**BACKGROUND:**

**Summary**

The District owns, operates and maintains several flood control facilities within the City. The function of flood control facilities is sporadic in nature and, therefore, the District supports the City of Temecula ("Licensee") using the access roads adjoining District facilities for pedestrian/bicycle/equestrian or other forms of trails for public use within District owned rights of way.

The Licensee has existing and proposed pedestrian/bicycle/equestrian and other forms of trail projects throughout the City. The Licensee occasionally constructs the multi-modal projects utilizing federal and state administered mobility grants such as Active Transportation Program ("ATP") to encourage increased use of active modes of transportation, such as walking and biking. The goals of the ATP include, but are not limited to, increasing the proportion of trips accomplished by walking and biking, increasing the safety and mobility of non-motorized users, advancing efforts of regional agencies to achieve greenhouse gas reduction goals, enhancing public health, and providing a broad spectrum of projects to benefit many types of users including disadvantaged communities. The grant funds typically require the Licensee to furnish documents to provide evidence that the necessary rights of way have been secured. The documents must be submitted in a timely manner within the deadlines as outlined in the grant requirements.

The District typically executes a License Agreement to allow the Licensee to utilize portions of the District's rights of way to maintain these projects. The provisions of the License Agreement remain uniform and, therefore, the Licensee has requested to enter into a master License Agreement with the District for the purposes of (i) improving efficiency, and (ii) reducing administrative costs associated with execution of several license agreements. When the Licensee applies for an encroachment permit with the District to construct the pedestrian/bicycle/equestrian and other forms of trails, the Specific Facility License Exhibit

OF SUPERVISORS

(SFLE) as shown in the License Agreement will be prepared to (i) describe the specific work to be completed, (ii) the use of property to be permitted, and (iii) other terms that may be required for each location where Licensee's facilities are constructed and maintained.

The provisions of the previous License Agreement as outlined in Exhibit A of the License Agreement will be replaced by the provisions of this Master License Agreement.

The Master License Agreement and Specific Facility License Exhibits have been approved as to form by County Counsel.

**Environmental Findings**

Pursuant to CEQA, execution of the License Agreement was determined to be exempt from CEQA under State CEQA Guidelines Section 15301, Section 15304(h) and Section 15061(b)(3). Section 15301 (Class 1 Categorical Exemption) of the State CEQA Guidelines exempts licensing existing public facilities where the licensing thereof will result in negligible or no expansion of existing or former use of the facility. The creation of pedestrian trails and bicycle lanes is specifically addressed under the description of the Class 1 Categorical Exemption and as such the District has determined that the activity meets the intent of this exemption. CEQA guidelines Section 15304 (h) (Class 4 Categorical Exemption) addresses minor alterations to public land and also specifically exempts the creation of bicycle lanes on existing rights of way. Lastly, Section 15061(b)(3) or the "common sense" exemption applies to activities where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment. The License Agreement merely identifies the standard provisions that the Licensor and the Licensee shall adhere to when the pedestrian/bike trails/equestrian or other forms of trails projects are proposed by the Licensee. Based on the details provided in the License Agreement, the District has determined that there is no possibility that the activity may have a significant effect on the environment.

**Impact on Residents and Businesses**

The proposed action entails no new fees, taxes or bonded indebtedness to residents or businesses. As stated previously, this Master License Agreement will improve efficiency by reducing administrative costs associated with execution of several license agreements.

**MASTER LICENSE AGREEMENT BETWEEN RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT AND CITY OF TEMECULA**

**1. PARTIES AND DATE.**

THIS MASTER LICENSE AGREEMENT ("Master Agreement") is made this 10th day of March, 2020 by and between the **RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT**, a body politic ("LICENSOR"), and the **CITY OF TEMECULA**, a municipal corporation ("LICENSEE"). LICENSOR and LICENSEE are sometimes referred to herein individually as "PARTY" and collectively as "PARTIES."

