fuel and fuel storage; and
  - Redundant emergency communications (e.g., battery-powered radios).
- Plans
  - Continuity plans;
  - Development/update of contingency plans for electrical disruptions that include considerations such as protecting individuals with access and functional needs, medical baseline and socially vulnerable populations, transportation, emergency public information, and preservation of essential functions;

3650 SCHRIEVER AVENUE, MATHER, CA 95655  
(916) 845-8506 TELEPHONE (916) 845-8511 FAX  
[www.CalOES.ca.gov](http://www.CalOES.ca.gov)

- Risk assessments for critical infrastructure and lifelines; and
- Post-event reports that identify lessons learned and corrective actions.
- Public education materials or supplies focused on individual and family preparedness for electric disruptions.
- One-time costs associated with identifying and equipping resource centers for the public to access during electrical disruptions.

The following activities are **not allowed**:

- Response costs associated with electric disruption events including any staffing or new positions, Emergency Operations Center staffing, security, law or fire response, or other overtime charges.

All activities funded with this allocation must be completed within the period of performance. Additionally, the Subrecipient is subject to the following requirements:

- As a condition of receiving funding, counties will be required to collaborate with cities within their jurisdiction to support critical infrastructure and resiliency county-wide with a particular focus on public safety, vulnerable communities and individuals with access and functional needs.
- Must ensure that they and their principals are not presently debarred, suspended, proposed for debarment, or declared ineligible.
- Must provide two reports on the expenditures of the funds. The first report is due no later than **November 30, 2020**, and the second no later than **November 30, 2022**. These reports shall identify how the funds have been used, including identifying each project or activity undertaken, local entity that undertook the project or activity, the amount of funding provided to the project or activity, and a description of each project or activity. The report shall also identify the specific outcomes achieved by each project or activity, including whether the project or activity was completed and whether it was used during PSPS events.
- Must coordinate with their city or county planning agency to ensure that the project is in compliance with the California Environmental Quality Act (CEQA) (Public Resources Code, Section 21000 et seq.).

Bruce Barton  
October 25, 2019  
Page 3 of 3

- Comply with the California Public Records Act, Government Code section 6250 et seq.
- Must procure goods and services in compliance with applicable state and local laws, ordinances, rules, regulations, and policies.

**The undersigned represents that he/she is authorized to enter into this agreement for and on behalf of the Applicant.**
