BACKGROUND:

Summary

By Minute Order dated October 22, 2019 (Agenda Item 3.22), the County of Riverside (County) Board of Supervisors authorized the Clerk of the Board to advertise for the construction of the Fiscal Year 2019-2020 Curb Ramp Accessibility Project at various locations in the communities of Woodcrest, Highgrove, Lake Hills, Temescal Valley, Horsethief Canyon, French Valley, and the unincorporated areas of Menifee and Temecula.

The project includes reconstructing or upgrading two-hundred and six (206) existing concrete curb ramps at various locations within the County of Riverside and as part of the Transportation Department's goal to provide safe and usable pedestrian facilities for all pedestrians and to comply with Title II of the Americans with Disabilities Act (ADA) requirements. As part of the ADA requirement, curb ramps must be upgraded when adjoining roads are altered through resurfacing or placement of a thick layer of seal coat. The specific curb ramp locations are listed in "Attachment 1".

The curb ramp upgrades within these districts coincide with the proposed slurry seal projects for fiscal year 2019-2020 Districts 1, 2, and 3, which will be applied after the curb ramp work is complete. For Districts 4 and 5, similar work for curb ramp upgrades and application of slurry seal will be completed but on separate projects.

On March 12, 2013 (agenda item 3.50), the Riverside County Board of Supervisors approved Resolution No. 2013-024 adopting the "Americans with Disabilities Act (ADA) Self-Evaluation and Transition Plan for Access in the Public Road Right-of-Way" prepared by the Transportation Department.

The Transportation Department is responsible for administering the ADA compliance program for accessible pedestrian facilities within the public road right-of-way.

The Curb Ramp Accesibility project will consist of modifying or removing existing concrete curb ramps, and placing back ADA compliant concrete curb ramps. Additionally, upgrades to

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

existing curb ramps will consist of installing yellow detectable warning devices typically consisting of a series of small bumps (or truncated domes) and repairs to street landing slopes to meet ADA compliance. Detectable warning devices alert pedestrians who are blind or visually impaired that there is passing traffic.

The contract includes one base bid schedule of work:

Base Bid: Curb Ramp Accessibility Project, FY 2019-2020, Districts 1, 2, and 3

The County of Riverside Transportation Department (Transportation Department) recommends award of the Contract in the amount of \$1,010,000.

The contractor, Onyx Paving Company, Inc., is qualified to perform the work as outlined in the bid, has executed the contract, and has provided bonds and insurance documents which meet the requirements of the Contract.

Project Nos.: D0-0006, District 1
 D0-0007, District 2
 D0-0008, District 3

Impact on Residents and Businesses

The curb ramps accessibility project is expected to improve access and safety of pedestrians with disabilities. In addition, bringing the curb ramps up to current accessibility standards contributes toward fulfilling the Transportation Department's goals as stated in its ADA Self-Evaluation and Transition Plan for Access in the Public Road Right-of-Way as required by Title II of the Americans with Disabilities Act.

The work is scheduled to begin in March 2020 and will take approximately three months to complete.

SUPPLEMENTAL:

Additional Fiscal Information

Construction is expected to begin and finish in FY 2019/20 and will be funded with Gas Tax / HUTA, Gas Tax / SB-1, and Measure A / Western funds.

The proposed budget as shown on Attachment "A" includes Contract award amount and other associated costs.

There are no General Funds used in this project.

Contract History and Price Reasonableness

**SUBMITTAL TO THE BOARD OF SUPERVISORS COUNTY OF RIVERSIDE,
STATE OF CALIFORNIA**

Four (4) bids were received ranging from \$1,010,000 to \$1,345,790. The basis for the selection of a bid is the lowest responsive and responsible bid.

All received bids were responsive to the bidding requirements set forth for the project. The lowest responsible bid was submitted by Onyx Paving Company Inc. in the amount of \$1,010,000 which is \$67,400 (6.2%) below the Engineer's Estimate.

The Transportation Department recommends the award of the contract to the lowest responsive and responsible contractor, Onyx Paving Company, Inc. for a total amount of \$1,010,000.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CONSTRUCTION PROJECT(S) - GENERAL AGGREGATE LIMIT (PER PROJECT)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A - Bodily Injury And Property Damage Liability**, and for all medical expenses caused by accidents under **Section I - Coverage C Medical Payments**, which can be attributed only to ongoing operations at a single construction project away from premises owned by or rented to you:
1. A separate Construction Project General Aggregate Limit applies to each construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations .
 2. The Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Construction Project General Aggregate Limit for that construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Construction Project General Aggregate Limit for any other construction project.
 4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Construction Project General Aggregate Limit.
- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A - Bodily Injury And Property Damage Liability**, and for all medical expenses caused by accidents under **Section I - Coverage C Medical Payments**, which cannot be attributed only to ongoing operations at a single construction project away from premises owned by or rented to you:
1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Construction Project General Aggregate Limit.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Construction Project General Aggregate Limit.
- D. If the applicable construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of **Section III - Limits Of Insurance** not otherwise modified by this endorsement shall continue to apply.

**CONSTRUCTION PROJECT(S) - GENERAL AGGREGATE LIMIT
(PER PROJECT)**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A - Bodily Injury And Property Damage Liability**, and for all medical expenses caused by accidents under **Section I - Coverage C Medical Payments**, which can be attributed only to ongoing operations at a single construction project away from premises owned by or rented to you:
1. A separate Construction Project General Aggregate Limit applies to each construction project, and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations .
 2. The Construction Project General Aggregate Limit is the most we will pay for the sum of all damages under Coverage A, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard", and for medical expenses under Coverage C regardless of the number of:
 - a. Insureds;
 - b. Claims made or "suits" brought; or
 - c. Persons or organizations making claims or bringing "suits".
 3. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the Construction Project General Aggregate Limit for that construction project. Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Construction Project General Aggregate Limit for any other construction project.
 4. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Construction Project General Aggregate Limit.
- B. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **Section I - Coverage A - Bodily Injury And Property Damage Liability**, and for all medical expenses caused by accidents under **Section I - Coverage C Medical Payments**, which cannot be attributed only to ongoing operations at a single construction project away from premises owned by or rented to you:
1. Any payments made under Coverage A for damages or under Coverage C for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and
 2. Such payments shall not reduce any Construction Project General Aggregate Limit.
- C. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payments for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Construction Project General Aggregate Limit.
- D. If the applicable construction project has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed to be the same construction project.
- E. The provisions of **Section III - Limits Of Insurance** not otherwise modified by this endorsement shall continue to apply.