**2. RECITALS.**

2.1 Licensor. LICENSOR owns, operates and maintains certain flood control and drainage facilities located in the City of Temecula:

- (a) Hereinafter called "CHANNELS"; and
- (b) Access road adjoining the CHANNELS, hereinafter called "ACCESS ROAD";
- (c) Together, CHANNELS and ACCESS ROAD are hereinafter called "LICENSED PROPERTY"; and

These facilities are an essential and integral part of LICENSOR's collection and disposal system of flood and surface waters within the City of Temecula and are located within LICENSOR's existing easements and rights of way.

2.2 Licensee. LICENSEE wishes to enter LICENSED PROPERTY to construct a pedestrian/bicycle/equestrian or other forms of public use trail, this may require the following: (1) removal of existing channel lining, (2) earthwork, (3) construction of retaining walls, (4) construction of concrete and asphalt concrete pavement, (5) installation of protective railing and (6) signing and stripping. LICENSEE shall not damage and shall protect LICENSED PROPERTY, including all improvements and the natural resources thereon, at all times at LICENSEE's sole cost and expense, and LICENSEE may not commit or create, or suffer to be committed or created, any waste, hazardous condition and/or nuisance to occur upon LICENSED PROPERTY.

2.3 Scope of License. This Master License Agreement will serve as a Master Agreement permitting LICENSEE to construct a new pedestrian/bicycle trail extension and interconnection. A Specific Facility License Exhibit ("SFLE") will be developed for each property subject to this Master Agreement, attached hereto. Each SFLE will (1) describe the specific work to be completed, (2) the use of property to be permitted, and (3) other terms that may be required for each location where LICENSEE's facilities are constructed and maintained. Each SFLE shall be subject to the terms of this Master Agreement and shall become a part hereof. Each SFLE shall be executed by LICENSEE. No SFLE provisions shall be revised without LICENSOR's written permission, which shall be granted in LICENSOR's sole discretion. LICENSOR reserves the right to reject any proposal in its sole and absolute discretion, or to request changes thereto prior to acceptance.

2.4 Consideration. LICENSOR desires to consolidate current license agreements for different locations previously entered into, or as the successor-in-interest, and to provide use rights to LICENSEE for property currently being utilized by LICENSEE without express rights for such use, with one master license for a more efficient management of licenses granted by LICENSOR. As consideration and a material inducement to LICENSEE entering into this Master Agreement, LICENSEE agrees to amend the terms and conditions concerning the existing rights *as outlined in that certain License Agreement between the PARTIES for the Santa Gertrudis Creek Channel for recreational purposes executed on March 21, 1995*. LICENSEE has obtained in various agreements for each location listed on SFLE, in return for LICENSOR only having the right to terminate any SFLE for abandonment by LICENSEE, for cause as further described in Section 3.5(b) herein, or as otherwise expressly provided herein. This Master Agreement is made in consideration of the terms, conditions and mutual covenants contained herein, the sufficiency of which are hereby acknowledged.

### 3. **TERMS.**

3.1 Grant. Subject to the terms and conditions of this Master Agreement, LICENSOR hereby grants to LICENSEE, its agents and contractors, a revocable, non-exclusive license in, on, over, under and across the Licensed Property described in each SFLE which is necessary to perform the work and for the use specified in each SFLE ("**Facility Project**"), and to obtain ingress and egress to and upon said Licensed Property for the purpose of exercising the rights, privileges and license granted herein.

3.2 Nature of Rights. The permission, rights and privileges granted hereunder are revocable, nonexclusive and nontransferable. The rights granted hereunder in this Master License Agreement and in each SFLE are subject to the prior use and property rights of LICENSOR and all other licenses, covenants, conditions, restrictions, reservations, rights and easements whether of record or not. LICENSEE shall not unreasonably or materially interfere with the use by and operation and activities of LICENSOR on the Licensed Property. LICENSEE shall not, either voluntarily or by action of law, assign or transfer this Master Agreement or any obligation, right, title or interest assumed by LICENSEE herein without the prior written consent of LICENSOR. Section 3.5 notwithstanding, if LICENSEE makes an assignment or transfer of this Master Agreement, any SFLE or any obligation, right, title or interest herein without prior written consent of LICENSOR, LICENSOR may, terminate and revoke the Master Agreement, or the applicable SFLE, provided LICENSEE has received ninety (90) day advance notice of termination. In the event of a proper termination of this Master Agreement, all SFLEs shall terminate. If the assignment is of one or more SFLE(s) only, LICENSOR's rights shall be limited to termination of the applicable SFLE(s).

3.3 Licensed Property "As Is". LICENSEE accepts the Licensed Property in its "as is" condition, with all faults. LICENSEE acknowledges and agrees that LICENSEE is entering the Licensed Property under this Master Agreement and each SFLE based on LICENSEE's own investigations and knowledge of the Licensed Property and that, except as otherwise specifically stated in this License Agreement and each SFLE, neither LICENSOR nor any agent of LICENSOR, has made any representation or warranty whatsoever, express or implied, with regard to the physical condition of the Licensed Property or the suitability of the Licensed Property for any particular purpose or use, including, without limitation, any representations or warranties regarding the applicability or non-applicability of any laws, the soil or subsoil, surface or subsurface conditions, topography, possible Hazardous Materials contamination, fill, drainage, access to public roads, availability of utilities, existence of underground storage tanks, applicability of or compliance with any Environmental Law or any other matter of any nature whatsoever. LICENSOR is not responsible for damage to or loss by theft of LICENSEE's property located in, on or under the Licensed Property.

3.4 Use. LICENSEE shall use the Licensed Property solely for that use described in each SFLE and shall not use it for any other purpose unless approved by LICENSOR. No

change shall be made by LICENSEE in the use of the Licensed Property as described in each SFLE without LICENSOR's prior written approval.

3.5 Term and Termination of License.

(a) Term. This Master Agreement shall commence on the date this Master Agreement is fully approved and executed by the PARTIES and continue for so long as LICENSED PROPERTY is used for the permitted purposes unless terminated pursuant to the terms and conditions in Section 3.5(b) herein.

(b) Termination for Cause. The LICENSOR reserves the right to terminate this Master Agreement, or any one SFLE granted, and any encroachment permit issues there to if, for any reason whatsoever, LICENSOR's General Manager-Chief Engineer determines that LICENSEES or the public's use of LICENSED PROPERTY is not compatible with LICENSOR's facility's primary flood control purpose or function and LICENSOR shall have the right to terminate this Master Agreement, or any one SFLE granted, and any encroachment permit, hereunder that is subject of or to the default, shall have no obligation to reimburse LICENSEE for any of its improvements to Licensed Property, under the following circumstances:

In the event of a default by LICENSEE of any term or provision of this Master Agreement, which acts of LICENSEE shall include but not be limited to the failure by LICENSEE to perform any obligation under this Master Agreement provided LICENSEE has received thirty (30) days advance written notice of default and LICENSEE has failed to cure the default within ninety (90) days, unless otherwise agreed upon by the PARTIES. In the event that LICENSEE has failed to cure the default as prescribed herein, then LICENSOR shall have the right to immediately terminate this Master Agreement, or any applicable SFLE, for cause by providing notification of such termination in writing, and specifying the effective date thereof.

(c) Termination for Abandonment. In the event that LICENSEE shall abandon the use of the Licensed Property, or any portion thereof, for the permitted purposes described herein, the SFLE for the license granted as to the portion or portions so abandoned shall expire and terminate at the time, each such portion shall be so abandoned or upon the expiration of six (6) months following LICENSEE's abandonment of the property, in which case LICENSOR shall provide written notice to LICENSEE of termination for abandonment.

3.6 Relocation. In the event that LICENSOR determines in its sole but good faith discretion that it requires the Licensed Property subject to any SFLE hereunder for a public project ("Required Property") LICENSOR shall notify LICENSEE of the same, and shall make available to LICENSEE a reasonable relocation area sufficient for relocation of the Facility Project, provided that LICENSOR determines that it has such an area available. In such case, the PARTIES shall amend or terminate the applicable SFLE to remove the Required Property, and shall enter into a new or amended SFLE for the new property onto which the affected Facility Project shall be relocated. If LICENSOR does not have property available for such relocation, notwithstanding any other provision of this Master Agreement, and in addition to its rights set forth in Section 3.5 above, LICENSOR shall have the right to terminate the applicable SFLE. Acquisition of any property and relocation of the Facility Project as described herein shall be at LICENSEE's sole cost and expense.

3.7 Maintenance and Repair. LICENSEE shall, at its own cost and subject to the approval of LICENSOR's General Manager-Chief Engineer or his or her designee, repair and maintain the parts of a Facility Project and Licensed Property - so that they will not at any time be a source of danger to or interference with the present or future roadbed and property of or managed by LICENSOR, or any other activities on the Licensed Property. Unless otherwise specifically addressed in the terms of an individual SFLE, any repair and maintenance work shall be done to LICENSOR's standards.

3.8 Tests and Inspections. LICENSOR shall have the right at any time to inspect the Licensed Property and any Facility Project so as to monitor compliance with this Master Agreement. If, in LICENSOR's sole judgment, any LICENSEE caused installation or condition on, or LICENSEE's use of the Licensed Property has been determined by LICENSOR to have an adverse effect on Licensed Property (whether or not owned by LICENSOR) or LICENSOR's operations, LICENSOR shall be permitted to conduct any tests or assessments, including but not limited to environmental assessments, of, on or about the Licensed Property and a Facility Project, as it determines to be necessary or useful to evaluate the condition of the Licensed Property and a Facility Project. LICENSEE shall cooperate with LICENSOR in any tests or inspections deemed necessary by LICENSOR. LICENSEE shall pay or reimburse LICENSOR, as appropriate, for all reasonable costs and expenses incurred due to the tests, inspections or any

necessary corrective work and inspections thereafter within thirty (30) days of a request for payment.

3.9 Insurance. LICENSEE, at its sole cost and expense, shall obtain and maintain in full force and effect insurance as required by LICENSOR in the amounts and coverage specified and issued by insurance companies as described in Exhibit "B" attached hereto and incorporated herein by reference. Prior to (i) entering the Licensed Property or (ii) performing any work or maintenance on the Facility Project, LICENSEE shall furnish LICENSOR with the insurance endorsements and certificates in the form and amounts specified in Exhibit "B", evidencing the existence, amounts and coverage of the insurance required to be maintained hereunder. LICENSOR reserves the right to review and change the amount and type of insurance coverage it requires in connection with this Master Agreement or the work to be performed on the Facility Project. If, in its sole discretion, LICENSOR allows LICENSEE to obtain insurance requirements varying from those set forth in Exhibit "B", such insurance requirements shall be set forth in Attachment No. 1 to Exhibit "B" (Alternative Insurance Requirements) attached hereto and incorporated herein by reference. A program of self-insurance shall be an acceptable alternative to satisfy the insurance provisions required under this Master Agreement.

3.10 Indemnity. Indemnify, defend and hold harmless LICENSOR, its directors, officers, Board of Supervisors, elected and appointed officials, agents, employees, representatives, independent contractors and subcontractors (collectively "Indemnified PARTIES") from any liability whatsoever, based or asserted upon any act or omission of LICENSEE, its officers, employees, subcontractors, agents or representatives, arising from, related to or in any manner connected with LICENSEE's use and responsibilities in connection therewith of Licensed Property or the condition thereof including, but not limited to, property damage, bodily injury or death or any other element of any kind or nature whatsoever arising from, related to, or in any manner connected with the public use of Licensed Property. LICENSEE shall defend, at its sole expense, all costs and fees including, but not limited to, attorneys' fees, cost of investigation, defense and settlements or awards, Indemnified Parties in any claim or legal action based upon such alleged acts or omissions.

With respect to any action or claim subject to indemnification herein by LICENSEE, LICENSEE shall, at their sole cost, have the right to use counsel of their own choice and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of

LICENSOR; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes LICENSEE's indemnification to Indemnified Parties as set forth herein. LICENSEE's obligation hereunder shall be satisfied when LICENSEE has provided to Indemnified Parties the appropriate form of dismissal relieving Indemnified Parties from any liability for the action or claim involved. The specified insurance limits required in this Master Agreement shall in no way limit or circumscribe LICENSEE's obligations to indemnify and hold harmless Indemnified Parties herein from third party claims.

In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve LICENSEE from indemnifying the Indemnified Parties to the fullest extent allowed by law.

This indemnification provision shall survive termination or expiration of this Master Agreement until such a time as the statute of limitations shall run for any claims that may arise out of this Master Agreement.

3.11 Assumption of Risk and Waiver. LICENSEE shall waive any claim against LICENSOR for damages to Facility Project resulting from LICENSOR's customary operation and maintenance activities performed within Licensed Property or its appurtenant works, including any natural calamity, act of God or any cause or conditions beyond the control of LICENSOR, save and except damages resulting from LICENSOR's active negligence or willful misconduct.

3.12 Defense. The PARTIES hereto shall attempt to resolve any disputes amicably at the working level. If that is not successful, the dispute shall be referred to the senior management of the PARTIES. LICENSEE shall proceed diligently with the performance of this Agreement pending the resolution of a dispute. Prior to the filing of any legal action related to this Agreement, the PARTIES shall be obligated to attend a mediation session with a neutral third-party mediator agreeable to both PARTIES in the County of Riverside. The PARTIES shall share the cost of mediation.

3.13 Survival of Obligations. All obligations of LICENSEE hereunder not fully performed as of the termination or cessation of this Master Agreement in any manner shall survive the termination of this Master Agreement, including without limitation, each Facility Project, and all obligations concerning the condition of each portion of the Licensed Property.

3.14 Assignment. This Master Agreement and the license granted herein are personal to LICENSEE. LICENSEE shall not assign or transfer (whether voluntary or involuntary) this Master Agreement in whole or in part, or permit any other person or entity to use the rights or privileges hereby conveyed, without the prior written consent of LICENSOR, which may be withheld in LICENSOR's sole and absolute discretion provided consent shall not be unreasonably delayed, conditioned or withheld. Any assignment made without prior consent by LICENSOR shall be void and without effect and give LICENSOR the right to immediately terminate this Master Agreement pursuant to the terms and conditions in Section 3.2 herein.

3.15 Condemnation. In the event all or any portion of the Licensed Property shall be taken or condemned for public use (including conveyance by deed in lieu of or in settlement of condemnation proceedings), LICENSEE shall receive compensation (if any) only for the taking and damage to the Facility Project. Any other compensation or damages arising out of such taking or condemnation awarded to LICENSEE are hereby assigned by LICENSEE to LICENSOR.

3.16 Restoration of Licensed Property, Claims for Costs. Upon the termination, revocation or cessation of this Master Agreement or any or all SFLE in any manner provided in this Master Agreement, LICENSEE, upon demand of LICENSOR and at LICENSEE's own cost and expense, shall abandon the applicable Facility Project(s) and remove it and restore the Licensed Property, to the same condition in which they were prior to the construction, installation or maintenance of the Facility Project thereunder, reasonable wear and tear excepted unless the PARTIES otherwise agree that removal and restoration is not to be done or not necessary. In no event shall LICENSEE have any claim against LICENSOR for any of the costs of constructing, installing, maintaining or removing the Facility Project. In case LICENSEE shall fail to restore Licensed Property as aforesaid within one hundred eighty (180) days after the effective date of termination, LICENSOR may proceed with such work at the expense of LICENSEE or may assume title and ownership of the Facility Project facilities and appurtenances, if any, and any other property of LICENSEE located on the Licensed Property. No termination hereof shall release LICENSEE from any liability or obligation hereunder, whether of indemnity or otherwise, resulting from any acts, omissions or events happening prior to the date the Facility Project is removed.

3.17 Notice. Any notice hereunder to be given by one PARTY to the other PARTY shall be deemed to be properly served on the date it is deposited in the United States Mail, postage prepaid, addressed as specified below. Either LICENSOR or LICENSEE may change its address for the receipt of notice by giving written notice thereof to the other PARTY of such change.
